Post until July 15, 1974.

The Alcoholic Beverages Control Commission has formulated regulations in conjunction with the Internal Revenue Service to control cover charges and minimum charges in an effort to prevent "skimming" of profits at the door of licensed establishments.

Section 1, of Regulation 58, specifies that cover charges (defined as admission fees or admission charges) will not be collected from patrons before they enter the premises. If a cover charge is collected,

two requirements must be met in accordance with Massachusetts General Law, chapter 140, section 183D:

1. A sign will be posted on the outside of the licensed premise stating that a cover charge will be collected.

2. A receipt, permanently recorded and numbered in sequence, will be given to the customer. A copy of the receipt will be retained by the licensee for not less than two years.

Nothing in this regulation will be construed to prohibit advanced ticket sales by any licensee under the above-mentioned General Law.

Section 2, of Regulation 58, states that minimum charges for the purchase of alcoholic beverages or minimum alcoholic drinking requirements will not be imposed on any customer of an establishment licensed under Massachusetts General Law, chapter 138, section 12, to serve alcoholic beverages on the premises.

A licensee who levies a minimum charge for food and/or alcoholic beverages in accordance with Massachusetts General Law, chapter 140, section 183D, will include a specific statement in the posted sign that there is no minimum charge for alcoholic beverages. Minimum charges will not be collected before entering the premises and can be levied only if the following conditions are met:

1. A sign will be posted on the outside of the licensed premises stating that a cover charge will be collected.

2. A receipt, permanently recorded and numbered in sequence, will be given to the customer.

3. Minimum charges for food and/or nonalcoholic beverages will not be levied upon a customer who incurs charges for alcoholic beverages equal to or greater than the posted minimum charge for food and/or nonalcoholic beverages.

Violations of these regulations noted during regular inspections of licensed premises will be reported to the Boston Licensing Board in accordance with the provisions of General Order No. 19, issued December 6, 1973. Any questions concerning this order should be addressed to the Office of Legal Affairs.

June 25.

Special Order No. 74-82

FIRE DEPARTMENT ORDERS

July 12.

General Order No. 31

I. RETIREMENTS

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., which became effective at 0800 hours, July 6, 1974, is hereby announced:
Fire Fighter George E. Richards, Engine Company 30.

The following retirement, in accordance with the provisions of section 58, chapter 32, G. L., which will become effective at 0800 hours, July 17, 1974, is hereby announced:

Fire Captain James J. Hurley, Engine Company 40.

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., which will become effective at 0800 hours, August 1, 1974, is hereby announced:

Statistical Machine Operator Helen V. Gurney, Fire Prevention Division.

Fire Fighter Richards was appointed to the department February 3, 1947. Fire Captain Hurley was appointed December 10, 1937, promoted to lieutenant on January 12, 1949, and to fire captain March 13, 1963. Statistical Machine Operator Gurney was appointed December 11, 1963.

All of these members leave the department with the best wishes of their associates.

II. RESIGNATION

The following resignation, which became effective at 0800 hours, July 3, 1974, is hereby announced:

Fire Fighter William B. Doody, Engine Company 26.

III. FIRE ALARM BOX INSTALLED

The following fire alarm box has been installed, and company commanders shall add it to circuit card No. 39:

3248, Morrissey Boulevard, opposite No. 818.

IV. HAZARDOUS BUILDINGS

The following buildings are in hazardous condition, and in case of fire in these buildings, members shall use extreme caution. The buildings have been posted.

632-634 Tremont Street, District 4;
3 Dudley Place, District 5.

V. READOUT REPORTS

A listing of all the readout reports which are on file at the Data Processing and Records Office, and the Fire Alarm Box Activity Report (January-June, 1974) is being distributed with this order. These readouts shall be considered as department records and shall be kept and maintained in the quarters of deputy and district fire chiefs.

From time to time data reports will be issued to deputy and district fire chiefs who should acquaint and concern themselves with them. The purpose of these reports is to keep chief officers informed and to assist them in the performance of their duties.

Any suggestions, comments, or feedback, with regard to these reports or other matters by deputy or district fire chiefs which could improve the efficiency or operations of this department, should be submitted for evaluation and proper consideration.

VI. LETTER OF THANKS

The following letter is published for the information of the department:

"DEAR COMMISSIONER KELLY:

On March 25, last, at approximately 2 P.M., I sustained a heart attack while driving my car, but managed to pull into the fire station at 645 Canterbury Street, in Roslindale. The men at the fire station recognized my condition, made me comfortable, administered oxygen, and rushed me to the Carney Hospital.

Well, here I am at home now, and I hope, well on the road to recovery. The men at the fire station who helped me deserve more than I can say or do for them. Thank you.

Sincerely,

HENRY FINE,

263 Georgetown Drive, Hyde Park."

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$51.77 the claim of Craig Robbins, 555 Massachusetts Avenue, to be reimbursed for damage to his auto while being towed from Washington Street, October 15, 1973.

To settle for \$147.90 the claim of Thomas J. Sullivan, to be indemnified against the result of an accident on March 10, 1973, when, while in the performance of his duty as an employee of the Fire Department, he was operating a city-owned vehicle which struck and damaged the parked motor vehicle of Harry A. Taylor and subrogated to the rights of the Motors Insurance Corporation.

To settle for \$40 the claim of Norma T. Weisman, 14 Harwich Road, Cranston, Rhode Island, to be reimbursed for damage to her car while being towed from Commonwealth Avenue, February 15, 1974.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

BOSTON 200

COPYING MACHINE

DEAR MAYOR WHITE:

It has become necessary because of additional use of our Xerox copying machine, to amend the written agreement between our office and the Xerox Corporation.

The original contract has a maximum liability of \$7,500. It has become necessary to increase that figure by \$5,000, to \$12,500. The letter dispensing with public advertising was signed by you on August 15, 1973, a copy of which is attached.

Sincerely,
KATHARINE D. KANE,
Director.

ELECTION DEPARTMENT

VOTING MACHINES

DEAR MR. MAYOR:

Your approval is respectfully requested to amend the contract between the City of Boston, acting through its Board of Election Commissioners, and C. S. Walsh Transportation, Inc., dated July 25, 1973, and amended January 17, 1974, for the removal, replacement, and transportation of voting machines, by increasing the contract sum from \$35,500 to \$42,000.

Due to the unforeseen and unprecedented emergency of having an additional election on June 4, 1974, dictated by chapter 276 of the Acts of 1974, all the funds appropriated under this contract and the amended contract, were expended. Therefore, because of the time frame involved, there was not sufficient time to advertise for bids.

C. S. Walsh Transportation, Inc. has been the low bidder for this work since 1967. Their expertise in this area is well established and their cooperation with this department in past years has been exemplary.

Very truly yours,
JOSEPH D. MURPHY, *Chairman,*
BOARD OF ELECTION COMMISSIONERS.

FIRE DEPARTMENT

OVERHEAD DOORS REPAIRS

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record*, in amending the contract with Barcol Overdoors, Alexander Street, Framingham, for the emergency repairs of overhead doors which require specialized skills, by amending the original contract price of \$8,000, to \$14,000.

This increase of \$6,000 in the original contract price is necessary due to the amount of emergency repairs required during the life of this contract which ends June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances

and the contract, No. 2046, with Barcol Overdoors, should be amended.

Respectfully submitted,
JAMES H. KELLY,
Fire Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

LUNG ANALYZER

DEAR SIR:

On January 18, 1974, your Honor approved an award of a contract, without advertising, to Warren E. Collins, Inc., 220 Wood Road, Braintree, Massachusetts, for the lease, with an option to purchase, of a P-1200 computerized modular lung analyzer, for the Pulmonary Section of Boston City Hospital, for the period January 1, 1974, through January 1, 1977.

Final negotiation of all the terms of the proposed contract has been completed and the leased equipment has now been delivered and installed at the hospital.

Therefore, in accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of August 23, 1972, I hereby authorize a modification of the period of the contract, from January 1, 1974, through January 1, 1977, to May 1, 1974, through April 30, 1977. This modification does not affect the annual lease cost to the city of \$8,500, or a total lease cost for the three-year period of an amount not to exceed \$25,500.

Accordingly, your Honor's permission is respectfully requested to approve the modification of the period of this contract as outlined above.

Upon your Honor's approval this letter will serve to amend the original letter of award relative to this contract dated January 7, 1974, and approved by your Honor on January 13, 1974.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HOUSING COURT

COPYING MACHINE

DEAR MR. MAYOR:

I respectfully request your written authorization to supplement our contract, awarded to the Xerox Corporation, in the amount of \$5,000, for supplies and maintenance of our Xerox machine, by an additional \$3,000.

The additional \$3,000 is necessary to meet expenses up to June 30, 1974. The average monthly costs are \$500, and on occasion have run as much as \$737. The additional money is necessary to pay for the month of January, 1974, and the months thereafter.

The use of our copying machine has increased with our increased caseload. It is my opinion that the public interest would be served by supplementing our Xerox contract by \$3,000.

Very truly yours,
E. GEORGE DAHER,
Clerk.

MODEL CITY ADMINISTRATION

DAY CARE CENTER

DEAR MAYOR WHITE:

On April 11, 1973, I requested, and you authorized, the award of a contract to Neighborhood Involvement for Children's Education, Inc. (NICE), in an amount not to exceed six thousand five hundred dollars (\$6,500), to defray certain costs not reimbursable under their contract for the operation of a day care center for fifty (50) children. The operating funds for the day care center are provided by the Department of Public Welfare. The \$6,500 is payable from federal funds made available to the City of Boston from the United States Department of Housing and Urban Development and are used primarily for equipment and supplies.

I hereby request authority to extend the term of said contract (originally April 1, 1973, through March 31, 1974) to June 30, 1974, so that the term as amended would be April 1, 1973, through June 30, 1974.

If you have any questions I will be happy to answer them.

Very truly yours,

PAUL PARKS,
Administrator.

COMPUTER FACILITIES

DEAR MAYOR WHITE:

I refer to my letter of December 24, 1973, whereby I requested, and you approved, an award letter amending the contract previously awarded to the Massachusetts Institute of Technology. The award letter increased the contract amount to \$49,500, from the previous approved total of \$45,000. The contract period of performance was extended for an additional six-month period through June 30, 1974. The period of performance as amended extended the contract from February 1, 1972, through June 30, 1974.

We now request your Honor's written authority to further amend the contract by providing an additional \$6,200 in funds in order that we may continue operating the existing contract without disruption in services especially in the area of provision of computer time facilities.

The contract as amended will be in an amount not to exceed \$55,700.

All other terms and conditions shall remain in full force and effect.

Because we are requesting your approval of an amendment of an existing contract, advertising for bids would serve no useful or practical purpose.

Very truly yours,

PAUL PARKS,
Administrator.

COPYING SERVICES

DEAR MAYOR WHITE:

I refer to my letter of June 13, 1973, whereby I requested, and you approved, the award of a contract to Xerox Corporation, in the amount of \$7,500, to provide copying services for the Model City Agency for the period August 1, 1973,

through November 30, 1973. We now request your Honor's written authority to amend the contract, without advertising, by the amount of \$1,925, so that the contract as amended will be in an amount not to exceed \$9,425.

The additional amount is requested to cover costs incurred, but not billed, during the period June 30, through August 31, 1973. We have certified the legitimacy of these additional billings.

We further request that the contract period of performance be amended so the effective commencement period will be June 30, 1973, to reflect the aforementioned billing period. The contract period of performance as amended will be from June 30, 1973, through November 30, 1973.

All other terms of the contract will remain the same.

Because the amendment is to cover costs already incurred, advertising for bids would serve no practical purpose.

Very truly yours,

PAUL PARKS,
Administrator.

POLICE DEPARTMENT

DISC STORAGE EQUIPMENT

DEAR MR. MAYOR:

On May 30, 1973, your Honor approved the award of a contract to the International Business Machines Corporation (IBM), 610 Lincoln Street, Lexington, for the leasing and servicing of certain equipment, for the period April 1, 1973, through June 30, 1974.

Because of the broadening scope of statistical operation in line with administrative procedural changes, it was found necessary to add one piece of equipment to our total IBM package, namely one Disc Storage, Model 2319, at a cost of \$7,350, for the period December 1, 1973, to June 30, 1974, said sum to be furnished from federal grant funds.

Therefore, your Honor's written approval is respectfully requested to dispense with public advertising and amend the above contract sum to read \$238,390.

I believe that publicly inviting bids would not serve a useful purpose nor be of any avail to the city. (This equipment is unique and fulfills our particular needs and its purchase would not be economically feasible.)

Respectfully,

WILLIAM J. TAYLOR,
Acting Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

GENERAL ENGINEERING SERVICES

DEAR MR. MAYOR:

Recently, I have had extended to me the authority to request, in the name and on behalf of the Commission, as I am presently doing of your Honor, written permission to forego public advertising in the *City Record*, soliciting proposals therefor, in entering into an agreement with New England Survey Service, Inc., a Massachusetts corporation, with a usual

place of business at 35 William T. Morrissey Boulevard, Boston, Massachusetts, amending a contract between the City of Boston and New England Survey Service, Inc., approved by the Mayor on April 6, 1973, providing for general engineering services (including surveys, topographic and utility plans, and boring layouts) during the period April 1, 1973, to June 30, 1974, so as to increase the contract sum from \$12,500 to \$15,500, an addition of not to exceed \$3,000; and to execute said agreement in the name and on behalf of the Commission, upon receipt of such written authority from the Mayor.

This amendment is made necessary in fact because of the considerable amount of structural steel checking which we had to have carried out in connection with the construction of the Out-Patient Building at the Boston City Hospital; it exceeded by a fairly substantial degree what we had previously expected would be entailed on that project.

By charter provisions, a contract in existence is limited as to the manner in which it may only be altered, more particularly, it requires a written instrument signed by all parties, including the Mayor of this city and the contract surety on its bond. Obviously then, the foregoing requirement, admittedly excludes the employment of public advertising techniques in respect thereto.

Respectfully,

ROBERT J. VEY,
Director.

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT

DUNCAN T. FOLEY,
Supervisor of Personnel.

DEAR SIR:

Prior to the permanent appointment of Correction Officer Erris Brown of 31 Goodale Road, Mattapan, D.O.B. December 27, 1948, on June 19, 1974, he did have F.E.E.A. time since December 15, 1971.

Since he was terminated on March 3, 1974, because we were unable to make a permanent appointment at that time, we request permission to adjust pay according to his previous service, and his starting salary would be at \$195 as a C1-1-2.

Very truly yours,

WILLIAM C. MURPHY,
Acting Penal Commissioner.

VETERANS' RETIREMENTS

The Boston Retirement Board has approved the following veterans' applications for retirement.

Harold Stephen Timlin, 96 Roanoke Road, Mattapan, patrolman, District 14, Police Department.

James Joseph Gallivan, 27 Captains Row, Buzzards Bay, district fire chief, District 2, Fire Department.

Charles J. Kelly, 38 High Street, Charlestown, captain, Bureau of Field Services, Police Department.

Charles J. McGrath, 54 Brook Farm Road, West Roxbury, deputy sheriff, Superior Court.
Joseph A. Dolan, 1 La Rose Place, Brighton, junior building custodian, School Department.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

SAFE STREETS ACT ADVISORY COMMITTEE

SOCIAL WELFARE SERVICES

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee, I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to Roxbury Multi-Service Center, Inc., a Massachusetts corporation with a principal place of business at 317 Blue Hill Avenue, Roxbury, in an amount not to exceed one hundred and fifty thousand, forty-one dollars (\$150,041), for the period from April 1, 1974, through December 31, 1974. Award of the contract is made pursuant to two grants coming to the city from the federal Law Enforcement Assistance Administration through the Governor's Public Safety Committee.

Under the terms of the contract, Roxbury Multi-Service Center, Inc., will be obligated, subject to the receipt of federal funds, to provide comprehensive social welfare services to offenders paroled and released from the Suffolk County House of Correction, and to provide similar services to their families. The emphasis of this project is on the development of a community-based system of delivering services to those offenders returning to the Roxbury-North Dorchester community for the purpose of facilitating their reentry into society, and thereby reducing the demonstrated likelihood of their returning to criminal behavior.

The Roxbury Multi-Service Center has demonstrated through experience its capabilities of delivering these services. The effect of these grants will be to continue their work to date, and for these reasons, I do not consider it appropriate or useful to publicly advertise the award of this contract.

Sincerely,
DONALD B. MANSON,
Executive Director.

CORRECTIONAL PROJECTS EVALUATION

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee, I respectfully request your written authority to dispense with advertising in the award of a contract to Aliquid Associates, Inc., 25 Beacon Street, Suite 28, Somerville, Massachusetts, in an amount not to exceed thirty-one thousand, one hundred dollars (\$31,100), for the period April 1, 1974, through December 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the

Omnibus Crime Control Act of 1970 (P.L. 91-644).

The purpose of this grant is to allow Aliquid Associates, Inc., to conduct an in-depth evaluation of correctional projects funded through the Mayor's Safe Streets Act Advisory Committee. This evaluation will allow the city to fulfill federal guidelines which require evaluation of such projects.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

SCHOOL DEPARTMENT

WINDOW REPAIRS

DEAR MR. MAYOR:

I request your approval of my action in awarding an emergency contract, without advertising, to replace all broken glass and glass substitutes, and to make repairs to metal window frames for the glass, at the James W. Hennigan School, 200 Heath Street, Jamaica Plain, Massachusetts.

Over the weekend of May 18-19, 1974, vandals caused severe damage to the windows and window frames on the community end of the building, and in particular to the pool area of the James W. Hennigan School, 200 Heath Street, Jamaica Plain, Massachusetts. Vandals have continued to drop rocks and stones through the broken window areas.

In order to avoid further damage and to protect the building from the elements, I awarded an emergency contract to the B & C Service Systems, Inc., 339 Dorchester Street, South Boston, Massachusetts, in an amount not to exceed eight thousand dollars (\$8,000), for replacing all broken glass and glass substitutes and to make repairs to metal window frames for the glass.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

PLUMBING RENOVATIONS

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract, without advertising, to the Yunits Engineering Company, 11 Technical Park Drive, Holbrook, Massachusetts, to prepare plans and specifications for major plumbing renovations and modernization in all science, biology, and chemistry laboratories at the Boston Technical High School, 205 Townsend Street, Roxbury, Massachusetts.

The engineers basic fee, while prompted by, but not subject to, the "B" rate of the Massachusetts Association of Architects 1970 recommended schedule, is to be negotiated at a flat eleven percent (11%) of the actual contract price, excluding equipment costs, but in no case shall exceed eight thousand eight hundred dollars (\$8,800).

There are to be no supplementary services or supervision.

Since the contract is to be one for performance of professional services, it is

my view that a public solicitation of bids would serve no useful purpose.

Respectfully submitted,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

REPAIRS TO COMPRESSORS

DEAR MR. MAYOR:

I request your approval of my action in awarding an emergency contract, without advertising, for repairs to the compressors at the Central Food Facility.

On Sunday morning, June 23, 1974, at approximately 6:30 A.M., vandals climbed onto the roof of the Central Food Facility, 370 Columbia Road, Dorchester, Massachusetts, and ripped away all the copper tubing connecting ten (10) compressors to the freezers and refrigerators which store food for preparation for the school lunch program.

In order to preserve the food (approximate value of \$25,000), so it would not become contaminated, it was necessary to employ the services of a refrigeration specialist to have the work done as promptly as possible. I awarded an emergency contract to the Deleco Industries, Inc., 141 Border Street, East Boston, Massachusetts, who were available and able to proceed to the job immediately, and replace all copper tubing, purge all refrigeration and freezer systems, and furnish and install new gas for these systems, in an amount not to exceed twelve thousand dollars (\$12,000).

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

TRAFFIC AND PARKING DEPARTMENT

INVESTIGATIVE SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by public advertising in the *City Record*, and to award a contract to Pinkerton's, Inc., for supply to the Traffic and Parking Department of investigative services for the period April 1, 1973, to June 30, 1974.

The contract provides for services, as required, on a work order basis and is proposed for a maximum expenditure of seven thousand, five hundred dollars (\$7,500).

Due to the highly confidential and professional nature of the services to be rendered, it is my finding that public advertising for bids could serve no useful purpose.

Very truly yours,
WILLIAM T. NOONAN,
Commissioner.

TRAFFIC ENGINEERING

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by public advertising in the *City Record*, and to award a contract to Murray D. Segal, transportation consultant, for providing professional traffic engineering services in the preparation of programs relating to the Bicentennial, Evaluation of the Environmental Protection Agency

regulations, and also in the preparation of proposals and studies for the TOPICS program. Approved programs of the Traffic Operations Program to Increase Capacity and Safety (TOPICS) are funded on a fifty-fifty state and federal basis and it is to the city's advantage to complete and submit the necessary proposals for approval as expeditiously as possible.

The proposed consultant's charges for this work were submitted to the undersigned in the form of a proposal dated March 5, 1974. The consultant shall be paid on a monthly basis, but in no event shall the maximum liability of the city, under the terms of the proposed contract, exceed the sum of thirty thousand dollars (\$30,000).

It is proposed that the contract be in effect for the period of July 1, 1974, to June 30, 1975, and, in view of the very technical nature of the services involved, no useful purpose would, in my opinion, be served by publicly advertising for bids.

Very truly yours,
WILLIAM T. NOONAN,
Commissioner.

YOUTH ACTIVITIES COMMISSION PROGRAMMING ASSISTANCE

DEAR MR. MAYOR:

I hereby request your permission to dispense with public advertising in the award of a contract to the Young Men's Christian Association of Greater Boston, in the amount not to exceed \$650,000, for a period from May 1, 1974, through April 31, 1975. The purpose of this contract is to allow the Y.M.C.A. to provide personnel, supplies, materials, equipment, and administration necessary to operate the Treatment Alternatives to Street Crime-Juvenile (TASC-J) program.

The entire TASC-J program is supported solely through federal funding. No City of Boston monies will be used for any aspect of the program.

In that the intention of the Youth Activities Commission and the Y.M.C.A. is to provide personnel, contract, and fee-for-service arrangements, as outlined by the guidelines set forth in the TASC-J program, specifically with reference to the Community Advisory Board and the Funding Advisory Board; and, in that the Y.M.C.A. has established the expertise necessary to provide programming assistance, it is believed that public advertising would serve no useful or constructive purpose, and the Y.M.C.A. is uniquely suited to carry out this contract.

Very truly yours,
PAUL V. McCAFFREY,
Executive Director.

SOCIAL SERVICES TO YOUTH

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Ecumenical Social Action Committee (E.S.A.C.), 45 Brookside Avenue, Jamaica Plain, during the period of July 1, 1974, through June 31, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$6,000, and will be made available from a grant from the Department of Youth Services, subject to the receiving of these funds.

In view of Ecumenical Social Action Committee's (E.S.A.C.'s) special ability and unique experience in the past in providing social services to the youth of this area, it is my view that public advertising would serve no useful purpose.

Respectfully,
PAUL McCAFFREY,
Executive Director.

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Federated Dorchester Neighborhood Houses, Inc., in behalf of Columbia Point Community Youth Program, 222 Bowdoin Street, Dorchester, during the period of July 1, 1974, through June 30, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Sincerely,
PAUL McCAFFREY,
Executive Director.

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Bunker Hill Mental Health Center, 73 High Street, Charlestown, during the period of July 1, 1974, through June 31, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$9,500, and will be made available from a grant from the Department of Youth Services, subject to the receiving of these funds.

In view of Bunker Hill Mental Health Center's special ability and unique experience in the past in providing social services for the youth of this area, it is my view that public advertising would serve no useful purpose.

Respectfully,
PAUL McCAFFREY,
Executive Director.

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Boston Teen Center Alliance, Inc., 73 Hemenway Street, Boston, during the period July 1, 1974, through June 31, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$15,000, and will be made available from a grant from the Department of Youth Services, subject to the receiving of these funds.

In view of Teen Center Alliance, Inc.'s special ability and unique experience in the past in providing social services for the youth of this area, it is my view that advertising would serve no useful purpose.

Respectfully,
PAUL McCAFFREY,
Executive Director.

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to For Individuals Recovering Sound Thinking, Inc. (F.I.R.S.T., Inc.), 336A Blue Hill Avenue, Dorchester, during the period of July 1, 1974, through June 31, 1975.

This contract will provide services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$8,000, and will be made available from a grant from the Department of Youth Services, subject to the receiving of these funds.

In view of For Individuals Recovering Sound Thinking, Inc.'s (F.I.R.S.T., Inc.'s) special ability and unique experience in the past in providing social services for the youth of this area, it is my view that public advertising would serve no useful purpose.

Respectfully,
PAUL McCAFFREY,
Executive Director.

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Tufts New England Medical Center, Inc., 171 Harrison Avenue, Boston, during the period of July 1, 1974, through June 30, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$25,000, and will be made available from a grant from the Department of Youth Services, subject to the receiving of these funds.

In view of Tufts New England Medical Center, Inc.'s special ability and unique experience in the past in providing social services for the youth of this area, it is my view that public advertising would serve no useful purpose.

Sincerely,
PAUL McCAFFREY,
Executive Director.

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Jamaica Plain Contributors, Inc., 20 South Street, Jamaica Plain, during the period July 1, 1974, through June 31, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$13,000, and will be

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposals for Miscellaneous Repairs to Public Works Department Automotive Radiators.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for miscellaneous repairs to Public Works Department automotive radiators.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Miscellaneous Repairs to Public Works Department Automotive Radiators," and left at Room 714 (Contract Office), seventh floor, before 2 P.M. of THURSDAY, AUGUST 15, 1974, with a certified check for ONE HUNDRED THIRTY-FIVE DOLLARS (\$135), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall con-

tinue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Installation of Glass in Public Works Department Automotive Equipment," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, AUGUST 15, 1974, with a certified check for TWO HUNDRED TEN DOLLARS (\$210), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per

hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

DEPARTMENT OF PLANNING AND ENGINEERING,
11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR FURNISHING AND INSTALLING NEW COMPRESSOR AT THE NEW AGASSIZ SCHOOL, 20 CHILD STREET, JAMAICA PLAIN, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing and installing new compressor at the new Agassiz School, 20 Child Street, Jamaica Plain, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Wednesday, August 14, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract "D-1" in the South End Project, Project No. Mass. R-56, located in the South End district, City of Boston, Mass., until twelve noon (Eastern Daylight Saving Time), on August 19, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of the construction of a plaza area adjacent to the housing for the elderly on West Dedham Street, between Tremont Street and Shawmut Avenue. Included will be the installation of surfacing materials on previously installed concrete bases and walls, pattern concrete driveway paving, concrete sidewalks and driveways, curbing, drainage and water installations, and plantings.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash, or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to five percent (5%) of each proposal for Site Preparation Contract "D-1."

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1967, revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING, 11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR REPAIR WORK, INCLUDING REPAIRING AND RETUBING BOILERS, IN VARIOUS SCHOOLS IN CITY OF BOSTON, MASS., DISTRICT A.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repair work, including repairing and retubing boilers, in various schools, in City of Boston, Mass., District A.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, August 20, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, August 13, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Heating, Repairing and Retubing Boilers\$1,200

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposals for Highway Reconstruction in Agawam Street, Bearse Avenue, Boutwell Street, Clematis Street, Nixon Street, North Munroe Terrace, and Shepton Street in Dorchester.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for highway reconstruction in Agawam Street, Bearse Avenue, Boutwell Street, Clematis Street, Nixon Street, North Munroe Terrace, and Shepton Street in Dorchester.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$16,000, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Highway Reconstruction in Agawam Street, Bearse Avenue, Boutwell Street, Clematis Street, Nixon Street, North Munroe Terrace, and Shepton Street in Dorchester," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, AUGUST 15, 1974, with a certified check for EIGHT THOUSAND FIVE HUNDRED DOLLARS (\$8,500), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The

rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

Major Public Improvements Planned by BRA

Notification that the Department of Housing and Urban Development will provide \$35 million in renewal funds to the Boston Redevelopment Authority will help launch "one of the busiest periods in BRA history," according to BRA Director Robert T. Kenney.

"The funding we have obtained represents one of the largest amounts given any city in the country. Those funds, along with allocations for city money approved by the City Council, will allow us to move forward on a \$40 million program of new parks and public improvements in all our projects."

Mr. Kenney said the goal of the program is to complete major portions of the work in all sixteen BRA projects by the end of 1975.

In announcing the BRA construction program, he said that \$11 million in project activities would be spent in the South End, the BRA's largest renewal project, and one of the largest such projects in the country.

"This is definitely the year of the park throughout the city and particularly in the South End. Before the summer's halfway through we will have construction going on Derby Park, the Rotch replacement park (near Dover Street station), West Rutland Square Park, West Concord Street Park, and ETC Plaza, adjacent to the Emergency Tenants' Council elderly housing project on West Dedham Street."

Mr. Kenney said a project of particular importance to the South End was construction of a new pumping station on Union Park Street. The \$6 million facility is designed to pump out the area's storm drainage system and thereby alleviate water seepage and flooding which occur in basements of South End buildings. In addition, the program of street improvements

and installation of new street lights would be continued throughout the project area.

He pointed out that eleven utility contracts, amounting to \$17 million, were now in execution or would be let in the Waterfront Project this summer.

"Seawall construction will begin within a month on the new waterfront park, and in the fall construction on the four-acre park itself will begin. This is a park that will be a new gem in Boston's 'Emerald Necklace' park system created by Frederick Law Olmsted," he said.

The BRA is aiming at completion of the \$2 million waterfront park by next spring, in time for the start of Boston's bicentennial celebration. By that time a major portion of the Faneuil Hall Markets restoration will have been completed, as well as a new Dock Square Park, which will also be under construction this summer.

Mr. Kenney said, "What with utility work going on in the mar-

OUR BOSTON

Since 1822 when John Phillips was elected for a one-year term, forty-five men have served as Mayor of Boston. While all but two were born in the United States, fourteen first saw the light of day outside of Boston — all of them in communities somewhere in New England. Two of the city's mayors, Hugh O'Brien and Patrick A. Collins, were born in Ireland. O'Brien served from 1885 through 1888 and Collins from 1902 until his death, September 14, 1905. One other incumbent died in office. He was Brookline-born Thomas A. Davis, who died November 22, 1845, before he had completed a year in office.

U. S. HOUSE APPROVES GRANT FOR HUB HISTORICAL SITES

The United States House approved legislation on August 5 that would provide \$24 million for the creation of a national historic park in Boston that would include seven historical sites plus a downtown visitors center.

The sites include Faneuil Hall, the Paul Revere House, Old North Church, the Old State House, Bunker Hill, the Old South Meeting House, and the Charlestown Navy Yard, complete with the U.S.S. Constitution.

kets area, the restoration project itself, the new Dock Square Park, and the utility work in the North End, it would be wise for motorists to avoid that area this summer. We regret the disruption, but completion of this work in 1974 will certainly make the markets area the national showpiece we want it to be when the bicentennial celebration focuses attention on us next year."

He also disclosed that the BRA was aiming at a closeout of its Charlestown and South Cove Projects by mid-1975.

Charlestown, which is gaining national attention as a model of what renewal can and should be, will have more than \$7 million in street work under way this summer. This means that over forty streets will be reconstructed, including new paving, sidewalks, and drains, as well as new lighting and extensive tree planting.

"Mishawum, a 336-unit moderate-income project, is nearing completion; thirty-five single-family houses are under construction; and working drawings are now being done for the \$4 million Bunker Hill Shopping Mall."

Residents of Charlestown have received more than \$6 million in federal low-interest home repair loans to date, with \$1 million of that total granted within the last month.

As for the South Cove, \$1.5 million would be spent on street improvements, sewer lines, and tree plantings in the area of the Tai Tung Village Housing Project.

The BRA will also begin work in the fall on South Cove Plaza, a half-acre park which will cost \$5 million, and demolition is now under way for construction of Theatre Square Park on the corner of Tremont and Stuart Streets. A \$1.5 million contract will cover cost of the park along with improvements to Tremont Street.

Construction within the South Cove Project will include the new Quincy School on Oak Street, the

Church of All Nations, across from Mass. Pike Towers Housing Project, and a \$700,000 life learning center, to be built by the Massachusetts Association for the Blind.

Mr. Kenney said the BRA was still awaiting word on whether funding would be available for a 150-unit elderly housing project abutting the Quincy School.

Two of the BRA's mini-renewal projects, Kittredge Square and Brunswick-King (both of which were approved by HUD this year), will also be the scene of considerable activity this summer.

In Brunswick-King five small parks, costing about \$.5 million, will be built in the vicinity of the King Middle School, near the Grove Hall section of Roxbury. Utility work amounting to \$750,000 is scheduled for later in the year.

In Kittredge Square about twenty-five abandoned buildings with one hundred units of housing will be rehabilitated by the Roxbury Action Program and by Clarence Dilday, a community resident. Approximately \$1.2 million in utility work for that project will be under way by the end of 1974.

Lower Roxbury Community Development Corporation will be completing the last phase of its housing construction in the BRA's Campus High Project. LRCC will be building 130 units of moderate-income town houses on a four-acre

site off Ruggles Street. About \$300,000 in street and utility work to complement the project will be done by the BRA.

"Now that Campus High is once again under construction," said Mr. Kenney, "we will be completing acquisition and demolition of property to make way for the school. By the end of this summer we will be conveying about ten acres of land to the city's Public Facilities Department, and that will complete land assembly for that project."

He also said that a court suit in the Fenway had recently been resolved, but that activity within that project would not be as intense as in other renewal areas because of the legal dispute. However, he noted that a new park, on Ederly Road, would be under construction by this summer, and that sidewalk repair, tree planting, and new curb installation would be taking place on St. Stephen Street and Westland Avenue.

SUPPLEMENTAL FUNDS FOR CITIES, TOWNS

Massachusetts announced a supplemental distribution of \$47.7 million in aid to cities and towns on July 31, bringing the total for the current fiscal year to \$756.3 million.

The extra money reflected actions of the Legislature this year, particularly changes in the state aid and assessment formulas.

Those included an extra \$17 million in advance aid for beginning to carry out the new special education law and the requirement to use current valuations in assessment of county taxes on cities and towns.

The formula changes increased aid to 249 communities and decreased it to 102. The other changes resulted in a net total of 257 communities getting extra aid and 94 getting less.

The larger cities generally gained the most. Boston gets an extra \$5.79 million; Worcester an extra \$3.47 million; Springfield an extra \$1.96 million; New Bedford an extra \$1.17 million; and Cambridge an extra \$1.57 million.

POST OFFICE LAUNCHES MAIL EARLY PROGRAM

Mail early in the day is the theme of Officer-in-Charge James J. Gavin's message to local businessmen as the United States Postal Service launches an intensified campaign to change the traditional mailing patterns to conform with today's new electronic mail processing equipment.

"Over 4 million pieces of outgoing mail are deposited in the Boston Postal District daily, 75 percent of which is received in the South Postal Annex after 5 p.m.," Mr. Gavin stated. "All of our electronic equipment is being fully utilized during the evening and early morning hours, but we have the capacity to provide better service to our customers if we receive and process some of this mail early in the day."

Mr. Gavin is requesting the business community to analyze and review their firms' mailing operations and to establish an afternoon cutoff (usually between 2 and 3 p.m.) for low priority mail that could be deposited the following morning. "The benefits in improved service to the customer and cost reduction to the Postal Service will be significant," he stated.

Tours of the South Postal Annex for business groups to observe the benefits to be gained by modern letter processing equipment can be arranged by contacting his office.

SOUTH BOSTON HEALTH CENTER DEDICATED

Mayor Kevin White brought the congratulations of the city to the South Boston Community Health Center at open house ceremonies marking the official dedication of the newly renovated facility on August 7.

"The South Boston Community Health Center, by helping to decentralize health services in Boston, has contributed substantially to the quality of life in our city," Mayor White said.

"Through the combined efforts of the South Boston Community Health Board, under whose auspices the center has developed, and the

Department of Health and Hospitals we have been increasingly able to meet the health needs of the community."

The renovations, made possible through a \$300,000 grant from the George Robert White Fund, will bring new dental facilities, a new dermatology clinic, more convenient examining facilities, additional examining equipment, and greater efficiency to serve more patients.

The South Boston Health Center, one of eight neighborhood-based centers introduced by the Department of Health and Hospitals, has been providing a full range of health care services and follow-up treatment since 1971.

Leon White, Commissioner of the Department of Health and Hospitals, stressed the important role played by the neighborhood centers in providing for the health care needs of Boston residents.

Also present at the dedication were Frank Guiney, Department of Health and Hospitals Executive Director, City Councilwoman Louise Day Hicks, and James McCarthy, South Boston Community Health Board Chairman.

MORE RIDERS USING MBTA

"The MBTA has turned a significant corner, as our latest figures show a continuing increase in ridership," MBTA Board Chairman John T. Doolittle, Jr., has announced.

"During last winter's energy crisis ridership increased in Boston as well as in other transit cities. But the MBTA's experience has been dramatic, as ridership continues to climb despite the fact that gasoline is once again available," Mr. Doolittle continued.

"While the increase is small, the fact that it has been constant has reversed an industry-wide trend of diminishing transit patronage. To a great extent I attribute this good news to the Authority's new pricing and marketing efforts. Dime-time and the prepaid pass have proven their ability to attract new riders.

"More importantly, I believe that the public is beginning to reflect a new confidence in our efforts to improve mass transportation. Our willingness to try new routes, such as the service to the University of Massachusetts Columbia Point campus and new express bus service from Medford, has shown our honest concern to improve our product.

"The future of public mass transportation in the area and the Commonwealth is bright. We have received word from the federal government of capital grants totaling more than \$19,000,000. Such on-going construction projects as the Haymarket-North rapid transit extension, the rehabilitation of the Riverside Line, and the new Charles C. Cabot Transportation Center in South Boston are highly visible evidences of our continuing progress.

"It is heartening to see a new confidence in the MBTA reflected in that best of barometers — increased riding," Mr. Doolittle said. "We will continue to work to maintain the recent gains and do everything we can to add to them."

AMTRAK SERVICE TO BE UPGRADED

The Department of Transportation agreed recently to let Amtrak buy seven high-speed turbine-powered trains to upgrade passenger service between Boston and New York City.

It was the second major purchase of turbine-powered trains approved by the department this year. The department on May 31 agreed to let Amtrak buy six French-built turbine trains, including the two it is currently renting, for service between Chicago and other mid-western cities.

The department did not say who would build the trains, but said most of the manufacturing would be done in the United States.

Amtrak said the new trains, to be delivered in late 1975 or early 1976, would cut travel time between New York and Boston from the current 4½ hours to 3½ hours, provided the track is upgraded. The Transportation Department already has announced plans to upgrade that track.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

SUFFOLK COUNTY

District Attorney's Office

INVESTIGATION, PROSECUTION UNIT SPACE

DEAR MR. MAYOR:

As District Attorney for Suffolk County, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Minot, Deblois and Maddison, Inc., 294 Washington Street, Boston, Massachusetts 02108, in an amount not to exceed fourteen thousand dollars (\$14,000), for the period June 1, 1974, through May 31, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to establish an intensive investigation and prosecution unit.

Minot, Deblois and Maddison, Inc. is a realtor who is able to supply adequate

office space for the functioning of this unit at a site that is necessary to the existence and operations of this project.

This office has attempted to find the lowest cost per square foot for the desired space necessary to this project. We have reviewed offers from other realtors of the following locations: Center Plaza, Sears Crescent, 40 Court Street, 18 Tremont Street, as well as other locations in the State Street area.

Based on a comparison of the cost per square foot, renovation costs, security, and accessibility to the courthouse area, we feel that the above realtor offers the best location.

Because of the substantial security factors relating to the location of this project, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
GARRETT H. BYRNE,
District Attorney.

LEASING OF VEHICLES

DEAR MR. MAYOR:

As District Attorney for Suffolk County, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Bonded Leasing Company, Inc., 955 Turnpike Street, Canton, Massachusetts 02021, in an amount not to exceed fourteen thousand four hundred dollars (\$14,400), for a one-year period, May 28, 1974, through May 27, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to establish an intensive investigation and prosecution unit.

Bonded Leasing Company, Inc. is an automobile lessor which is able to provide leased vehicles to the above-mentioned project in order to perform the tasks specified in the grant.

The intent of this office is to lease five motor vehicles at an annual per vehicle cost of two thousand eight hundred eighty dollars (\$2,880). This price includes maintenance, repairs, insurance, and immediate replacement. We have received informal proposals from other leasing firms, including Avis, Boch Leasing Corporation, and Herb Connolly Leasing Corporation. In each case the alternatives to Bonded were over and above the rate of \$2,880 per vehicle, when considered with the incidental advantages, i.e., immediate delivery and immediate replacement.

It is my conclusion, based on (a) the low cost by comparison of these vehicles; (b) the unique manner in which these vehicles will assist this office; and (c) the need for preservation of confidentiality with respect to the leasing of these vehicles

that public advertising will serve no useful or practical purpose.

Respectfully,
GARRETT H. BYRNE,
District Attorney.

Municipal Court, Roxbury District PARKING VIOLATION TAG FORMS

YOUR HONOR:

I wish to request permission to award, without advertising, a contract to Arnold Graphic Industries, Inc., of 548 Washington Street, Canton, Mass. 02021, for the following material:

200,000 parking violation tag forms, at \$51.01 per thousand, \$10,202; new plate charge, \$65; total, \$10,267.

This contract will cover the period from July 1, 1973, to June 30, 1974.

Our request to award the contract, without advertising, is based on the need to act quickly in order to avoid an emergency situation. Our current stock of parking tags is very low, and in view of the fact that more meter maids have been hired recently by the City of Boston, it will be necessary for us to get an increased supply promptly to these meter maids so that they may more effectively control the parking problems in this city.

The Arnold Graphic Industries, Inc. has furnished us with parking tags for a number of years. We have found the company to be dependable and their product durable.

Sincerely yours,
KEESLER H. MONTGOMERY,
Clerk of Court.

COPYING MACHINE RENTAL

YOUR HONOR:

I hereby request permission to amend, without advertising, a contract to the Xerox Corporation, of 100 Charles River Plaza, Boston, Massachusetts, for the rental of model No. 4000 copying machine. This machine has been in use in this court for approximately the past two years and the results have been very satisfactory. I feel that no useful purpose would be served by soliciting bids for the rental of such a machine.

The monthly minimum rental charge for the model No. 4000 copier is two hundred and forty dollars. This price includes a monthly allowance for 5,900 copies. Any excess of that amount, up to 7,500 copies, costs .0315 cents per copy; from 7,501 to 20,000 copies, cost .0275 per copy; 20,001 and over, cost .0215 cents per copy.

This contract will not exceed the sum of six thousand five hundred dollars (\$6,500), and is to cover the period from July 1, 1974, through June 30, 1975.

Sincerely yours,
KEESLER H. MONTGOMERY,
Clerk of Court.

Registry of Deeds

MICROFILMING, PRINTING, BOOKBINDING

YOUR HONOR,

At the present time the Suffolk Registry of Deeds is using the "Electro Duplex Recording System" for the microfilming

and printing, along with the looseleaf bookbinding, of its records. This service is being furnished by the firm of Hall & McChesney, Inc., P. O. Box 591, Syracuse, New York.

The use of this service by this office results in a substantial savings in the bookbinding account and provides for the prompt availability of the records for the use of the public. At the present time I believe this is the only firm furnishing this service.

This company has submitted an informal quotation of forty cents (\$.40) per sheet, including binding of each 375 sheets on an estimated use of 34,000 sheets.

Therefore, for the foregoing reasons, I respectfully request your authorization to dispense with public advertising, and to engage the services of Hall & McChesney, Inc., P. O. Box 591, Syracuse, New York, by contract, in the total sum not to exceed thirteen thousand six hundred dollars (\$13,600), to furnish the "Electro Duplex Recording System" and "Looseleaf Bookbinding Service," as requested, during the contract period of July 1, 1974, to June 30, 1975, inclusive, at the price of forty cents (\$.40) per sheet.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

COPYING MACHINES RENTAL

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *Boston City Record*, and to award to the Xerox Corporation a contract for the supply and maintenance of two Xerox copying machines, during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$4,200, which I believe is fair and reasonable.

In view of the quality of the machines and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

Superior Court, Civil Business SPECIAL FILE FOLDERS

DEAR MR. MAYOR:

The Supreme Judicial Court has adopted Rule 3:20, as amended, relative to flat filing of court actions which shall become mandatory January 1, 1975, but may be implemented by any court prior thereto. In order to comply with said rules, it is necessary for us to purchase new case folders, to wit: specially designed flat filing expansion tab folders. In addition, the said court has adopted the new Massachusetts Rules of Civil and Appellate Procedure, which become effective July 1, 1974. Said rules drastically change our procedure as we now know it, and our present process, judgment, and interlocutory forms and notices become obsolete, with the resulting necessity for preparing and printing new forms and notices consistent with the provisions of

the said new rules and Rule 9(a) of said rules, requires our purchasing certain appellate clasp folders.

With this in mind we included in our 1974 budget (January 1 through June 30), sufficient funds to cover said items. To date the court has not prepared the necessary forms and notices, thus we have been unable to print said forms and the said funds remain outstanding. The funds allocated for said folders are outstanding also, due to the extensive research required on our part to determine the most efficient and least expensive folder to adequately meet our specialized needs.

Therefore, we respectfully request that said outstanding funds be encumbered for the reasons hereinbefore set out.

It will cost approximately nine thousand fifty dollars (\$9,050) (see copy of proposal enclosed). We find that Ames Color-File Corporation, of 21 Properzi Way, Somerville, Massachusetts, has the most to offer in terms of efficiency and frugality. Inasmuch as this vendor is the largest manufacturer and supplier of folders in the Commonwealth, most other vendors in this area find it necessary to do business with Ames and by our dealing directly with them we are able to obtain the lowest possible price on the specially designed file folders we require.

Therefore, we respectfully request that the necessity of the above item going out on bid be waived, as no advantage will be gained by competitive bidding.

Very truly yours,
THOMAS DORGAN,
Clerk.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$225.76 the claim of Dr. K. M. Marimuthu, 62 Boylston Street, Boston, to be reimbursed for damage to his car while being towed from Tremont Street, Boston, November 21, 1973.

Post until July 13, 1974.

The Boston Police Relief Association, in cooperation with the American Red Cross Blood Center, is accepting blood donations at the Boston Police V.F.W. Post 1018, 500 Morton Street, Dorchester, between the hours of 8:30 A.M. and 2:30 P.M., Friday, July 12, 1974.

With the holiday weekend behind us, there is a serious shortage of blood, and department employees are encouraged to participate, with the reminder that the blood collected through this program is used exclusively for active and retired members of the department. Many times this blood is used to treat officers injured in the line of duty, giving every member of the department an opportunity to make a small sacrifice to ease the burden of those who make a far greater one. Commanding officers should inform all employees between the ages of nineteen and fifty-nine of the importance of their cooperation in the continuation of the blood program.

Reports containing the names of volunteers and their schedules of duty on Friday, July 12, will be forwarded to the Bureau of Administrative Services. Commanding officers will schedule their day officers in such a manner as to have proper coverage at all times.

I hope that by donating blood, members of this department will once again show their concern for those who may at any time need some of the blood collected through this program. Such a program can be continued only as long as the men and women of the department participate, and through their participation, support not only a fine program, but their colleagues as well.

July 8.

Copies of *Standards Relating to the Urban Police Function*, published by the American Bar Association, one of the books from which the sergeant's exam will be drawn, are now available, free of charge, to patrolmen who intend to take the examination.

However, the department has received only 1,000 copies, and the book is now out of print. These 1,000 copies will be handed out on a first-come-first-serve basis, and when the supply is exhausted, people who do not get them will have to make their own arrangements for getting access to the book.

Patrolmen who want a copy of the "standards" should fill out the bottom section of this memorandum and bring it to the Planning and Research Division on the second floor of headquarters, where they will be given a copy of the book.

I. FIRE ALARM BOXES ESTABLISHED

In the near future the following fire alarm boxes will be installed, and company commanders shall add them to assignment cards. The circuit numbers will be announced at that time.

13-5186, Kennedy Memorial Hospital, 50 Warren Street.

12-2978, Rockingham Glen, 30 Rockingham Avenue.

13-2978, Rockingham Glen, 40 Rockingham Avenue.

II. RULES AND REGULATIONS

The following change will be made in the Rules and Regulations of the Boston Fire Department:

Rule 50.13 — Delete second paragraph and substitute the following:

"The district fire chief will notify the person or firm responsible for paying the detail that a certified check will be required for advance payment of the detail. In the case of a continuing detail a certified check must be deposited with the district fire chief at the beginning of each week to cover the proposed weekly cost. District fire chiefs shall forward the required Form 5A to Headquarters at the end of each week. If the required advance payment is not made, the detail will be terminated, and the Fire Prevention Division

notified for proper action to correct the hazardous condition and enforce compliance with all the laws and regulations relative thereto. The provisions of the paragraph requiring advance payment may be suspended by the Chief of Department on the written recommendation of the district fire chief setting up the detail."

III. AFFAIRS OF THE ELDERLY

The Commission on the Affairs of the Elderly has recently opened a new hotline for older Bostonians, 722-4646. This line will be open from 0900 hours to 1700 hours, Monday to Friday, and will be staffed by older persons who have received intensive preparatory training in information and referral services.

Members of this department shall make use of this new service by referring calls regarding elderly affairs to the 722-4646 number.

IV. TEMPORARY ADJUSTMENTS IN RESPONSES

The following adjustments in responses are effective at 0800 hours, Saturday, July 20, 1974. On receipt of the following boxes Ladder Company 18 will automatically respond to the quarters of Ladder Company 19 and remain there until the return of Ladder 19: Boxes 181, 12-181, 13-181, 1811, 1812, 1814, 1815, 1816, 1818, 12-1818, 13-1818, 182, 12-182, 13-182, 14-182, 15-182, 16-182, 17-182, 18-182, 19-182, 21-182, 23-182. V. UNSAFE BUILDINGS

The buildings located at 869-873-877 Huntington Avenue, District 5, are unsafe for fire fighting. The front stairs are in a weakened condition, and the three locations are all loaded with combustibles. In case of fire in these buildings members shall use extreme caution. The buildings are posted.

VI. ADVISORY PANEL

There will be a meeting of the Advisory Panel on Thursday, August 1, 1974, at 0930 hours in Fire Headquarters. Only petitioners so notified must appear before the panel.

VII. COMMENDATION

Fire Fighter Thomas J. Heanue of Engine Company 1 is hereby commended for responding to and assisting in company operations at Box 716, two alarms, on July 15, 1974, while he was off duty.

VIII. LETTER OF THANKS

The following letter is published for the information of the department:

"June 5, 1974.

DEAR COMMISSIONER KELLEY:

On Saturday, May 25, I called 911, and the Fire Department responded to aid my mother, Katherine F. O'Connell, 336 Park Street, Dorchester.

It seemed that it was only a few minutes after I called that the Fire Department arrived. They gave my mother oxygen and

really were kind, gentle, and did their work very professionally. My family joins me in expressing our gratitude and thanks to those firemen. We have praised and will continue to praise these public servants who put their lives on the line so many times for their fellowman. I wish there was some way we could thank them personally but since we didn't ask their names we would appreciate it if you could convey our thanks to them.

Our prayers are with and for the Fire Department.

Sincerely,

SISTER VIRGINIA O'CONNELL, C.S.J."

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance contract No. 13 for demolition of buildings and structures and site clearance in the Downtown Waterfront-Faneuil Hall Project, No. Mass. R-77, located in the Downtown North district, City of Boston, Mass., until 11:45 A.M. (Eastern Daylight Saving Time) on August 22, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and site clearance of approximately eight (8) buildings (approximately 4,650,000 cubic feet, excluding basement cube), the disposal of all demolished materials, the filling of excavation and cellar holes, and the general cleaning up of the site, the removal of wharfs and piers, decking, and miscellaneous work, all in accordance with the plan and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of Mr. Kane Simonian, Boston Redevelopment Authority, City Hall, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be (a) in a form satisfactory to the Awarding Authority, (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit shall be in an amount not less than 10 percent of each proposal for demolition and site clearance (but need not exceed \$50,000).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the total cost of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance," will be required of successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1969, revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding the contract.

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR CONSTRUCTION OF FOUNDATION AND STEEL FRAMING FOR PROPOSED SIGN AT EAST BOSTON RECREATION CENTER.

The City of Boston, acting by its Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for construction of foundation and steel framing for proposed sign at East Boston Recreation Center.

Proposals will be received until 2 P.M. (Eastern Daylight Saving Time), Tuesday, August 27, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Massachusetts, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M. (Eastern Daylight Saving Time), Monday, August 12, 1974, upon the deposit of a certified check, payable to the City of Boston, for \$25 per set of plans and specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and legal holidays excluded).

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the

laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repair work, including repairing and retubing boilers, in various schools, in City of Boston, Mass., District B.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 29, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 22, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Heating, Repairing, and Retubing

Boilers\$1,200

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Sealed bids for M.B.T.A. Contract No. ED-883 will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M. (Eastern Daylight Saving Time) on September 12, 1974. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: **INSTALLATION OF RADIATING ANTENNA CABLE — RED LINE** in the Metropolitan Boston area, consisting of furnishing and installing Radiax Antenna Cable and its related hardware in two sections of Red Line Tunnel, from Harvard to Central and Broadway to Andrew, and the supervision of the installation, testing, and placing of said system in operation.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$10 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as amended by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy.

Authorization for the bidders to view the site of the work on Massachusetts Bay Transportation Authority's property shall be obtained from the office of Mr. John A. Carey, General Superintendent of Engineering and Maintenance, Tel. 722-5454.

A prebid conference will be held on August 22, 1974, at 3 P.M., in the office of the Director of Operations, 45 High Street, Boston, Mass. It is imperative that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at that time.

The attention of all bidders is specifically directed to the Equal Employment Opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. **FAILURE TO FULLY COMPLETE AND SUBMIT THE REQUIRED CERTIFICATION WILL RENDER THE BIDDER'S PROPOSAL NON-RESPONSIVE.**

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Proposal guaranty shall consist of a bid deposit of five thousand dollars (\$5,000), in the form of cash or a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a

bid that is abnormally low or high may be rejected as unbalanced.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518—published in the Federal Register on April 17, 1971) promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

The successful bidder will be required to furnish a performance bond and also a labor and materials payment bond, each for the full amount of the contract. The surety shall be a surety company or securities satisfactory to the Authority.

11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR ALTERATIONS
AT HYDE PARK HIGH SCHOOL, 655 METRO-
POLITAN AVENUE, HYDE PARK, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for alterations at Hyde Park High School, 655 Metropolitan Avenue, Hyde Park, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 29, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of his contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 22, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade or which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors

to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with Awarding Authority.

Heating and Ventilating.....\$150
Electric 100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

DEPARTMENT OF PLANNING AND ENGINEERING,
11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR ROOFING
AND SHEET METAL WORK AT THE JOHN
WINTHROP SCHOOL, 35 BROOKFORD AVENUE,
ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for roofing and sheet metal work at the John Winthrop School, 35 Brookford Avenue, Roxbury, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 29, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefore.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time), Thursday, August 22, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Roofing\$500

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

HON. KEVIN H. WHITE, MAYOR OF BOSTON

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

VOL. 66

MONDAY, AUGUST 19, 1974

NO. 33

Boston's Personnel Reduction Battle Successful

The City of Boston's battle to achieve a 10 percent reduction in employees in the eighteen-month fiscal year just completed can be judged successful, although not hitting the objective on the nose.

In the Mayor's 1973 State of the City Address he pledged that starting January 4, 1973, the battle for the fiscal future of the City of Boston would begin and that the number of municipal employees paid by city funds would be cut by 1,600, or 10 percent, in eighteen months.

During that time the Boston Municipal Research Bureau has monitored the progress of this program. From January 1, 1973, to June 30, 1974, city and Suffolk County personnel numbers decreased from 16,508 to 15,102, a reduction of 1,406, or 8.5 percent. When translated into dollars the reduction means a savings of about \$12 million a year. In other words, 1,406 positions remaining vacant for twelve months means about \$12 million less in personnel expense.

Since personnel costs account for over two-thirds of the city's budget, the reduction program is an important means by which the Mayor may exercise some control over the rising costs of city government. Thus the reduction levels achieved so far should be maintained, and the reduction of unproductive and unnecessary positions should continue wherever possible, not only to the 1,600 level, but as far beyond as necessary.

City Agencies Reduce Numbers

During the eighteen months the total number of personnel filling permanent city positions in agencies over which the Mayor had control and paid from city funds decreased from 15,067 to 13,629, a reduction of 1,438, or 9.5 percent. The heart of the personnel reduction battle was waged against the city's line departments. The chart on the following page shows the total

eighteen-month change of the city departments and agencies that registered significant changes.

The reported decrease for the month of June was 125, or 0.9 percent. Large changes were reported by Health and Hospitals (-116), Traffic and Parking (-4), Boston Bicentennial (-3), Consumer Affairs Council (+6), Police (+5), and Treasury (+5). The actual June decrease, however, was nine, not 125. The 116-position difference was a result of decreases during the eighteen months in the Health and Hospitals Department and the Boston Redevelopment Authority (BRA) which were not recorded until June. The Health and Hospitals Department decreased by twenty positions in June, not by 116. The additional ninety-six positions consisted of personnel on leave without pay, personnel on workmen's compensation, and ter-

FIRE DEPARTMENT DEMONSTRATES RESCUE TOOL

On Tuesday, August 6, members of the Boston Fire Department gave a demonstration of a revolutionary rescue device. Fire officials concur that this tool is the finest of its type ever manufactured. The demonstration was given on Moon Island at the Training Academy for firemen. The firemen who demonstrated the machine indicated that the new equipment has great potential in their rescue operations.

It is made by the Hurst Performance Company, Inc., of Warminster, Pennsylvania, and is known as "The Jaws of Life Power Rescue Tool." It is a 55-pound hydraulic tool that receives its power from a small portable generator. This tool is capable of moving 10,000 pounds (5 tons). It does its job without use of flames, grinding wheels, or saw blades, thus eliminating the great hazard of igniting flammable vapors.

This miracle tool is capable of moving a steering column, opening car doors, etc., all in a much quicker period of time than in the past with the use of crowbars, jacks, and prying tools. With this equipment the victim can be removed very quickly and sent on his way to a hospital for immediate treatment that could be the means of saving his life.

minations during the eighteen months which were not recorded until June. The personnel decreases of the Boston Redevelopment Authority have not been included in the Bureau's figures because most of their positions are federally funded. Of the total 104 BRA positions reduced over the eighteen months approximately twenty positions were estimated to

be totally city-funded. These twenty positions were included in the June reduction figure.

The city department with the largest decrease in the eighteen months was the Health and Hospitals Department. In that time, Health and Hospitals numbers dropped from 5,511 to 4,464, a reduction of 1,047, or 19.0 percent. The decrease of 1,047 represents 72.8 percent of the total city reduction of 1,438.

County Agencies Show Increase

The personnel reduction battle lost ground with Suffolk County departments during the eighteen-month period. Suffolk County personnel numbers increased from 1,441 on January 1, 1973, to 1,473 on June 30, 1974, an increase of thirty-two, or 2.2 percent. Suffolk County reported total increases in twelve different months and decreases in six. In June county personnel numbers increased by seven. After eighteen months personnel decreases were reported by Boston Municipal Court, Judicial (-19); House of Correction (-6); Real Property (-3); East Boston District Court (-2); Superior Court, Civil Clerk's

Office (-1); Roxbury District Court (-1); and West Roxbury District Court (-1). Large personnel increases were reported by Boston Municipal Court, Criminal Clerk's Office (+15); Civil Clerk's Office (+5), Probation Office (+3); Jail (+14); Boston Housing Court (+13); and Superior Court (+6).

Boston Compared

In a United States Census Bureau survey, *City Employment in 1973*, a comparison was made of the number of employees for common municipal functions. Among all cities in the United States whose 1970 populations ranged between 540,000 and 750,000 Boston ranked second in

full-time equivalent employment for all common municipal functions. San Francisco was first — narrowly. A similar comparison with the same twelve cities in 1971 had Boston first.

The same Census Bureau survey estimated that in October, 1973, the nation's cities averaged 129 municipal employees, excluding schools for each 10,000 municipal inhabitants. Boston's average of 213 city employees per 10,000 inhabitants was about 69.1 percent above the national average for the same period. In 1971 Boston's average was 70 percent above the national average.

Conclusion

The eighteen-month personnel reduction program has been successful in reducing the number of city-funded municipal employees by 1,406, or 8.5 percent, at an annual savings rate to the city of about \$12 million. City officials must work to insure that these reductions are not wiped out by increases as occurred with the 1971 personnel reduction program. Otherwise the eighteen-month effort would have been a vain exercise.

The reduction of 1,406 positions has been accomplished generally through the attrition of permanent and provisional employees, causing the reductions to affect mainly the lower echelons of the city's line departments. Because the reduction of unnecessary and unproductive positions enables city officials to

Thorough analysis of the city's personnel requirements in all grade levels in each city and county department would identify those positions which could be eliminated through attrition.

SENIOR CITIZENS' PARTY: INSTANT HAPPINESS

More than 3,000 senior citizens attended the eighteenth annual Mayor's Golden Age Picnic at Castle Island, South Boston, on August 7, from noon to 3 P.M. The picnickers arrived by bus from all sections of the city to enjoy the greatest day's outing ever sponsored by the Parks and Recreation Department. The weather was perfect, and it seemed that the island was air-conditioned by a cool breeze from the ocean.

Free refreshments were served by the enthusiastic Parks and Recreation staff, and a spectacular entertainment program was headlined by Boston's own Paul O'Donnell (Mr. Enthusiasm). His comedy routine and excellent banjo playing were outstanding. Other great performers were Vicki Taylor, Frank Small, Jerry Cole, Karen Carter, Red Butler, and Joey Haller. Genial Jimmy McGettrick, host of the world-famous Beachcomber, Wollaston Boulevard, Quincy, acted as

master of ceremonies, and music was provided by the Don Essom Orchestra.

The introductions of the various speakers were flawlessly handled by the capable Frank Kennedy, Senior Coordinator of the Parks and Recreation Department.

POSTAGE RATE RELIEF GRANTED SOME POSTAL CUSTOMERS

Some postage rate relief will be granted to many mail users in the second-, third-, and fourth-class mail categories because of newly enacted legislation, Officer-in-Charge James J. Gavin said.

Existing postage rate schedules for such mail users provide for a gradual phasing in of previously approved rates over a period of either five years or ten years (mainly for nonprofit users). The phasing in is accomplished through small annual increases on July 6 of each year, until the "full" rate is finally paid at the end of the five- or ten-year period.

The new legislation, signed into law on June 30, extends the present phase-in period to eight years instead of five years, and to sixteen years instead of ten years for nonprofit mail users. Thus some second-class mail users will not pay their full postage rates until July 6, 1979. In the case of nonprofit and other mail users authorized to use reduced rates the full rates will not be paid until July 6, 1987. This extension of the phase-in periods will permit a smaller annual increase than was originally planned for each intervening year.

Mail users in these categories are subsidized by the Congress, with the difference between the full rates and the lower phase-in rates being paid directly on their behalf to the Postal Service in the form of an annual subsidy. The new law is estimated to increase the amount to be subsidized over the entire phase-in period by \$754 million.

The newly authorized deferred rates will become effective on July 6, 1974.

First-class and airmail rates are not affected by this legislation and will remain at 10 cents for first-class mail and 13 cents for airmail.

LANDMARK MODELS AVAILABLE DURING BICENTENNIAL CELEBRATION

Visitors to Boston during the bicentennial celebration will be able to take some of Boston's more noted landmarks home with them.

The Ocko Corporation, makers of *Landmark Models*, has been designated by Boston 200 as the producer of scale models of seven of Boston's most historic buildings.

According to Steve Ocko, president of Ocko Corporation, his firm has been contracted to produce as many as seven scale models. To date three of the models are completed and ready for general sales and distribution. They include Faneuil Hall, the Old State House, and the Old North Church.

Made of cardboard, the models come in kits with easy-to-follow instructions. Each piece is labeled and has die-cut and is marked to allow the builder to assemble each kit without the use of scissors.

The kits are designed on a scale of one inch for every twelve feet of the actual building.

"Every brick and board is detailed in each model," says Mr. Ocko, "right down to the antennae on the grasshopper atop Faneuil Hall. Our models meet the rigorous standards of the Smithsonian Institute's bicentennial replica code."

A movie director and architect, Mr. Ocko undertook the development of this product in 1972 when he recognized the need for scale-model buildings as mementos of a visitor's stay in the bicentennial city. The models are tasteful and elegant in design and concept. They provide a handsome full-color replica the visitor may show as a place he has seen during his vacation.

The kits are easily assembled with white liquid glue and will be available during the bicentennial celebration from the Boston 200 shop and other retail outlets around Boston for \$1.98.

RADIOACTIVE LUNGS

Tar and nicotine are some of the hazardous substances in tobacco smoke. But not the only ones.

Dr. Edward A. Martell of the National Center for Atmospheric Research says the cancer-causing ingredient in cigarette smoke may be radiation instead of tar. Tiny radioactive particles become imbedded in a smoker's lungs, he says, and build up over the years until he or she is getting radiation doses that rival those of uranium miners.

In his research Dr. Martell has discovered that radioactive particles in the atmosphere can collect on the sticky hairs of tobacco leaves. When the hairs burn, radioactive lead is fused into the hair particles. Dr. Martell is attempting to prove that damaged lungs are most likely to collect and hold the radioactive particles because the lungs' defenses are already deficient.

In a smoker's lungs, Dr. Martell says, thousands of particles gather over the years in tiny clusters. A longtime smoker is still being bombarded with radiation caused by cigarettes smoked years before.

Researchers at the Swiss Institute for Experimental Research have found that the gases in cigarette smoke—carbon monoxide, nitrogen dioxide, and acrolein—cause even more damage to lung cells after four days than do the tars. Still another substance in cigarette smoke, a metal called cadmium, is suspected as the chief cause of a crippling lung disease called emphysema.

Scientists are still counting the hazards in cigarette smoke. But there is no controversy about the facts. Cigarette smoking is the chief cause of emphysema, chronic bronchitis, lung cancer, and coronary heart disease.

To find out more about the hazards of cigarette smoking and ways to help people quit, contact the American Lung Association of Boston (your Christmas Seal Association). It's a matter of life and breath.

CIRCULAR LETTER NO. 3

August 5.

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant leave of absence without loss of pay to employees of your department who are duly accredited delegates or alternates of the Department of Massachusetts, the American Legion, so that they may attend their national convention which is being held at the Saxony Hotel, Miami Beach, Florida, from August 15, through August 26, 1974, provided that such leave of absence will not impair departmental operations to such an extent that it will be necessary to incur overtime expense or the employment of temporary personnel to perform the duties of said delegates during the permitted period.

If overtime expense or the employment of substitute personnel will be required due to such absence, then said delegates or alternates may be granted leave of absence only with loss of pay.

Very truly yours,
KEVIN H. WHITE, Mayor.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

DISK PACKS

DEAR MAYOR WHITE:

I respectfully request your approval of the award without advertising of a contract to the Magnetic Products Division-3M Company for the rental of disk packs for the period beginning July 1, 1974, and ending June 30, 1975.

Contractor shall provide such number of disk packs, not to exceed twenty-five, as may be requested from time to time.

The monthly rental will be \$25 per month per disk pack, for each disk pack utilized.

The rental of this equipment is required in order to perform efficiently the operations of the Data Processing Unit of this department and without public advertising would serve the best interests of the city.

The total cost for this equipment shall not exceed \$7,500.

Respectfully yours,

EDWARD T. SULLIVAN,
Director.

AUDITING DEPARTMENT CONSULTING SERVICES

DEAR MR. MAYOR:

Permission is respectfully requested to dispense with public advertising and to award a contract for consulting services to Price Waterhouse & Co., 225 Franklin Street, Boston, Mass., during the period July 1, 1974, through June 30, 1975, with a total cost not to exceed \$7,000. Their present contract expires June 30, 1974.

The consultant will continue his review of procedures in the Bookkeeping Division of the Auditing Department in an effort to improve and simplify these procedures. Recommendations already made will be implemented. The consultant will conduct the study within the Auditing Department as well as other departments of the City of Boston which are involved.

Since this is a continuation of work that is being satisfactorily carried out, I believe that no public interest would be served by public advertisement for bids.

Respectfully,

W. W. MERRILL,
City Auditor.

BUILDING DEPARTMENT BUILDING DEMOLITION

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow: 3 Akron Street, Ward 12 (house); 3 Akron Street, Ward 12 (garage); 10 Akron Street, Ward 12; 12 Akron Street, Ward 12 (house); 12 Akron Street, Ward 12 (garage); 22 Alpine Street, Ward 12; 1 Randlett Place, Ward 13.

(Emergency bid called in over the telephone by 11 A.M., June 25, 1974. Ordered by the Building Commissioner Richard R. Thuma, Jr. to alleviate unsafe and dangerous conditions. To be followed by written confirmations.)

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116 (d) thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

John J. Duane Wrecking Company, Inc., \$13,500; Mystic Building Wrecking Company, \$14,250; Napoli Wrecking Company, Inc., \$11,440.

Napoli Wrecking Company, Inc., 105 Norwell Street, Dorchester, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions there would be much mutual interference, and each contractor would be exposed to severe hazards not under his control by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the city charter of a contract in the sum of \$11,400, to the Napoli Wrecking Company, Inc., 105 Norwell Street, Dorchester, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For RICHARD R. THUMA, JR.,
Building Commissioner.

The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$350. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

Volunteers March to Aid Drug Programs

On September 22, 1974, the fourth annual March to Prevent Drug Abuse, sponsored by the Coordinating Council on Drug Abuse, will be held. The march is a twenty-mile walk through Boston and Brookline whose purpose is to raise funds and provide publicity for self-help groups, half-way houses, and hot lines which provide services for young people with drug problems. The march, as well, gives people an opportunity to demonstrate their concern about the critical problem of drug abuse in the Boston metropolitan area. Over \$165,000 has been pledged to more than forty Boston and suburban drug action programs during the past three marches.

The march is open to anyone interested by calling 722-4100, Ext. 506, and volunteering as a marcher, sponsor, or worker. Each marcher solicits a sponsor (corporations, friends, relatives) who in turn pledges a certain amount for each mile completed. For example, if a sponsor pledges \$1 a mile, and the marcher walks the entire route, that marcher will have collected \$20, which is then given to the drug program of his or her choice.

The march is a viable instrument in aiding those drug programs in financial difficulty. According to Paul E. Robinson, executive secretary of the Council, "Many of the neighborhood drug programs operated by young people are in a state of financial crisis. Their loss would create an irreplaceable void in the overall program of treatment and assistance to young people."

Marchers will be walking on behalf of over thirty Boston and suburban drug action programs. Among the groups who plan to participate are Together, Inc., Marlboro; Massachusetts General Hospital Street Youth Program, Boston; Turnabout, Boston; East Boston Drug Action Council; East Boston Drug Dependency Center; Third Nail, Roxbury; Boston Area Self Help Education Committee; Greater Lawrence Community Drug Council; CAN, Chelsea; Milton Youth Program; Project Place, Boston; Atlantis, Stoneham; Bridge

Over Troubled Waters, Boston; Baedeker House, Boston; Survival, Quincy; RAP, Beverly; Harding House, Medfield; 735, Inc., Melrose; Turning Point, South Boston; Project People, Weymouth; Roxbury Action Program; TCA, Haverhill; Phaneuf Center, Brockton; Project Discovery, Framingham; Boston University Drug Clinic; Mass Transition, Roslindale; Project Overcome, Roxbury; DARE, Inc., Jamaica Plain; Roxbury Court Clinic; Pulse, Norwood; Transitional Alternatives, Roslindale; and I DIG, Dorchester.

The march will begin at 9 A.M. from City Hall Plaza and will cover a twenty-mile route through most of the city, passing through Brookline, and ending back at City Hall Plaza. Refreshments will be provided, donated by several Boston area distributors, and there will be rest stops and checkpoints along the way. At these checkpoints the

HUB'S FAMOUS LANDMARK SOLD

The Boston-based real estate development corporation, Cabot, Cabot and Forbes, has bought one of the city's most famous architectural landmarks, the Sears Crescent Building, for more than \$796,000.

CC&F made the purchase on August 13, from the Sears Crescent Company, during an auction in the building itself, located on Cornhill, in the Government Center.

The nineteenth century brick and granite structure, which was saved from demolition during the Government Center renewal project in the mid-1960s, had been renovated into restaurants and offices.

According to Gordon E. Emerson, Jr., executive vice president of CC&F, there will be no changes in the character and use of the building.

Mr. Emerson added that the purchase of the property was made in order to insure that one of Boston's important landmarks "would continue to contribute to the aesthetic quality of the city and to the enjoyment of the citizens."

A CC&F spokesman said that, in addition to the purchase price, his corporation had agreed to pay back some real estate taxes.

Originally, the building on the obliterated Cornhill housed Boston's most famous book shops — one, the famed Brattle Book Shop.

William P. Halley, Jr.

William P. Halley, Jr., a lifetime resident of Charlestown, passed away Saturday, August 17, after a short illness. In 1940 he joined the staff of the City of Boston's Printing Department as an errand boy. During the World War II days he served his country in the United States Navy. In 1945 he became an apprentice compositor, and in 1951 he became a journeyman compositor. It was in 1963 that Mr. Halley earned his most recent position as the foreman of the Composing Room. He was a member of the International Typographical Union No. 13.

"Bill" will be sadly missed by his fellow workers at the Printing Plant. He was well respected, an excellent worker, and always willing to lend a helping hand to those who sought his help.

He is survived by his wife, Cecilia (Maguire) Halley, his daughters, Mrs. John (Ruth) Kucherer of California, Diane and Kathleen, both of Charlestown, three sons, Robert, Michael, and David, all of Charlestown, his sister, Mrs. Frank (Mildred) Duffy of Charlestown, his aunt, Margaret Hussey of Medford, and by two grandchildren.

A funeral Mass was celebrated August 20 at 9 A.M. in St. Mary's Church, Charlestown. Interment was in Holy Cross Cemetery, Malden.

Requiescat in pace.

COLLEGE STUDENTS AND CLEANER ENERGY

Summer jobs come in all sizes and shapes. Some college students are spending this summer working to create plans for a cleaner environment.

About 1,200 college students are receiving support from the National Science Foundation to express in concrete terms their concern for society and the environment. The SOS (Student-Originated Studies)

program supports student-planned and student-directed projects to improve the quality of our lives.

College students submitted 266 proposals; college students and university faculty evaluated the proposals and awarded a final total of \$1.7 million. While a faculty advisor is associated with each student research group, which consists of five to twelve students, the Foundation insists that the real initiative and responsibility rest with the students.

At Marlboro College, in Marlboro, Vermont, eight students are studying how the college can become energy-self-sufficient. The students are investigating whether such energy sources as organic waste, wood, wind, flowing water, and the sun are capable of meeting the college's energy demands.

Traffic noise and the human stress that it causes is the subject of an SOS project at Western Washington State College. Eight students are comparing the performances and levels of annoyance of a group of persons exposed to varying levels of highway noise.

Twelve students at the University of Missouri-Columbia are investigating the possibility of making coal a cleaner fuel. The students will test the use of acids and coal particles to remove sulfur dioxide, heavy metals, and other pollutants from coal-burning systems.

"PUDDING STONE" EXHIBIT

The Roxbury Center, Museum of Afro American History, 90 Warren Street, Roxbury, is sponsoring an exhibit of Roxbury pudding stone Monday, Tuesday, Thursday, and Friday, from 10:30 A.M. to 4:30 P.M., and Wednesday, from 2:30 P.M. to 8:30 P.M., through August 30. The museum is closed Saturday and Sunday.

The name "Roxbury" is not derived from a town name or an Earl of Roxbury in old England. "Upward from the Town it is something rocky, whence it hath the name Roxberry," wrote William Wood in 1635 in his book, *New Englands Prospect*. Roxbury conglomerate or pudding stone can be seen naturally in outcroppings all over Roxbury. In the nineteenth century it became a popular building stone.

Photographs, charts, maps, quarrying tools, and pudding stone

itself are brought together in this exhibit to explain the original formation and several uses of Roxbury conglomerate stone. Pudding stone was quarried at what is now Brigham Circle. The Mission Church, the Cathedral of the Holy Cross, and Emmanuel Church are but a few of the Victorian buildings constructed from this dark rustic stone. Along with the exhibit the museum will sponsor walking tours of Roxbury, emphasizing pudding stone structures, and weekend lecture tours of the Brigham Circle Quarry. NATIONAL WOMEN'S DAY

The Mayor's Commission to Improve the Status of Women has announced that Boston will recognize National Women's Day on August 26 at City Hall in an all-day celebration of women's contributions to society.

The celebration, designed to bring attention to many women's groups organized throughout the city, will demonstrate the diverse and continuing accomplishments achieved by women.

"It is important that we not only continue to define women's rights in terms of what has yet to be accomplished, but that we draw attention to the significant contributions women have made to our city and nation," Mayor White said.

"This day, celebrated nationally to commemorate the day women won the right to vote, will give us a concrete look at the thoughts and activities of Boston women," he said.

Beginning at 10 A.M., activities at City Hall will include a panel discussion in the gallery on Affirmative Action and how it affects the city. Speakers will include Regina Healy from the Massachusetts Commission Against Discrimination, Gail Dunfee of Raytheon, and Ellen Katz from the Mayor's Office of Human Rights.

Starting at 11 A.M., representatives from various women's groups such as the Boston Women's Collective, City Women for Action, League of Women Voters, 9 to 5, NOW, and the Women's Lobby, will be on hand to discuss what their organizations do.

On the Plaza, from noon to 2 P.M., there will be a performance by Witch, a women's rock band, and from 2 to 4 P.M. a three-part film on the women's movement will be shown in Room 801.

The day's activities will culminate at 5 P.M. when Mayor White will host a reception for city women and present awards to city women employees in recognition of their achievements.

AUGMENTED FUNDS FOR NEIGHBORHOOD HEALTH CENTERS

Health and Hospitals Commissioner Leon S. White has praised the City Council's action in appropriating an additional \$911,000 for neighborhood health centers for fiscal 1975. The appropriation, representing a budgetary increase over fiscal 1974, added to funds already included in the Department of Health and Hospitals budget, brings the city's financial commitment to neighborhood health to approximately \$2,000,000. Approximately \$600,000 in in-kind services is also provided by the department.

Said Dr. White, "I am very pleased that the Council has supported Mayor White's strong commitment to neighborhood health centers and neighborhood-based health care. We believe that these community oriented centers, organized and operated by dedicated neighborhood residents, represent the best answer we currently have to the problems of primary care delivery in the cities."

At an earlier hearing Dr. White told the Council, "The relationship between the city and the neighborhood health centers is something the city can be proud of and which can serve as a model for the nation. We are happy to be able to support them."

The funds approved at the Council meeting will reach a total of nineteen neighborhood health centers. Six of those are directly affiliated in a department network through Boston City Hospital. At these centers funds will pay for increased costs and additional staff. Additional medical and laboratory personnel are expected to increase the capacity of these centers.

The Drew Family Life Center, formerly funded by Model Cities, was added to the department network budget after the federal government decreased Model Cities funds. A total of \$130,031 was appropriated to support this center.

Eleven centers received grants through the city's matching grant program. This program, in existence three years, was developed to involve private hospitals with neighborhood health centers. Centers eligible for aid can receive up to \$50,000 from the city if matching funds from a private source can be found.

This year several new centers have been added to the matching grant program, including Brookside and Mahoney, formerly supported through Model Cities.

The South End Health Center, although not part of the department network or the matching grant program, was included also. This was done because the proximity of the center to Boston City Hospital relieves the department of providing similar duplicate services.

The neighborhood health center budget increase request was submitted separately to allow the department staff time to analyze the validity of the requests. Centers were assessed on the basis of utilization cost effectiveness, and potential for increased visit capacity. An original budget request was trimmed from approximately \$1.3 million to \$911,260 as a result of this study.

The following is a breakdown of the neighborhood health center appropriation, showing increases from fiscal 1974 and total appropriation for fiscal 1975. It does not include the department's contribution in in-kind services, which is approximately \$600,000.

Medic-Alert, formerly the Medic-Alert Foundation International, is a charitable, nonprofit organization providing medical protection service to people with not readily apparent medical problems. Its purpose is to prevent the misdiagnosis of problems and administration of improper aid in an emergency to these people.

The Medic-Alert identification is a bracelet or necklace with the symbol of the medical profession, a snake entwining a staff, and the words "Medic-Alert" engraved in red on the face of the emblem. On the reverse side of the emblem the hidden problem of the wearer is engraved in layman's terms.

Because of incidents such as diabetics being mistaken for drunks, it is important that all members of the department be-

VI. HIGH COMMENDATION

At 0614 hours on July 17, 1974, the department responded to Box 7232, which was struck for a fire in a four-room apartment on the first floor of 30 Orton-Marotta Way, South Boston.

On arrival of the apparatus it was found that three rooms in the apartment were involved in fire, and the building was heavily charged with smoke and heat. A police officer at the scene stated that an elderly woman was trapped inside the apartment. This first-floor apartment is equipped with heavy, stainless steel security screens on all windows making entrance through and ventilation of the windows most difficult and time consuming. Since these screens are hinged at the top, and only swing out a short distance, escape from the interior is also most difficult.

Engine Company 1, under the command of Acting Fire Lieutenant Charles E. Graul of the Fire Prevention Division, immediately donned air masks and advanced a line by way of the front door entrance to the apartment. Acting Lieutenant Graul supervised the operation of the line on the main body of the fire, and knowing there was no second means of egress from the apartment and that ventilation would be difficult, did go beyond the fire, and at great personal risk searched the kitchen which was partially involved in fire and entered the rear bedroom where he found an elderly woman huddled on the floor. He removed the woman from the room and from the apartment without assistance. The woman was then removed to the Boston City Hospital by police.

Acting Fire Lieutenant Graul's actions at this incident not only involved great personal risk to himself, but were also an example of most efficient handling of his company and of persistence and determination in performing his duties.

The Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

VII. HAZARDOUS BUILDING

The building at 10 Parley Vale, District 9, is unsafe for fire fighting due to a roof partially caved in and unsafe stairways. In case of fire in this building, members shall use extreme caution. The building has been posted.

VIII. LETTER OF THANKS

The following letter is published for the information of the department:

"June 19, 1974.

DEAR COMMISSIONER KELLY:

At this time I would like to give credit to the firemen in the firehouse on the corner of Emerson and K Streets, South Boston. On the night of the seventeenth at about quarter to twelve, a fire broke out in my house at 152 Emerson Street and I and my wife didn't wake till the sirens at the scene woke us. They didn't waste time and had us in the street before I knew what was going on. Then they held

the fire to just one room, and this one room was an inferno.

I'm writing this letter of thanks to them. I can only say I wish we had more men like them around. I'm praying we won't have any more fires here, but it makes me feel good to know that the fire house is close and the men are there ready, like they were the night I had my fire.

Sincerely,

MR. AND MRS. JAMES W. COLTON."

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,

11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR MAINTENANCE OF LUNCHROOM EQUIPMENT AT VARIOUS SCHOOLS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for maintenance of lunchroom equipment at various schools.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 3, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$250. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the

sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten days after bid opening.

Bids shall be accompanied by cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority in an amount equal to 5 percent of each proposal for Site Preparation Contract "H."

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1969, revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding the contract.

BOSTON REDEVELOPMENT AUTHORITY,
By KANE SIMONIAN,
Secretary.

PUBLIC WORKS DEPARTMENT

Highway Reconstruction in Agawam Street, Bourse Avenue, Boutwell Street, Clematis Street, Nixon Street, North Munroe Terrace, and Shepton Street in Dorchester.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for highway reconstruction in Agawam Street, Bourse Avenue, Boutwell Street, Clematis Street, Nixon Street, North Munroe Terrace, and Shepton Street in Dorchester.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum 100 percent of the contract price, less the amount of \$16,000, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Highway Reconstruction in Agawam Street, Bourse Avenue, Boutwell Street, Clematis Street, Nixon Street, North Munroe Terrace, and Shepton Street in Dorchester," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, SEPTEMBER 5, 1974, with a certified check for EIGHT THOUSAND FIVE HUNDRED DOLLARS (\$8,500), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR REPAIRING BOILER MASONRY AND RELATED WORK IN VARIOUS SCHOOL BUILDINGS IN DISTRICT 4 IN BOSTON, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairing boiler masonry and related work in various school buildings in District 4 in Boston, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 10, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the sub-bid or general bid, in the sum of \$1,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 3, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors

to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Masonry, Etc.,\$500

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Sealed bids for M.B.T.A. Contract No. PI-110 will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M. (Eastern Daylight Saving Time) on September 17, 1974. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: CONSTRUCTION OF REST ROOM FACILITIES AND EMERGENCY REPAIR FACILITIES AT BOSTON COLLEGE YARD, GREEN LINE, Boston, Mass.

The work to be done under this contract consists of furnishing all labor, supervision, equipment, materials, and incidentals thereto for demolition required for the complete restoration and renovation of the existing trainmen's lobby building; construction of a new concrete emergency inspection pit; demolition and complete removal of the existing wooden yardmen's lobby; and supplying and erecting a new preengineered metal building for yardmen's lobby.

All work to be done at the Authority's Boston College Yard (Green Line), located on Commonwealth Avenue at Lake Street in Boston, Mass.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$10 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by separate check.

Authorization for the bidders to view the site of the work on Massachusetts Bay Transportation Authority's property shall be obtained from the office of Mr. R. D. MacKay, Superintendent, Civil and Design Engineering Division, Tel. 722-5441.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. FAILURE TO FULLY COMPLETE AND SUBMIT THE REQUIRED CERTIFICATION WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.

The contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit of three thousand dollars (\$3,000).

in the form of cash or a certified check, or a treasurer's or cashier's check, issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518—published in the Federal Register on April 17, 1971), promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (38 Stat. 96).

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

The successful bidder will be required to furnish a performance bond, as well as a labor and materials payment bond, for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$800. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as

amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 3, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Masonry, Etc.\$500

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid or any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

BUILDING DEPARTMENT

NOTICE TO CONTRACTORS

INVITATION FOR BIDS FOR DEMOLITION AND SITE CLEARANCE, PROJECT NO. 2306.

The City of Boston, acting by its Building Commissioner, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

- 209 Eustis Street, Ward 8.
- 211 Eustis Street, Ward 8.
- 12 Fowler Street, Ward 14.
- 29 Lawrence Avenue, Ward 14 and rear garage.
- 10 Parley Vale, Ward 19.
- 117A and 117B Stratton Street, Ward 14.
- 123 Stratton Street, Ward 14.
- 49 Walden Street, Ward 10.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 A.M., Thursday, September 5, 1974, at the office of the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. General bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of a bid bond or cash, or in the form of a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

CITY OF BOSTON,
By LEO. F. MARTIN,
Deputy Building Commissioner.

Guidebook to Aid Bicentennial Visitors

At last Boston visitors will be able to find their way around Boston with the aid of Boston 200 and E. P. Dutton & Co.

Through their cooperative efforts *The Boston 200 Official Guidebook* will direct bicentennial visitors not only to the programs and attractions of Boston, but to the many restaurants, hotels, theaters, parking lots, and public rest rooms that will meet their needs and wants.

The guidebook, which will be underwritten in part by the sales of advertising space, will contain 320 pages with detailed maps and descriptions of the thirty different trails and exhibits that will be "Citygame." In addition, guidebook holders will find a complete schedule of Festival American, the Boston 200 pageant and cultural program, as well as directions to all Boston 200 visitor services.

Boston area hotels, restaurants, transportation services, and retail outlets will be found in a special section of the guidebook. Prices, special features, and a description of the services rendered and the goods sold will accompany each entry.

"A great feature of the *Official Guidebook*," says Tim Feige, director of marketing for Boston 200, "is that visitors will receive information regarding Boston area goods and services whether or not the listed companies advertise in the guidebook.

"Of course," adds Feige, "we want to encourage all Boston area businesses to take advantage of the greater exposure available through advertising in the guidebook. With a base circulation of 400,000 the guidebook is one of the best media buys available today."

Harvard Student Agencies is handling the *Official Guidebook* advertising sales, which will be limited to eighty pages. JoAnne LaSala, James Lopes, and Tom Abbott are responsible for contacting area

businessmen to discuss the purchase of space.

Advertising rates are \$3,000 for a full page, \$1,750 for a half page, and \$1,000 for a quarter page. All ads will be in black and white — line art rather than halftones because of the highspeed printing process being used.

The *Official Guidebook* is being published by E. P. Dutton and will be the only Boston 200 approved guidebook for Boston. It will be available in March, 1975.

Through an agreement with Howard Johnson's, copies of the book will be distributed at Howard Johnson's rest stops on major roadways servicing Boston. The guidebook will be available at most bookstores and newspaper stands throughout Boston and in many parts of New England. In addition, all Boston 200 Visitor Information Centers will sell the guidebook.

"The *Official Guidebook*," says Feige, "is priced very competitively at \$1.50 per copy, and the bicentennial visitor will not be able to be without it."

To reserve advertising space in the *Official Guidebook* contact Harvard Student Agencies, which is located at Two Trowbridge Street in Cambridge. The phone number is 491-1920.

"ITALIAN NIGHT" ON THE PLAZA

A touch of the fun and gaiety of an Italian Festival filled Boston's City Hall Plaza on August 21 with the second annual Italian Night sponsored by Mayor Kevin H. White and the Boston Parks and Recreation Department.

The festivities, which began at 7:30 P.M., featured Boston's own Angelo Picardi and his revue, including comic Tom Votta, six beautiful singers, and a ten-piece band. Also appearing were the Tarantella Dancers and the Roma Band. All present were asked to join in singing and dancing to Italian folk music.

"One of the most colorful and exciting aspects of Boston is the variety of cultural backgrounds from which our residents come," said Mayor White. "Italian Night is one way we at City Hall encourage an exchange of culture among our residents and give one group an opportunity to demonstrate the pride they have in their heritage."

More than 10,000 people attended the festival and enjoyed the excellent presentation.

POST OFFICE "ALUMNI" INCLUDE FAMOUS AMERICANS

If the United States Postal Service were a university it would be in the Ivy League. It is not only old, with antecedents dating to 1639, but its "alumni" include some of America's most famous figures in politics, literature, science, business, and sports.

Colonial America's best-known journalist, inventor, diplomat, and politician was also the new republic's first postmaster general. He was Benjamin Franklin.

While deputy postmaster general for the British Colonies, Franklin began a now defunct tradition by putting five members of his family — two brothers, a son, a son-in-law, and a sister-in-law — on the Post Office payroll. Franklin was fired in 1774 for engaging in what his employers said was "pernicious activity on behalf of the colonies."

He was appointed the first postmaster general by the Continental Congress in 1775.

One of America's greatest presidents first established his reputation by firmness and integrity of public administration in the Post Office.

Writing to a customer who demanded a receipt for postage on a newspaper, Abraham Lincoln, postmaster, Salem, Illinois, advised: "The law requires newspaper postage to be paid in advance, and now that I have waited a full year you choose to wound my feelings by insinuating that, unless you get a receipt, I will probably make you pay again."

It was a good job for Lincoln. In the years from 1833 to 1836 mail arrived in Salem only once a week, giving Lincoln the opportunity to further his education by reading newspapers and journals before delivering them to his patrons. As postmaster he was paid \$55.70 a year.

Lincoln was not the only president to get his start in government service at the Post Office. Following the death of his father, Harry Truman was running the family farm outside Kansas City and had just been fired from a county road job when he was appointed post-

master at Grandview, Missouri. He held the job for six months.

The Post Office developed not only great political leaders but also great writers. While postmaster at University, Mississippi, from 1922 to 1924, William Faulkner busied himself writing at least one of the nearly dozen novels that later brought him fame and Pulitzer and Nobel prizes.

The father of one of science's great inventions — the telegraph — was a postal employee. Shortly after Samuel F. B. Morse joined the Post Office payroll he used his machine to send the message "What hath God wrought" from Baltimore to Washington.

Other famous Americans who had postal careers include hotel magnate Conrad Hilton, Vice President Adlai E. Stevenson, and one of America's most famous football coaches, the late Knute Rockne of Notre Dame.

Hilton became postmaster of San Antonio, New Mexico (present population, 650) between 1912 and 1916, succeeding his sister. The Post Office was run out of a corner of the Hilton family general store.

Stevenson, whose late grandson was a presidential candidate in 1952 and 1956 and whose great-grandson is the junior Senator from Illinois, was named first assistant postmaster general in 1885 during President Cleveland's first administration.

Rockne learned about the inside of a post office before he became

familiar with the inside of a football stadium. After high school he worked almost four years as a postal clerk in Chicago until 1910, when he enrolled at the University of Notre Dame.

CITY HIRES FEMALE LABORERS

Cleaning and maintaining Boston's parks and playgrounds is no longer a job restricted to men.

In an attempt to increase job opportunities for women in different areas of city government the city has, for the first time, hired twelve women to perform manual labor for the Parks Department at various locations in Boston.

The women, aged eighteen to twenty-four, are working in parks, playgrounds, and recreation centers across the city, cutting grass, collecting litter, trimming shrubs, raking leaves, and mopping floors.

"It is ironic that women, in the battle for equal rights, have had to fight harder to gain access to less skilled jobs than to find opportunities within the white-collar work force," Mayor White said.

"These women suggest that jobs should be defined by what women want and are qualified to do," he said.

The female laborers, all residents of Boston, have been appointed for thirty days, and are performing unskilled labor of a widely varied nature.

The Parks Department, due to the increased use of the city's parks and playgrounds, expands its labor force by 60 percent during the summer months.

CHILDREN'S MUSEUM NOTICE

The Visitor Center at the Children's Museum will be closed for the entire month of September, and will reopen to the public Tuesday, October 1, at 2 P.M. However, the Resource Center, Teacher Shop, and Recycle will be open during September, from 9 A.M. to 5 P.M., Mondays through Fridays; the retail areas only will also be open Saturdays from 9 A.M. to 5 P.M.

LABOR DAY

In honor of the wage earners of the nation, the United States and Canada have set aside the first Monday in September as Labor Day, a legal holiday. The observance of this day emanated from an annual parade in New York City by the Knights of Labor on September 5 in the 1880s. Oregon, in 1887, was the first state to recognize Labor Day as a legal holiday, and other states quickly followed. On June 28, 1894, Congress passed a bill making the day a national holiday. All the states in the Union now observe Labor Day as a national holiday.

TAX ASSESSMENT ANALYSIS

New approaches to property taxes that could benefit local governments and taxpayers alike will be developed and tested under a \$415,000 research contract by the Department of Housing and Urban Development.

HUD Assistant Secretary Michael H. Moskow said the International Association of Assessing Officers (IAAO) will survey and analyze the property tax assessment procedures of more than 200 local governments. On the basis of this research IAAO will produce a handbook on alternative assessment practices that local governments can use to improve both the yield and the equity of their own property tax collection systems.

The project is part of HUD's effort to help strengthen local governments by developing useful management tools for local officials.

Property taxes now account for 85 percent of all locally raised revenues and are "a continuing mainstay" of local finance, Mr. Moskow noted. "Their equitable and efficient administration is essential to the ability of local governments to make responsible decisions on the provision of services to the public."

REST WHILE WAITING

The MBTA has completed installation of 100 new benches in downtown subway stations to improve passenger comfort.

This continuing program is one of a series of efforts the Authority is undertaking to make the use of public transportation more comfortable and more convenient.

"We have tried to put a new bench in every appropriate place in the downtown area," MBTA General Manager Joseph C. Kelly said. "It is our hope that passengers waiting for trains can do so as comfortably as possible.

"The new benches are not the last word in living room comfort," Mr. Kelly continued, "but they are sturdy pieces of furniture that should stand up well in the subway, and will provide added comfort for our passengers."

MAYOR'S STATEMENT REGARDING SCHOOL DESEGREGATION

The purpose of today's meeting is to pledge joint cooperation between the School Committee and the Mayor in obeying the law and protecting the safety of our children in September.

I want to state publicly that I believe the ultimate decisions in this regard should be made by the Superintendent of Schools, William J. Leary.

I believe that the School Committee and the Mayor should step back and take politics out of the process and put education and safety back.

I have instructed my staff to comply with any and all requests made by the Superintendent of Schools and in addition have reaffirmed this order to Police Commissioner di Grazia.

FIRE DEPARTMENT ORDERS

August 2.

General Order No. 35

I. FIRE FIGHTER JAMES F. WALSH

It is with deep regret that the Fire Commissioner announces the death on July 27, 1974, of Fire Fighter James F. Walsh of Aerial Tower 2. Fire Fighter Walsh was appointed to the department October 11, 1949.

The funeral was held from the Foley Funeral Home, 40 Hancock Street, Dorchester, at 0900 hours, Tuesday, July 30, 1974, followed by a funeral mass in St. Kevin's Church, Dorchester, at 1000 hours.

The Acting Chief of Department made the customary detail to act as funeral escort. Members of Aerial Tower 2, Fire Prevention Division, Training Division, and Headquarters were excused to attend the services.

II. RETIREMENT

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., which became effective at 0800 hours, August 1, 1974, is hereby announced:

Fire Fighter (First Engineer) William V. McNamara, Engine Company 47.

Fire Fighter McNamara was appointed to the department on September 2, 1942, and was promoted to first engineer on May 5, 1948. He leaves the department with the best wishes of his associates.

III. FIRE ALARM BOXES INSTALLED

The following fire alarm boxes have been installed, and company commanders shall add them to circuit cards installed:

13-5186, Kennedy Memorial Hospital, 50 Warren Street (Circuit Card 64).

13-1562, Prudential Mini-Tower Garage, 101 Huntington Avenue (Circuit Card 70).

IV. HIGH COMMENDATIONS

At 0350 hours, July 21, 1974, the department responded to Box 1792, two alarms, for a fire at 10 and 12 Stanwood Street, Roxbury.

On arrival members were informed that young children were trapped in the building at 12 Stanwood Street, third floor. Both buildings had heavy fire and smoke issuing from all floors, front and rear. Fire Fighter Paul F. Mahoney, equipped with a gas mask, went to the third floor and searched from room to room. He heard a faint whimper, traced the sound and found two small children overcome from smoke.

With great difficulty, as he was almost ready to collapse from the intense heat and smoke, he carried both children to the front hall where he passed them to Fire Captain John J. Hurley, Rescue 2, and Fire Fighter James P. Mahoney of Engine 24, who carried them to the street. Mouth to mouth resuscitation was administered by EMT Ronald W. Keating and James B. Donahue of Rescue 2, who placed them in A18 and A19 ambulance and administered oxygen to them on the way to the Boston City Hospital.

Because Fire Fighter Paul F. Mahoney of Ladder Company 23 performed these rescues and saved the children's lives under such hazardous conditions, and at extreme personal risk, the Fire Commissioner is pleased to commend him highly and his case is referred to the Board of Merit for further consideration.

At 1508 hours, July 8, 1974, Ladder Company 15 responded to a still alarm at Harvard Bridge. On arrival they found a woman in the Charles River clinging to the bridge piling. She was more than 200 feet from shore.

Immediately upon ascertaining the situation, Fire Fighter John J. Simpson of Ladder Company 15 requested and received permission of Fire Lieutenant Keenan, the officer in charge of the company, to enter the water.

He then jumped from the bridge into the water, a distance of approximately 20 feet, and struck the bottom, which was very soft and hazardous, about 15 feet below the surface. He released himself from the mud and swam to the assistance of the woman, keeping her afloat, and calming her. Two police officers entered the water and assisted. Fire Fighter Simpson was in the water about ten minutes while effecting the rescue.

Upon arrival of an MDC boat, the woman was placed aboard, taken to the MDC Station at the Lower Basin, placed in an ambulance and taken to the hospital.

As Fire Fighter Simpson performed this rescue with total disregard for his own safety, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

V. COMMENDATION

Fire Fighter Louis P. Grifone of Engine Company 11 is hereby commended for responding to and assisting in company operations at Box 1246, four alarms, on July 29, 1974, while he was off duty.

VI. HAZARDOUS BUILDING

The building at 95-97 Addison Street, District 1, is in hazardous condition, due

to burned out floors and stairs. In case of fire in this building members shall use extreme caution. The building has been posted.

August 16.

General Order No. 37

I. RETIREMENTS

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., which will become effective at 0800 hours, September 1, 1974, is hereby announced:

General Foreman of Fire Alarm Construction, Daniel J. O'Brien, Jr.

The following retirements, in accordance with the provisions of section 7, as affected by section 94, chapter 32, G. L., which will become effective at 0800 hours, September 1, 1974, are hereby announced:

Fire Lieut. Francis A. Ferola, Headquarters.

Fire Fighter Joseph L. Hurrie, Fire Prevention Division.

Fire Fighter Frank J. Murano, Fire Prevention Division.

Fire Fighter William E. Walsh, Lighting Plant 2.

General Foreman O'Brien was appointed to the department August 9, 1944, promoted to foreman of inside wiremen September 16, 1963, and to general foreman of fire alarm construction August 20, 1973. Fire Lieut. Ferola was appointed November 19, 1952, and promoted to fire lieutenant on July 4, 1973. Fire Fighter Hurrie was appointed November 28, 1945. Fire Fighter Murano was appointed April 27, 1955. Fire Fighter Walsh was appointed December 12, 1951.

II. CHANGE IN DESIGNATION OF FIRE ALARM BOX

The designation of the following box has been changed, and company commanders shall make the change on the assignment card:

7213, B Street and West Broadway.

III. HIGH COMMENDATION

At 0457 hours on August 1, 1974, this department responded to Box 1625 which was struck for an accident and resulting fire at the intersection of Washington and Herald Streets in the South End.

Upon arrival of the apparatus it was found that a truck and station wagon and the surface area around both vehicles were all heavily involved in fire and that there was a man trapped in the station wagon.

Ladder Company 17, under the command of Fire Lieut. John McCloud, was the first truck company to arrive. Immediately Fire Fighter Frank Baxter ran to the right side of the station wagon, and although the fire had already entered parts of the passenger compartment and none of the doors could be opened, did manage to go through the right front window, which was open, and pull the man from the driver's seat through the window and, with the assistance of Fire Lieut. McCloud and Fire Fighter Robert O'Neil, remove the victim to a safe area while continuing

to extinguish the fire in his clothing. The man was then removed to the Boston City Hospital by the police of District 4.

Because Fire Fighter Baxter's actions at this incident were taken at great personal risk, without any thought to his own safety and before any engine company had time to run and charge their lines, the Fire Commissioner is pleased to highly commend him, and his case is referred to the Board of Merit for further consideration.

IV. LETTER OF THANKS

"August 7.

Dear Sir:

On June 25, three of your firemen responded to my hysterical call for oxygen for my seriously ill mother. They not only saved her life, but they were so kind and gentle to her; and they worked so hard to save her.

On June 27, my mother passed away, but before she died she asked me to be sure to thank these firemen for her.

Since I do not have their names, I haven't been able to contact them, so I thought perhaps you might be able to get word to them for me. If you could, I would appreciate it very much.

Sincerely,

BETTY MCKENDRY."

Commissioner's Memorandum No. 74-62

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The examination for promotion to police sergeant for this department is scheduled for Saturday, September 28, 1974. This examination is open to all permanent regular patrolmen and patrolwomen in the Boston Police Department who have been employed in these grades, after certification, for at least three years prior to the date of the examination.

Applications must be received in the office of the Division of Civil Service not later than Monday, September 9, 1974. All applications already on file will be honored by Civil Service. If in doubt, confirmation can be made by contacting the ninth floor application office of Civil Service at 294 Washington Street, Boston. Those who have not filed an application can submit a new IBM size application card that can be obtained from the Personnel Division at Police Headquarters or from the Office of Civil Service.

Civil Service Announcement No. 2404, which is a two-sided notice pertaining to the duties of a sergeant for the promotional examination, is being distributed separately from this memorandum and will be

posted on all department bulletin boards until September 30, 1974.

Also, officers are once again reminded that copies of *Standards Relating to the Urban Police Function*, published by the American Bar Association, one of the books from which the sergeant's exam will be taken, are still available, free of charge, to patrolmen who intend to take the examination. These books can be obtained from the Planning and Research Division, Room 201, of Police Headquarters.

Commissioner's Memorandum No. 74-63

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The attached draft of a rule on emergency driving developed by the Rules Task Force will be posted on all bulletin boards until August 9, 1974, for all members of the department to review and criticize.

Please give your suggestions, criticisms, and feelings about the rule to one of the people on the task force by August 9. The membership of the task force is as follows:

Capt. Daniel J. MacDonald, District 11; Lieut. William P. MacDonald, Tactical Patrol Force; Sergt. Robert M. Corbett, Tactical Patrol Force; Sergt. Walter O'Neil, Housing; Patrolman Timothy Callahan, Planning and Research Division; Patrolman Kenneth Daley, Planning and Research Division; Patrolman Paul E. Davies, District 4 (nights); Patrolwoman Diane Hofferty, Planning and Research Division; Patrolman John Rice, District 2.

EMERGENCY DRIVING

Draft No. 6

1. This rule is issued to establish guidelines and regulations for emergency driving of police vehicles other than in pursuit situations. It is effective immediately, superseding all previously issued rules, regulations, orders, and other

directives having to do with emergency driving by officers of this department.

2. *Definitions:* For the purpose of this rule, the following definitions will apply:

3. *Emergency Driving* refers to operation of a police vehicle, other than in pursuit, consistently in excess of the legal limit and/or contrary to posted traffic signs and signals.

4. *General Considerations:* Chapter 89, section 7B, of the Massachusetts General Laws, Operations of Emergency Vehicles, states that "the driver of a vehicle of a police, fire, or recognized protective department and the driver of an ambulance shall be subject to the provisions of any statute, rule, regulation, ordinance, or by-law relating to the operation or parking of vehicles, except that a driver of fire apparatus while going to a fire or responding to an alarm, or the driver of a vehicle of a police or recognized protective department or the driver of an ambulance, in an emergency and while in performance of a public duty or while transporting a sick or injured person to a hospital or other destination where professional medical services are available, may drive such vehicle at high speed in excess of the applicable speed limit if he exercises caution and due regard under the circumstances for the safety of persons and property, and may drive such vehicle through an intersection of ways contrary to any traffic signs or signals regulating traffic at such intersection if he first brings such vehicle to a full stop and then proceeds with caution and due regard for the safety of persons and property, unless otherwise directed by a police officer regulating traffic at such intersection.

5. This department and its members are bound to respond to requests for assistance or service with as much dispatch as is reasonably possible. Emergency driving enables the police officer to respond more quickly than would normally be feasible to situations where a speedy response is a critical necessity. However, such driving, and the hazards it entails, should occur only when clearly justified by the nature of the need for service and made necessary by conditions at hand that, without the use of emergency driving, would tend to render the police response ineffective.

6. Emergency driving by Boston police personnel is justified only by a reported or perceived situation involving (1) a strong likelihood of injury or death or (2) an assault or felony offense in progress or committed so recently that the perpetrators are likely to still be in the vicinity of the crime. Even under such circumstances it should not be used unless normal speed and driving techniques are inadequate.

7. *Communications:* The field officer receiving a call for police service from the dispatcher or from another source is responsible for deciding, based upon the nature of the need for service and the provisions of this rule, whether or not to respond on an emergency basis. If he decides to do so, the officer will immediately make the dispatcher aware of his

decision and, if possible, his intended route.

8. It is the responsibility of the dispatcher in such situations to make the field officer aware of any unusual or hazardous traffic conditions reported in the area.

9. *Exercise of Due Caution:* The department has a legal and moral obligation to exercise caution in its use of emergency driving. All members having occasion to engage in such driving share that obligation and must display a high degree of skill and a constant concern for the lives and property that may be endangered by excessive speed of an emergency vehicle.

10. *Weather and Environmental Conditions:* The officer engaged in emergency driving must be constantly aware of environmental, weather, and traffic conditions and their effect upon the propriety of high-speed operation. His speed and the general manner in which he operates the emergency vehicle must reflect cognizance of such conditions.

11. *Distance from Other Emergency Vehicles:* The driver of a police vehicle, when engaged in emergency driving, will maintain a distance of 100 yards from other emergency vehicles as long as such vehicles are in motion.

12. *Vehicles Prohibited from Emergency Driving:* As a general rule, motor scooters and motorcycles not fully equipped with emergency lights and siren will not be used for emergency driving. An officer who, under extreme and unusual circumstances, finds it necessary to respond on an emergency basis with such a vehicle must be prepared to justify his deviation from the rule, giving a full account of the urgency of the situation to which he was responding at the time.

PURSUIT DRIVING

Draft No. 7

1. This rule is issued to establish guidelines and regulations for motorized pursuit by members of the Boston Police Department. It is effective immediately, superseding all previously issued rules, regulations, orders, and other departmental directives having to do with pursuit driving by members of the department.

2. *Definitions:* For the purpose of this rule the following definitions will apply:

Motorized Pursuit means operation of a police vehicle in pursuit of a fleeing subject.

High-Speed Pursuit refers to motorized pursuit at speeds that consistently exceed the legal speed limit.

Police Vehicle means and includes any motor vehicle in use by a member of the department acting in his or her capacity as a police officer.

3. *General Considerations:* Chapter 89, section 7B, of the Massachusetts General Laws, Operations of Emergency Vehicles, states that "the driver of a vehicle of a fire, police, or recognized protective department and the driver of an ambulance shall be subject to the provisions of any

(Continued on next page)

POLICE DEPARTMENT ORDERS

(Continued from previous page)

statute, rule, regulation, ordinance, or by-law relating to the operation or parking of vehicles, except that a driver of fire apparatus while going to a fire or responding to an alarm, or the driver of a vehicle of a police or recognized protective department or the driver of an ambulance, in an emergency and while in performance of a public duty or while transporting a sick or injured person to a hospital or other destination where professional medical services are available, may drive such vehicle at high speed in excess of the applicable speed limit if he exercises caution and due regard under the circumstances for the safety of persons and property, and may drive such vehicle through an intersection of ways contrary to any traffic signs or signals regulating traffic at such intersection if he first brings such vehicle to a full stop and then proceeds with caution and due regard for the safety of persons and property, unless otherwise directed by a police officer regulating traffic at such intersection."

4. Sworn members of the department have a responsibility to identify perpetrators of criminal acts and to supply whatever means are lawful, reasonable, and appropriate to effect their apprehension and appearance before a court of law. This task is made more difficult by the present-day mobility of both criminals and police, which, along with the natural tendency of wanted persons to attempt avoiding arrest, often results in motorized pursuit at dangerously high speeds.

5. The department recognizes its obligation, and that of its members, to minimize the hazards of motorized flight and pursuit to those involved as well as to uninvolved persons in the area. The officer pursuing a person who, if not apprehended, presents a serious danger to the community must weigh carefully his duty, not only to remove that danger, but to do so without incurring a greater and more immediate danger. Motorized pursuit is clearly inappropriate when the pursuit itself endangers life more than the escape of the wanted subject.

6. Another factor that must be considered by the officer in a pursuit situation is the possibility of a delayed apprehension of the wanted person. When the identity of the wanted subject is known and he or she does not present an immediate danger to the community, the pursuing officer should avoid excessive speeds and obey traffic signs and signals, even if it means that apprehension will be delayed.

7. *Weather and Environmental Conditions:* The officer pursuing a wanted vehicle must be constantly aware of environmental, weather, and traffic conditions and their effect upon the propriety of motorized pursuit. His speed and the general manner in which he operates the pursuit vehicle must reflect cognizance of such conditions.

8. *Pursuit Vehicles:* Officers engaging in pursuit driving must also consider the type of police vehicle they are operating and drive accordingly. Motorcycles,

motor scooters, and vehicles not equipped with a fully operable blue rotating beacon and an audible siren should be used for pursuit only when absolutely necessary, and with full awareness of the increased dangers of pursuit in such vehicles.

9. *Pursuit with Passengers Prohibited:* Officers will not engage in high-speed pursuit when their vehicles are occupied by prisoners, suspects, complainants, witnesses, or any other persons not on duty as police officers for the City of Boston. This regulation applies regardless of whether or not the passenger in question has signed a waiver of liability.

10. *Communications During Pursuits:* It is essential that police officers involved in motorized pursuit maintain constant and coherent communications with the police dispatcher, who has the important responsibility of directing the response of secondary units to the pursuit area in such a manner as to ensure their optimal and safe deployment.

11. When it becomes evident to an officer that a motorized pursuit is imminent, he will immediately establish contact with the dispatcher, broadcasting the description of the vehicle and the wanted subject, the offense for which he is wanted, and the direction of travel.

12. Upon receiving a transmission from a unit involved in a pursuit, the dispatcher will order the frequency cleared and deploy additional units to the vicinity of the chase as needed to maintain a superiority of manpower and assist in the apprehension.

13. Officers pursuing a wanted vehicle will maintain radio contact with the dispatcher and keep him advised of locations, conditions, and the general direction of the wanted vehicle if discernible.

14. In all motorized pursuits primary command responsibility rests with the dispatcher. He has the authority to direct that a chase be abandoned if, in his judgment, the risks taken are out of proportion to the seriousness of the offense for which the pursued person is wanted.

15. *Secondary Units Responding:* All units in the vicinity of the pursuit and able to assist will make the dispatcher aware of their availability and will follow his deployment instructions. Units not involved in the chase will use extreme caution when driving in the area and will not become involved unless authorized to do so by the dispatcher. Every unit involved in the chase will be particularly careful to maintain a safe distance from all other vehicles involved.

16. *Physical Contact Between Vehicles:* Physical contact between vehicles, particularly during a high-speed pursuit, is extremely dangerous and likely to cause one or more of the drivers involved to lose control. Accordingly, officers will avoid deliberate contact with pursued vehicles unless there are no less drastic means available to stop the flight and the pursuit is moving toward an area where the danger to innocent bystanders is significantly increased.

17. *Firearm Discharges Prohibited:* Ballistics tests have shown that the .38

revolver is practically useless in attempting to stop a moving vehicle. Unless the bullet strikes at a near perfect right angle, it will ricochet off the metal or glass surface of the automobile. The danger is compounded when the officer firing the shot is himself in a moving vehicle. For these reasons an officer will not discharge a firearm while driving or occupying a vehicle engaged in pursuit driving unless returning fire at an occupant of the pursued vehicle.

18. *Abandonment of Pursuit:* Members of the department engaged in motorized pursuit will abandon the chase when ordered to do so by the dispatcher or a superior officer or when traffic and/or weather conditions make further pursuit inordinately dangerous.

19. *Pursuit and Adjoining Jurisdictions:* When a pursued vehicle leaves the Boston city limits, the pursuing officer will immediately relay to the appropriate police agency, through the Boston Police dispatcher, full description of the wanted vehicle and suspects, and the offense(s) for which they are wanted.

20. *Reports of High-Speed Pursuit:* An officer who participates in a high-speed pursuit, will before the end of the tour of duty in which the chase took place, submit the appropriate report to his commanding officer, detailing the reasons for and the circumstances surrounding the chase.

TOPOGRAPHICAL CHARACTERISTICS OF BOSTON

Boston was originally a peninsula with great areas of salt marshes on the north along the banks of the Charles and Mystic Rivers, and in the south at the mouth of the Neponset River. Larger areas of made land occur in the Back Bay and West End, in South Boston, Dorchester, and in Charlestown, and East Boston. The topography of the area is generally level with elevations ranging from sea level to 100 feet; occasional hills, composed of glacial waste of till, occur and rise in some cases to 300 feet. The land is densely settled throughout, except for limited areas in the west. The tidal shoreline here is 87.7 miles in length.

Vertical Improved Mail ("VIM") systems, which include a system for moving mail mechanically on conveyors between floors of skyscraper office buildings, are used at 950 locations across the country to expedite business mail.

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposals for Asphalt Resurfacing in Areas 2 and 3 in the City of Boston.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for asphalt resurfacing in Areas 2 and 3 in the City of Boston.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum 100 percent of the contract price, less the amount of \$9,000, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Asphalt Resurfacing in Areas 2 and 3 in the City of Boston," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, SEPTEMBER 12, 1974, with a certified check for SIX THOUSAND DOLLARS (\$6,000), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Scaled bids for M.B.T.A. Contract No. PI-102(R) will be received by the Contract Administrator at the Office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M. (Eastern Daylight Saving Time) on September 19, 1974. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: REMOVAL AND REPLACEMENT OF SEWAGE EJECTORS, RED LINE, CAMBRIDGE AND BOSTON, MASSACHUSETTS. The work to be done under this contract consists of the complete removal and disposal of existing pneumatic sewage ejectors and furnishing and installing new electrically operated duplex sewage ejectors and associated controls at Harvard, Central, Kendall, Park Street, South Station, and Broadway Stations.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$5 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Authorization for the bidders to view the site of the work on Massachusetts Bay Transportation Authority's property shall be obtained from the office of Mr. R. D. MacKay, Superintendent of Civil and Design Engineering, Tel. 722-5441.

The attention of all bidders is specifically directed to the Equal Employment Opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. FAILURE TO FULLY COMPLETE THIS CERTIFICATE AND SUBMIT IT WITH HIS BID WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.

The contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518 — published in the Federal Register on April 17, 1971) promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

Proposal guaranty shall consist of a bid deposit in the amount of twenty-four hundred dollars (\$2,400) in the form of cash or a certified check or a treasurer's or cashier's check, issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced. All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract. The surety shall be a surety company or securities satisfactory to the Authority.

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 7 in the Fenway Urban Renewal Area, Project No. Mass. R-115, located in the City of Boston, Mass., until twelve noon (Eastern Daylight Saving Time) on the twelfth day of September, 1974, at City Hall, ninth floor, Room 921, One City Hall Square, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of construction on Westland Avenue and St. Stephen Street and a community park at the corner of Symphony Road and St. Stephen Street to the degree of completeness as shown on the plans of reconstruction and installation of concrete sidewalks, trees, catch basins, and street lighting, together with related appurtenances all in accordance with the plans and specifications.

Proposal forms of contract documents, including drawings and technical specifications, are on file at the office of Mr. Kane Simonian, Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority in an amount equal to 5 percent of each proposal for Site Preparation Contract No. 7.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 10 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1967 revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it is in the public interest to do so.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bid and investigating the qualifications of the bidders prior to awarding of the contract.

Transit Line Extension Recommended by MAPC

The beneficial impacts that rail rapid transit is having on the City of Quincy can be realized by other communities in the South Shore Corridor by an extension to South Quincy and Braintree, according to the final report of an impact study made for the Massachusetts Bay Transportation Authority by the Metropolitan Area Planning Council.

The extensive study report, recently approved for publication by the Urban Mass Transportation Administration, United States Department of Transportation, which partially financed the study, is available at the MAPC offices, 44 School Street, Boston, or at the Authority's Planning and Construction Directorate, 500 Arborway, Jamaica Plain. A summary of the report is also available at both agencies.

The study encompassed the impacts of the line, which opened in September, 1971, on traffic volumes and patterns, land use, and the economy of the city.

The economic impact study showed that the rail rapid transit line aided Quincy in changing its economic base from one dominated by manufacturing to a more balanced economy consisting of the new growth industries—service, finance, and insurance—with more construction, new jobs, and more taxes. The new commercial and residential developments are located in areas adjacent to the transit stations, particularly at North Quincy and Quincy Center, and additional major development is expected to focus on these two sections of the city.

The land use impact study found that, because Quincy prepared for the extension with programs for arterial roadway improvements, land development, and rezoning, the impacts of the rapid transit extension have been beneficial to the community.

Study data of traffic volumes and patterns (collected before last

winter's energy crisis) indicated that the transit extension's two-way ridership increased 55 percent from September, 1971 (18,750), to November, 1973 (28,990). Of these riders 56 percent originated in Quincy, 11 percent in Weymouth, and 9 percent in Braintree; the remaining 24 percent originated in several other South Shore communities. Almost one-half of the riders arrive at the stations by automobile: of the riders 81 percent use the line to commute to work, 9 percent to go to school, 4 percent for personal business trips, and the remaining 6 percent for shopping, recreation, or other purposes; 45 percent of the riders are new transit users and, of these, two-thirds formerly drove to Boston and the other one-third had never made the trip before.

Bus routes, established to serve the transit stations, were significantly affected by the opening of the transit line, the study found. Ridership noticeably decreased in Quincy where alternative modes of travel—walk and kiss-and-ride—were greatest; but, outside of Quincy, feeder bus service was

found attractive and ridership increased.

The study report concluded that an extension of the line deeper into the South Shore Corridor to two major highway intercept stations at Routes 3 and 128 offers more opportunities for relieving congestion in Quincy Center, reducing peak hour traffic on the highway system, and encouraging regional growth.

HEALTH/LIFE GROUP INSURANCE PLAN

To All Department Heads.

The following details about the city-wide health/life insurance plan should be made known to all employees at the time they are hired:

1. The plan is available on a voluntary basis to all employees who are guaranteed twenty hours of employment a week and are not on a thirty-day appointment.

2. Unless the employee signs within sixty days of his/her date of employment, the life insurance carrier may require an evidence of insurability. Failure to qualify for the life insurance program makes one ineligible to receive the health insurance benefit.

3. Further details on the plan may be obtained by calling the Insurance Division of the Administrative Services Department at 722-4100, Ext. 201.

MEDIA COMMITTEE URGES PEACEFUL INTEGRATION

The Boston Community Media Committee, an organization aimed at improving relations between minority communities and the news media, has issued the following statement regarding the impending integration of the Boston school system:

"In Boston it is our children who are important. Our future lies with their education today. Their safety and education must be assured above all else. We need all Bostonians to help make school opening this September safe and quiet. We have a mandate from the federal court to desegregate our schools. Some of us agree with that decision; some of us don't. But there is one thing we can all agree with. We love our children and we want no harm to come to them.

"We all must come together to that end, because it is our kids that count."

The statement was signed by WCVB-TV, Leo Beranek; WSBK-TV, William Flynn; WBZ-TV, Sy Yanoff; WGBH-TV, David Ives; WLVI-TV, James Saunders; WBCN, Alfred Perry; WBZ-AM and FM, William Cusack; WCOP-AM and FM, John F. EMPLOYEES, RETIREES, TAKE NOTICE

Sometime in the latter part of September each employee/retiree should receive literature relating to a Master Medical Health Plan, which is being offered to employees/retirees and their eligible dependents, and which we hope will become effective January 1, 1975.

This literature will be offered to each employee/retiree with his or her pay check and will explain the program, comparing it with our present Major Medical schedule of benefits, and its approximate additional cost per month to the employee over the present plan.

In order to put this plan in effect it is necessary that we get 70 percent of the enrollees in the present Major Medical Plan to convert to Master Medical.

The result of the survey will be accomplished by the employee/retiree reading the literature he or she will receive. Employees/retirees *uninterested* will return the card that will be attached. All other members not returning a card will be considered interested and eligible for the new plan and will be enrolled automatically.

ZONING AMENDMENT PROPOSED

At a meeting scheduled for September 11, 1974, the Boston Zoning Commission will consider a zoning amendment to create a special "entertainment district" in downtown Boston and to prohibit "adult entertainment" activities anywhere else in the city.

The hearing, open to the public, is to be held in Room 805 in City Hall, starting at 2:15 P.M.

The special entertainment district is proposed for a section of lower Washington Street, extending from Stuart and Kneeland Streets to the middle of the block south of Avery and Essex Streets. This area contains the large majority of existing adult entertainment facilities in Boston.

Boston Redevelopment Authority Director Robert T. Kenney said, "This zoning amendment is a realistic approach to the containment of so-called 'adult entertainment.' It acknowledges that such activities are inevitable. But it would prevent the spread of adult entertainment activities not only into the surrounding areas such as Chinatown, Back Bay, and the retail core, but also into the local business areas of Boston's neighborhoods.

"For this reason," he added, "I believe the zoning amendment deserves wholehearted support from all Boston residents."

The zoning amendment would not affect existing "general entertainment" uses in the city, but would prevent the establishment of an

new adult entertainment activities outside the special entertainment district.

Another aspect of the special adult entertainment district is the upgrading of the area, Mr. Kenney said. "If business owners in the special district know they are secure in their location, we expect that they will be more willing to invest in improvements to the exteriors of their buildings. The zoning amendment would allow blinking lights, forbidden elsewhere in the city, and a general upgrading of signs and lighting would make a positive difference in the area."

An upgrading of the district is also expected to benefit the general businesses — theaters, restaurants, and stores — in the vicinity.

Mr. Kenney also pointed out that by defining the adult entertainment district it will be possible for persons wishing to avoid the area to do so easily.

The zoning amendment has been prepared by the BRA's zoning staff in its capacity as advisor to the Zoning Commission. The BRA is the city's planning agency as well as redevelopment authority.

IT'S THAT TIME AGAIN!

Registrar David J. Lucey reminds drivers that the fall inspection period began September 1 and will end October 15. "Now is the time to have repairs made so that when you present your motor vehicle for inspection it will pass the first time."

There are 4,400 official inspection stations located throughout the state ready to inspect motor vehicles and trailers under the supervision of the Registry of Motor Vehicles.

Before you take your car in, check the registration number with your registration plates to see if they match. If they do not match, go to a Registry office to have a correction made. Also, check the vehicle identification number on your registration certificate with the vehicle identification number which is on the vehicle to see if they match. If they do not match, go to your insurance company or agent for corrections.

The registration certificate must be presented before an inspection will be made, and all information must be correct.

The fee for a motor vehicle inspection is still \$1. (A \$2 fee for inspection of motor vehicles will become effective January 1, 1975.) The fee for inspection of a trailer alone is still 50 cents.

Items to be checked include brakes, stop lights, lights, horn, exhaust system, steering gear, windshield, windshield cleaners, number plates, rear windows, tires, fenders, bumpers, external sheet metal, reflectors, splash guards, chock blocks, and pollution control systems or devices.

Vehicles passing inspection will have an official red sticker printed in black placed on the windshield by an adjuster after it passes inspection. Motor vehicles failing to pass inspection will be marked with a round rejection sticker.

ANOTHER HAZARD?

Alcoholic beverages should be labeled with the warning that they are dangerous to health and that the danger increases with the amount consumed, Dr. M. O. Vincent told the Ontario Chapter of the College of Family Physicians in Canada.

Dr. Vincent suggested a warning similar to that required for cigarettes, the hazards of which he said have finally been realized despite a determined effort by the tobacco industry to minimize the problem. He said similar public relations interests are at work for the alcoholic beverage industry to prevent such a move in Canada.

POLICE DEPARTMENT ORDERS

August 5.

Commissioner's Memorandum No. 74-60

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

A change in Massachusetts General Laws (chapter 266, section 120D, as amended by chapter 537 of the Acts of 1974) now makes it possible for a motor vehicle to be towed from a private way or from improved or enclosed property

without the consent and at the expense of the owner of the motor vehicle, provided the following conditions are met:

1. The person in lawful control of the private way or property must either post notice forbidding parking there or else personally forbid the operator of the vehicle from parking there.

2. Before the vehicle is towed the person ordering the tow must call the Teletype Unit at 536-6700, Extension 531, and give a description of the vehicle as well as any other information that may be required.

The police are no longer required to give authorization for towing done from private property. The owner of such property must contact a towing company on his own, without involvement or recommendations from the department. The expense of the tow is to be borne by the owner of the illegally parked motor vehicle provided the above conditions are met.

Any person who is called to tow a vehicle illegally parked or standing on a private way or upon improved or enclosed property may, at his discretion, if the owner appears to remove the vehicle before the towing is completed, charge the owner one half the usual fee for towing.

The statute also provides that any person who tows a vehicle from a private way or from improved or enclosed property without notifying the department prior to the tow shall be punished by a fine of not more than \$100. The employer of such person, if any, shall also be punished by a fine of \$100; and any person who authorizes the removal of a vehicle from such property without fully complying with the provisions of this statute is also subject to the same fine.

Any person complaining that his vehicle was towed illegally from a private way or private property should be advised of his right to seek a criminal complaint in the local district court under General Laws, chapter 266, section 120D, and should also be referred to the Commercial Motor Vehicles Division of the State Department of Public Utilities at 727-3559.

CITY OF BOSTON

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR FURNISHING AND INSTALLING 540 PARKING METER POSTS IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at Room 721, City Hall, invites proposals for furnishing and installing 540 parking meter posts in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 721, City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing 540 Parking Meter Posts in the City of Boston," one copy of which is to be left at Room 721, City Hall, before twelve o'clock noon, on Friday, September 20, 1974, with a certified check for 3 percent of the bid price, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should be deemed it to be for the best interest of the city so to do.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors

to take affirmative action in connection with employment practices throughout the work.

In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

HON. KEVIN H. WHITE, MAYOR OF BOSTON

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

VOL. 66

MONDAY, SEPTEMBER 16, 1974

NO. 37

Mayor Announces No Tax Rate Increase

Mayor Kevin White has announced that for the second consecutive year Boston will hold the line on the property tax with a rate of \$196.70 per \$1,000 valuation.

It marks only the third time since 1930 that the Boston tax rate has not been increased over a three-year period.

The levy was last raised in January, 1972 (from \$174.70 to \$196.70), and will remain at the current level at least through June 30, 1975 — a 2-month period during which inflation has already driven the cost of living upward in Boston by 19.4 percent.

"Inflation has taken its toll on all of us, the city being no exception," Mayor White said. "During the past two and one-half years, for example, the cost of food has risen 33 percent; fruits and vegetables have gone up 43 percent; and, I need not remind you, the cost of fuel oil and coal has jumped 82 percent. And the city, paradoxically, is a major consumer of all those items.

"The city budget for the fiscal year beginning last July 1 is up 7 percent over last year, 4 percent below the rate of inflation.

"The goal of this administration is stabilization of the property tax, and I am confident that in the face of what economists are calling 'double digit inflation' we shall succeed."

The Mayor listed several significant factors which enabled the city to hold the line:

A reduction of 1,535 city employees, approximately 10 percent of the city's work force, during the past eighteen months.

A cutback in city spending from an average annual increase of 15 percent to 7 percent.

Federal revenue sharing funds of \$21 million.

A \$9.5 million reduction in the city's share of the MBTA deficit, from \$34.5 million in fiscal 1974 to \$25 million in fiscal 1975.

"Not only have we succeeded in holding the line on taxes, but we've done it without cutting services or curtailing our capital improvements program," Mayor White said. "In fact, at the present time, eight new schools are under construction.

"Despite the national economy, there are things we can do and have done at home to relieve the burden of the property taxpayer," he continued. "And our efforts have not gone unnoticed. Twice during the past year the city's credit rating was upgraded by Wall Street analysts whose job it is to measure the financial stability of state and municipal governments. The 'A' credit rating which we have earned will, by itself, save the city millions of dollars in interest payments.

"We shall continue on our present financial course, with our sights once again set on keeping the tax rate under \$200 next year."

BOSTON 200 PLANS HISTORICAL EXHIBITS

A series of twenty historical exhibits to be presented throughout the city's neighborhoods has been announced by Boston 200, the city's bicentennial agency.

The exhibits, which will be funded through a \$50,000 grant made to Boston 200 by the National Shawmut Bank, are tentatively planned to be shown in the branch libraries of the Boston Public Library and are being developed for Boston 200 by the Boston Architecture Center.

The twenty communities of the Boston 200 Neighborhood Program include the South End, West End, Brighton, the Waterfront, the Fenway, the North End, Back Bay, Beacon Hill, South Boston, Chinatown, West Roxbury, East Boston, Jamaica Plain, Roslindale, Hyde Park, Mission Hill, Dorchester, Roxbury, and two in Mattapan.

"The program," says Harron Ellenson, coordinator for Boston 200's Festival American for Boston 200, "will be directed by William Harris and Mark Faverman of the Boston Architecture Center and will utilize Center students in creation of each neighborhood exhibit."

In addition to the neighborhood exhibits Boston 200 is sponsoring neighborhood oral history programs, neighborhood trails, and brochures, all aimed at providing every resident an opportunity to participate in Boston's bicentennial.

SCHOOL OF PRACTICAL NURSING GRADUATION

Department of Health and Hospital Commissioner Leon S. White presided over the seventh annual graduation exercises of the department's School of Practical Nursing held at John Hancock Hall recently.

Ms. Meribah Stanton, R.N., Director of Chronic Disease Nursing for DHH, gave the keynote address. In her speech Ms. Stanton told the graduates that one of the most important things in nursing is "to know yourself in order to respond to patients as a person."

On hand for the ceremonies were Miss Hilda B. Somy, Director of the School of Practical Nursing, Francis E. Guiney, Executive Director, DHH, and Mrs. Anne G. Hargreaves, Executive Director of Nursing Service and Nursing Education, DHH.

Special awards for clinical excellence were presented to Ms. Queen Barnes, Dorchester; Ms. Patricia Beirne, Revere; Ms. Karen Costa, New Bedford; Ms. Mary Ann King, Hanson; Mrs. Jean Lank, Braintree; Ms. Ann Marie McAndrew, Braintree; Ms. Margaret McNamara, Hyde Park; and Ms. Joan Ford, Brighton.

The School of Practical Nursing, founded in 1966, primarily serves the residents of Boston, with clinical affiliations at Boston City Hospital and Mattapan Chronic Disease Hospital. Recently eight years of accreditation were awarded to the school by the Board of Review for Practical Nursing Programs, part of the League of Nursing, Inc.

NEW REGISTRY LAW

Under a new law passengers alighting from a school bus will be instructed by the school bus operator to cross the street in front of the bus immediately upon alighting, and the school bus will remain stopped until the passengers have reached the other side.

"We are concerned for the safety of these children," Registrar David J. Lucey said today. "They must be protected at all times."

Drivers are required to stop when school bus lights are flashing and remain stopped until the school bus resumes motion or until the lights have stopped flashing.

Lucey said that he realizes this may cause slight delays for drivers in busing communities. "I ask motor vehicle commuters who use school bus routes to allow themselves extra time to compensate for the time it will take for school buses to wait for children to cross the street and reach the other side," he said.

All enforcement officers will strictly enforce the school bus law.

FRANCIS E. GUINEY REAPPOINTED

The Board of Trustees of the city's Department of Health and Hospitals has voted to reappoint Francis E. Guiney for a second term as Executive Director of the Department of Health and Hospitals.

Mr. Guiney, a Canton resident, started his career with the City of Boston in 1947. In 1952 he became the Finance Officer at Boston City Hospital. In 1966 he was named Assistant Deputy Commissioner of Health and Hospitals and Director of Long Island Chronic Disease Hospital. He returned to Boston City Hospital in 1968 as Assistant Deputy Commissioner of Hospital Services.

Herbert P. Gleason, Chairman of the Board of Trustees, said of Mr. Guiney's reappointment, "During Frank Guiney's first term he displayed unusual competence and determination in reducing the size and cost of Boston City Hospital while maintaining the morale of the institution. He carried out the transfer of medical responsibilities from three medical schools to Boston University alone. Mr. Guiney is rightly regarded as one of the ablest hospital administrators in the country. We are happy that he will continue to serve."

Raised in Dorchester, Mr. Guiney graduated from Bentley College of Accounting and Finance in 1951. He received his B.B.A. from Northeastern University in 1956.

Mr. Guiney is a member of the American Hospital Association, the Massachusetts Hospital Association, and the Conference of Boston Teaching Hospitals. He is also Associate Professor, Community Medicine, Boston University School of Medicine.

FIRST PRIZE: MAN AND HIS BEST FRIEND

MBTA K-9 "Butch" and his handler, Patrolman Walter Morse, received the first prize trophy at the fourth annual trials of the United States Police K-9 Association recently held in Bridgewater, Mass. In addition to winning the overall

trophy, Butch and Patrolman Morse also garnered first prizes in obedience, box search, false start, attack, and recall, along with a fourth prize for agility.

At the conclusion of the competition Patrolman Morse was awarded by vote of his competitors the coveted New England Region Sportsman's Trophy for his assistance to other teams in preparing for the trials as well as rendering great assistance in the trials themselves. The two-day event attracted twenty-eight dogs from eighteen police departments located in four states.

MBTA Deputy Chief of Police Richard E. Kenney stated, "It has always been the policy of the MBTA police to strive for excellence in all its endeavors, and Patrolman Morse's fine showing at this event is tangible evidence of that."

Patrolman Morse has been an MBTA police officer for four years and has been a K-9 officer for only two and one-half years. Morse is married and resides in Hyde Park.

MBTA APPLIES FOR NEW BUSES

The Board of Directors of the Massachusetts Bay Transportation Authority (MBTA) has authorized the filing of a \$16,767,650 capital facilities grant application for the purchase of 354 new radio-equipped buses and a computerized scheduling system.

The new application combines into one the Authority's four pending bus-related applications as requested by the Urban Mass Transportation Administration (UMTA) on July 15 when a \$5,496,500 grant was approved for the purchase of 125 new buses.

Of the 354 new buses fifteen are to be specially equipped with a hydraulic lifting device or ramp for the benefit of handicapped passengers.

The new buses are to replace vehicles eleven to sixteen years old and thus enable the Authority to continue its program of systematic replacement of overage rolling stock in order to encourage ridership and

reduce operating costs. All of the new buses are to be equipped with wider grab bars on the backs of seats, a suspension system leveling device that lowers the front door of the bus about six inches, lights in the door-wells, and padded seats.

Of the total federal assistance being requested \$450,560 is sought for the procurement, installation, and refinement of the computerized scheduling system that was developed in coordination with UMTA's own activities for a run-cutting system, known as RUCUS.

UMASS ALLEVIATES OVERCROWDING AT BRIGHTON HIGH

Public Facilities Director Robert J. Vey has announced that the University of Massachusetts will provide space for 450 ninth-grade students to resolve overcrowding anticipated at Brighton High School this fall.

The 450 ninth-graders originally scheduled to attend Brighton High School will attend classes at 100 Arlington Street, a building partially occupied by UMass-Boston. Two floors of the building will be used by the Brighton freshmen.

The building, originally the first UMass-Boston campus, now houses the College of Public and Community Services.

"This agreement is a tribute to the decisiveness of the Boston School Department and the community spirit of the University of Massachusetts," Mr. Vey said.

"The use of the Arlington Street building, which has excellent classroom space, will resolve the problems of overcrowding without endangering the safety of our children."

Under the state racial balance plan 1,800 students are assigned to Brighton High School. However, according to School Department officials, there is room for only 1,350 students at the school.

The use of the Arlington Street building must still be approved by the State Board of Education and United States District Court Judge W. Arthur Garrity.

MHIP INITIATES HOME SECURITY PROGRAM

Housing Inspection Commissioner Francis W. Gens has announced the start of a home security program in Allston-Brighton designed to help residents protect their homes against burglary and related residential crimes.

The Housing Security Counseling Program, expected to be in full swing later this month, is administered by the Mayor's Housing Improving Program (MHIP) through a Law Enforcement Assistance Administration grant.

"With the rapid turnover of population in residential areas the familiarity and long-established ties which encouraged neighbors to be watchful of each other's property have declined," Commissioner Gens said.

"By increasing residents' awareness of practical, up-to-date methods of deterring burglaries, we hope to stem the increasing incidence of these crimes as well as to promote traditional community self-defense measures."

The program, which will provide a wide range of information and counseling to residents interested in securing their homes against burglary, will operate for one year from the MHIP site office at 101 Franklin Street, Allston.

A security analyst, trained in residential crime-prevention techniques, such as locks and alarm systems, lighting, and structural elements, will be available to inspect homes and advise residents on security weaknesses.

In addition, residents interested in making home security improvements may be eligible for a property tax abatement equal to 10 percent of the cost of the repairs, based on the security analyst's cost estimate.

For more information contact MHIP at 722-4470, or call the Allston Little City Hall.

CAN YOU ACT?

Parks and Recreation Commissioner Anthony E. Forgione today announced that auditions for the Pinebank Players' first theater production will be held at the Art Center in the Park September 17, 19, 24, and 26 from 7 P.M. to 9 P.M.

Pinebank Players, the permanent resident theater company of the Art Center in the Park, located off the Jamaicaway in Jamaica Plain, will be auditioning for *The Mousetrap*, an Agatha Christie classic thriller to be performed the second week of December. Auditions are open to all residents of Boston.

Tryouts will be for the following parts: Mollie Ralston, the young married mistress of Monkswell Manor, the scene of the play; Christopher Wren, young man about town; Mrs. Boyle, large, imposing, and bad-tempered woman; Major Metcalf, middle-aged, square-shouldered, with a military bearing; Miss Casewell, young, obviously unhappy, and plain; Mr. Paravicini, gentlemanly and odd; and Detective Sergeant Trotter, a businesslike investigator.

In addition, scene designer, set construction crew, makeup artist, costumers, lighting crew, and house manager will be needed for the production.

To audition or for more information call the Art Center in the Park at 522-2503.

CIRCULAR LETTER NO. 4

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant a leave of absence without loss of pay to all employees of the city who are of the Jewish faith for the observance of Rosh Hashanah, beginning on Monday, September 16, 1974, at sundown, and ending on Wednesday, September 18, 1974, at sundown.

Leave of absence without loss of pay will also be granted on Yom Kippur, beginning September 26, 1974, at sundown and ending September 27, 1974, at sundown.

Respectfully,

KEVIN H. WHITE,
Mayor.

II. FIRE ALARM BOXES INSTALLED

In the near future the following fire alarm boxes will be installed, and company commanders shall add them to assignment cards. The circuit numbers will be announced at that time.

12-3143, Grover Cleveland School, 11 Charles Street.

334, Danny Road and Sanford Street.

The response to Box 334 will be the same as to Box 3343.

III. CHANGE IN DESIGNATION OF FIRE ALARM BOX

The designation of the following box has been changed, and company commanders shall make the change on the assignment card:

7216, West Seventh Street and D Street.

IV. LETTER OF COMMENDATION

The following letter is published for the information of the department:

"August 1, 1974.

To Whom It May Concern:

Last week I was suddenly taken with severe pains in my chest while at home. My wife grabbed the phone and dialed 911, told the operator the story, and hung up.

I don't know how the men of the Fire Department did it, but they were here in five minutes with respirator, oxygen, and into the house — and did they know their business. In no time flat I was on a stretcher, into an ambulance, and on my way to MGH.

I don't know what piece or pieces answered the call, but all I can say is 'Thank you.' You sure were there when needed in a hurry.

Yours sincerely,

ELMER KEHOE."

August 7.

Commissioner's Memorandum No. 74-64

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

This memorandum provides information on various specialized schools being offered for police personnel. Each school is listed with a school number and a deadline date. The number should be used when requesting further information or applications. The deadline date is the last day an employee can contact the Division of Training and Education for an application to attend the school.

Personnel who desire further information or application for a particular school should contact Lorraine Allen at the Police Academy, Extensions 432, 433, 434, and 356.

Funding to attend seminars is available in limited quantities from the Police Department budget and federal funds.

No. 16. Crime Scene Search Course.

No. 17. Municipal Investigation Course. Continuous sessions. Sponsor, Department of Public Safety. For line personnel, these two courses are being presented by the State Police for a one-year period (summer, 1974, to 1975). Further information as received.

No. 18. Law Enforcement Executive Development Seminar, Columbus, Ohio, September 15-20, 1974. Deadline August 12. Sponsor, I.A.C.P. For supervisory personnel, this seminar will deal with development of management techniques and roles. Tuition, \$200.

No. 19. Security Program Development, New Orleans, Louisiana, September 9-11, 1974. Deadline, August 12. Sponsor, I.A.C.P. For supervisory personnel, seminar is offered by the Public Security Center. Further information as received. Tuition, \$300.

No. 20. National Death Investigation Seminar, Central Missouri State University, September 10-12, 1974. Deadline August 12. Sponsor, National Traffic Management Institute. For line personnel. Further information as received.

No. 21. Juvenile Justice Administration Seminar, Atlanta, Georgia, October 13-18, 1974. Deadline August 30. Sponsor, I.A.C.P. For supervisory personnel, this seminar is designed to improve procedures for handling juvenile offenders, from offense to disposition, with a focus on development of interagency policies. Tuition, \$200.

Fall, 1974, V.C.I.P. Program. Offered by the Office of Veterans' Affairs, this is a preparatory course for veterans interested in entering the undergraduate class at Boston State College in the spring of 1975. The course will be conducted evenings. Tentative starting date is September 9. Upon completion of the V.C.I.P. program, the veteran will be recommended for enrollment in the January, 1975, undergraduate class. For further information contact: V.C.I.P., Fall, 1974, Boston State College, 625 Huntington Avenue, Room 202K, Boston, Mass.

Evening Undergraduate Program, Boston State College. Designed for those seeking a bachelor's degree, the program's fall semester runs from September 3 to December 19. Classes will be held once or twice weekly, Monday through Thursday, 5:00 P.M. to 9:15 P.M. The college level examination program gives an opportunity to enter the college with advanced study. Transfer students will be accepted and will receive credits upon submission of official transcripts. Full-time student tuition is \$150 plus fees per semester. Part-time tuition is \$22 plus fees per semester. For further information, contact: Evening Undergraduate College, Boston State College, Room 206, Administration, 625 Huntington Avenue, Boston, Mass.

August 13.

Rule No. 300

This rule is issued to establish the policy of the Police Department with regard to releasing official information to members

of the news media or to other persons outside the department. Its provisions are effective immediately, superseding all previously issued rules, regulations, orders, bulletins, and memoranda regarding relations with the news media or release of official information.

Section 1. General Considerations:

The relationship between the police and the news media in a democratic society is characterized by complementary rather than conflicting interests. The news media have a legitimate need for information about police activities, and they offer an excellent channel for informing the public about the nature of police tasks and problems.

A well-informed public is essential to the existence of our democratic nation. To effectively exercise their duties as citizens, members of the public must be aware of current events in their government. A free press, by supplying needed information and providing a medium for expression, makes it possible for citizens to interact effectively with government and to influence the manner in which it provides service.

Crime and police efforts to combat it are matters of continuing public concern. The Boston Police Department is regularly involved in events in which members of the news media are properly present, fulfilling their responsibilities by gathering information. Under such circumstances the department has a threefold responsibility: to cooperate with media efforts to obtain and disseminate factual information; to protect the constitutional rights of accused persons; and to bring the police operation at hand to a successful conclusion.

The Boston Police Department actively seeks to establish a cooperative climate in which information in matters of public interest may be obtained in a manner which does not hamper police operations or abridge the rights of the accused.

Section 2. Public Records:

Members of the department should understand the provisions of chapter 1050 of the Acts of 1973 which defines public records. This statute gives the public access to including the right to inspect and copy, all records made or received by any public agency except those explicitly or implicitly exempted from disclosure by other statutes. Specifically exempted from disclosure are all records that come under the criminal history offender law which prohibits disclosure of summaries of criminal records or probation records, whether obtained from Boston police files or by Boston police from other agencies. Also prohibited from disclosure are the names of juveniles arrested.

The Public Records Law also provides that investigative materials necessarily compiled out of the public view by law enforcement or other investigative officials, the disclosure of which would probably so prejudice the possibility of effective law enforcement that it would

not be in the public interest, are also not public records.

This means that the department has discretionary powers on release of such information as arrest and journal information. It is the policy of the department to release such information to legitimate news media personnel if such release does not interfere with police investigations.

Section 3. Information That May Not Be Released:

The existence or contents of a prior criminal record of the accused.

Character or reputation of the accused.

Existence or contents of any confession or statement given by the accused.

The performance of any examination or test, the accused's refusal to submit to such examination and/or the results of any such examination.

Possibility of a guilty plea.

Opinions as to the guilt or innocence of the suspect.

Opinions as to the quality of the evidence in the case.

Identity of witnesses or prospective witnesses.

Statements or testimony of witnesses.

Police pictures of persons arrested or pictures that have been made a part of a criminal record (unless published to aid in the capture of a wanted suspect).

Names or addresses of rape victims and all internal reports of rape investigations.

Section 4. Information That May Be Released if Certain Conditions Are Met:

Photographs of persons sought by police when publication of such photos could aid the capture of the wanted persons.

Photographs of police personnel if to be used as an adjunct to information relating to official actions of such personnel (otherwise permission must be obtained from the individual(s) involved).

Addresses, family data, or other personal data regarding police personnel, only with the permission of the individual involved.

Arrest and journal items to legitimate news media personnel as long as release of such information does not jeopardize police investigations.

Identities of persons badly injured or killed, only after next of kin have been properly notified.

Section 5. Information That May Be Released:

Facts and circumstances of an arrest.

Identity of investigating and arresting officers.

Length of the investigation leading to the arrest.

Description of physical evidence seized.

Identity of the accused, if seventeen or over.

The age and sex (but not the name) of the accused, if under seventeen.

Nature of the charge.

The fact that the accused denies the charges, if so.

Schedule or results of any stages in the judicial process (including quotations from public records of the court).

Section 6. Rights of News Media Personnel:

A news person's primary responsibility is to report the news by obtaining information and photographs at news incidents. Since the opportunity to do so is frequently momentary at an emergency scene, an officer sharing these circumstances with a news person should not unnecessarily obstruct him in the performance of his duties; however, members of the news media are not exempt from any municipal, state, or federal statute.

Newsmen may photograph or report anything they observe when legally present at an emergency scene. When publication of such coverage would interfere with an investigation or place a victim, suspect, or other person in jeopardy, withholding publication is dependent upon a cooperative press. Under such circumstances officers should advise the news person or his superiors of the possible consequences of publication; officers may not, however, interfere with news personnel as long as their activities remain within the confines of the law.

Section 7. Access for News Media Personnel:

It is the policy of the Boston Police Department to allow duly authorized representatives of any news service, newspaper, or television or radio station or network to enter areas normally closed by police lines. The decision to assume the risk of danger remains with the individual news person involved, and it is not the responsibility of the police to provide for the safety of those members of the news media who voluntarily choose to subject themselves to danger. Allowing news persons into such areas is, however, dependent upon the tactical situation and the likelihood that the success of the police response will not be unduly jeopardized.

Section 8. Photographing Prisoners:

News media personnel have the right to photograph persons in police custody; however, officers will not pose prisoners for news photographs, nor will they allow prisoners to be photographed by news persons inside police buildings.

Section 9. Requests for Information:

Traditionally, the Boston Police Department has made routine information about particular field situations available to the news media at the district and unit level. It is not the intention of the department to centralize release of such information. In fact, it is the responsibility of every member of the department to provide the news media with as much

information as is consistent with department policy and rules. The Informational Services Division will handle all requests for information regarding policy of the Police Department or general methods of employs.

The duty supervisor of each district, or senior officer in each section or unit, is responsible for handling news media requests for routine information. These personnel will see that reasonable requests from the news media are handled without undue delay. Members of the news media unable to obtain routine information that, according to this rule, should be available from the district or unit handling the matter have been advised to call the duty supervisor of the Operations Section Communications Division.

It is the duty of the Operations Section duty supervisor to maintain a continuing knowledge of events as they occur on the police radio channels. If necessary to answer a legitimate request for information that may be released, the duty supervisor will call the unit or district involved, obtain the information, and call the news media back. The Operations Section duty supervisor will maintain contact with all units involved in major incidents of interest to the news media and, as the need arises, will obtain up-to-date information from these units.

Section 10. Requests for Interviews:

The news media and members of the public frequently direct inquiries to the department seeking information on a variety of general police subjects. While it is the aim of the department to meet such requests, it is not always possible to do so.

Whether to release such information or to grant interviews will be determined according to the facts of each situation, by the Informational Services Division of the Police Commissioner's office. This does not apply to requests for routine information available at the unit or district level.

Section 11. Use of Police Facilities:

Normally the department will not grant permission for its equipment or police facilities to be used for television, motion pictures, or other entertainment productions. However, when coverage is required for recording news documentaries, interviews, news releases, or events of an unusual nature, representatives from the news media may be allowed to use the equipment inside police facilities with the permission of the Informational Services Division.

Section 12. Endorsement of Commercial Products:

The department does not endorse commercial products or allow its facilities to be used for such endorsements. Department personnel shall not make any endorsements of commercial products in their capacity as members of the department.

Commissioner's Memorandum No. 74-65

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors

Since coming to Boston I have heard time and time again from people in the department that our retirement system is too rigid. Again and again officers have said that they want a retirement program which permits them to retire earlier if they want to. I decided to make improving the retirement system a high priority and, after some preliminary research, found that we needed professional advice.

Twenty consultant firms were invited to bid on the study we planned, and from the ten which did bid we chose the Martin E. Segal Company, specialists with vast experience in the pension and retirement area and consultants to the Massachusetts Retirement Law Commission.

The Segal Company has been doing statistical analyses of the department to determine how much it would cost to make various improvements. It has been examining the recent history of officers who have retired. It has been comparing our retirement program to that of other major city police departments.

Most important of all in the study was the survey we asked the Segal Company to conduct of our own department—to learn the opinions of officers at all levels about the retirement system, to learn what improvements officers want made, to make the study as responsive as conceivable to the wishes of members of the department.

In order to make clear the department's purposes I requested that the Labor Management Committee meet to discuss the project and to give the Patrolmen's Association and Superior Officers Federation an opportunity to participate fully in the study before it began. There were five such meetings—on April 2, May 16, June 12, July 2, and July 26.

At those meetings the project was discussed in every particular. All documents, including the department's descriptions of the study, the department's contract with the Segal Company, and the proposals of the Segal Company, were given to the Association and the Federation. Of the greatest concern to the organizations was the questionnaire to be used in the interviews of officers. That questionnaire was discussed, revised, discussed again, and revised a second time to conform to the wishes of the Association and Federation.

Specific Revisions:

1. There was strong opposition to questions about off-duty income (details). These questions were deleted and revised questions made up and given to the unions for their review.

2. The Patrolmen's Association expressed concern about the way in which people would be chosen for the interviews. The Martin Segal Company devised a very sophisticated computer

formula to select from a master personnel roster of the members of the department by age and years of service. The formula used by the Segal Company was designed to produce a wide and varied cross section of the department's viewpoint on the present retirement system and how it could be changed.

3. Questions were raised as to the guarantees of anonymity of participants in the retirement interviews. In order to protect the list of participants it was turned over to Patrolman Paul A. Johnston of the Planning and Research Division. Patrolman Johnston's sole function was to make the appointments for interviews. The consultant conducting the interviews would have no means of identifying the patrolmen, and Patrolman Johnston would have no knowledge of what was said in the interview. The information taken during the interview would be kept by the consultant, who would later transfer this into statistical data and destroy the interview questionnaires. In this way it was agreed confidentiality would be assured.

4. The Segal Company was asked by the Patrolmen's Association if it had ever recommended compulsory retirement for police. On July 29, 1974, a letter was sent to the Patrolmen's Association stating that the Segal Company had never recommended compulsory retirement to any of its clients.

5. The Association's Labor Management Committee requested that the study be amended to include some questions on sick leave and sick leave redemption. The department agreed. Then counsel to the Association objected to the sick leave questions. The department deleted them.

Finally, after all the meetings, discussions, agreements, and concessions, we prepared to go forward with the interviews. We felt that we had the support of the Association and the Federation and, indeed, we did have the Federation's support.

It was a great disappointment when the BPPA's chairman sent to each of you a letter advising you not to participate in the study. This project is not being conducted unilaterally by the department. We have been discussing it with the Association for four months. This project cannot lead to a worse retirement system than we now have. Your retirement benefits cannot, by law, be weakened; and, even if they could be, that is certainly not what we have in mind.

I have the impression that our retirement system is not as generous and humane as it should be. I am committed to trying to improve the benefits. As with other improvements we have been undertaking, I did not want to seek changes without consulting you. Just as we have tried to consult the patrolmen of the department on automobiles, radios, rules and regulations, and uniforms, I regard it as important to ask your participation

in efforts to improve our retirement system.

I have told the Segal Company to go forward with the project. I want to do the things that you want done. Therefore I have asked that the interviews be resumed. If you happen to be part of the 10 percent sample, you will be asked to come to Headquarters for an interview. You will meet the Segal staff member and have an opportunity to review in advance the questions he will ask. If you do not want to answer the questions, you will be free to return to your district. Under no circumstances will you be asked to answer questions contrary to your best judgment or conscience.

But, with or without your participation, our efforts to improve the department's retirement benefits will continue. With your advice, we will be certain that what we are doing represents your wishes. Denied your advice, we will follow our best judgment of what you want.

Circular No. 74-5

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Dangerous Firearms Practice

Police officers using rubber bands on the wooden stocks (butts) of their guns are inadvertently creating a dangerous situation. An investigation by the Internal Affairs Division into the accidental discharge of an officer's service revolver found that the elastic band had wrapped around his gun butt rode up over the hammer of his weapon and placed it in the cocked position. A slight pressure on the trigger caused the hammer to fall, and the officer was shot in the leg.

Officers in plainclothes who wish to wear their service revolvers in the waistband of their pants are advised that a safer practice would be to use either a rubber butt stock or an inside-the-pants holster.

New Filing Date for Sergeant's Exam

A communication has been received from Edward Powers, Director of Civil Service, stating that the filing date for applications for the upcoming sergeant's examination has been moved up from Monday, September 9, to Friday, September 6, 1974. All patrolmen who wish to take the sergeant's examination should take note of this change.

Also, a new announcement has been sent to this department from Civil Service. The old Announcement No. 2404 with the September 9 filing date should be destroyed, and the amended Announcement No. 2404 with the September 6 filing date should be posted in its place.

August 22.

Special Order No. 74-102

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

In order to expedite the compilation of the 1975 budget, the commanding officers of subdivisions of the department will submit a realistic projection of the budget needs of their units for the coming year.

Each bureau commander will be responsible for ensuring that this information is submitted to Deputy Superintendent Richard McKinnon, Services Division, by 5 P.M., Tuesday, October 1, 1974.

August 22.

Special Order No. 74-103

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Patrolman Bernard A. Janczinski has been appointed to serve with Deputy Superintendents John J. Bonner and Richard J. McKinnon on the Indemnification Advisory Board in accordance with Rule 36, section 9, of the 1950 Rules and Regulation Manual of this Department. This Board reviews applications for payment of hospital, medical, surgical, and other expenses incurred by members of the force as a result of injuries sustained in the performance of police duty.

August 23.

Special Order No. 74-99

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective September 1, 1974, Rule 22 of the 1950 Manual, "Lieutenants," is rescinded in its entirety and replaced by the following:

"A lieutenant assigned to a district will assist the district commander, or the deputy superintendent in charge of the area, and will act in accordance with the rules and regulations. His duties will be defined by the district commander and will include field inspection of the men under his command. When a lieutenant is in command of a district, he will be held fully accountable for the conduct of affairs within the district. He will also be responsible for the guidance and supervision of sergeants and patrolmen under his command and will exercise this responsibility throughout his district."

August 23.

Special Order No. 74-100

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Police officers are reminded that when taking prisoners into custody they are to advise them of certain rights. Among these are the right to make a telephone call and the right to a medical examination if held in custody for driving under the influence of intoxicating liquor.

To satisfy these requirements all divisions, districts, sections, and units who "book" or otherwise process prisoners will post in a conspicuous place to which the arrested person has access the yellow placards, one English and one Spanish, being distributed along with this order.

Placards will be sent to all units required to post them. Extra copies are available from the Legal Advisor.

August 30.

Personnel Order No. 74-378

In accordance with law, the following-named police officers are hereby retired from active duty in the Boston Police Department effective at the close of business on dates stated:

State-Boston Retirement System

Superintendent-in-Chief William J. Taylor, Id. 2725 — August 31.

Patrolman Walter J. Gillis, Id. 2978, Personnel Division — August 31.

Deputy Superintendent LeRoy S. Hunter, Id. 3882, Personnel Division — August 31.

Lieut. Francis R. McCarthy, Id. 2520, District 7 — August 31.

Detective James H. Sweeney, Id. 3872, District 4 — August 31.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

BUILDING DEPARTMENT DEMOLITION

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings or structures are a menace to the neighborhood. The locations follow:

23 Bowdoin Street, Ward 15; 25 Bowdoin Street, Ward 15; 4 Kane Street, Ward 15.

(Emergency bid to board up and secure these buildings was called in over the

telephone by 3 P.M., June 11, 1974. Ordered by Deputy Commissioner Leo F. Martin. To be followed by written confirmations. These buildings were deteriorating and to prevent fires and further deterioration this bid was ordered.)

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116 (d) thereof, I have asked and have received your Honor's permission to enter these various premises and to board up and secure them.

Bidders were requested to submit an aggregate bid for the boarding and securing of these buildings or structures.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Hub Construction Company, \$2,922; J. & J. Contracting Company, \$3,000; J. M. Cashman, Inc., \$3,000; Cousins Construction Company, \$2,880.

Cousins Construction Company, Inc., 348 Medford Street, Charlestown, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the city charter of a contract in the sum of \$2,880 to Cousins Construction Company, Inc., 348 Medford Street, Charlestown, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For RICHARD R. THUMA, JR.,
Building Commissioner.

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The location follows:

68 Winthrop Street, Ward 8, and rear shed garage.

(Emergency bid called in over the telephone by 11 A.M., Tuesday, July 9, 1974, for demolition, as wall had collapsed, leaving a very unsafe and dangerous condition. Ordered by Acting Building Commissioner Leo F. Martin. Written confirmation to follow.)

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938 as amended, particularly section 116 (d) thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups and Downs Wrecking Company, \$2,089; John J. Duane Wrecking Company, \$2,575; Napoli Wrecking Company, \$2,620; Mystic Wrecking Company, \$2,775.

Ups and Downs Wrecking Company, 200 Dexter Avenue, Watertown, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions there would be much mutual interference, and each contractor would be exposed to severe hazards not under his control by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the city charter of a contract in the sum of \$2,089 to the Ups and Downs Wrecking Company, 200 Dexter Avenue, Watertown, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For RICHARD R. THUMA, JR.,
Building Commissioner.

DEAR MR. MAYOR:

The following building or structure has been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. This building is a menace to the neighborhood. The location follows:

199 Callender Street, Ward 14.

(Emergency bid to be called in over the telephone by 11 A.M., June 27, 1974, for demolition. Ordered by Leo F. Martin, Deputy Commissioner, to be followed by written confirmations. Unsafe and dangerous building is causing many complaints from various groups and neighbors.)

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116 (d) thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Ups and Downs Wrecking Company, \$2,750; Napoli Wrecking Company, \$3,130; Mystic Wrecking Company, \$3,400; Duane Corporation, \$5,800.

Ups and Downs Wrecking Company, 200 Dexter Avenue, Watertown, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions there would be much mutual interference, and each contractor would be exposed to severe hazards not under his control by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding without advertising as required in the city charter of a contract in the sum of \$2,750, to the Ups and Downs Wrecking Company, 200 Dexter Avenue, Watertown, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
For RICHARD R. THUMA, JR.,
Building Commissioner.

FREEDOM TRAIL COMMISSION INFORMATION SERVICE BOOTH

DEAR MR. MAYOR:

Since August 1, 1966, yearly contracts have been executed between this commission and the Greater Boston Chamber of Commerce for furnishing information service at a booth on Boston Common promoting places of historic value in Boston, particularly all historic places along the Freedom Trail.

In view of the excellent services rendered under previous contracts and the

present contract which expires on June 30 and with the ever increasing number of tourists coming to the City of Boston each year, it is hereby respectfully requested to dispense with inviting proposals by advertisements in the *City Record* in awarding to the Greater Boston Chamber of Commerce, 125 High Street, Boston, a contract under which the Chamber shall, at an information booth on Boston Common to be furnished to it for its exclusive use, provide, during the period commencing July 1, 1974, and ending June 30, 1975, both inclusive, continuously between 9 A.M. and 5 P.M. each day other than Sundays and legal holidays other than Christmas and New Year's Day and continuously between noon and 5 P.M. on Sundays, an information service promoting places of historic value in Boston, particularly, but without limiting the generality of the foregoing all historic places along the route designated by the Commission under chapter 625 of Acts of 1965; provided, however, that such service need not be provided on any day when bad weather inhibits the use thereof. The contract will provide for the city to pay the chamber for such information service \$1,200 for each of the months from July to December, 1974, and for each of the months from March to June, 1975, and \$500 a month for each of the months of January and February, 1975.

An information service of this kind here involved is obviously a quasi-professional service which does not readily lend itself to inviting proposals by advertisement.

FREEDOM TRAIL COMMISSION,
By RICHARD A. BERENSON,
Chairman.

HEALTH AND HOSPITALS DEPARTMENT

SERVICE FOR TELELIFT SYSTEM

DEAR SIR:

At a meeting of the Board of Health and Hospitals on May 14, 1974, it was voted and approved to enter into a contract with the Mosler Safe Company of Hamilton, Ohio, for service and preventive maintenance of the previously installed Mosler Telelift System at Boston City Hospital for the period July 1, 1974, through June 30, 1975, at a cost to the city not to exceed \$2,637.12.

Since the Mosler Safe Company is the only company capable of furnishing this service, and inasmuch as the cost is reasonable, your permission is respectfully requested to award this contract without advertising under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

BUS SERVICE

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on June 11, 1974, it

was voted and approved to renew the city's contract with the Massachusetts Bay Transportation Authority for providing bus service from Fields Corner, Boston, to Long Island Chronic Disease Hospital for the period July 1, 1974, through June 30, 1975, at a cost to the city not to exceed \$86,000.

It should be noted that an invitation for bids for the contract was advertised in the *City Record* on May 13 and May 20, 1974, but no bids were received. Consequently, this department, after negotiation with the Massachusetts Bay Transportation Authority, was successful in obtaining their consent to continue this service for another year at a cost not to exceed \$86,000.

Inasmuch as there was no response to public advertisement, and inasmuch as the Massachusetts Bay Transportation Authority has agreed to continue the service at a reasonable cost, and inasmuch as bus service to and from Long Island Hospital is essential to the life of the institution, your permission is respectfully requested to approve the renewal of this contract under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HEALTH CARE CLINICS

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 14, 1974, it was voted to renew the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc., a charitable nonprofit corporation created by chapter 656 of the Acts of 1965, under which said corporation will continue the operation of comprehensive multidisciplinary health programs through the maintenance of Health Care Clinics in city-owned or rented facilities within the neighborhoods of East Boston (one clinic), Dorchester (three clinics), and South Boston (one clinic). The period for which this contract will be renewed is twelve months commencing July 1, 1974, and ending on June 30, 1975, at a cost not to exceed \$933,885.

Under this contract, the Trustees will continue to furnish and supply all equipment, supplies, and personnel, including licensed physicians and all other medical and nonmedical personnel, and do everything necessary for and incidental to the operation of the aforementioned clinics.

This undertaking is of a very personal and professional nature, and the Trustees have demonstrated to the city on many occasions their special fitness to handle such administrative functions. It should be noted also that the Trustees have furnished these services to the city during the past several years in a very satisfactory manner. Therefore, no benefit will inure to the city from publicly advertising for bids.

In view of the aforesaid and inasmuch as this service is available from the Trustees at what is in our judgment a reasonable cost, your permission is re-

spectfully requested to dispense with public advertising and to award this contract to the Trustees of Health and Hospitals of the City of Boston, Inc., under the terms stated above.

This letter will rescind our letter of June 24, 1974, relative to this contract, which was drafted in the amount of \$953,885, and indicated four clinics in Dorchester rather than three due to a typographical error.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

PEST CONTROL SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on July 9, 1974, it was voted to award a contract, without advertising, to Thomas A. Sheehan Company, Boston, Mass., for pest control services at Long Island Hospital for the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$4,116.

An invitation for bids was advertised in the *City Record* on May 13 and 20, 1974, and bids were publicly opened and read on May 28, 1974. The bids were as follows:

Thomas A. Sheehan Company, 2071 Centre Street, West Roxbury, Mass., \$4,680 (\$383 per month).

City Services, 630 Hyde Park Avenue, Boston, Mass., \$5,520 (\$460 per month).

AAA Exterminating, 77 Bailey Street, Dorchester, Mass., \$6,500 (\$541.66 per month).

Inasmuch as there were insufficient funds budgeted to pay the low bid of \$4,680, submitted by Thomas A. Sheehan Company, the department has negotiated with the Thomas A. Sheehan Company for the renewal of its contract at last year's rate of \$343 per month, or a total not to exceed \$4,116 for the contract period. It is anticipated that there will be sufficient funds to cover this contract.

Therefore, inasmuch as the department has received satisfactory service from Thomas A. Sheehan Company for the past year, and since the cost stated above for the renewal of this contract is reasonable, your permission is respectfully requested to reject all bids and to award this contract, without advertising, to Thomas A. Sheehan Company under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

PUBLIC FACILITIES DEPARTMENT

MATTAPAN ELEMENTARY SCHOOL

DEAR MR. MAYOR:

On the occasion of its most recent meeting the commission authorized me to request of your Honor, as I hereby do,

authorization to dispense with the otherwise operative provisions of our City Charter requiring advertising here in entering into an agreement with Parsons, Brinkerhoff, Quade, and Douglas, Inc., Architects, a New York corporation duly licensed to do business in Massachusetts, with local offices at 711 Boylston Street, Boston, amending a Phase I design contract between the City of Boston and Parsons, Brinkerhoff, Quade, and Douglas, Inc., dated April 26, 1973, and approved by the Mayor on June 5, 1973, providing for the preparation of preliminary studies and design development for use in the construction of an elementary school in the Mattapan district of the City of Boston, (a) so as to increase the amount authorized for expenditure under the contract for supplementary services from \$25,000 to \$64,100, an addition of \$39,100; and (b) so as to insert in the contract, in Part 2 thereof, under standard provisions of which the architect would produce the working drawings and detailed specifications for, and would supervise construction of, the community building (encompassing the gymnasium, the swimming pool, and meeting rooms) portion of the elementary school project for an additional basic fee of \$30,339.75; and to execute such agreement in the name and on behalf of the commission upon receipt of said written authority from the Mayor.

We have decided to have constructed at this time, as indicated above, the community building part of the Mattapan elementary school. As a result of that decision the amendment described above is now proposed. For the information of your Honor, the explanation of how the suggested basic fee for that service was obtained follows: At the time that the existing contract was proposed, its project estimated construction cost was taken to be \$5,040,000 and the A.I.A. ("A" rate) was found to be 5.49, resulting in an estimated total fee of \$276,696, from which \$33,978 in credits were deducted, leaving an estimated \$242,718 fee; we then divided the latter figure in half, making the contract basic fee \$121,369. Now, since we consider the advance design services to be carried out now for the community building to be about one fourth of the volume of the design services which would normally be carried out for this project under the Phase II design contract, and assuming the project's originally estimated construction cost as remaining constant (we have not, as of this date, of course, received the design development materials, including the project's required detailed construction cost estimates), it seems logical to set the proposed basic fee for what may well be called "the projected advance Phase II design contract services" as 25 percent of what, as of this date, could be expected to be the Phase II contract design of \$121,359 (which amount, as aforesaid, is as of now the existing contract's basic fee), or \$30,339.75.

Another effect of the proposed amendment would increase the amount to be deducted from what would otherwise be

the basic fee of the projected Phase II design contract from \$155,337 to \$185,676.75.

In light of the City Charter requirement that a contract in being may only be altered by a writing signed by all the parties thereto, including the Mayor and the bonding company, we have concluded that public advertising here would not serve the best interest of the city.

Respectfully,

ROBERT J. VEY,
Director.

LIBRARY DEPARTMENT

INVITATION FOR PROPOSALS FOR SUPPLYING AND DELIVERING MUSIC PORTFOLIOS.

The City of Boston, acting by the Board of Trustees in charge of the Library Department of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for supplying and delivering music portfolios.

Proposals will be received until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, October 1, 1974, at the office of the Awarding Authority (office of the Director), 666 Boylston Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in an envelope, sealed, plainly marked with the name of the bidder and the notation "Bid Proposal," followed by a brief description of the item bid upon. One copy shall be filed at the office of the Awarding Authority (mail address: P. O. Box 286, Boston, Mass. 02117), and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. 02201. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of the total bid price, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bid may be withdrawn after the time limit for filing bids and for two (2) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

Specifications may be obtained on and after twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 17, 1974, at the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority and written in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities, to accept or reject any or all bids, and to award the contract as it deems for the best interests of the city.

PUBLIC WORKS DEPARTMENT

Proposals for Repairs to Sidewalks in Various Locations in the City of Boston.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for repairs to sidewalks in various locations in the City of Boston.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$15,000, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Repair to Sidewalks in Various Locations in the City of Boston," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, SEPTEMBER 26, 1974, with a certified check for FIVE THOUSAND DOLLARS (\$5,000), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 711 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 56 in the South End Project, No. Mass. R-56, located in the South End District, City of Boston, Mass., until noon (Eastern Daylight Saving Time), on September 27, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of the construction of West Rutland Square, including street pavements and concrete sidewalks, drainage and lighting systems, and plantings and construction of West Rutland Square Park, including tennis and basketball courts; tot play areas and equipment; concrete and bituminous pavings; concrete walls, steps, and other structures; fountain; fencing; plantings and placing of loam and sod; and utility installations, including lighting, drainage, and water supply, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 920, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash, or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to 5 percent of each proposal for Site Preparation Contract No. 56.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for sound system repairs and installations at Roxbury High School, 36 Greenville Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, September 24, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$200. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to

the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR FURNISHING AND INSTALLING 540 PARKING METER POSTS IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at Room 721, City Hall, invites proposals for furnishing and installing 540 parking meter posts in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 721, City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing 540 Parking Meter Posts in the City of Boston," one copy of which is to be left at Room 721, City Hall, before twelve o'clock noon, on Friday, September 20, 1974, with a certified check for 3 percent of the bid price, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should be deemed it to be for the best interest of the city so to do.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

CITY OF BOSTON,
WILLIAM T. NOONAN,
Commissioner of Traffic and Parking.

DEPARTMENT OF PLANNING AND ENGINEERING,
11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR REPAIR OF
FIRE DAMAGE AT THE BRIGHTON HIGH
SCHOOL, 25 WARREN STREET, BRIGHTON,
MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repair of fire damage at the Brighton High School, 25 Warren Street, Brighton, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Wednesday, October 2, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$1,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time) Wednesday, September 25, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Suspended Ceilings	\$150
Plastering	200
Roofing	250
Electrical	150

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

Mayor's Text on School Busing

Following is the address of Mayor Kevin H. White on September 9, over four TV stations:

As we all know, in three days the City of Boston will face one of her greatest challenges — busing.

It is a challenge created by no one individual, directed against no particular neighborhood, and mounted to the advantage of no single group.

And yet it is a challenge faced by all of us, and one that must be met by all of us if we are to save our city — if we are to protect the safety of our children — if we are to preserve our sense of pride and purpose as a people.

This is a serious time in the life of this city, a time to put politics to one side, a time to consider only the people of Boston, our friends, our neighbors, and our children.

For the past five months I have met with the parents of Boston schoolchildren in their own homes to learn about their concerns and apprehensions.

I have been in over 100 living rooms in all sections and neighborhoods of this city. I have talked with white and black parents. I have listened to specific grievances, to personal frustrations, and I have felt their shared parental fears.

I listened to mothers and I have heard the anguish in their voices — voices explaining inconvenience and hardships parents and children both will be forced to endure.

For example, I listened to a black mother in Mattapan, a working mother, whose three daughters will be reassigned from the neighborhood school that's now within walking distance of her home and bused instead to two separate schools.

I talked to Hyde Park mothers angry that they are losing a middle school, and I talked to mothers in West Roxbury whose kindergarten children will have to ride the school bus.

So I have seen and heard for myself about the hardship ahead. I have tried hard to listen to those voices within our city.

I don't want or need the advice of those who live outside the city, and who view busing as the solution to racial imbalance as long as it stays inside the city limits, who talk of obeying the law, but who remain immune from implementing the law.

We've fought that suburban siege mentality too long and too hard, and our efforts for metropolitan solutions have been resisted too consistently for us to trust that judgment or sincerity.

No, I trust instead the wisdom and the common sense of the mother in Dorchester, the judgment and the instinct of the father in Roxbury.

I depend on the counsel and cooperation of the teachers and students throughout the city — from

South Boston to Brighton. And it's with this wisdom, with this judgment, and with this counsel that I come to you tonight.

After five months of meeting and listening to more than 2,000 mothers and fathers in the intimacy of their own homes, I want to talk this evening to all the parents of this city about the opening of school on September 12.

It won't be easy for any of us — not for you, and not for me.

No one can suggest that the next few weeks will not test our patience and our compassion.

Let's be honest with ourselves. It's a tough time to be a senior in high school. It's a trying time to be the mother of an elementary schoolchild in Boston. And it's not the greatest time to be Mayor of the city, either.

But it is our time — and we must make the best of it.

We are, all of us, faced with the unpleasant task of implementing a federal court order.

The city has exhausted all legal avenues of appeal at a cost in excess of a quarter of a million dollars. But at the end of all these efforts the judge's finding stands.

And his order that remedies be implemented this fall must, and will, be carried out.

The remedy chosen imposes individual hardships, and it creates, in my opinion, arbitrary burdens on this city.

But it is now the law, and, as the traumatic events of the past several

(Continued on next page)

School Busing . . .

(Continued from front page)

months in Washington have shown all of us, we are a government of laws, and not of men.

No man, not even a president, stands above the law. And no city, or group within it, can stand in defiance of the law.

We cannot avoid the situation that will be upon us in three days. But we can, and we must, control it.

For we cannot permit our city to be polarized by race, or paralyzed by fear.

Boston is a great city, a city of neighborhoods — clearly defined, proud of the past, conscious of their own sense of community, dynamic and diverse, yet bound together by the history and progress that is Boston.

From these separate neighborhoods comes our collective strength — strength to preserve ethnic identity while promoting city unity; strength to respect differences while pursuing common goals; strength to satisfy specific needs while reinforcing our commitment to cooperate, and to trust in one another.

It is this trust that I call upon tonight, and in the days and weeks to come.

And it is with this cooperation among our neighborhoods, between black and white, for the good of our city that we will unite to meet the challenge ahead.

Now this doesn't mean that we have to like the law.

I am for integration and against forced busing. And these positions are not mutually exclusive.

Nor does it mean that we cannot express our dissatisfaction.

The vast majority of those who have raised their voices in opposition to busing are not racists — nor are they bigots.

They are concerned and responsible citizens exercising their right to voice their views, and Boston has long been, and will ever remain, a city of liberty and free speech.

But Boston is also a seat of mature and civil conduct, of peaceful protest. And we will, with a like determination, take any and all measures necessary to preserve public safety.

The city belongs to no one individual. She is yours and she is mine. We can differ as to how she should be run, but as dedicated and responsible citizens we must stand together in defense of her safety and the safety of our children.

That much is our duty, and our fulfillment of this duty will determine the destiny of our descendants, not only of our children, but of our children's children.

So tonight we find our city on notice — faced by the order to implement a plan on which there is no agreement, challenged by the need to preserve our decency despite our differences.

And as we are on notice, tonight as Mayor I am serving notice to those who would resort to violence or use our schoolchildren as instruments of political or personal gain in the days ahead.

To every mother and every father I pledge tonight that your Mayor and your Police Department will tolerate no threat to the well-being of your children; that Police Commissioner di Grazia will pursue relentlessly anyone and everyone who endangers our students, black or white, high school or grade school; and that the peril of prosecution faces all who take the law into their own hands in any way.

To those who would violate the order and the peace of our city, and to those who would exploit the tensions of next week and the weeks to come, jeopardizing the young and innocent, I promise swift and sure punishment.

We will pursue and prosecute any individual, white or black, male or female, young or old, who tries to interfere with any child's right to go to school.

I know the court order presents us with a complicated plan. No one believes that problems won't arise, or that the best of intentions can fully anticipate the unexpected.

But those among us who cannot agree with the plan must remember that compliance with the law does not mean acceptance of it, and that tolerance does not mean endorsement.

To those who do not believe in violence but who choose to keep your sons and daughters at home — that is your decision.

But I ask you to consider carefully the consequences of that act:

What happens to your children in October, in November, in the middle of December?

How will they catch up to their classmates when they return to school?

Who will explain to them why they have fallen behind?

How will they ever get ahead?

These are difficult questions every parent must answer to his or her own child.

Our job must be to minimize the hardships imposed on these children, to keep them safe from harm and the poison of prejudice.

But throughout this difficult time we must not lose an awareness of the real issues involved.

We live in an age when quality education is a necessity. And a lack of it can jeopardize an entire generation.

Busing must not distract us.

Ours is the oldest public school system in the country, a school system that has produced great thinkers, such as Oliver Wendell Holmes, great writers and artists, like Emerson and Arthur Fiedler, great leaders, like Cardinal Cushing and John W. McCormack.

Our goal must be to sustain this legacy; to make the oldest school system in the country the very best; to involve parents in the process of instruction; to return to students the excitement of learning; to encourage the teachers to devote

their fullest energy to the task of education.

And it can be done, if we care and want to do it.

But this goal will demand our undivided cooperation and common purpose.

And there can be no educational growth in Boston if white and black become symbols of groups in conflict.

The weeks ahead will bring problems. But public officials, community leaders, and school administrators have been cooperating, working together day and night to minimize difficulties, to provide safeguards, and to maintain order in the confusing and hectic first days of school.

They have established a consolidated information and communications center, as a joint effort of the School Department and city agencies. It will be staffed on a 24-hour basis to answer questions, to control rumors, and to provide assistance to parents, teachers, and students.

We have united local police captains and fire chiefs, Little City Hall managers, youth resource centers, and numerous neighborhood agencies as a team, working together for the prevention and handling of potential problems at the neighborhood level.

Superintendent Leary has hired 300 monitors to ensure safety on the school buses.

Police Commissioner di Grazia has hired 125 additional school crossing guards; 500 neighborhood residents, mostly parents, will be employed as transitional aides for the schools; volunteers from churches located near the bus stops and the police will join in a coordinated effort to ease the period of student change.

Overcrowding has been alleviated, and as quickly as possible will be eliminated.

And, of course, the opening of school has been moved back from September 4 to September 12, allowing us an extra week; more time for adequate teacher orientation; more time for parental and student preparation; more time for the open

houses held all day yesterday, today, and tomorrow morning.

And I urge every parent to go, before making a final decision about their own child.

Tonight I am making a personal appeal to the entire city. But, for the moment, I want to speak directly to those who will shoulder the greatest burden of the weeks ahead:

To the teachers, whose patience and cooperation will make all the difference once school is upon us, we ask you to help us keep a clear perspective, to help us to remember that neither pride nor prejudice, but rather good education, must be our ultimate objective.

To the parents, I ask for your help. The young children desperately need your guidance, and the older children your example.

And to the students, I tell each of you, no matter where you go to school, it will soon be your school, as this will soon be your city. Don't let anyone tear them apart. Don't underestimate your talents. Don't let anyone sell you short. And, most of all, do not forget your responsibilities to each other.

The opening of school is upon us. But it's not too late to face the weeks ahead with determination. And it is never too late to show that we have the fortitude, and that we have the faith in our city, in our children, and in ourselves, to keep an unfortunate situation from becoming a tragic event.

Recent years have presented us with many tests: tests of faith — as we lost both a president and a vice-president through resignation and dishonor; tests of determination — as we are struggling with years of increasing economic hardship; and tests of courage — now, as our schools face their most critical hour.

To meet the challenge before us with confidence and optimism we must remember our duty and our commitment to a proud and historic city.

We have not come 300 years as a city without having faced great change.

Boston has never before failed to meet that change with courage,

compassion, and dignity. And she will not fail now — with your help, with your strength, and with our sense of decency toward one another.

FINE ARTS CLASSES FOR CHILDREN

Free adventures in the visual and performing arts are being offered this fall at the Art Center in the Park, located off the Jamaicaaway in Jamaica Plain. All classes are being offered free of charge to children, age eight to twelve, young adults, and adults who are residents of Boston.

Fine arts classes will include silk screening, drawing, and painting, and acrylic painting for children. Dance classes will include ballet and jazz. Drama classes will offer a Child's Introduction to Theatre, including mime, speech, and role-playing; a Young Actors' Workshop, including improvisation, motivation and technical aspects of production, makeup, costuming, and auditioning; and an Adult Drama Workshop, including classes in group sensitivity, improvisation, mime, movement, and instruction in acting and directing techniques. Beginning and advanced classes in ceramics will be offered, including hand and slab forming, glaze and slip techniques, and production and firing methods.

Puppetry, including design and puppet show productions, will be offered, and a beginning course in film animation will be available for those interested.

To learn more about the Art Center in the Park or to register for classes call 522-2503 Monday-Thursday from 7 P.M. to 9 P.M. and on Saturday from 10 A.M. to 3 P.M.

MBTA PASS PROGRAM FOR CITY EMPLOYEES

On July 1 City Hall employees were first given the opportunity to buy MBTA passes through a monthly payroll deduction. Summer vacations and delays by MBTA on publicity materials have held back participation, and in July and August only 131 employees signed on (including twenty-three from BRA).

Starting October 1 every person on a City of Boston payroll will be eligible to participate. Melanie Ray of the Mayor's office will be contacting your appointed MBTA pass program supervisors to arrange a time for them to pick up new posters and brochures and additional application cards.

All participating employees will pick up their passes in City Hall.

The pass program represents significant savings in the cost of city travel — in a sense a reward to its purchasers for making a commitment to mass transit and thus to cleaner air, conservation of dwindling fuel supplies, and a generally better urban environment.

To recount the major out-of-pocket savings of the pass: The price of the pass is based on 210 round trips a year. All travel during off-peak hours, weekends, holidays, and the equivalent of two weeks vacation is free. On top of these savings an 8 percent discount is built in.

The program is divided into three fare categories: Plan A, 25-cent rapid transit, \$8.75 a month or \$105 a year; Plan B, 25-cent rapid transit and 20-cent feeder bus or trolley, \$15.75 a month or \$189 a year; Plan C, 50-cent South Shore or Riverside line, \$17.50 a month or \$210 a year.

The City Auditor, Walter Merrill, has overall operational responsibility for the program.

Fred Marshall of Payroll (Room 201, Ext. 380) can answer all questions on procedure.

Melanie Ray of the Mayor's office (Ext. 8149) has responsibility for supervising promotion of the program among city employees.

She will contact all supervisors by September 9.

Supervisors will distribute posters and brochures to all department offices and will deliver sign-up cards to all their payroll clerks.

Department heads and supervisors will be responsible for promoting the program within their own departments. The MBTA hopes to see 15 percent of its daily rush hour traffic sign onto the program.

Interested employees must see their payroll clerks by the fifteenth of the month prior to participation to fill out duplicate application cards. Payroll clerks then make the appropriate deduction on their master lists for the fourth week of the month prior to the effective month and hand-carry the master lists and completed application cards (two for each employee) to Fred Marshall in Payroll.

Employees who have signed up can pick up their passes the last work day before the effective month in City Hall at window M-36, between 9:00 A.M. and 2:00 P.M.

Individuals who lose passes must contact Arthur Jaehrig at the MBTA (722-6318) for a new pass.

Anyone who drops off the pass program must wait a period of six months before rejoining.

NEW PATROL CARS IMPLEMENT REGISTRY PROGRAM

Boston Alcohol Safety Action Project, the federally funded program designed to get the drunk driver off the road, has purchased ten new patrol cars for use by the Registry of Motor Vehicles for a special selective enforcement effort.

The move, made under a contract with the Governor's highway safety representative, will greatly increase the already intensive effort to apprehend drunk drivers.

Under the new Registry program ten new patrol cars will operate Friday and Saturday nights each week from 7 P.M. to 3 A.M.

Currently Boston police are operating similar ASAP patrols four nights each week. New Registry

enforcement will add twenty patrols per weekend to the existing effort. Already on preliminary patrols with partial forces, the Registry's enforcement effort has proven extremely effective.

David J. Lucey, Registrar of Motor Vehicles, said that Registry personnel on ASAP patrol since the program started approximately three months ago have arrested 124 operators for driving under the influence of liquor, two drivers for operating under the influence of drugs, and cited 1,005 drivers for moving violations. They have also suspended sixty registrations for serious equipment defects, and issued 584 faulty equipment tags. The Registrar said that "most observers judge enforcement efforts by statistics, but what is immeasurably more important is the deterrent factor that the ASAP patrol visibility affords us, such as preventing the possible harm that the drunk driver may inflict on himself or others who happen to innocently be in his errant path."

Registry officers for the patrols will be selected on a volunteer overtime basis. Registry selective enforcement (ASAP) units will also patrol MDC roads. The special units will be headed by Chief Supervisor Ed Pettoruto, who is also overseeing the training of Registry patrol officers.

Richard X. Connors, director of Boston ASAP, said: "Nighttime fatal crashes in Boston have been reduced by 32 percent in 1973, compared to the average of the previous four years. We are hopeful of making the same kind of reductions in auto fatalities throughout the state, particularly with our Registry patrols expanded to MDC and other highways.

"We know that alcohol is involved in 50 percent of all fatal accidents and serious crashes; and we are sure with the new Registry of Motor Vehicles program we can greatly reduce the carnage caused by the drunken driver on our streets and roads."

CONSTRUCTION STARTED ON LIBERTY TREE PARK

The Boston Redevelopment Authority began construction on September 9 on the new \$235,000 Liberty Tree Park at the corner of Boylston and Essex Streets.

The 6,500-square-foot plaza will have a combination of brick and granite paving, with new lighting on its perimeters and five little-leaf linden trees.

"The purpose of this park is two-fold," said BRA Director Robert T. Kenney. "First, it represents our concerted effort to upgrade the physical appearance — and to change the image — of the area where adult entertainment uses are located. Second, it is part of our larger effort to improve pedestrian amenities throughout downtown by building a network of mini-parks and small plazas."

Original plans called for planting a large elm tree to commemorate the Liberty Tree, a rallying point for the Sons of Liberty when they staged protests against British rule over the colonies. However, Mr. Kenney said the plan for a large tree was scrapped because the root system from a large tree would disrupt the numerous underground utilities which run through the area.

The BRA planners had decided that trees could be planted in movable concrete planters and lowered into the ground. If maintenance is necessary on any of the utilities, the planters can be hoisted out of the ground by a crane.

The site of the park is approximately forty feet from the spot where the original Liberty Tree stood before the British cut down the tree and burned it in 1775. Land for the park became available when Boylston Street was realigned to run directly into Essex Street. The park is part of the Boylston-Essex Renewal Project, the smallest renewal project in the country.

Contractor for the park is Center Construction Company of Wrentham. Completion is scheduled for late December, at which time a plaque commemorating the Liberty Tree will be installed and formal dedication ceremonies held.

PERSONNEL DIRECTIVE

*Relative to Change in the Law with
Respect to Payroll Certification*

September 10, 1974.

To All City Department Heads.

The ancient (1908) statute which required certification of Boston payrolls by the Director of Civil Service has been repealed, and General Laws, chapter 41, section 41, which applied to all cities and towns except Boston, has been amended to apply to Boston. That section, as amended, and as applicable to Boston, reads as follows:

"No treasurer or other fiscal officer of any town or city shall pay any salary or compensation to any person in the service or employment of the town or city unless the payroll, bill, or account for such salary or compensation shall be sworn to by the head of the department or the person immediately responsible for the appointment, employment, promotion, or transfer of the persons named therein, or, in the case of the absence or disability of the head of the department or of such person, then by a person designated by the head of the department and approved by the . . . , mayor. . . ."

General Laws, chapter 41, sections 42 and 43, which are applicable, read as follows:

"Section 42. Every such payroll, bill, or account shall contain the following information: First, full name of each employee; second, title of office or position authorized by the division of civil service wherever applicable, otherwise title authorized by appointing authority; third, salary, wages, or other compensation; fourth, dates of employment.

"Section 43. Each appointing, employing, or other officer who wilfully refuses or neglects to comply with any provisions of the two preceding sections shall be punished by a fine of not less than twenty-five nor more than one hundred dollars."

These changes place Boston on the same basis as every other city or town in the Commonwealth. After the payroll week ending September 10 it will no longer be necessary for messengers from each

department to deliver the preliminary payrolls to Boston Payroll at Civil Service. *Preliminary payrolls for the week ending September 17 and thereafter are to be delivered directly to the Payroll Unit of the Auditing Department.*

Department heads should allow no payroll entry for any employee covered by Civil Service unless they have received back from Civil Service two approved copies of the personnel transaction, and one approved copy is attached to the preliminary payroll. The other approved copy is retained in the department.

Please note that Civil Service will continue to check Boston payrolls on a "postaudit" basis. Copies of all monthly payrolls and copies of all payrolls for the first week of each month will be sent to Civil Service by the Payroll Unit of the Auditing Department for postaudit purposes.

This change will speed up the weekly payroll processing by as much as a day and a half. If further refinements in procedure are needed you will receive additional information.

DUNCAN T. FOLEY,
Supervisor of Personnel.

SCHOOL HOURS SCHEDULE

The Boston School Department has announced that the closing time for all elementary schools is 3:20 P.M.

Under the schedule of staggered school openings and closings, elementary schools will run from 9:30 A.M. to 3:20 P.M.; intermediate schools from 8:40 A.M. to 2:50 P.M.; and high schools from 8 A.M. to 2 P.M., with the exception of Boston English, which runs from 8:40 A.M. to 2:50 P.M.

The School Department also announced that its information center at City Hall will be open on weekends from 9 A.M. to 5 P.M. and on weekdays from 7 A.M. to 8:30 P.M. to answer questions by parents, students, and teachers regarding the federal school busing plan.

The number to call is 227-8885.

FHA PROGRAM CHANGES

With the signing of the Housing and Community Development Act of 1974 by President Ford a number of changes have resulted in the Federal Housing Administration's programs for property improvement and mobile home financing, known as Title I.

The maximum financing charge for a home improvement loan becomes 12 percent. Previously it had varied from 8.83 to 10.57 percent, depending on the amount and term of the loan.

Sheldon Lubar, HUD Assistant Secretary for Housing Production and Mortgage Credit and Commissioner of the Federal Housing Administration, said, "We have selected 12 percent as the maximum rate because this is our best judgment of the going market rate on equivalent types of consumer installment debt.

"But it is important to remember that 12 percent is the ceiling rate. Borrowers are free to shop around for the most favorable rate, and lenders can charge any rate up to the ceiling. Where usury ceilings prohibit charging 12 percent, we would expect lenders to make Title I improvement loans at lower rates consistent with the state limit."

The maximum maturity period for a home improvement loan is now increased from seven to twelve years.

Single-family home improvement loans may now be made in amounts up to \$10,000, an increase from \$5,000. Multifamily loan amounts are increased from \$15,000 to \$25,000, provided the structure contains at least six living units.

A loan over \$7,500, exclusive of financing charges, will now need to be secured by a recorded lien on the improved property.

For single-module mobile home loans the term is increased from twelve to fifteen years.

Specific details on the application and administration of the new features of the programs are available at all qualified Title I lending institutions.

JOANNE A. PREVOST HEADS UNITED WAY CAMPAIGN FOR CITY OF BOSTON EMPLOYEES

Mayor Kevin H. White has appointed Joanne A. Prevost as his representative to head the United Way drive for this year. Miss Prevost served the United Way in the same capacity for the City of Boston employees last year. She is Director of Personnel on Mayor White's staff, and is the first woman in city government to hold this position. She graduated from Burdett College and is presently a board member for the Commission on the Status of Women. Miss Prevost has received the Outstanding Leadership Award from the Boston Federal Executive Board and the Ten Outstanding Young Leaders Award from the Junior Chamber of Commerce. Mayor White has asked all department heads to attend, if possible, a kick-off meeting here in City Hall on Wednesday, September 25, at 4 P.M. All personnel working on the United Way are excused to join the coordinators at this meeting. The United Way has launched its drive for \$16,000,000.

August 29.

Special Order No. 74-105

To: All Bureaus, Divisions, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The Boston Police Department is cooperating with an FBI survey which will be conducted during September and October, 1974, to gather data regarding the motor vehicle theft problem. As you know, Boston is consistently at the top of the list, nation wide, for motor vehicle thefts. Consequently, the FBI survey is of particular importance to this department, and your cooperation and participation in this one-time survey is necessary for a successful and meaningful collection of auto theft data.

The "Stolen Vehicle Report and Recovery Document," BPD Form No. 17, completed by personnel of the Communi-

cations Division, will be utilized as a data source. However, not all information required for the completion of this survey is included in Form No. 17. Therefore it is directed that in all divisions, districts, and units, when completing an arrest form during September and October, 1974, when the charge for such arrest is larceny of a motor vehicle or using a motor vehicle without authority, an entry will be made on the form in the "Remarks" area as to the following conditions of the arrest:

1. If the person arrested was in possession of the stolen vehicle at the time of the arrest, state one of the following:

- (1) Arrest based on computer hit.
- (2) Arrest based on other reason.

2. If the person arrested was not in possession of the stolen vehicle at the time of arrest, state that the arrestee was not in possession of the vehicle.

September 3.

Special Order No. 74-101

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units
Copies to: All Superintendents, Deputy Superintendents, and Directors

When a citizen walks in to a district station to report a stolen motor vehicle, the officer will advise the complainant that stolen motor vehicle reports are taken over the phone by operations personnel and will then dial Extension 543-7 and hand the phone to the person reporting the stolen vehicle. Operations personnel will ask the necessary questions of the complainant regarding the description of the car.

Complainants who do not have all the necessary information will report to the operations center what information they have and will be instructed by the operations personnel that they must obtain the additional information and make a second phone call when the information is known.

September 3.

Personnel Order No. 74-379

The following reassignments are hereby ordered, effective on the dates listed below:

Patrolman-in-Charge of Correspondence Section Francis H. Noonan, Id. 4614, from Commissioner's Office (days) to Traffic Division (days) — September 4.

Detective William K. Crowley, Id. 6539, from Personnel Division, Medically Incapacitated Section (nights) to Drug Control Section (nights) — August 15.

Patrolman George J. Travis, Id. 6468, from Personnel Division, Medically Incapacitated Section (nights) to District 3 (nights) — August 8.

Patrolman Ernest L. D'Amato, Id. 4633, from Personnel Division, Medically Incapacitated Section (nights) to District 1 (nights) — August 15.

Patrolman George W. Saint, Id. 6707, from Personnel Division, Medically Incapacitated Section (nights) to District 1 (nights) — August 15.

Patrolman Michael E. McWeeney, Id. 6672, from Personnel Division, Medically Incapacitated Section (nights) to District 3 (nights) — August 30.

Patrolman Edward J. Ivanoski, Id. 5129, from Personnel Division, Medically Incapacitated Section (days) to District 3 (days) — September 3.

Patrolman Robert A. Buccafusca, Id. 6126, from Personnel Division, Medically Incapacitated Section (nights) to District 2 (nights) — August 30.

Patrolman Robert D. Stone, Id. 4238, from Personnel Division, Medically Incapacitated Section (days) to District 1 (days) — August 28.

The following detail is hereby ordered, effective from Wednesday, September 4, 1974, until Friday, October 4, 1974:

Patrolman Leonard J. Marino, Id. 5912, from Personnel Division, Medically Incapacitated Section (nights) to Bureau of Administrative Services, Paid Detail Section (days).

September 4.

Personnel Order No. 74-380

Personnel Order No. 74-366, dated August 14, 1974, detailing recruit officers from the Training and Education Division to various districts, is hereby amended as follows, effective September 2, 1974:

Policewoman Rita Hannaford, Id. 6815, from District 2 (days) to Training and Education Division (days).

Policewoman Rosemary Duke, Id. 6813, from District 11 (nights) to Training and Education Division (days).

FIRE DEPARTMENT ORDERS

August 30.

General Order No. 38

I. RETIREMENTS

The following retirements, in accordance with the provisions of section 5, chapter 32, G. L., are hereby announced: Senior Fire Alarm Operator Walter J. Butkiewicz, Fire Alarm Division (effective at 0800, September 1, 1974).

Fire Captain John A. Hayes, Ladder Company 22 (effective at 0800, September 5, 1974).

Senior Fire Alarm Operator Butkiewicz was appointed to the department April 30, 1947, and promoted to senior operator on November 19, 1952. Fire Captain Hayes was appointed May 20, 1942, promoted to fire lieutenant December 7, 1949, and to fire captain March 13, 1963.

Both of these members leave the department with the best wishes of their associates.

II. PROMOTIONS

The following promotions are hereby announced:

Rosemary L. Griffin, made permanent executive secretary on July 10, 1974.

Mary C. Barry made permanent head clerk and secretary on April 3, 1974.

Rosemarie R. Fallon, promoted from principal clerk to head clerk and secretary on July 31, 1974.

William J. Leahy, appointed permanent fire alarm operator on May 29, 1974.

Charles J. Hanlon, made permanent senior fire alarm operator on August 14, 1974.

Francis G. Fell, made permanent fire alarm operator on August 14, 1974.

William A. Adie, Jr., made permanent maintenance mechanic foreman (carpenter) on July 17, 1974.

III. FIRE ALARM BOX ESTABLISHED

The following fire alarm box will be installed in the near future, and company commanders shall add it to assignment card 3621. The circuit number will be announced at that time:

14-3621, Lee Mini-School Portable, Boston State Hospital, East Group. (Enter at Harvard and Paxton Streets.)

IV. FIRE ALARM BOX INSTALLED

The following fire alarm box has been installed, and company commanders shall add it to circuit card No. 60:

384, Danny Road and Sanford Street.

V. LETTER OF THANKS

The following letter is published for the information of the department:

"August 14, 1974.

DEAR COMMISSIONER KELLY:

Just a short note of thanks for the assistance of your staff during an emergency at this office today.

One of our employees, William Holtz, was stricken with what we believed to be a possible heart attack. Within five minutes of our dialing 911, your officers arrived. Their efficiency, calmness, and obvious knowledge were immediately apparent.

Mr. Holtz was rushed to the University Hospital and is doing very nicely due to your prompt response. I regret that I failed to ask for the names of your officers, but I am certain you can identify them. Please express our heartfelt appreciation to them.

Sincerely,

THOMAS J. FITZGERALD,

District Director,
United States Customs Service."

VI. STATE COLLEGE — FALL SEMESTER

The following members who have qualified for participation in the fall semester of the Fire Fighters' Baccalaureate Program have been enrolled at Boston State College commencing September 3, 1974:

Fire Fighter Thomas J. Burke, Engine 51.

Fire Fighter David R. Cunio, Engine 25.

Fire Fighter Neil F. Doherty, Engine 22.

Fire Fighter John B. Fitzgerald, Engine 31.

Fire Fighter Bruce J. Howell, Ladder 6.

Fire Fighter John P. Kenney, Ladder 2.

Fire Fighter Richard J. Mullen, Ladder 30.

(Continued on next page)

FIRE DEPARTMENT ORDERS

(Continued from previous page)

- Fire Fighter Martin J. O'Brien, Ladder 2.
Fire Fighter Ronald W. Keating, Rescue 2.
Fire Fighter Joseph L. Driscoll, Engine 21.

In order to comply with the released time provision of chapter 73, section 20, G. L., pertaining to "An Act Providing for Admission of Certain Fire Fighters to State College on a Cooperative Plan," said members shall be excused from their day tours of duty during the period of time they are attending college. Said members shall resume their regular day tours of duty during the period of time they are not attending college.

Commissioner James H. Kelly and Chief of Department George H. Paul of the Boston Fire Department and President Dr. Kermit Morrissey and Dean James P. Jones of Boston State College extend their sincere congratulations to the men of this department who have qualified for this program.

September 4.

Special Order No. 58

From: The Chief of Department.

To: Deputy Fire Chiefs, Divisions 1 and 2.

Subject: Aircraft Fire.

The following report, submitted by Deputy Fire Chief Leo D. Stapleton, has been forwarded to *Fire Engineering Magazine*, International Association of Fire Chiefs, Airline Pilots Association, Federal Aviation Administration in the hope that some of the recommendations of this department may be adopted to reduce the possibility of a repeat of this type of fire, as this was a most difficult fire to fight and resulted in the area of \$17 million.

This report is being circulated for the general information of the officers and men of this department due to the unusual nature of the incident.

Fire Commissioner Kelly and Chief of Department Paul wish to commend Chief Stapleton for a job well done, both at the scene of the fire, and for his interest and professionalism in submitting a detailed report.

Report of a Fire Aboard TWA L1011 Passenger Plane at Logan International Airport on April 20, 1974

On April 20, 1974, the department responded to Box 612 at 0029 hours. This was in answer to a request for assistance from the Massport Fire Department for a fire on board an L1011 passenger plane located at the TWA Terminal. The plane involved was one of the so-called Jumbo Jets. It had arrived from Los Angeles at about 2000 hours, April 19, and except for some routine maintenance work it had been unoccupied since its arrival. The fire destroyed the passenger cabin and caused damage since estimated at \$17 million. Neither the cause nor point of origin of the fire has yet been determined.

Because this type of fire has been quite rare up to the present time, I am submitting observations and recommendations:

1. Planes of this type are so large that fire-fighting operations are similar to those conducted for building fires.

2. They are about 170 feet in length and have a dropped ceiling with a cockloft area about two and a half feet high. This area contains insulation, air conditioning ducts, and electrical conduits. The insulation appears to be fibre glass and is not readily ignitable, but it is covered on each side with paper which burns rapidly and contributes to fire spread. The ducts and conduits run the length of the plane unbroken and can spread fire undetected and rapidly throughout the loft area. Hundreds of electrical wires run through the conduits, and their insulation burns rapidly, contributes to the intensity of the fire, and produces toxic gases and severe smoke conditions.

3. While overhead ventilation can be accomplished from the roof, using power tools, it is very difficult because of the poor footing and slippery surfaces. Work should be performed from either an aerial ladder or aerial tower for safety purposes. At the above fire the men who went to the roof could feel the intense heat through their boots and had to retreat to the aerial ladder. Before ventilation could be performed, the fire broke through the roof and vented itself.

4. Prior to the fire venting itself, we had been unable to maintain our positions with hand lines inside the plane because of the intense heat. After venting, Engine 26's Squrt (articulating boom) was used most effectively through a roof opening, and hand lines were advanced via doorways to complete control and extinguishment. In addition to the Squrt, two 2½- and three 1½-inch lines were used on the interior of the plane. Solid streams and fog streams were used as conditions dictated.

5. In the early stages of the fire passenger windows could not be broken when struck with an axe. However, once the heat of the fire reached them, they could be broken quite easily. While they are located too low to provide effective ventilation, if they could have been removed earlier, lines could have been operated through these openings to assist extinguishment.

6. This type of plane has about three hundred seats, most of which were destroyed by the fire and contributed greatly to its severity.

7. A few oxygen bottles ruptured during the fire, but there are not many aboard, as they are only used by the crew in emergency situations. Passengers' emergency oxygen is produced by an oxygen-generating chemical, and this did not appear to be a factor in the fire.

8. There was about 7,000 gallons of fuel aboard the plane at the time of the fire, located in the wing tanks and in one fuel line running to the rear engine. However, the fire was above the tanks and fuel lines, and they were kept cool with hose streams throughout operations and were not a factor in the severity of the fire.

9. The fact that the plane was located near a hydrant with a good water supply was essential to the control of the fire. Had the plane been out on a runway where there is no water supply, it probably would have been destroyed.

10. TWA maintenance personnel were most helpful and knowledgeable during operations. They provided two pickup trucks equipped with stairways at the scene. These reached to the entrance doors of the plane and were very useful for running lines and as stable platforms to work from. Thirty-five-foot ground ladders were used at other openings.

As a result of having been at this fire, I believe that consideration should be given to the following as means of controlling fires on aircraft of this size:

A. Installation of removable panels on the roof which could be operated either manually or by remote control to provide prompt and proper ventilation in the event of fires on the ground.

B. Windows that can be removed readily to provide some access for hose streams and contribute somewhat to ventilation.

C. Automatic fire dampers in air-conditioning ducts to prevent rapid spread of fire through concealed spaces. In addition, fire division walls in cockloft areas to help restrict spread.

D. Consideration of the installation of an automatic sprinkler system in planes of this size. A small water supply and pump carried on the plane could probably extinguish a fire in the air or at least control it until the plane could be brought safely to the ground. If this is not practical, a dry system with a fire department connection would be most effective in controlling fires that occur on the ground. A system utilizing Malon 1301 could probably be developed to control fires in the air.

E. Since delayed discovery was a major factor in the severity of this fire, a means should be developed for providing alarms when planes are unattended. This could be accomplished by the connection of heat detectors on the plane's interior to a visual and audible alarm on the exterior. A connection from each plane to a central station monitoring system within the terminal should be considered. The number of planes left unattended at terminals throughout the country each night must be considerable, and further losses are certain to occur unless some action is taken.

Any or all of the above recommendations would have reduced the loss to the aircraft on April 20.

Per Order:

GEORGE H. PAUL,
Chief of Department.

September 6.

General Order No. 39

I. RETIREMENT

The following retirement, in accordance with the provisions of section 5, chapter

32, G. L., which became effective at 0800 hours, September 4, 1974, is hereby announced:

Fire Fighter Alfred R. Mogan, Aerial Tower 1.

Fire Fighter Mogan was appointed to the department September 1, 1943, and he leaves the department with the best wishes of his associates.

II. EXAMINATION FOR PROMOTION TO FIRE CHIEF

This department has received an amended announcement, No. 2223, from the Massachusetts Division of Civil Service announcing the examination for promotion to district fire chief in the Boston Fire Department. The examination will be held on October 19, 1974, as announced in G. O. 27, c.s., but the last date for filing applications has been changed to Friday, September 27, 1974.

Company commanders shall see that the accompanying amended announcement is posted in a conspicuous place in quarters and brought to the attention of those concerned.

III. COMMENDATION

At 0703 hours, July 28, 1974, Ladder 15 and Engine 33 responded to the Charles River to rescue a woman in the river clinging to a piling of the bridge.

Fire Fighter Paul T. Stanley of Ladder Company 15 donned a pompier belt and carried a second one to secure to the woman. He then climbed over the fence on the bridge and slid down a lifeline into the water beside the woman who was in a weakened state due to immersion and from clinging to the pilings.

Fire Fighter Stanley kept her head above water and used his legs in a scissors hold on the woman to keep her from going under, all the while assuring her of her safety. When the woman was calmed, members of Ladder Company 15 and Engine Company 33, under the command of Fire Captain Sangas and Fire Lieutenant Dean, used the lifeline to pull the woman and Fire Fighter Stanley across the bridge approximately 200 feet to the nearest shoreline, where she was turned over to hospital personnel.

The Fire Commissioner is pleased to commend Fire Fighter Stanley for this act which undoubtedly saved the woman's life and reflected great credit on him and the Boston Fire Department.

IV. LETTER OF THANKS

The following letter is published for the information of the department:

"August 22, 1974.

DEAR COMMISSIONER KELLY:

On Sunday, August 11, 1974, one of our employees, Robert M. Briggs, suffered a stroke while working at our company headquarters building at 135 Franklin Street, Boston.

Our first call was to the Boston Police Department. Within minutes members of both the Boston Police and Fire Departments were on the premises administering to Mr. Briggs. I'm convinced that this quick response on the part of

your people is the major reason for the encouraging reports we receive daily concerning Mr. Briggs' recovery progress.

I do not have the names of the men involved, but I'm confident your records will identify them. Please convey to them the thanks of the New England Telephone as well as my personal thanks for their fine efforts.

You and your people should take pride in having developed an organization that is capable of this kind of response in time of emergency.

Sincerely,
WILLIAM C. MERCER,
President."

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

LIBRARY DEPARTMENT WATCHMAN, FIRE ALARM SYSTEM INSPECTION

DEAR MR. MAYOR:

The Board of Trustees in charge of the Library Department of the City of Boston respectfully requests that you approve the signing of a service agreement, without public advertising, with the American District Telegraph Company, 10 North Avenue, Burlington, Mass., for furnishing, during the period July 1, 1974, through June 30, 1975, of inspection service for the combination watchman-recording and fire alarm system in the Central Library building (now referred to as the Research Library building). In 1951 the equipment for the system was installed by the General Alarm Corporation. On September 1, 1955, the assets and service obligations of the General Alarm Corporation were taken over by the American District Telegraph Company. Inasmuch as the servicing of this equipment can be obtained only from the American District Telegraph Company, the Board of Trustees in charge of the Library Department, acting in the name of and for the City of Boston, have

Voted, That there be entered into, without public advertising, with the American District Telegraph Company, 10 North Avenue, Burlington, Mass., a service agreement for the period July 1, 1974, through June 30, 1975, for furnishing of inspection service for the combination watchman-recording and fire alarm system in the Research Library building, the total fee thus charged to be subject to the terms, agreements, and conditions set forth in said agreement.

The total cost of the service during the period of the agreement is estimated to be \$2,024. The approval of your Honor for the award of this contract to American District Telegraph Company, as above,

without publicly advertising for bids, is hereby requested.

Respectfully,
THE BOARD OF TRUSTEES IN CHARGE OF
THE LIBRARY DEPARTMENT OF THE
CITY OF BOSTON,
By PHILIP J. McNIFF,
Director.

MODEL CITY ADMINISTRATION MEALS TO AGENCIES AND INSTITUTIONS

DEAR MAYOR WHITE:

As the Administrator of the Model City Agency, I hereby request your written authority to dispense with advertising in connection with the award of a contract in an amount not to exceed \$25,000 to Arla Sales Corporation, located at 98 Cutter Mill Road, Great Neck, New York.

Under the terms of the contract, Arla will furnish meals on a daily basis to 470 children at agencies and institutions so designated by the Model City Agency. Specifically, Arla will prepare and deliver 470 regular meals over a 44-day period and prepare and deliver as well 470 supplemental meals at a cost of 65 cents and 19 cents, respectively.

The Model City Agency has worked with the Commonwealth of Massachusetts for some time in an effort to institute and maintain a special summer food service program. Funds for this program will be made available through an appropriation provided by the Commonwealth, acting by and through its Department of Nutrition.

Arla Sales Corporation was one of several firms invited to bid on this program and was chosen on the basis of both having submitted the lowest responsible bid and having offered the most experience in carrying out such summer food serving programs.

For the foregoing reasons advertising for bids will serve no useful or practical purpose.

Very truly yours,
PAUL PARKS,
Administrator.

CONSTRUCTION WORKERS TRAINING PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$53,000 to the Community Training Dynamics, Inc. (the contractor), a nonprofit corporation with offices located at 136 Warren Street, in the Roxbury district of the City of Boston.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the continuation of a construction workers training program funded under five prior contracts. This program was previously operated by the United Community Construction Workers, Inc., and will now be continued by the contractor with no important changes in program content or

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

personnel. Under the proposed contract the contractor shall recruit residents of the Model Neighborhood who have developed partial skills in such construction trades as sheetrocking, taping, carpentry, plumbing, electrical work, and masonry. The contractor shall obtain contracts from building contractors for the assignment of trainees to work in the particular trades. Trainers for each trade will be provided by the contractor to work with the trainee on the job. In addition, off-site instruction shall be provided by the contractor. The contractor shall further be responsible for overall administration and coordination of the training program.

The contractor is recommended to carry out the training program because, first, it is the only local construction worker training organization particularly concerned with Model Neighborhood residents and is therefore able to recruit resident trainees; second, it is continuing a construction worker training program carried out under a prior contract with the Model City Agency; and, finally, its principals and staff have the proven capacity to conduct the training program in question.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

HOUSING COUNSELING SERVICES

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract not to exceed \$10,000 to the Roxbury Multi-Service Center, Inc. (the contractor), a nonprofit corporation with offices located at 317 Blue Hill Avenue, in the Roxbury district of the City of Boston. The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the continuation and expansion of a housing counseling services program funded under five contracts with the Model City Program. Under the proposed contract the contractor shall provide homeownership counseling, neighborhood, and legal advocacy services in the Model Neighborhood. These services shall include assisting clients to locate and purchase adequate dwelling units, and assisting residents to improve the physical condition of the Model Neighborhood through enforcement of the State Sanitary Code.

The contractor is recommended to carry out this program because, first, it is a local organization with unique expertise in community housing services; second, it is continuing a valuable program being satisfactorily carried out under a prior contract with the Model City Program.

Award of this contract is consistent with the city's grant agreement with the Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Program.

Respectfully,

PAUL PARKS,
Administrator.

SPEECH, HEARING, AND LANGUAGE SERVICES

DEAR KEVIN WHITE:

I hereby request authority to dispense with advertising in connection with the award of a contract in an amount not to exceed \$90,000 to Trustees of Health and Hospitals of the City of Boston, Inc. (Trustees), 818 Harrison Avenue, Boston, Mass., for speech, hearing, and language services in connection with the Model City Health Program. As in past years the speech, hearing, and language component of the Model City Health Program in all three Family Life Centers will be operated as one program, aligned under the Trustees.

The Trustees will be authorized to provide personnel, equipment, and supplies and pay miscellaneous expenses for the speech, hearing, and language services in a total amount not to exceed \$90,000. Said contract will be effective as of July 1, 1974, and shall terminate June 30, 1975.

The reasons for dispensing with advertising for bids in connection with award of this contract are that the federal requirements are that an agency other than this agency assume operating responsibility for the Model City Health Program; that the Trustees have assumed this responsibility for the past two years; that assumption of this responsibility is consistent with the Trustees' role in connection with many other community health programs throughout the city and the consideration that this type of contract is not suited for the competitive bidding process.

Should there be any questions or should you require further information, please do not hesitate to contact me.

Very truly yours,

PAUL PARKS,
Administrator.

TENANT ORGANIZATION AND SERVICE PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$18,000 with the Tenants Association of Boston, Inc. (the contractor), a nonprofit corporation with offices located at 192 Humboldt Avenue, in the Roxbury

district of the City of Boston. The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the continuation of a tenant organization and service program funded under six previous contracts with the Model City Program. Under the proposed contract the contractor shall provide general services to tenants, including education of tenants with regard to their rights and responsibilities, assistance in resolving problems of tenant-landlord and tenant-tenant relations, and assistance in proceedings of the Rent Control Board and the Housing Court. The contractor shall also continue its tenant education program in rehabilitation projects of six or more units which have been or are in the future to be selected by the Model Neighborhood Board.

The contractor is recommended to carry out the program because, first, it is the only local association with extensive experience and expertise in tenant organization and education; second, it is continuing a valuable program being carried out under previous contracts with the Model City Agency and has already clearly proven its capacity to conduct a successful tenant organization and education program.

Award of this contract is consistent with the city's grant agreement with the Department of Housing and Urban Development which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

PARKS AND RECREATION DEPARTMENT

HARBOR CRUISES

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Bay State-Spray and Provincetown Steamship Company, 20 Long Wharf, Boston, Mass., for providing windjammer excursion cruises to groups of children from various playground and recreation centers within the City of Boston. The cost to the city will not exceed \$3,150, which will be taken from the Randridge Trust Fund Income, Code 7-81-45. The contract will be for the period from July 8, 1974, to August 30, 1974.

As the proposed contract is to be one for the performance of services of a special and unique nature, there being no other windjammer cruises available in the City of Boston, a public solicitation for bids would serve no useful purpose.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Bay State-Spray and Provincetown Steamship Company, 20 Long Wharf, Boston, Mass., for providing harbor excursions for senior citizens with on-board historical lectures on various aspects of Boston Harbor islands and waterfront history. The senior citizens' involvement in this program will be from various recreation centers throughout the City of Boston. This proposed contract would be in effect from July 8, 1974, through August 30, 1974, at a total cost not to exceed \$5,500, which is to be charged to the Parks and Recreation Department budget, 1-11-41 (29), Miscellaneous Contractual Services.

Due to the professional, safe, and efficient manner in which this company can provide the above recreational services for senior citizens, and because of the uniqueness of the included historical narratives by Edward Rowe Snow, Boston's dean of harbor islands and waterfront history, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

PARK IMPROVEMENTS

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Schoenfeld Associates, Inc., Consulting Engineers, with offices at 210 South Street, Boston, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities, at an estimated construction cost of \$500,000.

Franklin Field, Dorchester; Hemenway Playground, Dorchester; Healy Playground, Roslindale; Draper Playground, West Roxbury; Ross Playground, Hyde Park.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 8.45 percent of the estimated cost of construction and based upon three construction contracts involving five sites, will be \$42,250, less \$600, which will be credited the city by the designer for preliminary design work at Franklin Field completed under a previous contract.

The fee has been computed by averaging the fee percent set forth in the 1964 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation." The average fee percent has been reduced 4 percent as the city will furnish the designer working drawings and technical specifications on standard items to be included in the construction documents and drawings.

In no event shall the maximum liability of the city under the terms of the proposed contract as to the date of its execution,

including presently estimated expenditures of \$18,800 for supplementary services by the designer, exceed in the aggregate the sum of \$60,450.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Shurcliff, Merrill and Footit, Landscape Architects, with offices at 40 Bromfield Street, Boston, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities, at an estimated construction cost of \$160,000.

Paul Revere Mall, North End; Doherty Playground, Charlestown.

Also requested in your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 8.56 percent of the estimated cost of construction and based upon one construction contract, involving two sites, will be \$13,696.

The fee has been computed by averaging the fee percent set forth in the 1964 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation." The average fee percent has been reduced 4 percent as the city will furnish the designers working drawings and technical specifications on standard items to be included in the construction documents and drawings.

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$7,000 for supplementary services by the designer, exceed in the aggregate the sum of \$20,696.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

—

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Storch Associates, with offices at 824 Boylston Street, Chestnut Hill, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities,

at an estimated construction cost of \$588,000.

Commonwealth Avenue Mall, Boston; Columbus Park, South Boston; East Boston Recreation Center, East Boston; Ryan Playground, Charlestown; Mission Hill Playground, Roxbury; Connolly Playground, Roxbury; Crawford Playground, Roxbury.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 8.66 percent of the estimated cost of construction and based upon four construction contracts, involving seven sites, will be \$50,920.80.

The fee has been computed by averaging the fee percent set forth in the 1964 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation." The average fee percent has been reduced 4 percent as the city will furnish the designer working drawings and technical specifications on standard items to be included in the construction documents and drawings.

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$23,000 for supplementary services by the designer, exceed in the aggregate the sum of \$73,920.80.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Metcalf and Eddy, Inc., with offices at 1200 Statler Office Building, Boston, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities, at an estimated construction cost of \$280,000.

Granary Cemetery; King's Chapel Cemetery; Copps Hill Cemetery; Copps Hill Terraces; John Harvard Mall.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 9.54 percent of the estimated cost of construction and based upon three construction contracts, involving five sites, will be \$26,712.

The fee has been computed by averaging the fee percent set forth in the 1964 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation." The average fee percent has been reduced 2 percent as the city will furnish the designer work-

Commissioner.

OPEN SPACE PROGRAM

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with inviting proposals in the *City Record* in amending the agreement with Storch Associates, dated March 21, 1973, and approved by your Honor on April 6, 1973, for landscape architect and engineering services to prepare plans and specifications and the supervision of construction of improvements, landscaping, and beautification of various park facilities in conformity with the department's Open Space Program. The amendment will cover the cost (architect's fee) of increasing the scope of the project from an estimated construction cost of \$991,000 to an estimated construction cost of \$1,126,000, thus raising the present basic fee and maximum liability of the city from \$131,976.20 to \$136,642.70.

In view of the nature of the services to be provided by Storch Associates, I believe it is in the best interest of the city not to publicly advertise this contract.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

ECOLOGY PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and award a contract to Ruth S. Foster, an individual having residence at 270 Somerset Street, Belmont, Mass., for the period from July 1, 1974, to June 30, 1975, at a total not to exceed \$8,229, at a monthly rate of \$685.75. I am requesting that this contract be executed subject to an appropriation being available in and charged to the new Parks and Recreation Department budget, 1-11-41 (29), Miscellaneous Contractual Services.

Under the terms of the contract Mrs. Foster will continue to advise the Parks and Recreation Department, in her capacity as an ecologist, on matters of landscape design, green space planning, and

conservation programs. Also, she will continue to be responsible for coordinating our programs of an ecological nature with all planning and conservation commissions and directorships in Boston.

Because of the professional nature of the services to be rendered by Mrs. Foster, it is my opinion that no useful purpose would be served by advertising publicly for bids for the above services.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

COMMUNITY PARTICIPATION

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Herbert H. Foster, 400 Commonwealth Avenue, Boston, Mass., for the period July 1, 1974, to June 30, 1975, at a total cost not to exceed \$12,000, at a monthly rate of \$1,000. I am requesting that this contract be executed subject to an appropriation being available in and charged to the new Parks and Recreation Department budget, 1-11-14 (29), Miscellaneous Contractual Services.

Mr. Foster's primary objective will be to continue to maximize community participation in departmental programs and to insure that such programs are coordinated for optimum utilization by neighborhood residents. He will deal extensively in developing relations with the public sector, for the purpose of encouraging maximum community participation not only in existing programs but also in those to be proposed.

Because of the special nature of the services to be furnished no useful purpose would be served by publicly advertising for bids.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

ARNOLD ARBORETUM IMPROVEMENTS

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Mason and Frey, Landscape Architects, with offices at 243 Trapelo Road, Belmont, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements at the Arnold Arboretum at an estimated construction cost of \$25,000.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 10.675 percent of the estimated cost of construction and based upon one construction contract, involving one site, will be \$2,668.75.

The fee has been computed by averaging the fee percent set forth in the 1964 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation."

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently expenditures of \$2,100 for supplementary services by the designer, exceed in the aggregate the sum of \$4,768.75.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-41.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

PUBLIC FACILITIES DEPARTMENT

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in the *City Record* in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes from the Boston Society of Redemptorist Fathers. There is a further delegation of power from the commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The premises included in the lease is the entire third floor at the Mission Grammar School, 90 Smith Street, Roxbury, Mass., together with the use of toilet facilities located in the basement and the playground at specified times. The term of the lease shall be from July 1, 1974, through June 30, 1975. The purpose of the lease is to provide classroom space for the overflow of students at the Maurice Tobin School. The rent is to be paid at a rate of \$1,666.66 for eleven months and \$1,666.74 for the final month, not exceeding \$20,000. The lessor is to provide heat and utilities, cost of which is included in the monthly rental.

Since these facilities are both adequate and convenient, it is not believed by the writer that public advertising would be useful here.

Very truly yours,

ROBERT J. VEY,
Director.

ELECTRICAL ENGINEERING CONSULTATION

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Harold E. Proctor, Professional Engineer, of 26 Central Avenue, Danvers, Mass.

Under the terms of the contract Harold E. Proctor will provide electrical engineering consultation and services for City of Boston construction projects from July 1, 1974, to June 30, 1975, at a cost for such services not to exceed \$20,000, payable at rates to be stated in the proposed

contract, including (a) the amount of \$7,500 for supplementary services, and (b) the net cost up to a total of \$2,000 for directly related out-of-pocket expenses specifically authorized by and under the contract.

Having performed the same services under previous contracts with the city, Harold E. Proctor has a thorough knowledge of, and familiarity with, the work to be performed under the proposed contract. In view of the professional and technical nature of the work to be performed, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

ROBERT J. VEY,
Director.

LEASING PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Department of Health and Hospitals purposes. There is a further delegation of power from the commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The demised premises will consist of approximately 2,000 square feet of office space on the fourth floor of 31 State Street, Boston.

The term of the lease will be twelve months, beginning July 1, 1974, and ending June 30, 1975.

The monthly rental will be \$883.33, or a total of \$10,599.96 for the rental period.

The using agency will be the City of Boston Air Pollution Control Commission, which has been obliged to move from its present quarters in Quincy Market Building.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for use by the Mayor's Office of Cultural Affairs purposes. There is a further delegation of power from the commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The presently leased premises consist of approximately 6,500 square feet of garage

space, located at 411 Bowdoin Street, Dorchester, and this space is garaging space for various vehicles owned by the City of Boston and/or used by the Office of Cultural Affairs. Previously these vehicles have been stored in the open at Franklin Park, but because of increasing vandalism, plus the fact they often carry valuable sound equipment, this type of storage can no longer be continued.

The term of the lease will be from July 1, 1974, and terminate June 30, 1975. The lessor grants the city options to extend the term of this lease for two like, additional twelve-month terms.

The monthly rental for these premises will be \$677.80. Additionally, the city gives the lessor a standard tax escalation clause based on the 1973 taxes. The payment for the term, exclusive of any payment under the tax escalation clause (which cannot be computed at this time), would be \$8,133.60.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

There is a further delegation of power from the commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The demised premises for extension thereof are offices numbered 403 through 409, at 11 Beacon Street, Boston, Mass., consisting of approximately 1,828 square feet, used by the Superintendent of Schools. The term of the lease will be from July 1, 1974, through March 31, 1975. The rental for this term will be \$8,226, payable in monthly installments of \$914. Included is a standard tax escalator clause based on 1971 taxes with a ratio of 1.7 percent.

Since this office space is both adequate and convenient, it is not felt by the writer that public advertising would serve any useful purpose in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Youth Activi-

ties Commission purposes. There is a further delegation of power from the commission to the Director to execute such lease or extension thereof upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 1,500 square feet of office space at 70 Warren Street, Roxbury, Mass. The premises are used for field office purposes by the Youth Activities Commission. The term of the lease will begin July 1, 1974, and terminate June 30, 1975. The lease contains options to extend the term thereof for up to three additional twelve-month terms if city convenience so requires.

The rental for the term will be \$9,000, payable in twelve equal monthly installments of \$750. The lessor will supply all utilities and maintenance, the cost of which are included in the rental.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

GENERAL ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to New England Survey Service, Inc., a Massachusetts corporation, located at 35 William T. Morrissey Boulevard, Boston, Mass.

Under the terms of the contract New England Survey Service, Inc., will provide general engineering services (including surveys, topographic plans, utility plans, and boring layouts) to this department in

connection with various proposed construction projects during the period July 1, 1974, to June 30, 1975, both dates inclusive, not to exceed \$10,000, payable in accordance with the October 15, 1969, Minimum Fee Schedule for the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc.

In view of the fact that the services to be performed are of both a technical and professional nature, it is believed that public advertising for the same would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Walter J. Hickey Associates, Inc., Engineers, a Massachusetts corporation of 135 Wood Road, Braintree, Mass.

Under the terms of the contract Walter J. Hickey Associates, Inc., will furnish general engineering services (which will include engineering analyses) and surveying services in support of this department's construction management during the period July 1, 1974, to June 30, 1975, both dates inclusive, at a cost for such services not to exceed \$15,000, payable at rates to be stated in the proposed contract.

In view of the fact that the services to be furnished are of a professional and technical nature, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Sullivan Design Group, Inc., Architects, a Massachusetts corporation, of 369 Washington Street, Braintree, Mass.

Under the terms of the proposed contract Sullivan Design Group, Inc., will provide architectural and engineering services in the preparation of plans, specifications, and construction cost estimates (but not including supervision of construction) for alterations and repairs to selected portions of the basement, first floor mezzanine, and second floor to provide additional and improved facilities and space for the Boston Juvenile Court, Old Suffolk County Court House Building, Pemberton Square, Boston. The cost for these services, at 9.07 percent (A.I.A. "B" rate) of the presently estimated cost of construction of \$220,000, is not to exceed \$22,954 (including \$3,000 for supplementary services).

In view of the professional and technical nature of the services to be performed, it

is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT

COLLECTING AND REMOVING REFUSE

DEAR MR. MAYOR:

Your approval is respectfully requested to reject all bids for collecting and removing refuse, to dispense with further public advertising, and to award contracts to other than the low bidder in the six districts set forth below. In the five other districts, by separate letter, I am recommending awards of contracts to the low bidder.

The work to be done under these contracts is for the period July 1, 1974, to June 30, 1975, with options for a second- and third-year contract if the city so elects. Proposals were received on May 3, 1974, May 24, 1974, and May 29, 1974, after public advertising in the *City Record*, April 22, 1974, and May 13, 1974.

District 2, Jamaica Plain, contractor, Joseph Amara and Sons, Inc., Division of Waste Management of Mass., Inc., 200 Providence Street, Hyde Park, Mass., price per year, \$378,084.60.

In order to provide continuity of good service, I am recommending the award of a contract at the low bid price, in the Jamaica Plain district to Joseph Amara and Sons, Inc., Division of Waste Management, Inc. of Mass., the second bidder, who has performed the work in this district in a most satisfactory manner for many years.

District 3, Dorchester North, contractor, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, Mass., price per year, \$618,465.50.

In order to provide continuity of good service, I am recommending the award of a contract at the second bidder's price to SCA Disposal Services of New England, Inc., the third bidder, who has performed the work in this district in a most satisfactory manner for many years. The low bidder, Sanitas Waste Disposal of Mass., Inc., is being recommended for the award of a contract in the City Proper district, and it is not my intention to recommend their being awarded contracts in any other district. The second bidder, Joseph Amara and Sons, Inc., Division of Waste Management of Mass., is being recommended for the award of a contract in the Jamaica Plain district, and it is not my intention to recommend their being awarded a contract in any other district.

District 5, South Boston, contractor, SCA Disposal Services of New England, Inc., 140 Brookline Avenue, Boston, Mass., price per year, \$268,558.20.

The low bidder, Sanitas Waste Disposal of Mass., Inc., is being recommended for the award of a contract in the City Proper district, and it is not my intention to recommend their being awarded contracts in any other district. The second bidder,

Stanley Roketenetz, Inc., has requested permission to withdraw his bid as his bid price was in error. The third bidder, SCA Disposal Services of N. E., Inc., is recommended for the award of the contract at their bid price.

District 7, Dorchester South, contractor, United Contracting Company, Inc. of Boston, 1141 Dorchester Avenue, Dorchester, Mass., price per year, \$691,650.

The low bidder, Sanitas Waste Disposal of Mass., Inc., is being recommended for the award of a contract in the City Proper district, and it is not my intention to recommend their being awarded contracts in any other district. The second bidder, SCA Disposal Services of N. E., Inc., has been recommended for the award of contracts in four other districts, and it is not my intention to recommend the award of additional work to that firm. The third bidder, United Contracting Company, Inc. of Boston, has performed the work in this district for many years in a most satisfactory manner and has agreed to accept a contract at the second bidder's price.

District 9, East Boston, contractor, Browning-Ferris Industries, Inc. 100 Hallet Street, Dorchester, Mass., price per year, \$349,218.

The low bidder, F & R Service, Inc., is not being recommended for the award of a contract because of a union involvement that probably would result in a strike or work stoppage in all other districts of the city; also, we have received information questioning their performance under their contract for collecting garbage in a neighboring community. After considerable deliberation I am recommending the award of this contract to Browning-Ferris Industries, Inc., at the second bidder's price.

District 10, Roxbury, contractor, Browning-Ferris Industries, Inc. 100 Hallet Street, Dorchester, Mass., price per year, \$744,451.86.

The low bidder, Sanitas Waste Disposal of Mass., Inc., is being recommended for the award of the contract in the City Proper district, and it is not my intention to recommend their being awarded contracts in any other district. The second bidder, Browning-Ferris Industries, Inc., has performed the work in the Roxbury district in a most satisfactory manner for many years and has agreed to accept the contract at the low bidder's price.

Awarding the refuse contracts as recommended will result in a decrease in total costs of \$837,300 per year, for 1974-5, below the cost of the same service bid in 1971. This has resulted from more competitive bidding and a decrease in costs by the elimination of the separate garbage collection, which factors more than offset the increase in labor and operating costs over the past three years. In my opinion, awarding the contracts as recommended will result in maintenance of the high level of performance previously provided by this service and the encouragement of as much diversity and competition in the

business as possible. These recommendations are therefore in the best interest of the city.

Respectfully,

JOSEPH F. CASAZZA,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT

PARKMAN HOUSE

DEAR MAYOR WHITE:

Your permission is requested to award a contract without advertising to the Boston Foundation for the care, cleaning, security, operation, provisions, and expenses relating to the function of the Parkman House at 33 Beacon Street.

Given to the city in 1907 by the Parkman family, the Parkman House has recently undergone a major restoration, in anticipation of the bicentennial, and is now functioning both as a reception center and as a center for urban affairs. The restoration was carefully planned to accommodate a variety of uses for the building. The first two floors, which are used for receptions, dining, and conferences, combine modern functional furniture with some of the finest antiques on loan from the Museum of Fine Arts and private individuals. The bedrooms on the third floor will extend the hospitality of Boston to many of the distinguished guests of the city, and the fourth floor provides office space for the Parkman Center for Urban Affairs. One of the major objectives of the center is to assist the City of Boston and other metropolitan areas in improving their governmental structures and policies. To this end the center will sponsor intercity seminars where officials will meet to exchange experiences and ideas on specific city problems, undertake research studies, establish an intern program, and create policy task forces to improve relations with their state governments and the federal government, at a time when there is diminishing national concern with urban priorities.

I believe it will be more economical to have live-in help to insure good care of the house and provide continuous security rather than to hire a three-shift security force. In addition, live-in help is needed for the accommodation of distinguished overnight guests, a facility the city has had to pay for at hotels.

In view of the special nature of the building and its multipurpose use, I have determined that the Boston Foundation is the most suitable entity to perform the services described above, and that public advertising would not be useful in this instance.

The term of this contract will be from July 1, 1974, to June 30, 1975, and the total amount will not exceed \$31,412.

Very truly yours,

EDWARD J. KENNEDY,
Assistant Commissioner.

SAFE STREETS ADVISORY COMMITTEE

SECURITY PROGRAM

DEAR MR. MAYOR:

As Director of the Mayor's Safe Streets Act Advisory Committee, I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to the Allston-Brighton Area Planning Action Council, Inc., in an amount not to exceed \$60,000, for the period July 1, 1974, to June 30, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice and under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

Under the terms of this contract the Allston-Brighton Area Planning Action Council, Inc., will begin to conduct a community-based security program at the Commonwealth Housing Development in Allston. This program will focus on developing a more cohesive community within the development in order to encourage tenant participation in crime prevention efforts and cooperation with the local police. Separate components dealing with the specific security-related problems of the young, senior citizens, and minority residents will be included within the total problem.

The Allston-Brighton Area Planning Action Council, Inc., has provided diverse social action programming within this community for the last several years. They have established considerable credibility with the local residents and have developed a significant expertise in effective program implementation and operation. The Allston-Brighton A P A C operates a variety of social health and welfare programs in this community, many of which will be beneficial to the operation of this community security program at the Commonwealth Development.

In addition, the experience in sound fiscal management gained in operating these programs places the APAC in a singular position within the community in terms of assuring compliance with our fiscal control requirements.

Because of both the unique professional services and community support required to perform the function of this contract it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

LEASING OF OFFICE SPACE

DEAR MR. MAYOR:

I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to the Eighty Boylston Street Corporation for

the leasing of 5,158 square feet of office space for the period April 1, 1974, through March 31, 1975, at a cost not to exceed \$25,371.96. This will renew at the same cost a lease for the period April 1, 1973, through March 31, 1974.

This agency's sponsorship of Boston's many criminal justice programs is greatly aided by our ability to take advantage of the spacious quarters and adaptable floor plan of our current premises, as well as the office's proximity to transportation and to other agencies with which we work intensively. In view of the convenience and utility of the leased premises it is my opinion that public advertising would serve no useful purpose.

Very truly yours,

DONALD B. MANSON,
Executive Director.

TEEN CENTERS

DEAR MR. MAYOR:

On June 25, 1974, you approved a contract between the City of Boston and the Boston Teen Center Alliance, Inc., 73 Hemenway Street, Boston Mass., in an amount not to exceed \$135,000, for the period April 1, 1974, through December 31, 1974.

The purpose of the contract was to allow the Boston Teen Center Alliance to continue to provide financial and program support to approximately twenty-four teen centers across the city. Specifically, this support comes in the form of equipment grants, staff training, special programs, technical assistance, etc., to the teen centers.

The Mayor's Safe Streets Act Advisory Committee now has the opportunity to increase the amount of the contract by \$13,000, which would permit the Boston Teen Center Alliance to provide financial and program assistance to eight additional teen centers.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644) and the Crime Control Act of 1973 (P. L. 93-83).

Because Boston Teen Center Alliance, Inc., was created over two years ago for the express purpose of serving teen centers, and because no other agency exists within the City of Boston holding their unique qualifications, it is believed that public advertising would serve no useful purpose. Thus, I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to the Boston Teen Center Alliance, Inc.

Respectfully,

DONALD B. MANSON,
Executive Director.

TENANT SUPERVISOR

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee, I respectfully re-

quest your Honor's written permission to dispense with public advertising in the award of a contract to the Boston Housing Authority, Congress Street, Boston, Mass., in an amount not to exceed ten thousand and fifty dollars (\$10,050), for the period July 1, 1974, to June 30, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Boston Housing Authority to hire a tenant supervisor for the voluntary resident program being developed at each of four housing projects in Boston (Columbia Point, Mission Hill, Mission Hill Extension, and Commonwealth).

The Boston Housing Authority, in conjunction with MSSAAC, has begun a concentrated effort to improve the safety of the tenants' lives at four selected developments. The Authority, through its Central Security office, has begun the implementation of a resident patrol at these developments as an integral part of this effort.

Because of the unique services required to perform the function of the contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

BUILDING CONSTRUCTION

DEAR MR. MAYOR:

As Director of the Mayor's Safe Streets Act Advisory Committee, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Ecumenical Center, Inc., 75 Crawford Street, Roxbury, Mass. 02121, in an amount not to exceed seventeen thousand dollars (\$17,000), for the period February 1, 1974, to June 30, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to provide Ecumenical Center, Inc. with funds to do construction on a building located at 87-89 Maple Street, in Roxbury. On completion of the construction the building will house a criminal justice program geared toward preventing juvenile delinquency.

Ecumenical Center, Inc. is a nonprofit social agency that has been working towards developing various community programs to assist residents of the Roxbury area. Through their experience with other grants for renovation and construction from both public and private agen-

cies, they have acquired sufficient expertise to handle the supervision and management of this construction project.

Because of the unique services required to perform the function of this contract and the above-mentioned expertise of Ecumenical Center, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD MANSON,
Executive Director.

SCHOOL DEPARTMENT TESTING, SCORING SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to CTB/McGraw-Hill, for Title I testing and scoring services, during the period May - June, 1974, at a cost not to exceed \$3,500.

The contractor shall supply standardized testing materials and scoring services to the department of Title I programs, Office of Research and Evaluation, for mandated posttesting in language and mathematics of students in the federally funded Title I programs. Contract is to be charged to the Title I, ESEA, No. 74-035-050.

This publisher has been selected, since the testing conducted by the Title I office must be the same, for measurement purposes, as the pretest administered in October, 1973. The pretests are the *California Achievement Tests (CAT 70)*, distributed and machine-scored by the publishing company cited. Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary to the School Committee.

SCHOOL DEPARTMENT CONSULTANT SERVICES

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Joseph F. Colligan, M.D., for psychiatric consultation to pupils and faculty of the Boston public schools during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$15,360.

The contractor shall provide psychiatric consultation and direct services in three main categories — evaluation, crisis treatment in emergency services, teacher and support staff training.

Because of the professional nature of the services to be provided under this contract and the expertise of Dr. Colligan, who is a board eligible child psychiatrist and who is thoroughly knowledgeable of the program resources of the Boston public schools and of the mental health agencies of the city in providing such services, it is

the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary to the School Committee.

LEASING OF PREMISES

DEAR MAYOR WHITE:

I request your approval of my action in leasing, without advertising, certain premises deemed necessary and convenient by the Department of Adult Educational and Recreational Activities of the School Department.

The premises to be leased consists of rooms to be used for adult educational instructional purposes and lavatory facilities on the third floor at 89 Franklin Street, Boston, Mass., owned by A. W. Perry, Inc.

The term of the lease will be for one year on a month-to-month basis from July 1, 1974, to and including June 30, 1975, with options to extend.

The rental is \$2,784.38 per month. Funding is provided under the Adult Education Act, P.L. 91-230.

The original location at 65 Franklin St., Boston, for this program was destroyed by fire earlier this year. It therefore became necessary to acquire a new location within close proximity in the downtown section in order to continue the service for people in this program. The location at 89 Franklin Street serves this purpose. I feel that public advertising in this instance would serve no useful purpose.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

SOCIAL SERVICES FOR YOUTH

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to Federated Dorchester Neighborhood Houses, Inc., 22 Bowdoin Street, Dorchester, for the period July 1, 1974, through June 30, 1975, to undertake an analysis of services available to youth in Boston on behalf of the Boston Youth Advocacy Board.

This contract would analyze services available to all Boston youth and especially those adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$20,000 and will be made available from a grant from the Department of Youth Services subject to the receiving of these funds.

In view of the special ability and unique experience of Federated Dorchester Neighborhood Houses, Inc. in the past in providing social services for youth, it is my view that public advertising would serve no useful purpose.

Sincerely,
PAUL McCaffrey,
Executive Director.

COPY SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to the Xerox Corporation during the period from July 1, 1974, through June 30, 1975.

This contract will provide for extensive copy services to meet the combined needs of the Youth Activities Commission and the Treatment Alternatives to Street Crime-Juvenile grant.

Payments under this contract will not exceed the sum of \$9,000, and will be made from the Treatment Alternatives to Street Crime-Juvenile funds, upon receipt of those federal funds.

In view of the special experience of Xerox and their ability to provide us with a copy machine that would best suit our needs, it is my view that public advertising would serve no useful purpose.

Respectfully,
PAUL V. McCaffrey,
Executive Director.

SUFFOLK COUNTY Superior Criminal Court COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request that your written authority be granted to dispense with advertising in the *City Record* for the purpose of inviting proposals for leasing of copying equipment and to award the Xerox Corporation a contract for the rental of a Xerox copying machine for the period beginning July 1, 1974, to and including June 30, 1975, at a cost not to exceed \$14,000, which amount, I believe, is fair and reasonable.

Further, in view of the type and quality of the machine and the service to be provided, it is my opinion that public advertising would serve no useful purpose.

Respectfully yours,
EDWARD V. KEATING.

Probate Court

RENTAL OF COPIER

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Xerox Corporation for the rental of a "720" Copier for the Probate Court office for the period July 1, 1974, through June 30, 1975, at the base cost of \$150 per month under state pricing Plan C. The total cost shall not exceed \$3,000.

In view of the nature of the service to be engaged it is my view that public advertising would serve no useful purpose.

Thank you for your kind consideration.

Very truly yours,
JAMES W. HENNIGAN, JR.,
Register.

Boston Juvenile Court LEGAL SERVICES

DEAR MAYOR WHITE:

I respectfully request permission to suspend the bidding law and that I be

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

allowed to enter into a contract for legal services with the Boston Legal Aid Society for the period July 1, 1974, through June 30, 1975, in the sum of \$25,000, to provide legal services to children before the Boston Juvenile Court under the new Children in Need of Services Law which requires the appointment of counsel in these cases.

The Massachusetts Defenders Committee that services the Boston Juvenile Court in delinquency matters has declined to accept appointments in these cases because of the civil nature of the proceedings. This was voted on by the Board of Directors at their April, 1974, meeting.

If such a contract is not entered into, the court would be required to appoint counsel under its rules and make payment at an hourly rate. Based on present figures, the court will handle approximately 350 to 400 Children in Need of Services cases, and the estimated cost of appointed counsel would be in excess of \$50,000.

May I hear from you concerning this matter.

Sincerely yours,

FRANCIS G. POITRAST,
Presiding Justice.

District Attorney's Office

XEROX EQUIPMENT

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with public advertising in the award of a contract to the Xerox Corporation for the rental, supply, and maintenance of their equipment in this office for the period of July 1, 1974, to June 30, 1975, at a cost not to exceed \$9,500.

Because of the need, the quality of the machines, and service to be provided, and the reasonableness of cost, it is respectfully represented that no useful or practical purpose would be served through public advertising.

Very truly yours,

GARRETT H. BYRNE,
District Attorney

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR FURNISHING AND PLANTING TREES IN THE CITY OF BOSTON, CONTRACT 1974-1.

The City of Boston, acting by the Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for furnishing and planting trees in the City of Boston, Contract 1974-1.

Proposals will be received until 2 P.M. (Eastern Daylight Saving Time), Wednesday, October 2, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$5,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule

may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner on and after 9 A.M. (Eastern Daylight Saving Time), Monday, September 23, 1974, upon the deposit of a certified check, payable to the City of Boston, for \$50 per set of plans and specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and all legal holidays excluded).

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Proposals will be received until 2 P.M. (Eastern Daylight Saving Time), Thursday, October 3, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$5,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M. (Eastern Daylight Saving Time), Monday, September 23, 1974, upon the deposit of a certified check, payable to the City of Boston, for \$50 per set of plans and specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and all legal holidays excluded).

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON,

POST-DOI-7-74-015

BUREAU OF OUTDOOR RECREATION, DEPARTMENT OF INTERIOR, MASSACHUSETTS DEPARTMENT OF NATURAL RESOURCES, LAND AND CONSERVATION FUND, FOR THE CONSTRUCTION OF IMPROVEMENTS AT THE PERIMETER FENCE AT THE PUBLIC GARDEN.

The City of Boston, acting by the Commissioner of Parks and Recreation, herein-after referred to as the Commissioner, invites sealed bids for the construction of improvements at the perimeter fence at the Public Garden.

Bids will be received at the office of the Commissioner, Room 802, City Hall, One City Hall Square, Boston, Mass., until 2 P.M. (Eastern Daylight Saving Time), Tuesday, October 15, 1974, and then at said office publicly opened and read aloud.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 802, New City Hall, on October 8, 1974, at 10 A.M. (Eastern Daylight Saving Time).

The Information for Bidders, Form of Bid, Form of Contract, Specifications, and Forms of Bid Bond, Performance and Payment Bond, and other contract documents may be examined at the following:

At the office of the Commissioner.

F. W. Dodge Plan Room.

Copies may be obtained at the office of the Commissioner located at Room 802, City Hall, One City Hall Square, Boston, Mass., upon payment of \$50 for each set, between the hours of 9 A.M. and 5 P.M. (Eastern Daylight Saving Time), daily, except Saturday and Sunday, after 9 A.M., Monday, September 23, 1974.

Upon returning such set promptly and in good condition this deposit will be refunded.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Room 802, City Hall, One City Hall Square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and plainly marked with the name of the bidder, the bidder's address, and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of the proposals.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$23,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

A performance bond and also a labor and materials or payment bond, each of a surety company named in the United States Treasury Department Circular 570 and satisfactory to the Commissioner and each in the sum of 100

percent of the contract price, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities or to reject any or all bids, if it be in the public interest so to do.

Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

No bidder may withdraw his bid within thirty days after the actual date of receipt of approval of the federal government of the proposed award of the contract.

CITY OF BOSTON.

ANTHONY E. FORGIONE,
Commissioner of Parks and Recreation.

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 1 in the Campus High School Urban Renewal Area, R-129, located in the Roxbury district, City of Boston, Mass., until twelve o'clock noon (Eastern Daylight Saving Time), on October 4, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of street grading, the installation of sewerage, drainage, and water in Raynor Circle, Kerr Place, and Dewitt Drive, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 920, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash, a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the Boston Redevelopment Authority in an amount equal to 5 percent of each proposal for Site Preparation Contract No. 1.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

NO. 39

Boston Schools Integrated With Minimal Incidents

Following is the statement of Mayor Kevin H. White:

Since the federal court order was issued the predictions for the prospect of implementation was uniformly pessimistic, with pronouncements of confusion — even widespread violence.

These prophecies never came to pass in this city. The overwhelming majority of schools in Boston were integrated without any incident, much to the credit of those courageous parents who sent their children to school; of the children themselves, who were the real heroes; of the school administration; and of the police, whose performance was exceptional. The city has a right to be proud of itself and its people.

The only exception to this justifiable and earned commendation occurred in just one (isolated) section of the city.

Even there, for the majority at South Boston High School, though the atmosphere was understandably tense, the police controlled the situation, and the students — white and black — in the schools conducted themselves well.

After school an incident occurred and events erupted, triggered by a small but vocal group.

This group was not representative of the best in South Boston, and their conduct damaged the image of South Boston and this city, but nothing jeopardized the safety of the children being transported.

I don't intend to let it happen again. As isolated as this incident was, it is more than we the people of this city will tolerate.

I have promised the safety of all the children of this city. We kept that promise in 99 percent of the cases, but I promised 100 percent, not 99 percent, and that promise I intend to keep.

I appeal to the leadership in South Boston to act responsibly and to pull the community together. I have served notice that for as long as

is necessary, the troublemakers in South Boston will be isolated, will be dealt with severely, and will not be allowed to continue disruption or acts of violence in any manner.

Henceforth the following actions will be taken:

1. The streets are going to be clear in South Boston. No one will be allowed to disrupt students, buses, or traffic.

2. Any person, or group of persons, in the area of any school must have proper identification.

3. No crowd, or group of three or more people, will be allowed to congregate within the immediate vicinity of any public school. If groups form near schools they will be asked to disperse and move on. And if they refuse they will be immediately arrested.

4. All school buses will be escorted into and out of South Boston by the police.

Finally, let me reiterate that the first day of school went smoothly in Boston except for a limited area. We will continue to provide adequate police protection in all areas,

and we will provide additional police protection in those limited areas where disruption occurred to avoid any further violence.

BRaille MAP DEVELOPED BY MBTA

A new color-coded tactile map, printed in Braille, has been developed by the Massachusetts Bay Transportation Authority to assist its blind patrons in traveling the subway lines. The map, utilizing standard Braille letters, also employs an innovative raised line which completely outlines the subway system, thus making it an easy task for any visually impaired individual to discover his destination very quickly.

The tactile map is the first such map developed by a transit company in the United States for the exclusive use of blind individuals in utilizing a rapid transit system.

General Manager Joseph C. Kelly stated: "This new technological breakthrough is but one more example of the MBTA's continuing program of assistance to handicapped individuals. In the future we anticipate great additions to this project, such as more escalators in key stations and buses with ramps to assist ambulatory passengers, as well as any other improvements that can be made to our existing facility."

Copies of the map are available by contacting the National Braille Press, 88 St. Stephen Street, Boston.

NEW SUBWAY TRAIN COMPLETES BOSTON TOUR

On Saturday, September 14, 1974, over 150 enthusiastic railroad buffs rode the most modern subway train in the world, as the so-called State-of-the-Art Cars (SOAC) completed a four-week demonstration tour in Boston. All proceeds from the rail buff tour, as well as an earlier special operation, were donated to the Jimmy Fund, a popular Boston charity dedicated to the fight against cancer in children.

The SOAC program is a federally funded effort by the Urban Mass Transportation Administration of the United States Department of Transportation to develop the very best in transit technology for the years ahead. The Boeing Vertol Company of Philadelphia is systems manager of the project. The two-car train design incorporates innovations in propulsion systems, as well as passenger safety and comfort. Before its highly successful four-week Boston tour SOAC operated for a month in New York City. Next on the circuit is a month in Cleveland, and then on to Chicago and Philadelphia.

In Boston SOAC ran on the Red Line of the Massachusetts Bay Transportation Authority and carried over 125,000 people in revenue service. The MBTA also operates the very oldest subway in North America, making SOAC's Boston visit one of interesting transit contrasts.

SOAC operation in Boston was virtually flawless. When operating on the MBTA's new South Shore Line the train was permitted to travel at a swift seventy miles per hour. All the while it was being silently monitored by the line's automatic signal system. MBTA officials have pointed out that operating SOAC on the system has permitted them to test out certain features of their various control procedures in ways that are not possible with the line's regular trains, an unexpected benefit of the program.

The SOAC train will now be prepared for its trip to Cleveland and still more testing. But in a very few months the MBTA will

start to reap the benefits of the SOAC program. When new trolley cars for the Green Line are delivered next year they will be equipped with the same kind of advanced control system which SOAC pioneered. In addition, the interior appointments of the new Green Line cars will be modeled after SOAC designs. Boeing Vertol is also building these new vehicles.

ADULT VOLUNTEERS NEEDED

Boston's Museum of Science announces it is holding interviews until October 4 for prospective adult volunteers interested in fall and winter commitments.

Some men and women are needed to act as visitor guides within selected areas of the museum. Rather than being tour leaders, the guides provide information, helping visitors to obtain the greatest possible appreciation of exhibits.

To qualify, volunteers should have a background in science, whether pursued as a hobby or through formal education, and in dealing with the public or in teaching.

Other volunteers are needed for Project Eye-Opener, which gives first- and second-grade inner-city children a free tour of the museum. Each volunteer takes a group of from two to four children through the exhibit halls and to a playroom

where they get acquainted with live animals. The friendly individual attention the children receive is an important part of the experience. This program, run on Monday mornings, offers a volunteer-manned nursery for little children accompanying their mother-volunteers.

People of varied backgrounds with an interest in broadening children's horizons are invited to apply.

The third assignment for volunteers is in the museum's gift shop, where science crafts and hobby materials are sold, as well as gift items from around the world. Volunteers assist the staff in sales and other duties of a retail operation, with the gains going toward the support of the museum.

A liking for visitors of all ages is a primary requirement.

In addition, the museum frequently has assignments for volunteers with specialized talents.

To make an appointment for an interview, call the volunteer office (Service League) at 723-2500.

INTEREST RATE HIKED

The United States Department of Housing and Urban Development has announced that effective September 12, 1974, the maximum allowable interest rate for mobile home loans to be insured by the Federal Housing Administration will be set at 12 percent for applications dated on or after that date. The old rate was 11.25 percent.

"We continually monitor the money markets and whenever appropriate adjust the FHA rate to keep it tuned to the market interest rate," said HUD Secretary James T. Lynn. "By doing this, investment funds are attracted for Title I mobile home loans, thereby providing funds to persons seeking to purchase this type of housing."

In May of this year the mobile home maximum interest rate had been set at 11.25 percent under a 1973 statute authorizing the HUD secretary to make the rate current with the conventional money market.

"INTEGRATION, 1855" EXHIBIT

School integration first occurred in Boston in 1855. The events leading to the passage of the first "racial imbalance" bill by the Massachusetts Legislature in 1855 will be the subject of an exhibit entitled "Integration, 1855." The exhibit will be shown at the Roxbury Center of the Museum of Afro American History, 90 Warren Street, Roxbury, and will run through October 25. The hours are: Monday, Tuesday, Thursday, and Friday, 10:30 A.M. to 4:30 P.M.; Wednesday, 2:30 to 3:30 P.M.; closed Saturday and Sunday.

The exhibit is a chronicle of the struggle to provide quality education for Afro American children in Boston from 1787 to 1860. Through original documents, parents and political activists of the nineteenth century will "speak" on the issues of separate or integrated schools and the definition of quality and equality. Desks, crowquill pens, stylices, slates, and photographs and paintings of early school buildings will give some idea of how going to school looked to the children of the period.

From 1808 to 1834 the largest school for black children was housed in the basement of the African Meeting House on Beacon Hill. It then moved to a new schoolhouse, the Smith School, constructed next door. Both these buildings still stand. The African Meeting House

is the oldest extant black church building in the United States. It is owned by the Museum of Afro American History, which is raising funds for its restoration. The Smith School is owned by the City of Boston.

A SIGHT TO SEE

An exhibit on the John Hancock tower opened on September 18 at Boston's Museum of Science.

As an educational exhibit of contemporary technology in city planning, the display contains a model of the tower and its surrounding buildings, a continuous slide show, explanatory labels, and graphics. The exhibit is dominated by a plate of the new tempered glass that is being installed in the tower to replace the original thermopane units.

Revolving slowly on a turntable, the new glass, a reflective type, is about 4½-feet wide by 11½-feet high, and ½-inch thick. Because the exhibit stands in the lower museum lobby where windows look out on the Boston skyline, visitors will be able to gaze through the plate of glass at the real Hancock tower beyond.

The slide show presents details about the glass, and depicts tests it was given and installation procedures used. Some of the exterior installation involves the use of a roof hoist and an octopus machine—a vacuum pump mounted on wheels with four large suction cups attached to a leverlike rotating arm. When the glass is firmly attached to the cups, the machine can remove the glass or set it in position.

The opening of the exhibit coincided with the observance of John Hancock Family Night at the museum. Some 3,000 Hancock employees and their families attended the free evening of demonstrations, science shows, and a planetarium program. The event is one of the privileges of the company's business membership in the museum.

The exhibit will remain through June, 1975.

MUNICIPAL CLERKS' DINNER DANCE

The Annual Dinner Dance of the Municipal Clerks' Association will be held at Moseley's on the Charles, 50 Bridge Street, Dedham, on Tuesday evening, October 15, 1974, at 7 P.M.

As on previous occasions the affair is being held for the members, each of whom may bring a guest. The dinner, which will consist of delicious tenderloin of beef and chicken, will be served with all the fixings promptly at 7:00 P.M. A special program of talent has been hired exclusively for this event. There will also be dancing and refreshments.

Tickets will be issued to members individually, or for a member and female guest. The burden of the cost, including tips for the meals, will be borne by the Association, with the assessment of tickets set at \$5 for a member, or \$10 for a member and female guest. Because arrangements must be made in advance no tickets can be sold at Moseley's. Tickets will be sold to members (and members only) up to and including Friday, October 11, 1974.

In the light of the successes of previous years the committee anticipates another enjoyable evening for the members and their wives or sweethearts.

For further information contact William J. Coughlin at the Auditing Department, Room M-4, or John T. Gorman, Room 709, City Hall.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

EXECUPORT TERMINALS

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to the Computer Transceiver Systems, for the rental and maintenance of Execuport Terminals necessary for interactive problem solving, program development and testing, for the period beginning July 1, 1974, and ending June 30, 1975.

The total cost will not exceed five thousand, five hundred twenty dollars (\$5,520).

Machine Listing: Quantity, 2; Product No., 1200; Description, Execuport Terminals; Monthly rental, each, \$230.

The rental of this equipment is necessary to perform efficiently the operations of the Data Processing Unit of this department and without publicly advertising would serve the best interests of the city.

Respectfully yours,
EDWARD T. SULLIVAN,
Director.

CONSULTING SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals therefor in the *City Record*, and to award a contract to Allan W. Drachman, of 115 Mayo Road, Wellesley, Mass., for labor relations consulting services, for the period July 1, 1974, through June 30, 1975.

Mr. Drachman, as a former assistant corporation counsel specializing in labor matters has the necessary experience and expertise to assist the city in its conduct of labor relations matters and has, since January 1, 1970, provided satisfactory service and is presently serving under a contract which terminates June 30, 1974.

The city will pay Mr. Drachman an annual retainer of \$14,040 in twelve equal monthly payments of \$1,170 for up to 312 hours of work. Any work in excess of 312 hours, which excess in any case shall not exceed 100 hours, shall be paid at the rate of fifty dollars (\$50) per hour.

The total cost of the annual retainer for up to 312 hours of work for the period July 1, 1974, through June 30, 1975, will not exceed \$14,040.

The total cost of labor relations consulting services for hours of work in excess of 312 for the period July 1, 1974, through June 30, 1975, will be subject to the availability of appropriated funds.

In view of the professional nature of the services to be performed hereunder, it is my opinion that public advertising for proposals could serve no useful purpose.

Very truly yours,
EDWARD T. SULLIVAN,
Director.

Purchasing Division

RADIOGRAPHIC AND FLUOROSCOPIC SYSTEMS

DEAR MR. MAYOR:

For the past five years the Boston City Hospital has been leasing two (2) radiographic and fluoroscopic systems for use in Pediatrics X-ray. The five-year lease period will expire June 30, 1974. It is the intent of the Boston City Hospital to now purchase the machines presently on lease.

If the two machines were purchased now, it is estimated that the cost would be approximately \$275,000. General Electric Company, Medical Systems Division, has offered to sell the present equipment to the City of Boston, at a total cost of \$43,054.81.

This office is in receipt of a requisition from the City Hospital for the two machines and also formal quotations from the company.

Since General Electric Company, Medical Systems Division is the only manufacturer of this particular equipment, and as the equipment is presently

in place and is being used with excellent results, and the potential savings to the city is estimated at over \$230,000, it is my opinion that no useful purpose would be served by publicly advertising for bids.

It is therefore requested that permission be granted me to dispense with publicly advertising for bids, and award a contract, without public advertisement, to General Electric Company, Medical Systems Division for two (2) radiographic and fluoroscopic systems with all accessories as listed in the proposed contract.

The amount of the contract is not to exceed \$43,054.81, net.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

ELECTRIC TYPEWRITER

DEAR MR. MAYOR:

On October 19, 1973, the Boston City Council entered into a rental agreement with International Business Machines Corporation for rental of one (1) IBM Magnetic Card "Selectric" Typewriter, at a monthly rate of \$190. The agreement includes an option to purchase the machine at any time during the rental agreement period and be credited with 50 percent of the amount expended for rental up to the time of the purchase.

It has now been determined that, at this time, it would be in the best interests of the City Council and the City of Boston to exercise the option to purchase the equipment now on rental.

Since this equipment will be purchased directly from the manufacturer (no other company manufactures this unique type of equipment), and the city will receive a credit for monies already expended for rental, it is my opinion that no useful purpose would be served by public advertisement.

Permission is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to International Business Machines Corporation for the above mentioned equipment.

The amount of the contract is not to exceed \$7,261.60, net. This price reflects a credit of \$47.23 transportation charge and \$706.17 which is a credit of 50 percent of the amount paid under the present rental agreement.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

MAILING ROOM EQUIPMENT

DEAR MR. MAYOR:

This division is in receipt of a requisition from the Public Facilities Department for furnishing mail room and mailing equipment to the new School Committee building.

After extensive inspections and evaluations of equipment by the planning force and Leo Burke, Business Manager of the School Department, it has been determined that the equipment package offered by Pitney Bowes is best suited for the School Committee's needs and will

fit in with their present equipment which is located in many areas.

The equipment will consist of various items of modular mail furniture, modular mailing satellite systems, and mail processing equipment which will be outlined in detail in the proposed contract.

In view of the above-mentioned reasons, and the fact that Pitney Bowes is the only manufacturer of this particular equipment, it is requested that permission be granted to dispense with advertising and award a contract to Pitney Bowes, in an amount not to exceed \$16,126, less 2 percent net, twenty days. This is the state government price and includes complete installation and employee training.

It is my opinion that by awarding a contract in this manner the best interests of the city will be served.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

MEDICAL SUPPLIES

DEAR MR. MAYOR:

Invitation to bid on proposals for furnishing parental solutions, administration sets, blood packs and intracaths, Proposal 125, to the various city departments, from July 1, 1974, to June 30, 1975, inclusive, was advertised in the *City Record*. Subsequently, bids received were publicly opened and read in this office on June 14, 1974.

Authority is requested to award contracts for the remaining items to the lowest responsible and eligible bidders, by item. The proposed vendors and approximate amounts of contracts will be:

Travenol Laboratories, Inc., \$372,601.27, less 1/10, net/30; Bard Hospital Division C. R. Bard, Inc., \$43,688, less 2 percent, time of payment; Fenwal Laboratories, Division of Travenol Laboratories, \$11,100, less 1/10, net/30.

McGaw Laboratories submitted the only acceptable bid on Item No. 8 and the only bid on Item No. 9. However, both copies of their bid were received late in this office and in the Auditor's office. Since these were the only bids received, authority is requested to dispense with further advertising and award a contract, without public advertisement to McGaw Laboratories, at the prices submitted on their bid. The amount of the contract is not to exceed \$27,072, net.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

BOSTON 200

EXHIBIT DESIGN SERVICES

DEAR MAYOR WHITE:

This letter is to request your written authority to dispense with public advertising, and enter into a written agreement with the Boston Architectural Center, 320 Newbury Street, Boston, to provide specialized exhibit design services for the office of the Boston Bicentennial. The total cost of these services will not exceed \$42,435. This total includes faculty fees, provision of studio and office space, materials, and student fellowships. The

funds for this contract are city funds as administered by the Boston 200 Corporation. All work under this agreement will be completed between July 1, 1974, and March 1, 1975.

The Boston Architectural Center will be responsible for developing and administering a "Boston 200 Neighborhood Exhibition Studio" for the specific purpose of designing and producing neighborhood exhibits and historical booklets for the Bicentennial celebration. The course description for this studio is attached. This agreement will allow Boston 200 to achieve substantial savings in the execution of this project; individual designers will not have to be hired for each neighborhood. In addition, we will be able to encourage the Boston Architectural Center as a valuable Boston resource center.

In view of the special nature of the services to be rendered and the unique abilities of the Boston Architectural Center, it is my opinion that public advertising would serve no useful purpose.

Respectfully,

KATHARINE D. KANE,
President.

COORDINATING COUNCIL ON DRUG ABUSE

XEROX COPIER

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with writing proposals of advertisement in the Boston *City Record*, and award to the Xerox Corporation a contract for the usage of a Xerox copier, during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$9,000, which I believe is fair and reasonable.

In view of the high quality, versatility, and fine reputation of the machine to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely yours,

PAUL E. ROBINSON,
Executive Secretary.

HEALTH AND HOSPITALS DEPARTMENT MEDICAL SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 14, 1974, it was voted and approved to renew, without advertising, the city's contract with the South End Pediatric Health Center, Inc., under which said corporation provides medical services primarily for the residents of the South End community through the operation of a private, non-profit medical care clinic.

Inasmuch as operating this clinic provides a service of a personal and professional nature, and because of the experience and expertise of the personnel of this center, it is clear that no benefit would enure to the city by publicly advertising for bids.

I therefore respectfully request your Honor's approval to dispense with public advertising and to renew this contract for the period July 1, 1974, through June 30,

1975, in an amount not to exceed fifty-three thousand five hundred dollars (\$53,500), under the terms stated above.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

X-RAY EQUIPMENT

DEAR SIR:

At a meeting of the Board of Health and Hospitals, held on June 11, 1974, it was voted to renew the city's contract with Picker X-Ray Corporation of Canton, Massachusetts, for the rental of previously installed X-ray equipment, consisting of five (5) motorized viewers and one (1) automatic film changer for use in the Radiology Division of Boston City Hospital, for the period July 1, 1974, through June 30, 1975, at a total cost not to exceed nine thousand three hundred and ninety-nine dollars (\$9,391).

In August, 1969, this contract was awarded to Picker as the result of their being low bidder. Because at that time we were restricted by law from contracting for more than one year, the Board of Health and Hospitals voted to renew this contract from year to year, thereby availing ourselves to a fixed price under a five-year plan provided as an option under Picker's original bid. This is the last year of said plan, and clearly we will this year desire the greatest saving. Therefore, inasmuch as no benefit will be derived from publicly advertising for bids, your permission is respectfully requested to renew this contract, without advertising, under the terms stated above.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

SPEECH, HEARING SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals, held on May 14, 1974, it was voted to renew, without advertising, the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc., a nonprofit charitable corporation of Boston, Massachusetts, under which said corporation has provided speech, hearing, and language services at the three Family Life Centers in the Model City neighborhoods of the City of Boston. The current contract for this service shall terminate on June 30, 1974, and it is proposed that it be renewed for the period commencing July 1, 1974, and ending on June 30, 1975, at a cost not to exceed forty-one thousand dollars (\$41,000).

Prior to September 1, 1972, these services were funded by the federal government through the City of Boston Model City Administration. However, because of a cutback in federal funds for these programs, the Model City Administration was forced to withdraw a portion of its financial support for these services. Consequently, because the uninterrupted continuation of speech, hearing, and language services in the Family Life Centers is considered vital, this department has

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

provided the funds to maintain these programs, through June 30, 1975.

Through voting to renew this contract, the Board of Health and Hospitals expressed its desire to continue to support these vital programs and to assure their availability to the people of this city through June 30, 1975.

Inasmuch as this is a contract for services of a personal and professional nature, and inasmuch as the said corporation, Trustees of Health and Hospitals of the City of Boston, Inc., is specially suited to provide these services to this department, your permission is respectfully requested to dispense with public advertising, and to approve the awarding of this contract under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

OTORHINOLARYNGOLOGIST

DEAR SIR:

In accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of August 23, 1972, I hereby authorize, on behalf of the Board of Health and Hospitals, the awarding of a contract to the Tufts University School of Medicine for the services of a staff otorhinolaryngologist, for the Department of Otorhinolaryngology, Boston City Hospital, for the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$16,000.

Under the terms of this contract, the aforesaid physician will serve under the Board of Health and Hospitals, but without direct compensation from the City of Boston. The assignment of the physician to the position named herein will be made by the University with my approval. The physician will be compensated directly by the University.

The decision of this department to enter into this type of a contractual arrangement was made after consideration of several factors; the most significant being to make it possible for this physician to take advantage of certain fringe benefits which would not otherwise be available to him if he were paid in the Teachers Insurance Annuity Association, a nationwide benefit plan offering extremely generous benefits to its members who must be associated directly with and compensated directly by a university, college, or medical school. Benefits accruing through membership in this association can be transferred if and when academic affiliation might be changed. However, this would not be possible if this physician were compensated directly by the City of Boston and were a member of the State-Boston Retirement System.

Because of the special fitness of the physician for the service he is to perform, and because the cost to the city is reasonable, your approval is respectfully requested to award this contract, without advertising, to Tufts University School

of Medicine under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HEALTH CARE SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston, held on May 14, 1974, it was voted and approved to renew the city's contract with North End Community Health Committee, Inc., a Massachusetts nonprofit corporation, with offices at 332 Hanover Street, Boston, and thereby to make a grant to the North End Health Center, 332 Hanover Street, Boston, during the period commencing July 1, 1974, and ending June 30, 1975, under the City of Boston Matching Grants program. The amount of this grant/contract shall be twenty thousand dollars (\$20,000), and its purpose is to financially assist the health center in providing community health care services within its district of the city under the said City of Boston Matching Grants program.

Grantee Corporation: North End Community Health Committee, Inc.

Community Health Center: North End Health Center.

Amount of Grant: \$20,000.

It is also the purpose of this grant to enable hospitals to carry out the responsibility placed upon them by the City of Boston Primary Care Districting plan.

Under the said Matching Grants program the city's contribution of twenty thousand dollars (\$20,000), will be matched by a sum contributed by a voluntary hospital in or near this particular neighborhood.

Inasmuch as this contract is of a personal and professional nature, and inasmuch as the said corporation is specially suited to provide this health care service by its experience and expertise, your permission is respectfully requested to award this contract, without advertising, under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

DEAR SIR:

FRANCIS E. GUINEY,
Executive Director.

INTOXICATION UNIT

DEAR SIR:

At a meeting of the Board of Health and Hospitals, held on May 24, 1974, it was voted to renew, without advertising, the city's contract with the Pine Street, Inc., formerly Association of Urban Priests, Inc., Boston, Massachusetts, to provide partial salary for one full-time counselor for the Intoxication Unit, located at the Pine Street Inn, 8 Pine Street, Boston, Massachusetts, for the period July 1, 1974, through June 30, 1975, at a cost not to exceed five thousand dollars (\$5,000).

The counselor to be provided by the Pine Street Inn, Inc. is particularly qualified both in experience and training and the Pine Street Inn, as an institution, is the only one of its kind in this area of the city providing these services. Further, inasmuch as the service to be provided hereunder is of a personal nature, and since the cost to the city is reasonable, your Honor's permission is respectfully requested to dispense with public advertising and to award/renew this contract with Pine Street Inn, Inc., under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 148, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

PUBLIC WORKS DEPARTMENT

Proposals for Miscellaneous Repairs to
Mobil Sweepers, National Cranes,
and Gar Wood Hoist and Body.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for miscellaneous repairs to Mobil sweepers, National cranes, and Gar wood hoist and body.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Miscellaneous Repairs to Mobil Sweepers, National Cranes, and Gar Wood Hoist and Body," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, OCTOBER 10, 1974, with a certified check for ONE HUNDRED EIGHTY DOLLARS (\$180), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2). NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics,

teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR GENERAL
CARPENTRY REPAIRS AT THE THEODORE
ROOSEVELT SCHOOL, 61 SCHOOL STREET,
ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for general carpentry repairs at the Theodore Roosevelt School, 61 School Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Tuesday, October 15, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$200. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefore.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon (Eastern Daylight Saving Time) Tuesday, October 8, 1974, at which hour and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subtrade for which subbid submitted, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, or a bid bond satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and conditioned upon the faithful performance by the principal of the agreements contained in the subbid, in the amount as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority.

Roofing\$100

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

General bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of a bid bond or cash, or in the form of a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Sealed bids for M.B.T.A. Contract No. PI-111 will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M. (Eastern Daylight Saving Time) on October 17, 1974. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above numbered contract is more fully described as follows: REPLACEMENT OF STEAM HEATER BOILER NO. 1, ORIENT HEIGHTS BOILER HOUSE, East Boston, Mass. The work to be done under this contract consists of the complete removal and replacement of the existing No. 1 boiler, controls, piping, smoke pipe, etc.; the complete removal and replacement of the existing smoke pipe on No. 2 boiler; the removal of the existing fuel oil pumps and pump piping; the cleaning and lining of the existing No. 1 fuel oil storage tank at the Orient Heights Boiler House, Barnes Avenue and St. Edward Road, East Boston, Mass.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$5 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Complete information and authorization to view the site may be obtained from the office of Superintendent, Civil and Design Engineering Division, 21 Arlington Avenue, Charlestown, Mass. (Tel. 722-5441).

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work, and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. **FAILURE TO FULLY COMPLETE THIS CERTIFICATE AND SUBMIT IT WITH HIS BID WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.**

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit in the amount of one thousand nine hundred dollars (\$1,900) in the form of cash or a certified check or a treasurer's or cashier's check, issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract. The surety shall be a surety company or securities satisfactory to the Authority.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518 — published in the Federal Register on April 17, 1971) promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

Mayor Advocates Program to Curb Inflation

Following is the statement of Kevin H. White submitted to the State and Local Government Conference on Inflation on September 27, 1974:

We all know the symptoms of our ailing economy: double-digit inflation, flat or negative growth, high and rising unemployment. But to prescribe a cure requires that we also recognize the disease underlying these symptoms.

What kind of inflation plagues us? What brought us to this point?

Not excess demand. Excess-demand inflation is too much money chasing too few goods. There are indeed too few goods, but who has too much money?

Not excess federal spending. The real volume of federal spending is slightly lower now than it was at the end of 1972.

And not runaway wages.

What then?

Quadrupled oil prices which then drove up other prices.

Increased food prices caused by short supply.

Imports and two devaluations of the dollar.

And the residual effects of the financing of the Vietnam War.

In addition, the fight so far has been waged with tight monetary policy which has driven interest rates up, has driven investment and employment down, and has brought both new housing and the rehabilitation of old housing stock to a virtual standstill.

What does this diagnosis imply?

That there is no immediate solution; prices next year will be higher than they are this year no matter what we do; and any politician who says it isn't so is either mistaken as to the facts or intentionally misleading his constituents.

That depressing aggregate demand by cutting the federal budget will only increase unemployment without significantly slowing the rate of inflation.

That the costs of inflation have been distributed unequally and that deliberate governmental steps must be taken to redress these inequities. Income has been transferred from the urban wage earner and consumer to the agricultural and fuel sector.

Yet what does this administration propose to do? To return to the old-time religion of tight money and budget cuts. This policy assumes we have classical demand-pull inflation when we don't. It will place even more burdens on the urban poor and urban wage earner who have already been hurt the most.

What would a budget cut do? First, let's recognize what it won't do:

It won't lower oil prices.

It won't lower food prices.

It won't head off or dampen a potential wage-price spiral, which will be self-perpetuating once begun.

And it's not necessary — it's neither the only way nor the most effective way — to ease pressures on the credit market; the Federal Reserve can do that alone.

A budget cut of \$5 to \$10 billion will decrease the rate of inflation by less than one-third of 1 percent, but it will increase unemployment to 6.5 percent in the next year. Those who will be thrown out of work are the same people who now bear the heaviest burden.

A budget cut may look good or sound nice, but in reality it would attempt to fight inflation by making the country poorer, by throwing people out of work — putting them on welfare — and by decreasing economic activity.

Instead of fighting inflation by making the country poorer — by impoverishing the country, by throwing honest people out of work, by decreasing economic activity — we should be addressing the inequities exacerbated by the current inflation.

Nowhere is the impact of increased food and fuel prices greater than in the cities, where the cost of living is the highest, where unemployment is twice the national rate. Ironically, those in the cities — who suffer the most — also offer the greatest opportunity to redress hu-

Inflation . . .

(Continued from front page)

man inequities and to keep our economy moving.

We must begin talking about a program of conservation and equity. Conservation means more than national parks; it also means preserving cities and enriching our most important natural resources — our people. We must not let 100 years of investment in the cities go down the drain through neglect and perverse tax incentives. Our urban areas are too important a part of the nation's productive capacity: the thirty largest cities account for one-third of the total output of goods and services in the economy; all metropolitan areas together account for four-fifths of the total output. In a period of shortages we should preserve the infrastructure of our cities. They offer an opportunity for increased productivity through better utilization of the economic infrastructure and existing capital investment, the existing housing stock, and the urban labor force.

The other prong of the program, equity, means distributing burdens evenly. We cannot allow the continued bludgeoning of the working man and woman.

The elements of such a program are outlined below.

1. A community and economic development program combined with public employment. This would allow us to put local residents to work improving old and building new facilities which would then yield ongoing jobs. Note that we would not have created a group of people dependent on a PEP for their jobs, but that we would have used public funds as seed money, as an investment in the long-range enrichment of the city, its residents, and the nation. Public employment would thus pay for itself in real terms.

The Economic Development Administration program provides the outline: public works grants, public works improvement program employment, business loans, and loan guarantees. Substan-

tial funding of this program could provide funds to rebuild and preserve the urban infrastructure.

Housing infrastructure must also be preserved. Community development block grants would provide funds for the rehabilitation of the central-city housing supply.

2. Long-range planning. A long-range enrichment program requires long-range planning. Currently no one in the federal government is responsible for systematically looking ahead to employment needs, expanding capacity needs and programs, or economic growth requirements. Much of our current inflation is international in source and scope. We need to create a mechanism to foresee and evaluate global trends and to anticipate their impact on the United States.

3. Tax relief and tax reform to mitigate the inequities exacerbated by this inflation; to end incentives for unproductive activities; to end the favored position of unearned income; and to establish a social contract to head off or dampen the expected wage-price spiral.

Tax reform and tax relief would transfer money from those who benefit from loopholes and can afford to pay more to those who have suffered the most in the past. Prime candidates for immediate reform are the oil depletion allow-

ance, the foreign tax credit, and the (currently very ineffective) minimum income tax. Closing the capital gains loopholes would take longer, but Congress should start now; there is no reason to tax income from stocks less than wages.

Tax provisions which make it more profitable for a business to leave an existing plant in the city to build a new one in the suburbs should be changed. It is time to begin a comprehensive review of tax incentives.

Tax relief should be targeted to those with incomes under \$15,000. The burden of the social security payroll tax could be shifted without a loss in revenue by raising the ceiling on included income; this would at least stave off further increases in the rate. The option of a tax credit instead of a deduction for dependents would focus relief at this income level, with the greatest benefit going to those with the least income.

In addition, a tax package could be used to forestall a wage-price inflationary spiral. Labor knows that wage increases gained this year will be stolen by price increases in an inexorable process. If real wages were increased via tax cuts for those earning less than \$15,000, wage demands could be moderated. If such a bargain could be explicitly negotiated between government and labor, a serious wage-price spiral could be dampened.

This package will not bring us to 4 percent inflation in the next year, but neither will the administration's cure. There is no panacea, but we must avoid cures that will kill the patient. The administration's approach would require two years of 8 percent unemployment to return to 4 percent inflation. That is too high a price to pay in lost economic growth and in human terms. The package proposed in this paper will let the economy revive without accelerating inflation and while redressing obvious inequities.

MAYOR LISTS NEW APPOINTEES

Mayor Kevin White has announced the appointments of nineteen persons, eighteen of them promoted within his administration. The list includes seven new department heads, two blacks and five women, and all appointments will be effective within a few weeks.

"In some cases these appointments are intended to fill vacancies, in other cases to fill a particular need within the administration, but in all cases it is my desire to reward talent," the Mayor said. "I am a firm believer in promoting talented, hard-working people who have proved themselves and who have demonstrated a capacity to handle greater responsibilities. I have complete confidence in these people and know they will render high-quality service to the people in their new positions."

The appointees are:

Peter Meade of Dorchester, formerly Deputy Commissioner of Parks and Recreation, now Director of Community Schools, to be Director of the Office of Public Service.

Gerry Marcinowski of South Boston, now Little City Hall Manager for Brighton/Allston, to be Deputy Director of the Office of Public Service.

William Edgerton of West Roxbury, now Deputy Director of the Office of Public Service, former Little City Hall Manager in Jamaica Plain, to be Administrator, Boston Rent Board.

William Nickerson of Brighton, for two years liaison for the Mayor's Office in New York with the New York City Police Department, formerly employed by the Massachusetts Commission Against Discrimination, and a graduate of UMass, Boston, to be Acting Penal Commissioner.

Thomas O'Neil of Brighton, formerly a member of the Boston Parks and Recreation Department and now Deputy Director of Community Schools, to be Director of Community Schools.

James Heelen, Little City Hall Manager in Charlestown and a resi-

dent of Charlestown, to be Deputy Director of Community Schools.

Carol Chandler of Beacon Hill, Administrative Assistant to the Director of Public Facilities, to be Deputy Director of the Office of Human Rights.

Joanne Prevost of the North End, Director of the Mayor's Office of Personnel, to be Commissioner of Real Property.

Alan Austin of the North End, from Deputy Director to Director of Mayor's Office of Personnel.

William Holland of West Roxbury, Manager of the West Roxbury Little City Hall, to be Deputy Director of the Mayor's Office of Personnel.

Carol Corcoran of the Back Bay, Director of the Mayor's Commission on the Status of Women, to be Deputy Director of the Mayor's Office of Personnel.

John Spears of Jamaica Plain, Little City Hall Manager in Jamaica Plain, to be Associate Director of Health and Hospitals.

Frank Chin of Chinatown, restaurant manager in Chinatown, active in several Chinese community groups, and Chairman of the Board of the YMCA in South Cove, to be Purchasing Agent.

Kevin Feeley of Arlington, former Purchasing Agent for Boston City Hospital and now Purchasing Agent for the city, to be General Counsel for the Boston Housing Authority.

Buford Kaigler of Mattapan, a graduate of Fisk University in Tennessee and Harvard Law School, and now Assistant Director of the Cambridge Rent Board, to be Executive Assistant to the Mayor for Affirmative Action.

Lisa Zankman of Jamaica Plain, formerly Assistant Manager at the Little City Hall in Jamaica Plain and now Administrative Assistant at the Boston Rent Board, to be Director of the Mayor's Commission on the Status of Women.

James Loving of Dorchester, Manager of the Little City Hall at Franklin Field, to be Assistant to the Director of Communications.

Edward King of South Boston, formerly of the Mayor's staff and

now Manager of the South Boston Little City Hall, to be Deputy Director of the Youth Activities Commission.

John Mulhern of Sherborn, now Commissioner of Real Property, to join the Boston Redevelopment Authority legal staff as General Counsel.

Final salaries for the above positions have not yet been determined.

NEW FIRMS JOIN MBTA PASS PLAN

On October 1, 1974, two additional firms joined the MBTA's expanding prepaid pass plan. Employees of Jordan Marsh stores and the Federal Reserve Bank of Boston are now able to avail themselves of the MBTA's new transit bargain.

The prepaid pass plan was developed this spring as a way of inducing commuters to use mass transit. To date five organizations have joined the program: John Hancock Insurance Company, certain departments of the state government, the City of Boston, Harvard Community Health Plan, and Transportation Systems Center of the United States Department of Transportation, located in Cambridge. The MBTA has announced that the experimental phase of the program is over, and that the plan will be expanded to all interested employers as quickly as possible.

The prepaid pass plan enables passengers to sign up at their place of work for a transit pass. They pay a fixed charge through the mechanism of payroll deduction, and they are then entitled to use the MBTA on an unlimited basis tailored to the three types of prepaid pass—25-cent, 45-cent and 50-cent.

MBTA Chairman John T. Doolittle, Jr., noted that the program has been very encouraging in its early stages, and sees its continual growth as a major MBTA objective. "We are very pleased with the success of this program," he noted, "and want to expand it just as rapidly as we can."

A MARCH TO BE REMEMBERED

Fifteen hundred Boston-area residents and city officials helped pledge over \$40,000 to some thirty-one drug action programs during the twenty-mile fourth annual March to Prevent Drug Abuse on Sunday, September 22.

The march was sponsored by the City of Boston's Coordinating Council on Drug Abuse with the purpose of raising funds for drug action and crisis intervention programs in and around Boston. With the \$40,000 pledged this year the march will have helped raise over \$200,000 for drug action programs since 1970.

Paul E. Robinson, executive secretary of the Council, was quite pleased with the results. "This was the finest group of people the march has ever attracted," he said. "The march brought solidarity to a number of drug treatment programs, and the city was especially pleased to provide this outstanding service for the drug programs."

City officials who marched included Councillors Larry DiCara and James Connolly, Coordinating Council on Drug Abuse Chairman Dr. David C. Lewis, Dr. John Renner, Rev. Mel Surette, Don Manson, Renee Lewis, Dana Hanson, and members of the Boston City Hospital. Councillor DiCara completed the twenty-mile trek wearing the same pair of loafers he has worn since 1970.

Marchers were entertained by the Shawmut Minstrel Tribe at the lunch stop and feasted upon all kinds of snacks which were donated by several area distributors. As one marcher put it, "I can't believe all of this food." Whatever food remained after the march was given to various drug action programs.

Wayne Langford, a twelve-year-old from Roxbury, was the first marcher to complete the hike, arriving back at City Hall Plaza at 1:55 P.M., followed by his father, Wayne, Sr., marching in behalf of the Third Nail of Boston. The youngest marchers to participate were two-year-old twins, who along with their parents covered thirty-seven miles and raised \$130.

Dr. David Lewis read Mayor White's declaration citing September 22 as "March to Prevent Drug Abuse Day," and St. Theresa's Marching Band of West Roxbury did the musical honors at the start of the march.

The march was an event many participants will remember. Through their efforts many drug action programs will be able to continue their daily operations trying to curb drug abuse. As one weary but smiling marcher said as she stumbled up to the finish line, "This is really far out. I wish we could do it again next week."

MORTGAGE MARKET SURVEYED

The Department of Housing and Urban Development has announced the results of the September 1 opinion survey of conditions in the mortgage market.

The national secondary market price for immediate delivery of HUD-FHA-insured $9\frac{1}{2}$ percent new-home mortgages with thirty-year terms and minimum down payments averaged \$94 per \$100 of outstanding loan amount. The equivalent gross yield to investors at this price was 10.33 percent — the first yield to exceed 10 percent in the history of this survey.

Funds for financing Section 203(b) loans were considered to be generally adequate by forty-three percent of the HUD field offices. This is the lowest percentage reported since March 1, 1970. Many offices responding affirmatively are in states where FHA loans are exempt from usury law ceilings below current market rates.

The survey also showed national average interest rates contracted to be paid by the borrowers on conventional first mortgages had advanced twenty and twenty-five basis points since August to 9.60 and 9.65 percent for new- and existing-home contracts, respectively. These rates for the fourth consecutive month set record highs. Usury laws in many states restricted the rate from going even higher.

WHEN WILL WE LEARN?

Smoke gets in your eyes. And your blood, too.

A thirty-month study of 29,000 blood donors showed that smokers have excess amounts of carbon monoxide in their blood. The researchers from the Medical College of Wisconsin questioned the practice of transfusing blood from smoking donors to some patients. Tobacco-smoking was the single most important factor leading to increased carbon monoxide levels. Other factors were car exhaust, occupation, and geographical residence.

The study found that carbon monoxide levels correlated directly with the number of cigarettes an individual smoked. A pack-a-day smoker had carbon monoxide levels two to three times higher than did nonsmokers. Unlike oxygen, which is breathed in and out again in minutes, carbon monoxide — in the form of carboxyhemoglobin — stays in the blood for hours.

Other studies show there are increases in carbon monoxide levels in the blood of nonsmokers who are in the same room with smokers. With these raised levels of carbon monoxide in their blood experimental subjects have shown impaired performance on psychomotor tests. These levels of carbon monoxide in the blood create stress for patients who already suffer from heart and lung diseases. Another study in St. Louis concluded that if smoking were banned in that city it would lower carbon monoxide levels more than would the adoption of stringent car exhaust controls — specifically the installation of catalytic converters.

Americans light up more than 500 billion cigarettes every year. Half the carbon monoxide from this combustion goes directly into the smokers' lungs and bloodstream. The rest goes into the air we all breathe.

For more information about the effects of cigarette smoking, contact the American Lung Association or Boston, your Christmas Seal Organization. It's a matter of life and breath.

NEW FACE-LIFT FOR OLD STATE HOUSE

Boston's Old State House, one of the nation's oldest public buildings and most prominent historic shrines, will undergo its first major refurbishing in more than ninety years in an effort to make the structure ready for the increased traffic flow expected during the country's bicentennial celebrations.

A \$50,000 grant to the Bostonian Society from one of Boston's leading commercial banks, the New England Merchants, has been announced jointly by Boston Mayor Kevin H. White, Bostonian Society Curator Mrs. Ropes Cabot, Boston 200 Director Katharine D. Kane, and Mark Wheeler, chairman of the board of the Merchants Bank.

The Merchants' gift, to be used for interior work as well as providing for additional staff during the bicentennial, is an addition to funds from the city, the National Park Service through the Massachusetts Historical Commission, and other private sources, and brings the total to more than \$250,000 committed to the restoration of the building.

Mrs. Cabot said that part of the Merchants' gift will also be used for aiding a matching grant from the National Endowment for the Arts for the reinstallation of the Society's exhibits. Boston designers Laurence M. Channing, Jr., and Albert Gregory have been retained by the Society to carry out the interior work. The Society has been responsible for the building and its exhibits since 1882 and finally saw the building declared a National Landmark by the federal government in 1962.

Tad Stahl, president of Stahl Associates, the architectural firm under contract with the city's Public Facilities Department for other rehabilitation work, said that most of the efforts will be directed toward public safety, improving structural conditions, and making the building weather-tight again.

Major work to be done according to Stahl Associates plans:

One of the most critical areas, the roof, will be completely rehabilitated. Contractors will renew

several main roof trusses and completely restore the building's cupola. The reroofing portion of the job calls for using as much of the original slate as possible.

Although the arcade-type subway entrance at the east end of the building remains, one side entrance will, hopefully, be closed and the building restored more nearly to its earlier appearance, in cooperation with the MBTA which is planning a general renovation of the State Street station.

Complete structural renovation of the main staircase.

Exterior surfaces of the building will undergo thorough rejuvenation. Brickwork will be repointed, existing window sash will be renovated and repaired, as will all gutters and downspouts.

Other work to be done includes installation of heat detection and fire alarm equipment and rewiring of the electrical system.

The Old State House was built in 1712 to replace Boston's first Town House, which was destroyed by flames. The state vacated it in the late 1700s, and the building was used as Boston's City Hall from 1830 to 1841. The city moved out in 1841, the building was leased to merchants, and its condition rapidly deteriorated. Only the efforts of William H. Whittmore of the Boston Antiquarian Society, forerunner of the Bostonian Society, saved the building from suffering further alterations.

According to the city, bids on the present renovation are expected to be awarded and work under way by the fall.

MAYOR'S COMMENTS ON SCHOOL DESEGREGATION

Following is a statement of Mayor Kevin H. White:

With the perspective of three weeks of Boston desegregation effort behind us, some clear and salutary conclusions can be drawn.

The vast majority of Boston citizens have continued to subordinate their personal feelings for

the general good, and have complied peacefully with the law.

Most students, despite the inconveniences and snafus that are inextricably tied to an effort of this magnitude, have adjusted good-naturedly to the changes.

The Boston police, no doubt weary after almost two weeks of long hours and high tension, continue to perform with professional efficiency and firm restraint, and the city's general calm is largely attributable to their patience and professionalism.

But the challenge is just beginning.

Disruptions have occurred and perhaps were inevitable, but every effort must be made in the future to isolate and deal swiftly with any disturbances, both inside and outside school buildings, so that we may fulfill our pledge to parents and students alike to guarantee the public safety of every child.

The decision to close Hyde Park High School was regrettable, and hopefully no other school will be closed. No child, white or black, should be deprived of even one day of education, but maintaining order in all schools will require tighter control within the schools, understanding on the part of administrators, and a spirit of cooperation among all students.

I cannot place policemen in every school or classroom, for that merely puts excessive burdens on the police and heightens tension. The stimulus for maintaining order and proceeding with the business of education must originate from the School Committee, the School Department administrators, faculty, parents, and students.

I appeal to every parent and student to conform with the law, to avoid disruptions, and to cooperate with the authorities. For my part, I promised every parent in this city that his child would be protected, and I intend to do whatever is necessary to fulfill that pledge.

"Eek" is a post office in Alaska. Oregon has "Boring," but it also has "Talent." Both are post offices.

LOOKING FOR BARGAINS?

Officer-in-Charge James J. Gavin has announced that the Boston Post Office will conduct their semiannual auction of unclaimed and damaged merchandise.

The auction will be held on Thursday, October 10, 1974, starting at 9 A.M. at the South Postal Annex, basement level, located on Dorchester Avenue near Summer Street, Boston.

Items for sale include pop LP records, sewing machines, books, portable radios, jewelry, watches, housewares, clothing, tires, toys, electric shavers, and hundreds of other items.

Merchandise to go on sale may be inspected by the public on Wednesday, October 9, 1974, from 10 A.M. to 2 P.M., at the South Postal Annex. Catalogs will be available at that time.

Officer-in-Charge Gavin reminds all postal customers to use a return address on all mail and to make sure the addresses are correct, including the ZIP Code. Packages should be wrapped securely with a duplicate address enclosed inside the package.

"CAMP JOY" FOR CHILDREN

Commissioner Anthony E. Forgone of the Boston Parks and Recreation Department announces the initiation of its Camp Joy program at Curtis Hall in Jamaica Plain. This program is designed for children and adults age seven and older who have special needs (limited abilities) and takes place every Saturday from 8:30 A.M. to 2 P.M. Curtis Hall is located at 20 South Street in Jamaica Plain.

Activities will include swimming, arts and crafts, music, and physical education activities.

Registration will take place at Curtis Hall on Saturday, October 19, 1974, from 9 A.M. to 12 M. For additional information call Josephine Ruggeri or Daniel Needham, 722-4100, Ext. 135 or 136.

The United States Postal Service issued its first postal cards May 1, 1873.

ANNUAL COMMUNION BREAKFAST FOR POST OFFICE EMPLOYEES

Boston Post Office employees will hold their thirty-sixth annual Memorial Mass and Communion Breakfast Sunday, November 3, 1974, at 9:00 A.M., in St. Brendan's Church, Gallivan Boulevard, Dorchester.

Father Joseph Manton, leader of the Mission Church Novena for thirty-five years, will be the feature speaker at the family-style breakfast at Florian Hall, Hallet Street, Dorchester, immediately following the Mass.

Postal employees of all faiths and retirees in particular are welcome to join in prayer in memory of former friends and fellow employees who have passed on.

Tickets are \$4.50 per person, and reserved tables for groups are available by contacting: Mr. Elmer Rawson, Treasurer, Communion Breakfast, Room 422, Tel. 223-2412, John W. McCormack Post Office and Courthouse.

September 16.

Personnel Order No. 74-387

A hearing was held before the Police Commissioner September 9, 1974, on complaint of Capt. William J. O'Brien commanding officer of District 3, against Patrolman Samuel L. Bowden.

At the hearing Patrolman Bowden admitted to the allegations contained in Specification No. 8 that he, Patrolman Samuel L. Bowden, neglected to pay money lawfully owed to the United States Department of the Treasury, Internal Revenue Service. In addition, he was advised that after admitting to that specification he waived his rights to a full

hearing and his right to appeal any adverse determination after a hearing.

In a separate written agreement he consented to be suspended without pay from his position as a patrolman for one year and to be placed on probation for two years after his reinstatement. Patrolman Bowden also agreed to divest himself from all interest and involvement, financial or otherwise, in the Cafe Rendezvous and not to place himself on or about the premises of that establishment. He agreed that a violation of that condition, if proved, will be grounds for further suspension or discharge.

In light of the agreement and his admitting to Specification No. 8, Patrolman Samuel L. Bowden is found guilty of Specification No. 8. Therefore Patrolman Samuel L. Bowden is hereby suspended for a period of one year, effective on September 11, 1974, and terminating September 10, 1975, at which time he will be reinstated to his position as patrolman. In addition, Patrolman Samuel L. Bowden is placed on probation for two years commencing September 10, 1975, and terminating September 10, 1977.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

MODEL CITY ADMINISTRATION

PROGRAMS FOR ELDERLY

DEAR MAYOR WHITE:

As Administrator of the Model City Agency, I hereby request your approval to award a contract, without advertising, to the Council of Elders, Inc., a nonprofit corporation with offices at 280 Martin Luther King Boulevard, Roxbury, Mass., in an amount not to exceed fifty-six thousand dollars (\$56,000), for purposes of operating a program for the elderly of the Model Neighborhood Area.

The Council of Elders will administer and operate a comprehensive set of programs for elderly in the Model Neighborhood Area, including a nursing home project and operation of senior action centers which shall provide focus for educational, social, and recreational activity.

The program will be effective from July 1, 1974, through December 31, 1974.

The reasons for not inviting bids by advertisement are the uniqueness of the services provided by the Council and the necessity of a continuing relationship with the Council of Elders, Inc.

For the foregoing reasons, advertising in the *City Record* would be inappropriate.

Very truly yours

PAUL PARKS,
Administrator.

HEALTH CARE SERVICES

DEAR MAYOR WHITE:

I hereby request authority to dispense with advertising in connection with the

award of a contract to the New England Hospital, d/b/a Dimock Community Health Center, Dimock Street, Boston, Massachusetts, for compensation of medical, social service, and administrative personnel providing services to residents of the Model Neighborhood, Subarea 2.

The Mary Eliza Mahoney Family Life Center currently provides comprehensive health services at 54 Roxbury Street, Roxbury, Massachusetts, to residents of Subarea 2 as part of the comprehensive city demonstration program for the City of Boston. The Beth Israel Hospital provides backup medical services. Major reductions in federal funding by the United States Department of Housing and Urban Development do not permit the continued maintenance of this program as it presently exists. In order to continue the provision of comprehensive health services to residents of Subarea 2, without interruption, an agreement has been made with Dimock Community Health Center and the Beth Israel Hospital Association to merge the neighborhood ambulatory health services of Mary Eliza Mahoney Family Life Center, Dimock Community Health Center, and the Beth Israel Hospital Association at the Dimock Community Health Center site.

The merged services will operate under the name Mary Eliza Mahoney Family Health Care Program. Adult medicine, pediatrics, obstetrics, gynecology, family planning, social services, radiology, dental and eye care services will be provided at Dimock Street. The Beth Israel Hospital Association will provide backup medical services. Most of the personnel presently providing services at the Mary Eliza Mahoney Family Life Center will be transferred to Dimock Community Health Center, thus ensuring continuity of patient and/or client care.

The contract will be in an amount not to exceed \$135,000, for the period beginning July 1, 1974, and terminating June 30, 1975.

The funds for this contract will be Model Cities funds made available through the city's grant contract with the Department of Housing and Urban Development.

Because the bidding process seems singularly inappropriate for a neighborhood health center contract, I am requesting authority to dispense with advertising in connection with the award of this contract.

Should there be any questions please call me.

Sincerely,
PAUL PARKS,
Administrator.

OFFICE OF PUBLIC SERVICE

ANTIPOVERTY SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authorization to dispense with writing a proposal of advertisement in the *Boston City Record*, and to award to Action for Boston Community Development, Inc., a contract for the continuation of anti-

poverty services rendered through the APAC system, at a cost not to exceed \$500,000. Funds for this contract have been appropriated from entitlements heretofore received from the United States of America under the State and Local Fiscal Assistance Act of 1972.

This contract shall be effective for the twelve-month period commencing June 1, 1974, and continuing through May 31, 1975. Under the terms of this contract, ABCD will continue to coordinate APACs and delegate agencies, and will provide them with funds in support of staff and their efforts to solicit alternative federal and state funding. APACs and delegate agencies will, to the maximum extent feasible, maintain their information and referral services and their administration of programs not affected by funding cuts.

Funds under this contract award will go directly to staff salaries and to indirect support costs such as travel, space and utilities, supplies, fringe benefits, etc.

In view of the administrative relationship existing between ABCD and the APACs and delegate agencies, it is my opinion that public advertising for contract services provided through the ABCD/APAC network would serve no useful purpose.

Sincerely,
KIRK O'DONNELL,
Director.

PARKS AND RECREATION DEPARTMENT

DESIGNERS SERVICES

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Walter J. Hickey Associates, Inc., with offices at 135 Wood Road, Braintree, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities, at an estimated construction cost of \$195,000.

(1) Independence Park, South Boston; (2) Thomas Park, South Boston; (3) Highland Park, Roxbury; (4) Angell Memorial Plaza, Boston.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record*, in the award of this contract. The designer's basic fee 9.11 percent of the estimated cost of construction and based upon two construction contracts, involving four sites, will be \$17,764.50.

The fee has been computed by averaging the fee percent set forth in Curve A and Curve B of The American Society of Civil Engineers "Manuals and Reports on Engineering Practice — No. 45 (1968)." The average fee percent has been reduced four percent as the city will furnish the designer working drawings and technical specifications on standard items to be included in the construction documents and drawings.

In no event shall the maximum liability of the city under the terms of the proposed

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

contract as of the date of its execution, including presently estimated expenditures of \$16,000 for supplementary services by the designer, exceed in the aggregate the sum of \$33,764.50.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of E. Lionel Pavlo Engineering Company, Inc., with offices at 80 Boylston Street, Boston, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities, at an estimated construction cost of \$330,000.

- (1) Back Bay Fens.
- (2) Evans Park.
- (3) Riverway.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record*, in the award of this contract. The designer's basic fee 8.12 percent of the estimated cost of construction based upon two construction contracts, involving three sites, will be \$30,856.

The fee has been computed by averaging the fee percent set forth in Curve A and Curve B of The American Society of Civil Engineers "Manuals and Reports on Engineering Practice — No. 45 (1968)." The average fee percent has been reduced four percent as the city will furnish the designer working drawings and technical specifications on standard items to be included in the construction documents and drawings.

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$17,800 for supplementary services by the designer, exceed in the aggregate the sum of \$43,656.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Storch Associates, with offices at 824 Boylston Street, Chestnut Hill, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of the installation of new

cast-iron fencing and gates at the Public Garden, at an estimated construction cost of \$551,000.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record*, in the award of this contract. The designer's basic fee, 5.05 percent, of the estimated cost of construction, was arrived at by averaging the fee percent set forth in Curve A and Curve B of the American Society of Civil Engineers "Manuals and Reports on Engineering Practice — No. 45 (1968)," and by reducing the average fee, as the designer will not receive compensation for preliminary design or working drawings and specifications on fence parts to be purchased by the city under a separate contract, and furnished the contractor for erection under the proposed construction contract.

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$12,000 for supplementary services by the designer, exceed in the aggregate the sum of \$39,986.40.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Storch Associates, with offices at 821 Boylston Street, Chestnut Hill, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of the installation of new cast-iron fencing and the repair of existing fencing at the Boston Common, at an estimated construction cost of \$175,500.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record*, in the award of this contract. The designer's basic fee, 5.69 percent of the estimated cost of construction, was arrived at by averaging the fee percent set forth in Curve A and Curve B of the American Society of Civil Engineers "Manuals and Reports on Engineering Practice — No. 45 (1968)," and by reducing the average fee, as the designer will not receive compensation for preliminary design or working drawings and specifications on fence parts to be purchased by the city under a separate contract, and furnished the contractor for erection under the proposed construction contract.

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$4,000 for supplementary services by the designer, exceed in the aggregate the sum of \$13,987.60.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would

serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Faye, Spofford and Thorndike, Inc., with offices at 11 Beacon Street, Boston, Mass., as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the following Parks and Recreation facilities, at an estimated construction cost of \$335,000.

- (1) Olmsted Park.
- (2) Jamaica Pond.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record*, in the award of this contract. The designer's basic fee 7.30 percent of the estimated cost of construction and based upon one construction contract, involving two sites, will be \$24,455.

The fee has been computed by averaging the fee percent set forth in Curve A and Curve B of The American Society of Civil Engineers "Manuals and Reports on Engineering Practice — No. 45, (1968)." The average fee percent has been reduced four percent as the city will furnish the designer working drawings and technical specifications on standard items to be included in the construction documents and drawings.

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$17,000 for supplementary services by the designer, exceed in the aggregate the sum of \$41,455.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

POLICE DEPARTMENT

CLEANING GLASS

DEAR MR. MAYOR:

On June 3, 1974, bids for cleaning glass in doors, windows, and transoms in Boston Police Department buildings were publicly opened and read in the office of the Police Commissioner.

The bid of Star Window Cleaning Service, 95 Mt. Ida Road, Dorchester, the lowest bidder, was late at the Auditor's office, and was therefore considered to be irregular.

In order for the department to avail itself of the quoted prices, it is therefore requested that all bids on the above work be rejected and permission be granted to award a contract, without further advertising, to the Star Window Cleaning

Service, in an amount not to exceed the sum of six thousand dollars (\$6,000).

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

DIES FOR MEDAL

DEAR MR. MAYOR:

Your permission is respectfully requested to award a contract, without public advertisement, to the Hartnett Company, 951 Main Street, Woburn, for the striking of two steel dies for a new medal to be awarded annually by the Police Department.

This medal, to be called the Schroeder Medal, will be awarded for courageous police service in memory of the Schroeder brothers, John and Walter, who died so heroically in the service of the Boston Police Department.

The Hartnett Company executed the dies for the Walter Scott Medal in 1922, and these dies are in a remarkable state of preservation after fifty-two years of use. The new dies would also become the property of the Boston Police Department.

Because of the artistic and technical skills of the services to be rendered, it is my opinion that public advertising would serve no useful purpose in serving the best interests of the city.

The amount of the contract is not to exceed \$2,400.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

RECRUIT TRAINING PROGRAM

DEAR MAYOR WHITE:

I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the National Center for Dispute Settlement, through its Boston office at 294 Washington Street, Boston, Mass. The amount of the contract will not exceed four thousand dollars (\$4,000), for the period between April 1, 1974, and June 30, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control Act (P. L. 91-614).

The purpose of the grant is to develop a more comprehensive recruit training program at the Boston Police Academy. The National Center for Dispute Settlement will be responsible for design and implementation of a comprehensive curriculum on the handling of conflict. It is expected that their program will concentrate on skills development in the areas of group and interpersonal conflict. The first phase of this contract will fund the course design work, in which members of the department will aid in the overall direction of the course.

The National Center for Dispute Settlement has had considerable experience in this type of work and most recently negotiated the major conflict at Walpole State Prison. In addition, this group has an

understanding of the particular needs of the Police Department.

Because of the unique services required to perform the functions of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

LEASING CERTAIN PREMISES

DEAR MR. MAYOR:

As Commissioner of the City of Boston's Police Department, I respectfully request your Honor's written authorization to dispense with public advertising in the award of a contract in an amount not to exceed three thousand six hundred dollars (\$3,600), to the 80 Boylston Street Corporation, for the leasing of 1,320 square feet of office space, for the period July 1, 1974, to December 31, 1974. The space is located at 80 Boylston Street, Boston, Mass. (Suite 906), and is available at a monthly rental of \$600. The proposed lease will be cancellable, without penalty, at any time prior to its expiration upon thirty (30) days' written notice by either party.

The proposed space rental is made pursuant to the award of the 1972-1973 Consolidated Boston Police Department Improvements Grant (Stress Counseling component), received by the City of Boston from the Governor's Committee on Criminal Justice, made under the provisions of Title I, Part C, of the Omnibus Crime Control and Safe Streets Act of 1968, as amended.

The purpose of the stress counseling component is to develop and implement a police officer peer counseling program for Boston police officers manifesting job-related stress problems such as excessive use of force, excessive drinking, and job-related anxiety. Several patrolmen with counseling experience have spent the past nine months developing the program and are now prepared to begin offering counseling to other police officers. Because of the nature of the project, and the confidentiality of the information, it is critically important that the counseling services be available at a location separated from Police Headquarters or district stations. The location at 80 Boylston Street was selected because of its central location, availability of parking in the Boston Common underground garage, and easy access to both the Boylston Street and Park Street MBTA stations. The cost of the space is also competitive with other locations investigated by the project staff.

Because of the nature of the project, it is believed the public advertising for the rental of space required would serve no useful purpose.

Sincerely,
ROBERT J. DI GRAZIA,
Police Commissioner.

LEASING OF EQUIPMENT

DEAR MR. MAYOR:

Your Honor's approval is hereby respectfully requested to dispense with

public advertising and to enter into a contract with the International Business Machines Corporation, for the leasing and servicing of the following equipment, for the period commencing July 1, 1974, through June 30, 1975, at the monthly charge indicated:

One each, A3026 card punch, B1874 card punch, H3556 card punch, J1362 card punch, M4720 card punch, M5180 card punch, P1970 card punch, type 0029, \$90.

One each, B8709 verifier, B8935 verifier, B9348 verifier, type 0059, \$86.

One 32622 sorter, type 0083, \$112.

One each, 23316 data recorder, 60053 data recorder, type 0129, \$150.

One 24386 reproducing puncher, type 0514, \$129.

One 26635 interpreter, type 0552, \$88.

One 30636 printer, type 1403, \$892.

One 31553 print train, type 1416, \$98.

One B7492 disk pack, type 2316, \$20.

One each, B7493, B7494, B7495, B7496, B7497, B7498, B7499, B7500, B7501, B7502, B7503, disk packs, type 2316, \$20.

One 61405 disc storage, type 2319, \$1,019.

One 17407 card unit, type 2540, \$724.

One 18144 control unit, type 2821, \$530.

One 61491 power unit, type 3046, \$330.

One 60423 processing unit, type 3135, \$10,272.

One 12865 console, type 3215, \$204.

One 32718 control unit, type 3272, \$265.

One each, 76750 display station, 76751 display station, 76752 display station, 76753 display station, type 3277, \$127.

One each, 33025 tape drive, 33026 tape drive, 38774 tape drive, type 3420, \$447.

One 15977 tape control, type 3803, \$688.

The total amount for the above-listed equipment not to exceed the sum of two hundred sixty-five thousand dollars (\$265,000), for the twelve (12)-month period.

In view of the following:

(1) The technical nature of this equipment, the design of which fulfills our particular needs at this time; (2) the constantly changing state of data processing technology; (3) the fact that the purchase of said equipment would not be economically feasible inasmuch as the department has already invested considerable manpower and expense in programming, software, and systems work which is usable only on such IBM equipment, I believe that publicly inviting bids would not serve a useful purpose nor be of any avail to the City of Boston.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

ARCHITECTS SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on May 29, 1974,

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

I hereby request your Honor's authority to dispense with public advertising, and to award a contract to Samuel Glaser, Antonio P. deCastro, and V. Victor Vitols, partners, d/b/a Samuel Glaser and Partners, a Massachusetts partnership, architects, of 585 Boylston Street, Boston, Mass.

Under the terms of the contract Samuel Glaser and Partners will prepare working drawings, detailed specifications, and construction cost estimates for, and supervise the construction of, the Southwest Campus High School, in the West Roxbury district of the City of Boston. The cost for these services, at 5 percent (A.I.A. "B" rate) of the presently estimated cost of construction of \$11,850,000, less the Phase I contract basic fee of \$280,056, plus the \$12,800 mechanical engineer's fee, plus the \$8,960 electrical engineer's fee, plus the \$14,343 structural engineering fee, plus the \$7,680 architectural fee, plus the \$10,000 construction cost estimating services fee, an aggregate deduction of \$334,344, the cost of the now-proposed services not to exceed \$678,156 (including \$270,000 for supplemental services).

The award of this proposed Phase II contract to Samuel Glaser and Partners follows the completion by them of the preliminary studies and design development for Southwest Campus High School under a Phase I contract. In view of the professional and technical nature of the services to be performed, as well as the architect's complete familiarity with this project, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

CONSULTANT SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission, on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to William Pink, 7 Cove Street, Brant Rock, Massachusetts.

Under the terms of the contract, William Pink will (a) review elevator design specifications as well as shop drawings; (b) periodically inspect and report on the elevator work of both contractors and subcontractors to insure specification conformance; (c) provide technical assistance and test equipment to inspect completed elevator work before its acceptance; (d) inspect, report on, and evaluate the condition of various city-owned elevators, ascertaining the feasibility of repair, modernization, or replacement, and provide and furnish to the Director the technical specifications to be used therefor; and (e) provide the technical assistance to inspect elevator equipment during the period July 1, 1974, to June 30, 1975, both dates inclusive, at a cost for such services (payable in accordance with the rate schedule to be set forth in the contract) not to exceed \$16,000 (including the net cost, up to the amount of \$500, for directly related out-of-pocket expenses, specifically authorized by and under the contract).

In view of the fact that the services to be furnished are of a professional and technical nature, requiring that the provider of same be duly licensed in the Commonwealth, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

CORRECTIVE PLUMBING WORK

DEAR MR. MAYOR:

As a result of loss of pressure in the main water system at the John B. Hynes Veterans Auditorium, 933 Boylston Street, the back pressure from the air-conditioning chilled-water system introduced contaminated water into the domestic water system. The Division of Environmental Health of the Massachusetts Department of Public Health determined the water system could be injurious to health and could not be allowed for use because of

the danger to persons (including both employees and general public).

The Massachusetts Department of Public Health has directed that the entire domestic water system be thoroughly cleaned of potential contaminants and mechanically isolated from the chemically treated water distribution.

The scope of the corrective work cannot be established because of the questionable availability of materials, such as pressure maintenance pumps, check valves, pipe, and fittings; therefore, necessary variations and adaptations will be dictated by available materials coordinated as required by a professional mechanical engineer.

Because this is a public-use facility, where time is of the essence, and because the unique type and character of materials required to complete the corrective work is contingent on their availability, it is my recommendation that the competitive bid procedure be waived.

I propose to engage a qualified plumbing contractor to do all work, under the direct supervision of a professional engineer to be furnished by the Public Facilities Department, meeting all laws and regulations and to reimburse the contractor on a basis of payment for time and materials including the factors of ten percent (10%) for overhead and ten percent (10%) for profit. The contractor will be required to meet the minimum wage schedule established by the Department of Labor and Industries.

Because of the emergency nature of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A chapter 149, G. L. (pertaining to public advertising for bids), in the award of contract to perform the necessary emergency repairs. I therefore request your Honor's written approval to dispense with public advertising, and award a contract to John E. Kelley Plumbing and Heating, 45 Green Street, Jamaica Plain, Mass., for an aggregate cost not to exceed thirty thousand dollars (\$30,000).

Respectfully,

VICTOR E. HAGAN,
for ROBERT J. VEY,
Director.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for school purpose. There is a further delegation of power from the Commission to the Director to execute such lease upon receipt of a written authority from the Mayor of Boston. This lease will be a renewal of previous leases at this location.

The demised premises consist of a total of 32,490 square feet, divided among four buildings as follows:

The entire first and second floor of 332 Newbury Street, containing 3,600 square feet.

The entire building at 334 Newbury Street, containing 5,280 square feet.

The entire building at 336 Newbury Street, containing 6,600 square feet.

The entire basement, second floor, third floor, and the first floor of the building at 338 Newbury Street, excluding the lobby entrance and the premises occupied by Myron Snyder, Inc. The leased area consists of 17,010 square feet.

The using agency for this space will be the Work-Study program of the Boston Public Schools, known as Boston High School.

The term of the lease will be for twelve months, beginning July 1, 1974, and terminating June 30, 1975. There are three (3) options contained in the lease giving the city the right to extend the term for three (3) consecutive twelve (12)-month terms upon proper notice to the lessor, under the same terms and conditions. The lease shall in no event extend beyond June 30, 1978.

The annual rental to be paid will be \$185,695, paid quarterly in installments of \$46,423.75. Additionally, the city agrees to pay tax escalation charges based on the following percentages of the area used, and the tax base years in previous leases.

338 Newbury Street, 65 percent, 1968 tax base; 338 Newbury Street, 20 percent, 1970 tax base; 334 Newbury Street, 100 percent, 1970 tax base; 336 Newbury Street, 100 percent, 1970 tax base; 332 Newbury Street, 66 $\frac{2}{3}$ percent, 1968 tax base.

It should be noted that the rental charge of \$5.715 per square foot does not reflect any increase and includes heat, light, electricity, and air-conditioning, plus certain maintenance items, exclusive of custodial care.

Since these facilities have proven both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Mayor's Office of Drug Abuse purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,000 square feet of office space, on the sixth floor of 31 State Street. The term of the lease will be twelve months, beginning July 1, 1974, and terminating June 30, 1975.

The term rental will be \$10,599.96, payable in twelve equal monthly installments of \$883.33. The lessor will provide and pay for all utilities except telephone.

A tax escalation clause based on the 1973 tax rate is included in the lease.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for the Mayor's Office of Public Service purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 2,400 square feet, on the street floor of the building, at 11-29 Roxbury Street, Roxbury.

The term of the lease will be twelve months, from July 1, 1974, through June 30, 1975.

The rental for the term will be \$748.75, with the cost of this extension not to exceed \$8,985.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of Suite 207 in the building owned by the lessor, at 123 Morton Street, Jamaica Plain.

The term of the lease will be for twelve months beginning July 1, 1974, and terminating June 30, 1975.

The monthly rental will be \$257.53, with the cost of this lease not to exceed \$3,090.36.

Since these facilities are both adequate and convenient, it is not felt by the

writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The premises to be leased consist of approximately 1,200 square feet of office space, in the building known and numbered 1862 Centre Street, West Roxbury.

The term of the lease will be twelve months from July 1, 1974, and terminating June 30, 1975. The twelve-month term rental for the lease will be \$8,100 (eight thousand one hundred dollars), payable in equal monthly payments of \$675 (six hundred seventy-five dollars).

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of offices numbered 74 through 78, and 26, in the building owned by the lessor, at 8 Beacon Street, Boston.

The term of the lease will be nine months beginning July 1, 1974, and terminating March 31, 1975.

The rental for the term will be based on a monthly payment of \$965, with the total cost of this extension not to exceed \$8,685.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

ROBERT J. VEY,
Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Department of Health and Hospitals purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of approximately 4,500 square feet of office space, on the fifth floor of the building known and numbered as 5 Doane Street, Boston.

The term of the lease will be twelve (12) months, beginning July 1, 1974, and terminating June 30, 1975. The lessor grants the city four successive one-year options beginning July 1, 1974.

The rental for this term will be \$19,999.92, payable in twelve equal monthly installments of one thousand six hundred sixty-six dollars and 66/100 (\$1,666.66).

Utilities (exclusive of electricity) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the term of the lease of certain premises deemed necessary and convenient by the Director for Library Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the entire building, owned by the lessor, at 18 Barnes Avenue, East Boston.

The term of the lease will be twelve months, beginning July 1, 1974, and terminating June 30, 1975.

The rental for the term will be \$666.50 monthly, with the cost of this extension not to exceed \$7,998.

The lease is to be renewed under the same terms and conditions of the lease dated June 9, 1973.

Since these facilities are both adequate and convenient, it is not felt by the writer

that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of rooms numbered 520, 521, 522, in the building owned by the lessor, at 120 Boylston Street, Boston, Mass.

The term of the lease will be twelve months, from July 1, 1974, through June 30, 1975.

The rental for the term will be \$360 per month, and includes heat and customary maintenance services. Also included in this lease is a standard tax clause based on the 1974 taxes.

This rental represents an increase of \$30 monthly. We feel this increase to be justified in view of the fact that this lessor has never had a tax clause in previous leases. The lessor also advises that his heating costs (Edison steam) have almost doubled due to the fuel situation.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

The demised premises consist of approximately 700 square feet of space, at 443B West Broadway, South Boston, for use as the South Boston Little City Hall.

The term of the lease will be twelve months, beginning July 1, 1974, and terminating June 30, 1975. The lease contains options giving the lessee the right to extend this term thereafter for two additional periods of twelve months each.

The term rental will be \$3,600, payable in twelve equal installments of \$300 each. Lessee will pay for its own utilities. The

lease also contains a tax escalation clause based on the 1973 tax rate.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
11 BEACON STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR FABRICATION
AND INSTALLATION OF NEW METAL PRO-
TECTIVE GRILLES AT THE BOSTON TRADE
HIGH SCHOOL, 550 PARKER STREET, ROX-
BURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for fabrication and installation of new metal protective grilles at the Boston Trade High School, 550 Parker Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon (Eastern Daylight Saving Time), Monday, October 14, 1974, at the office of the Awarding Authority, first floor, 11 Beacon Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$300. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to

the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR CONSTRUCTION OF
IMPROVEMENTS AT THE COMMONWEALTH
AVENUE MALL (ARLINGTON STREET TO
CLARENDON STREET).

The City of Boston, acting by the Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for construction of improvements at the Commonwealth Avenue Mall (Arlington Street to Clarendon Street).

Proposals will be received until 2 P.M. (Eastern Daylight Saving Time), Tuesday, October 22, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$6,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M. (Eastern Daylight Saving Time), Monday, October 7, 1974, upon the deposit of cash or a check, payable to the City of Boston, for \$25 per set of plans and specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and legal holidays excluded).

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON,
ANTHONY E. FORGIONE,
Commissioner of Parks and Recreation.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance Contract No. 14 for Demolition and Removal of Signs and Appurtenances in the Downtown Waterfront-Faneuil Hall Project, No. Mass R-77, located in the Downtown North District, City of Boston, Mass., until 12:15 A.M. (Daylight Saving Time) on October 15, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and removal of signs and appurtenances and the repair and rehabilitation of roofs and walls adjacent to said signs and appurtenances, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of Mr. Kane Simonian, Boston Redevelopment Authority, City Hall, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be (a) in a form satisfactory to the Awarding Authority, (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit shall be in an amount not less than 10 percent of each proposal for demolition and removal of signs and appurtenances (but need not exceed \$50,000).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the total cost of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance," will be required of successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1969, revised September 7, 1972.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it is in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed

thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding the contract.

Housing Projects Study Conducted by BRA

An in-depth study of federally subsidized housing projects in metropolitan Boston indicates that financial problems now afflicting those projects were inevitable because of deficiencies inherent in the section 221 (d) (3) and section 236 programs under which the housing was built and has been managed.

The study, conducted by the Boston Urban Observatory and the Boston Redevelopment Authority, disclosed that three of the thirty-six projects studied were breaking even, and only six more were financially sound. The study also disclosed that three of the thirty-six projects were losing from \$60 to \$300 per unit per year, and fourteen were losing even more or were already foreclosed.

The study involved detailed financial analysis of the thirty-six projects and also included interviews with project managers, developers, government officials, and approximately 300 randomly selected households in the projects.

A major finding of the study was that low initial cost estimates for construction of the housing were not only systematically encouraged, but were further complicated by delays in construction and by inflation of construction costs, which rose between 8 to 11 percent annually from 1967 through 1973. Housing rehabilitation costs rose even more (half the Boston projects involved rehabilitation), often by between 15 to 25 percent, from the time they were proposed to the time they were built.

BRA Director Robert T. Kenney, commenting on the study, said "We must remember that nothing in this study questions the need to produce more decent housing for lower income households.

"In fact 60 percent of the tenants interviewed for this study said the housing they moved into represented a distinct improvement over the housing they had lived in, and

we can be proud of the units that have been built.

"The biggest drawback of these programs is that the subsidies are not big enough. They depend on rent revenues collected from low-income families to defray the very high operating and debt service costs. Since these funds are not generally sufficient — and since the income levels of these tenants cannot keep pace with the rate of inflation — most projects are caught in a financial squeeze that comes from circumstances that cannot be altered.

"I look on the study as a positive step, for it sets out recommendations for new administrative procedures which would enable us to build better housing under subsidy programs — housing which would not run into financial problems."

The 300-page report sets forth numerous suggestions for easing the present financial situation and for

ensuring that financial problems be avoided in the future.

Some of the recommendations include the following:

There should be a mixture of economic groups within each project. The entire range of eligible income tenants should be mixed in projects to prevent further isolation of the very poor.

Mortgage payments should be reduced or stopped, and projects with continuing operating deficits should be defaulted. This is a drastic step for the developers, owners, and managers of projects, but less important for the tenants, at least in the short term. Money not used for mortgage repayment would immediately become available to cover operating costs.

The costs of carrying insurance on projects should be reduced or eliminated. The researchers had found that insurance costs were among the most rapidly rising costs managers faced.

The essentially governmental and bureaucratic functions performed by managers of projects should either be reduced or subsidized by the federal government.

Management should become more deeply involved in the individual problems of tenants. The representatives of tenant organizations and several of the managers argued that some of the seemingly financial difficulties of projects stem from other social problems of the tenants.

(Continued on next page)

Housing Projects . . .

(Continued from front page)

Tenants should be more deeply involved in the management of the projects. There was broad agreement that active and organized participation by tenants could help managers hold down costs.

Utility costs should be broken out of rent charges and passed directly to tenants. This is intended to make tenants more aware of utility costs and is an indirect way of increasing rents.

Rents should be increased. However, large rent increases imply sacrificing the original social objectives of the program for solvency.

The federal government should provide more funds for increased rent supplements, or for subsidized management of operating costs, or for the direct payment of local property taxes.

Part of the depreciation income (tax savings) which accrues to the owners should be "assigned" to offset unanticipated high operating costs.

The projects should be recapitalized.

In the long term the subsidized housing program needs restructuring so that continuing incentives are provided for effective management and so that operating cost impact will assume greater importance in design and production decisions.

RENT BOARD RELOCATED

Boston Rent Board Administrator William B. Edgerton has announced that the Rent Board has moved from City Hall to larger quarters at 18 Tremont Street, Boston.

"The public may experience some inconvenience during moving week, but we are now in full operation at our new location a block from City Hall," Mr. Edgerton said.

The new location is on the second floor at 18 Tremont Street. The telephone number is 722-4630.

COLUMBUS DAY

Christopher Columbus, Genoese (1451-1506), as a schoolboy in Genoa, Italy, studied mathematics and astronomy and became an expert at map making and charts. As he advanced in age, he became an experienced sailor and decided that the east could best be reached by sailing west, for he, with other learned geographers, knew that the earth was a globe. He determined to sail west to prove his point. Financed by his friends, King Ferdinand and Queen Isabella of Spain, he set sail on August 3, 1492, to discover the new world. The three vessels he used on his venture were the *Santa Maria*, *Pinta*, and *Nina*.

At 2 A.M. on the morning of October 12, 1492, he discovered land and named it San Salvador (Bahamas). Cruising in the West Indies, he also discovered the islands of Hispaniola (Haiti) and Cuba. He returned to Spain triumphantly, and the following year returned to the West Indies and discovered many more islands. He made another visit again in 1498, and coasted along the shores of North America.

From this expedition he was returned in chains, accused of cruelty and misgovernment. Cleared of these charges later, he made a fourth voyage to the new world in 1502, skirting the shores of Honduras, in Central America.

HISTORIC MEETING HOUSE TO BE RESTORED

The Museum of Afro-American History has received its first major endowment from a private corporation.

The endowment of \$30,000 was presented to the museum by the State Street Bank and Trust Company of Boston.

"The monies will be applied toward the restoration of the African Meeting House, the museum's key stone structure," said Byron Rushing, director.

"We feel that the initial support of the State Street Bank will give impetus to our drive for \$700,000 that will be needed to prepare and to operate the museum. We are seeking \$150,000 from the private sector and the balance from government and foundation endowments."

According to Mary Yeaton, director of the black heritage program for Boston 200, "State Street's contribution is the first of what we hope will be many similar gifts from Boston area and national corporations. The recognition provided through this grant indicates the significant role the black community has played in the development of Boston."

The African Meeting House, center of museum programs and shelter for the permanent multimedia exhibit of black life in the nineteenth century, is the oldest black church building in the nation. Completed in 1806 by black artisans, the meeting house has served as the first black school in 1808, as the scene of William Lloyd Garrison's abolition movement in 1832, and as the recruiting station for the 54th Regiment, the first black combat unit of the Civil War.

The African Meeting House, located at 8 Smith Court on the north side of Beacon Hill, served as a Jewish Orthodox Synagogue from 1898 until 1972, when it was returned to the black community.

The museum and meeting house will be open to the public by June 1975, and will observe the black heritage of Boston during Boston 200, the city's official bicentennial celebration.

NEW BCH APPOINTMENT

Francis E. Guiney, Executive Director of Boston's Department of Health and Hospitals, has announced the appointment of Dr. Stanford A. Roman, Jr., Medical Director of Boston City Hospital's Outpatient Department.

The Outpatient Department sees over 300,000 patients per year, with expanded services and specialty clinics.

Raised in New York, Dr. Roman attended Horace Mann School in Riverdale, New York, graduated from Dartmouth College, and from Columbia University College of Physicians and Surgeons in 1968. He completed his internship, residency, and chief residency at Columbia University Harlem Hospital Center in New York before being appointed Chief of the Medical Clinic at the Harlem Hospital Center in 1972. During this time Dr. Roman was also Director of Clinical Services and Associate Director for Ambulatory Care at the Harlem Hospital Center.

In 1973-74 Dr. Roman served as Director of Clinical Services for Health Co., Inc., in Soul City, North Carolina, where he helped to develop an ambulatory care facility serving a two-county area in rural North Carolina. There Dr. Roman also served as Assistant Professor of Medicine in the Department of Medicine, Division of Community Medicine, University of North Carolina at Chapel Hill.

As Medical Director of the Outpatient Department at City Hospital, Dr. Roman will manage the operation of the sixty-two outpatient clinics, plan fiscal and program development in ambulatory care components, and develop operational guidelines.

"Delivering direct medical care is exciting, but discovering the problems and solutions of managing health care delivery is alluring. It is alluring in that administration of health care brings not only medicine, but psychological, social, economic, educational, and research factors into focus," says Dr. Roman. He would like to see the clinics continue to give quality level of innovative health care with a "delivery

process that interfaces with management."

Dr. Roman and his wife, Marcia, live on East India Row in Boston.

TINY TOTS PLAY PROGRAM STARTED

Mayor Kevin H. White has announced that the Boston Parks and Recreation Department will start the eighth season of their city-wide Tiny Tots Morning Play Program on Tuesday, October 15 at 9 A.M. The highly successful program, under the direction of Commissioner Anthony E. Forgione, is open to all children aged three to five of Boston residents and is free of charge. Under supervision children learn the fundamentals of playing and sharing, while developing good habits, strong bodies, alert minds, and good relationships with other youngsters. The Commissioner adds the program aims to safeguard health and promote physical, mental, social, and emotional development.

Personnel will be available at the following centers:

Brighton — 20 Chestnut Hill Avenue; Mary McNulty; Monday and Wednesday, Thursday and Friday.

Charlestown — Corner Bunker Hill and Lexington Streets; Margaret Coghlan; Monday-Friday.

Curtis Hall — 20 South Street, Jamaica Plain (near monument); Ethel Tanck; Monday-Friday.

J. M. Curley — 1663 Columbia Road, South Boston; Patricia Curran; Tuesday, Wednesday, Thursday, Friday.

Hyde Park — 1179 River Street (Logan Square); Marion Fuoco; Monday-Friday.

Morton-Gallivan — 61 Woodruff Way, Mattapan; Diane Kerrissey; Monday-Friday.

Roslindale — 6 Cummins Highway (Roslindale Square); Marie Kenney; Monday and Wednesday, Tuesday and Thursday.

Tobin — 1481 Tremont Street, Roxbury (near Parker Street); Harriet Monson; Monday-Friday.

Parents must provide transportation. For further information contact Helen Dunn at 722-4100, Ext. 409.

UNITED WAY SETS GOAL AT \$16,000,000

The chief beneficiaries of the United Way of Massachusetts Bay are thousands of people suffering from illness and distress. The annual campaign for funds makes possible visiting nurse care, mental health treatment, homemaker health aides, and various types of human services. The generous support of residents in sixty-six communities of eastern Massachusetts makes possible the implementation of vital services. United Way is the successor to United Fund, which was strictly a fund-raising organization. This year's goal, set at \$16,000,000, will be needed to meet the budget requirements of the 200 agencies participating.

NOMINATION FOR CREDIT UNION DIRECTORS

Nomination papers may be had at the Credit Union Office, Room 242, City Hall.

Last date for filing, Tuesday, October 15, 1974, at 3 P.M.

Nominees must obtain a minimum of twenty Credit Union members' signatures on their nomination blanks.

No Credit Union member may sign more than seven nomination papers.

Nominees must be employees and members of the Credit Union for more than three months prior to date of annual election.

Nomination papers will be accepted for a three-year term.

There will be no nominations from the floor.

The date of the annual election and meeting will be Tuesday, November 19, 1974.

MASS. CHILD, INC., HOLDS CONFERENCE

The Massachusetts Child, Inc., ACLD, will hold its third annual conference Saturday, November 16, 1974, at Pine Manor Junior College, 400 Heath Street, Chestnut Hill. The theme of this year's conference is "The Learning Disabled Adolescent and Young Adult: Vocational, Social, and Educational Future."

MUSICAL PROGRAM FOR SENIOR CITIZENS

Parks and Recreation Commissioner Anthony E. Forgione has announced that Heidi Hermansen will be organizing a musical program in which Boston's senior citizens are invited to participate. Ms. Hermansen, who recently received her M.M. from the New England Conservatory of Music, did her undergraduate training at Carthage College in Wisconsin. Having led and sung in church and college choral groups while mastering piano, guitar, snare drum, and dulcimer, Heidi is a very well-versed musician. She plans to visit centers in South Boston, Hyde Park, Roslindale, Roxbury, Brighton, and Charlestown, where she will organize choral groups of senior citizens.

For further information regarding locations and itinerary please contact Assistant Commissioner Dorothy Curran at 722-4100, Ext. 151. This program is conducted free of charge.

"HOTLINE" AIDS HUB'S SENIOR CITIZENS

"How do I get supplemental security income?"

"How do my husband and I sign up for public housing?"

"My landlord is evicting me — can you help me?"

Helping older Bostonians is just what the City of Boston's Senior Citizen Hotline (722-4646) has been doing for its first two months in existence, and there will be a lot more helping in the months and years to come.

Initiated on July 15 of this year by Mayor White and the city's Commission on Affairs of the Elderly, the Senior Citizen Hotline has provided information and referral for senior citizens throughout Boston. After two months the hotline is logging about 100 calls a week.

The hotline is staffed by five senior aids who rotate coverage. The group underwent an intensive ten-week training program in order to become familiar with the many agencies with which senior citizens

may need to deal. They have also been trained in counseling techniques.

Taylor Wagenseil, Commissioner of Affairs of the Elderly, said: "We feel that the hotline provides an enormous service by letting older Bostonians know the programs for which they are eligible and how, in many cases, they can get free services and assistance. These include public and privately run programs and the many services provided by the commission, such as free flu shots, eye and ear examinations, volunteer opportunities, discount, nutrition, and companionship programs, and many more."

According to Linda Grant, hotline coordinator, most of the callers have requested information or assistance regarding social security, public housing, legal assistance, medical care and coverage, and homemaker services.

"Other callers are just in need of someone to talk to," Ms. Grant said. "Hotline operators lend a willing ear and often are able to relieve some of a caller's loneliness through a friendly word or by helping them to see for themselves their present life styles."

Recently the hotline had its first emergency call. A woman called to say her husband had had a heart attack.

"The woman was hysterical and did not know what to do," Ms. Grant related. "As one operator was calming her down, she told another operator to call for an ambulance. The other operator also called the man's family doctor to alert him and then called the hospital to let them know a patient was on the way in. Within one half hour the man was in the hospital and being seen by the doctor."

The hotline followed up the case later that day by calling the woman to see how she and her husband were doing and to be sure that all the necessary hospital arrangements had been made.

"The man was resting comfortably, and his wife was thrilled with the help the hotline had provided. She told the operator

that she would tell her friends what a marvelous service it was," Ms. Grant said.

Hotline operators are Nathan Winer of Roslindale, Lillian Krafur of the Back Bay, Clara Burns of East Boston, Kay Manion from Allston-Brighton, and Ann Nihill of Jamaica Plain.

Any older Bostonian who needs help or information is urged to call the hotline at 722-4646. Callers may remain anonymous.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT COMPUTER SOFTWARE

DEAR MAYOR WHITE:

I respectfully request your approval of the award, without advertising, of a contract to the International Business Machines Corporation, for the rental and maintenance of computer software necessary for the operation of the computer terminals and data batch management for computer batch processing for the period beginning July 1, 1974, and ending June 30, 1975.

The following is a listing of the four software packages:

CICS/VS — Customer Information Control System; IMS/VS-DL/1 — Information Management System, Data Language COBOL — Version 3 — Program Language Translator; and SORT/MERGE/VS — Sort Program.

The total cost will not exceed ninety thousand, eight hundred dollars (\$19,800).

The rental of this equipment is necessary to perform efficiently the operations of computer terminals of the Data Processing Unit of this department, and without public advertising would serve the best interest of the city.

Respectfully yours,

EDWARD T. SULLIVAN,
Director

Purchasing Division FUEL OIL

DEAR MR. MAYOR:

Under the provisions of the Mandatory Location Program for Middle Distillate Fuel the Metropolitan Petroleum Company, Division of the Pittston Company, was designated as supplier of No. 2 fuel oil to the City of Boston, for the months of April, May, June, 1974, inasmuch as they were the supplier of No. 2 fuel oil in the months of April, May, and June, 1973.

Total amount of oil to be needed will be approximately 330,900 gallons. Price will be \$3.115 per gallon. Price is subject to execution based on posted price on date of delivery. Total amount of contract will be \$1,033,075 less 1 percent, ten days.

Permission is requested to dispense with advertising and award a contract, with public advertisement, to Metropolitan Petroleum, Division of the Pittston Company, furnishing No. 2 fuel oil from April 1, June 30, 1974, inclusive, to the various departments. Total amount of contract not to exceed \$1,033,075.35, less 1 percent discount, ten days.

This request is necessary to comply with Energy Policy Office's Economic Stabilization

Act, and the Mandatory Allocation Program for Middle Distillate Fuels.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

BUILDING DEPARTMENT
EMERGENCY DEMOLITION

DEAR MR. MAYOR:

The following buildings or structures have been condemned by me as being in an unsafe and dangerous condition. Notices have been sent to the owners, but they have taken no steps to abate the dangerous condition. These buildings are a menace to the neighborhood. The locations follow:

Emergency telephone bid for the demolition of 192 Boylston Street, Ward 11; 196 Boylston Street, Ward 11; 26 Dalrymple Street, Ward 11; as ordered by Leo F. Martin, Deputy Building Commissioner, to be supported by written confirmations.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938, as amended, particularly section 116 (d) thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Circle Power, \$9,900; John A. Berardi, \$11,540; Mystic, \$15,200; P. J. Maffei, \$8,900.

Peter J. Maffei Wrecking Company, 89 Main Street, Medway, Mass. has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance, and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city rather than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price over \$2,000, or over the statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter, of a contract in the sum of \$8,900, to the Peter J. Maffei Wrecking Company, 89 Main Street, Medway, Mass.

Very truly yours,

RICHARD L. GRANARA, JR.,
Assistant Building Commissioner,
For RICHARD R. THUMA, JR.,
Building Commissioner.

COUNCIL ON DRUG ABUSE
XEROX COPIER

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals of advertisement in the *Boston City Record*, and award to the Xerox Corporation a contract for the usage of a Xerox copier, during the period of February 1, 1974, through June 30, 1974, at

a cost not to exceed thirty-five hundred dollars (\$3,500), which I believe is fair and reasonable.

In view of the high quality, versatility, and fine reputation of the machine to be provided, it is my opinion that public advertising would serve no useful purpose.

EVALUATION STUDY

DEAR MR. MAYOR:

The Coordinating Council on Drug Abuse respectfully requests written permission from your Honor to dispense with inviting proposals by advertisement in the *City Record*, in awarding a contract to Terrence James Briggs, 540 Massachusetts Avenue, Boston, Massachusetts 02118, to undertake a thorough evaluation of all of Boston drug treatment programs and make recommendations for the future content and direction for a city-funded program at a cost not to exceed \$4,500, for a period from January 1, 1974, to April 1, 1974.

Among the issues Mr. Briggs will investigate are the appropriate city role in the provision and/or sponsorship of treatment services, the acceptable models for program capacity and design, should the relationships between the city drug programs and other entities including universities, communities and other drug programs be improved and strengthened. The proposed contract will provide funds for this evaluation and investigation.

Mr. Briggs is amply equipped with training, expertise, and knowledge in this area to provide this type of service. Since the proposed contract is professional in character, no useful purpose would be served by inviting bids by advertisement.

Respectfully,

PAUL E. ROBINSON,
Executive Secretary.

ELECTION DEPARTMENT PRINTED FORMS

DEAR MR. MAYOR:

As authorized by the Boston Election Commission under a vote taken December 31 1973, I hereby request for and on its behalf, permission to dispense with public invitation for competitive bids in the *City Record*, and to award a contract to Moore Business Forms, Inc., 291 Arsenal Street, Watertown, Mass., to provide to this department printed mailer type forms at a cost not to exceed \$3,885.

Due to an unforeseen emergency which arose by passage of House Bill 7570, signed by the Governor on December 10, 1973, this bill calls for a special city-wide referendum to be held on April 2, 1974, with a provision for a sample ballot to be mailed to each registered voter (approximately 300,000), two weeks before the election.

In view of the time frame involved, the Election Department solicited and received informal bids from four firms. Moore Business Forms, Inc. was the low bidder.

Due to the emergency nature of the situation, the guaranteed availability of paper, and timely delivery of service, it is felt that advertising would serve no useful or practical purpose.

Very truly yours,

BOARD OF ELECTION COMMISSIONERS,
JOSEPH D. MURPHY,
Chairman.

FIRE DEPARTMENT

COMPUTER DISPATCHING SYSTEM

DEAR SIR:

I respectfully request your Honor's approval to award a contract, without public advertising, to the International Business Machine Corporation for the purchase of the software and the lease of the hardware for a system of computer-aided dispatching of apparatus and information to alarms of fire.

The work load of the Fire Department has been increasing at a steady rate over the last few years. The projected figures for this year are 47,000 alarms. This increase is over 8,000 more alarms than 1972 and over 5,000 more alarms than our previous highest year.

The first few minutes in any fire emergency, that is, the time from the sounding of the alarm by a citizen until the arrival of the Fire Department, are the most important in any Fire Department operation. One of the most important operations in this critical period is the dispatching of fire apparatus.

Presently, the methods of dispatch used by the Fire Alarm office involve a great deal of manual information retrieval. The large increase in the number of alarms indicates that additional personnel should be employed in this operation to keep pace. However, studies indicate that an increase in personnel does not necessarily bring about a proportional increase in efficiency.

After consultation with my staff, it appears that the best solution to this problem is the Computer Aided Dispatching System. Information needed to dispatch apparatus will be instantly displayed to the dispatcher rather than the time-consuming manual retrieval now in use. The efficiency of the dispatching operation will be markedly increased without the addition of any personnel, and the time saved in dispatching will be put to great use by the fire fighting force.

We have attended in-depth presentations of Computer Aided Dispatch Systems by the International Business Machine Corporation, the Xerox Corporation, and the Honeywell Corporation.

As you can see, the Honeywell Corporation did not submit a cost breakdown and apparently is not serious about the project.

In my view, the International Business Machine Corporation's concept is in line with the Fire Department's thinking, and I recommend they be awarded the contract, at a cost not to exceed \$25,000, for programming and software (which is a one-time cost), and a cost not to exceed an annual expenditure on a lease basis of \$48,000.

The International Business Machine Corporation's concept ties into the already existing centralized computer section at City Hall. John Flanagan of the Data Processing Division was also in attendance at these detailed presentations for the Fire Department.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

the Masses, Saturday, August 31, and Sunday, September 1.

We wish to express our sincere thanks to the Boston Fire Department for the extraordinary work done this Friday evening in saving our beloved St. Gregory's from the ravage of a devastating fire. Clearly the fire was set in the lower sacristy, our fire detection system notified the AFA office. Fire alarm was alerted at 11:46 and in a minute's time the first equipment from the Boston Fire Department was at the Church. Our deepest appreciation to the officers and men of the BFD, under the direction of District Chief Campbell, who confined the fire to the lower sacristy. It was expertise and ability that saved our church. Our thanks, too, to the good Lord, who must have been watching over our parish.

You can be well proud of the men who responded to the alarm.

It is my pleasure in behalf of all our priests, sisters, and parishioners to call this to your attention, and thank you and your department for saving our beloved St. Gregory's.

Sincerely,
REV. PAUL H. SWEENEY,
Pastor."

October 1.

General Order No. 43

FIRE PREVENTION WEEK

1. Fire Prevention Week will be observed in the City of Boston from October 6 to October 12, 1974, inclusive. Mayor Kevin H. White has issued the following statement in connection with the observance of this week.

"The success of a fire prevention program is predicated on the activities of an experienced Fire Department and the co-operative assistance received from members of the community. We are fortunate in Boston that these necessary elements exist, and thus fire safety has steadily progressed. The nature of fire and fire causes is such that negligence can lead to disaster. Hence, everlasting vigilance must be maintained. The Fire Department must provide initiative to the public at all times for their greater safety from fire.

"I have noted the progress made by the Boston Fire Department in the field of research. The efforts expended in this area have been extensive and rewarding. As Mayor of this city I am pleased to congratulate the Fire Department for their accomplishments in this respect. The results indicate that research such as this is a most important factor in future fire safety. This, added to the continuous fire prevention work and the efficient operations of an excellent fire-fighting force, contribute to make Boston a safer city."

2. The Boston Fire Department will again emphasize Fire Prevention Week with a series of activities as follows:

a. Fire stations shall be open to the public between the hours of 1200 and

2000 for inspection of the premises and for the conveyance of information concerning the Fire Department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week the man on house patrol shall summon the commanding officer, who should be available and ready to either show the visitors around the station and to answer questions regarding the department or to have a suitable person assigned to this duty.

b. Canvas signs giving notice that Fire Prevention Week is in progress should be displayed from all fire stations. Most stations have these signs in their possession from exhibitions of previous years, and it is the responsibility of company officers to see to it that these signs are kept in good condition from year to year. Signs should be displayed from Sunday to Saturday. Signs shall be checked daily by the officer in charge of quarters to assure they are firmly affixed to the building in a proper manner.

3. District fire chiefs are directed to take an active interest in fire prevention programs in the following manner:

a. By making arrangements with the various plants and industrial enterprises within the district to hold fire drills during the week and by grading these drills as "good," "fair," or "poor," and making a report of same to the Fire Prevention Division, indicating the name of the enterprise, the date of the drill, and the grade. Same should be forwarded promptly. Each concern should be requested to acknowledge participation in Fire Prevention Week activities via written correspondence. These drills should be conducted by a company officer after arrangements are made. At plants where there are special or company fire brigades particular attention should be given to assignments and/or response procedures. It is requested that the name of the company officer conducting the drill be furnished. It is anticipated that not less than three drills will be conducted in each district.

b. Due to conditions at various schools throughout the city fire prevention activities will not be held during Fire Prevention Week. Company officers will contact school officials in the schools in their subdistricts and make arrangements to hold the required fire exit drills during the last week in October. The fire exit drill shall be so arranged that it will be held ten minutes prior to the end of the school day.

4. The district fire chief should compile a list of fraternal, social, civic, and professional organizations within the district and advertise to them the willingness of the Fire Department to provide company officers for the purpose of lecturing on fire prevention at any time. District fire chiefs should make a concerted effort to bring the activities of the department before these organizations and arrange for lectures to be given. The name of any organization so participating should be reported to the Fire Prevention Division, and if the organization can be urged to

forward on its own stationery a notation of the event, it would be to the greater advantage of the Fire Department.

5. Fire fighters are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. Dilapidated buildings, rubbish accumulation, and other hazards should be reported to the Fire Prevention Division. The public expects uniformed members of the Fire Department to know something about fire prevention work and to have an interest in this subject since they are public employees engaged in this field. Fire fighters, therefore, during Fire Prevention Week should have this subject uppermost in their minds, and they should not pass a fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed man in the Fire Department is a fire prevention inspector at all times.

6. Company commanders, on receipt of the Governor's Proclamation on Fire Prevention and Fire Prevention Week posters, will post these items in a suitable location at the front of each fire station where they will be visible to the public. They will remain posted until October 13, 1974.

POLICE DEPARTMENT ORDERS

September 16.

Personnel Order No. 74-386

It is with deep regret that the Police Commissioner announces the death on Monday, September 9, 1974, of Senior Building Custodian William G. Collins, District 7. Department records will be so amended.

September 16.

Personnel Order No. 74-388

A hearing was held before the Police Commissioner on September 6, 1974, on complaint of Capt. Lawrence A. Quinlan, commanding officer of District 13, against Patrolman Mario Rampino.

At the hearing Marvin Johnson testified that Patrolman Mario Rampino fired shots on April 6, 1974. Such discharge was not for any purpose stated in Rule 35 (5) of the Boston Police Rules and Regulations. (Refer to Specification No. 1.) Captain Quinlan testified that Patrolman Rampino submitted certain reports both orally and in writing regarding the arrest of Marvin Johnson. I find that he failed to include in his reports that he did fire his revolver. (Refer to Specifications Nos. 2, 6, and 8.) Marvin Johnson also testified that Patrolman Rampino directed derogatory language toward him and also racial slurs. (Refer to Specification No. 3.) I do not find adequate evidence that he was responsible for the use of excessive force or did assault and beat Marvin Johnson. (Refer to Specifications Nos. 4 and 5.) I also find on the evidence that he did answer falsely questions put to him by Det. Sgt. John Geagan regarding the apprehension of Marvin Johnson on April 6, 1974. (Refer to Specification No. 7.)

Upon the evidence presented and in consideration of the testimony, Patrolman Mario Rampino is found guilty on Specifications Nos. 1, 2, 6, 7, and 8, and not guilty on Specifications Nos. 3, 4, and 5.

Therefore Patrolman Mario Rampino is hereby suspended from his position as patrolman for fourteen days, effective September 11, 1974, and terminating September 24, 1974, at which time he will be reinstated to his position as patrolman.

September 18.

CITY OF BOSTON

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR EMERGENCY REPAIRS TO TRAFFIC SIGNAL FOUNDATIONS, HANDHOLES, UNDERGROUND CONDUIT, SIGNAL EQUIPMENT, AND LOOP DETECTORS AT VARIOUS LOCATIONS IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at Room 721, City Hall, invites proposals for emergency repairs to traffic signal foundations, handholes, underground conduit, signal equipment, and loop detectors at various locations in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 721, City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Emergency Repairs to Traffic Signal Foundations, Handholes, Underground Conduit, Signal Equipment, and Loop Detectors at Various Locations in the City of Boston," one copy of which is to be left at Room 721, City Hall, before twelve noon on Friday, October 25, 1974, with a certified check for 3 percent of total bid price, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before commencing performance of this contract the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should he deem it to be for the best interest of the city so to do.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

TRAFFIC AND PARKING DEPARTMENT

September 4, 1974.

Whereas, The Traffic and Parking Commission is not in session, now, therefore, under the authority granted to me under St. 1929, c. 263, s. 2B, as amended, I hereby promulgate the following:

That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective October 25, 1974:

Article IV, Section 18 (Weather Emergency Regulations), is amended by striking out Emergency Prohibition No. 1 and Emergency Prohibition No. 2 and substituting new Emergency Prohibitions Nos. 1, 2, and 3, and all traffic arteries listed under former Emergency Prohibition No. 1 are hereby inserted under new Emergency Prohibition No. 2 so that Article IV, Section 18 (Weather Emergency Regulations), will read as follows.

Whenever impending weather conditions threaten to constitute a traffic hazard impairing transportation, the movement of food and fuel supplies, medical care, fire, health, and police protection, and other vital facilities of the city, the Commissioner of Traffic and Parking may declare a weather emergency to exist and cause announcement thereof to be made by use of available news media. Any or all of the following parking prohibitions shall be effective during so much of said emergency as such declaration and announcement shall specify:

Emergency Prohibition No. 1 (One-Sided Parking)

No driver shall park or stand any vehicle on any day from November 15, of each even-numbered year to March 31, inclusive, of each following odd-numbered year on the odd-numbered side of any street, way, highway, road, or parkway under the control of the city, outside of the Central Business district as described under Emergency Prohibition No. 3.

No driver shall park or stand any vehicle on any day, from November 15, of each odd-numbered year to March 31, inclusive, of each following even-numbered year on the even-numbered side of any street, way, highway, road, or parkway under the control of the city, outside of the Central Business district as described under Emergency Prohibition No. 3.

Where the parking or standing of a vehicle is prohibited under the provisions of Part 2 of Section 3 of Article IV on one side of a street, way, highway, road, or parkway at all times, the prohibi-

tions in the preceding paragraphs shall not apply.

The provisions of the foregoing paragraphs shall not apply to the parking or standing of a vehicle in municipal off-street parking areas or in portions of reservations surfaced for parking where angle parking is allowed under the provisions of Article IV, Section 7, of these rules and regulations or on either side of the following streets, or parts thereof, unless such parking or standing is otherwise prohibited.

The list of "streets or parts thereof" referred to in the preceding paragraph is on file at the office of the Traffic and Parking Department.

Emergency Prohibition No. 2 (Emergency Arteries)

No driver shall stop, stand, or park any vehicle within the limits of the following traffic arteries, or parts thereof, provided that this regulation shall not apply to passenger vehicles stopped temporarily during the actual receiving or discharging of passengers nor to commercial vehicles stopped temporarily during the actual loading or unloading of materials.

The list of traffic arteries or parts thereof referred to in the preceding paragraph is on file at the office of the Traffic and Parking Department.

Emergency Prohibition No. 3 (Central Business District)

No driver shall stop, stand, or park any vehicle in that part of the downtown area of the City of Boston bounded by the easterly line of North Washington Street, by the northeasterly line of Blackstone Street, by the southeasterly line of North Street, by the northeasterly line of Cross Street, by the northwesterly line of Commercial Street, by the northerly line of Eastern Avenue and the northerly line of Eastern Avenue extended to Boston Harbor, by Boston Harbor and Fort Point Channel, by the southwesterly line of Summer Street, by the southeasterly line of Atlantic Avenue, by the southwesterly line of Kneeland Street, by the southeasterly line of Washington Street, by the southerly line of Oak Street West, by the southerly line of Tremont Street, by the westerly line of Charles Street South, by the westerly line of Carver Street, by the southerly line of Eliot Street, by the westerly line of Park Square, by the westerly line of Charles Street, by the southerly line of Beacon Street, by the easterly line of Bowdoin Street, by the southerly line of Cambridge Street, by the westerly line of Stanford Street, and by the northerly line of Causeway Street.

Article IV is amended by striking out Section 15A (All-Night Parking), Parts 1 and 2, and all streets formerly listed in Part 2 are hereby inserted under Emergency Prohibition No. 1 (One-Side Parking) of Section 18 of Article IV (Weather Emergency Regulations).

Article X, Section 1A, Part 2 (Schedule of Fines, Zone A), is amended by

striking out under paragraph (a) the following subparagraph:

(iii) If such offense is a violation of subdivision (1) of Section 15A of Article IV of these rules and regulations prohibiting, with certain exceptions, parking between 12:01 A.M. and 8 A.M., two dollars.

Article X, Section 1A, Part 2 (Schedule of Fines, Zone B), is amended by striking out under paragraph (a) the following subparagraph:

(iii) If such offense is a violation of subdivision (1) of Section 15A of Article IV of these rules and regulations prohibiting, with certain exceptions, parking between the hours of 12:01 A.M. and 8 A.M., two dollars.

The undersigned does hereby certify that after taking into account the public safety and convenience, the reasonably free circulation of vehicular traffic, and the need for providing in the streets, ways, highways, roads, and parkways in the City of Boston the maximum number of parking spaces at all times, he is of opinion that the amendments made this fourth day of September, 1974, to either Sections 2, 2A, or 18 of Article IV or to Section 2 of Article X of the Traffic Rules and Regulations of the City of Boston are required by urgent public necessity.

PUBLIC WORKS DEPARTMENT

Proposals for Sidewalk Reconstruction in Massachusetts Avenue in Dorchester; Southerly Side, Columbia Road to Penn Central Railroad; Northerly Side, Columbia Road to Clapp Street.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for sidewalk reconstruction in Massachusetts Avenue in Dorchester; southerly side, Columbia Road to Penn Central Railroad; northerly side, Columbia Road to Clapp Street.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$1,500, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Sidewalk Reconstruction in Massachusetts Avenue in Dorchester; Southerly Side, Columbia Road to Penn Central Railroad; Northerly Side, Columbia Road to Clapp Street," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, OCTOBER 24, 1974, with a certified check for TWO THOUSAND THREE HUNDRED DOLLARS (\$2,300), payable to and to become the property of the City if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 70 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR INSTALLATION OF ELECTRIC SERVICE FOR LIGHTING AT CENTRAL SQUARE, EAST BOSTON, MASS.

The City of Boston, acting by the Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for installation of electric service for lighting at Central Square, East Boston, Mass.

Proposals will be received until 2 P.M. (Eastern Standard Time), Tuesday, October 29, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M. (Eastern Daylight Saving Time), Monday, October 14, 1974.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON,
ANTHONY E. FORGIONE,
Commissioner of Parks and Recreation.

NO. 42

Mayor Requests Assistance of U. S. Marshals

Text of Mayor White's Letter to Judge Garrity on October 7, 1974:

HON. W. ARTHUR GARRITY, JR.,
United States District Court,
Boston, Mass.

Dear Judge Garrity:

Four weeks ago today I spoke to the citizens of Boston about the need to maintain public safety in this city during the implementation of the federal court order to desegregate the public schools.

On balance, the vast majority of the citizens of this city have acted responsibly, civilly, and maturely in the face of obvious hardships and in the light of a court order which they find abhorrent. City agencies — the Police Department in particular — have fulfilled their legal obligations, acted promptly and professionally to avoid and prevent violence, and have proceeded swiftly, firmly, and without excessive force to quell disturbances.

We are now utilizing no fewer than 900 police officers every school day — virtually one-half of our active-duty police personnel — to protect children on their way to and from the schools. The cost for police overtime, alone, is \$100,000 a day. The total cost for the first eighteen school days exceeds \$2 million. The Tactical Patrol Force, comprised of 125 men, has been constantly utilized for school purposes exclusively. And the individual members of the TPF have been averaging no fewer than fifty-five overtime hours of duty each and every week.

This police force has strained all its personnel and has exhausted every resource available to it. And the men of the department have acted courageously, with determination, and under frustrating and dangerous circumstances.

These actions, taken together — the responsible attitudes of parents

and students and the professional performance of the police — have guaranteed the orderly and safe implementation of the court-ordered plan in 90 percent of the city. Attendance in these sections of the city, which include the vast majority of the children enrolled in the Boston public schools, has increased steadily, and the numbers of violent incidents and arrests in these sections of the city have generally abated. Taken as a whole, in these sections which comprise 90 percent of the city, we have been

FOR YOUR CONVENIENCE

The City of Boston Planning and Engineering Department, presently located at 11 Beacon Street, will on Tuesday, October 29, move to their new quarters in the old City Hall Annex, 26 Court Street, second floor. The new telephone number will be 726-6400.

able to maintain both public safety and the orderly implementation of the court's order. And, to ensure both, we have taxed all our efforts, all our personnel, and all our determination.

This communication, however, is to apprise the court of the volatile situation that now exists in the other 10 percent of our city, and to inform the court that the city is unable to continue to maintain both public safety and the implementation of the court's order in this one single area. In that area — South Boston — attendance, unlike the city average, has shown no increase and remains unacceptable; arrests, unlike the city average, continue to mount; the number of incidents and physical injuries, unlike the city average, have continued unabated; and in that one area of the city, and in that area alone, associated acts of racial violence, not directly related to the implementation of your court order, continue to grow and escalate daily.

This volatile situation, now endangering the safety of average citizens as well as innocent school-children, has deteriorated, despite concerted and determined efforts on the city's part to provide for public safety.

In fact, we have taken no fewer than ten significant and unusual steps to ensure the lawful implementation of the federal court order in South Boston:

(Continued on next page)

U. S. Marshals . . .

(Continued from front page)

1. We have provided police escorts for all school buses in and out of South Boston.

2. We have lined bus routes in South Boston with shoulder-to-shoulder police officers.

3. We have created protected staging areas to minimize the number of buses going into troublesome sections of South Boston.

4. We have cordoned off all school buildings in South Boston with uniformed police officers.

5. We have stationed plainclothes policemen in the schools themselves.

6. We have refused parade permits in South Boston when, in the opinion of the police, public safety would be endangered.

7. We have restricted demonstrations which threaten the safety of schoolchildren.

8. We have prevented any assembly of three or more persons within the vicinity of all school buildings in South Boston, under an ancient state statute.

9. We have closed down taverns and package stores in South Boston when the general order and safety of the public has been threatened, and they now remain closed until further notice.

10. We have made a total of forty-one arrests in South Boston, virtually 40 percent of all arrests made in the entire city, and in an area which comprises only 7 percent of the city's population.

We can no longer maintain either the appearance or the reality of public safety and the effective implementation of the plan in South Boston without endangering those other sections of the city which have remained relatively calm and peaceful. And our continued efforts to provide for both, in all sections of the city, will only lead, predictably and tragically, to the undermining of your court order and to the growing racial tension throughout the city, which threatens to involve and intimidate the innocent.

Unless adequate assistance is forthcoming the volatile situation

in one isolated area of the city can spread rapidly and relentlessly throughout the entire city. And unless the intense burden on the police can be relieved in South Boston our efforts in other sections will be totally frustrated.

It is clear that the police are no longer able to preserve public safety and also ensure the implementation of the federal court order in South Boston.

Violence, which once focused on the schools and the buses, now is engulfing the entire community in racial confrontation. And school attendance, cut sharply by a 75 percent effective white boycott in South Boston, will now be further reduced by the concerned counsel of black parents who are advising their children to stay at home because of legitimate concern for the safety of their children.

And we are now faced with a virtually unanimous consensus that the police themselves provide a provocative presence. I have spoken with both the black leadership in Roxbury and the white leadership in South Boston, and they are united in their belief that the police presence, unfortunately, is exacerbating the situation.

Without additional assistance the school buses cannot roll in South Boston, the plan cannot be implemented, and the general safety of the community cannot be assured.

The police, who now serve only as an additional source of tension, antagonism, and hatred, cannot handle the problem alone; they must be assisted and augmented by outside force at the wisdom of the court.

We don't want, we won't allow, and this letter to the court is intended to avoid, the situation where the killing of a child is needed to prove a point. We have been moving judiciously forward to avoid violence or the need for outside intervention in this city. And no child in the school system has yet been hospitalized overnight.

But my honest appraisal today based as it is on neither hysteria nor emotionalism, but on the facts as I have presented them, leads to the conclusion that action by the court is needed immediately to prevent a highly volatile situation in one section of the city from becoming an explosive confrontation throughout the city.

Federal presence in South Boston is necessary and needed immediately to guarantee the implementation of the federal court order.

I therefore request that you immediately order a minimum of 125 federal marshals into South Boston to replace that part of the supplementary police presence there which has become the most controversial.

Respectfully,
KEVIN H. WHITE,
Mayor.

MBTA OPERATORS WIN "SAFE T PIN"

Two MBTA operators were presented with United States Savings Bonds and the first Safe Drive Pins — already dubbed the "Safe Pin" by operators of MBTA bus streetcars, and trackless trolleys — for compiling a record of nine years without being involved in an accident of any kind, either a traffic accident or an accident involving passenger.

During this impressive span time it is estimated that Coleman Walsh and Thomas J. Hutchins operated their vehicles some 154,000 miles safely.

To qualify for a "Safe T Pin" an operator must have driven for two years without being involved in an accident of any kind. This first presentation will involve eighty-six MBTA operators with at least two accident-free years of normal operation. Two have a nine-year accident-free slate, three have five safe years, six have four to their credit, seventeen have three years, and fifty-eight operators have driven for two years without any accidents.

Operators with an accident-free safe driving record of three years will be given a \$25 United States Savings Bond and one extra vacation day. A driver with four years of accident-free operation will receive a \$25 bond and two extra vacation days, and for five years of perfect driving a \$50 Savings Bond and three extra vacation days will be the prize. Presentations will be made annually from now on, the Authority stated.

ACCLAIMED FILM TO BE SHOWN

In January of 1974 the first showing on television of *The Autobiography of Miss Jane Pittman* brought acclaim from the critics and cheers from the viewing audience. Leading the honors was Cicely Tyson, one of the country's finest young actresses, who later was presented the Emmy award by the National Academy of Television Arts and Sciences. The film itself has won many awards since, including the Gabriel award from Catholic broadcasters, the Christopher award, and the maxi award from *Media and Methods* magazine. The film is based on the 1971 novel by Ernest J. Gaines and incorporates much of the history of black America through the story of one woman's life from the Civil War to the present. Pauline Kael has said it is "quite possibly the finest movie ever made for American television."

Now there is an opportunity to see it in its first nontelevision screening on Thursday, October 24, at 3:30 and 7 p.m., when the Grove Hall Branch of the Boston Public Library will show the film. The screenings are free and open to all the public.

SEMINAR FOR REALTORS

"Construction — Problems and Predictions," the topic of BOMA's Crystal Ball '75 program on October 30, 1974, is a subject real estate professionals can't afford to miss in light of today's market, according to Albert Harmon, moderator. Mr. Harmon is president of the Building Owners and Managers Association, a division of the Greater Boston Real Estate Board.

Keynote speakers are Carl A. Morse, chairman of the board and chief executive officer of Carl A. Morse, Inc., and Bernard Strassner, vice president of Dwelling Managers, Inc. "Commercial construction methods are constantly changing to meet today's economic, environmental, and esthetic needs," said Mr. Harmon. "Both these men are extremely qualified to discuss these subjects." A question and answer period will follow the discussion.

The program is being held in the First National Bank Building's auditorium from 4:30 to 6:30 p.m. For reservations call BOMA at 523-2910. The cost for the seminar is \$10.

TRAIN TRIP PLEASES PATRIOTS FANS

Almost 300 football fans took advantage of a new MBTA-Penn Central special train service and rode to Sunday's Patriots Game with no worries about traffic jams. The new service was inaugurated two weeks ago, and will be continued for all remaining home games.

"We are delighted that so many fans have decided to use our special service," MBTA General Manager Joseph C. Kelly said, "and we hope more will take the train for future home games."

The railroad will add as many cars as necessary to the train to insure that all passengers have a seat. The train leaves South Station at 11 a.m. and Back Bay five minutes later. Departure from the stadium is immediately after the game.

The round-trip fare is \$3, and tickets are now on sale at South Station and Back Bay for the re-

maining home games on the Patriots schedule.

VETERANS DAY

One minute before eleven o'clock in the morning of November 11, 1918, the long battlefront in France shook with the roar of cannon. One minute later, a complete silence. Then the shouts of soldiers and a cry of joy that reechoed throughout the world. The armistice with Germany, signed at 5 a.m. that morning, had gone into effect. So ended the fighting in the First World War, which had cost more lives than any previous war in history. Ever since, the allies have commemorated November 11 as Armistice Day (now known as Veterans Day and celebrated this year on October 28). An armistice differs from a truce in that it extends to the whole or a considerable part of the armies of two or more countries, and precedes or looks toward negotiations for peace. Advances, retreats, or the redistribution of troops in the fighting line are forbidden during an armistice, but supplies and reinforcements may be brought up. It was this kind of armistice that was concluded between the central powers on the one side and Russia on the other, December 15, 1917. The armistices which were concluded between the victorious allies on one side and defeated Bulgaria (September 29), Turkey (October 31), Austria-Hungary (November 3), and Germany (November 11, 1918) were of a different sort. They contained such severe terms that, instead of maintaining the existing military situation (*status quo*), they were deliberately framed so as to make it impossible for the central powers to resume the war. They amounted, therefore, to surrender on the part of Germany and her allies and forecast the peace terms to be imposed on the defeated states. It is customary in the United States, at 11 a.m. on Veterans Day, to stand for one minute in silent tribute to our fallen World War heroes, who so nobly sacrificed their lives for the cause of peace.

NEW TRAFFIC SYSTEM

The Boston Traffic and Parking Department has instituted a traffic flow pattern in South Boston designed to divert heavy trucks from residential streets.

"Truck traffic on residential streets has been a severe public safety hazard in many areas of Boston for years," Mayor White said.

"For far too long residents in South Boston have lived with fear for their children's safety. The new traffic system is a first step in correcting this hazard and will return these streets to residential status."

The new traffic sign system, which applies to trucks with a load capacity over two and a half tons, will ban trucks from major sections of Broadway, Dorchester and D Streets, and Farragut Road, as well as blocking turnoffs from the main truck route onto smaller residential streets. The main truck traffic will be diverted to First Street.

The new system, made possible through the efforts of James Flaherty and the South Boston Citizens Association; John Regan and the South Boston Residents Groups; Edward King, manager of the South Boston Little City Hall; and the Boston Traffic and Parking Department will be carried out for a sixty-day trial period, after which it is expected to be adopted permanently.

POLLUTION TESTS FOR CARS

An automobile emission test will be offered to the public during Cleaner Air Week, October 20-26.

The American Lung Association of Boston, local sponsors of the nationally recognized environmental week, will test cars for pollution and for fuel economy at several locations throughout Suffolk County during the week-long observance.

The Lung Association's voluntary emission test is the same test that will be required by law by mid-1976 for every car registered within Route 128 as part of the semi-annual state motor vehicle inspection. However, according to Lung Association spokesman Arthur

Travis, this week the tests will be offered strictly on an "unofficial" basis to acquaint the public with the testing procedure.

"This is an opportunity to find out how your car measures up to federal exhaust emission standards without the fear of having your registration lifted if it fails," Mr. Travis said.

He noted that the test picks up carburetor and ignition problems which even a good mechanic sometimes misses.

Cars will be tested all day Monday at Boston's City Hall Plaza; Tuesday at the Parkway Plaza shopping center, Chelsea; Wednesday at Bradley's Orbit on Morrissey Boulevard, Dorchester; Thursday at the Northgate Shopping Center, Revere; and Friday at the Liberty Plaza, East Boston.

Each car's exhaust will be analyzed for levels of carbon monoxide (CO) and hydrocarbons (HC). They are the two major automobile pollutants for which federal ambient air standards have been established under the 1970 Clean Air Act.

Usually high CO readings are caused by improper air/fuel ratios, while high HC readings generally result from engine misfire and incomplete combustion of fuel. In most cases minor adjustments will reduce emissions, and nearly always a tune-up will correct the causes of high emissions.

A number of states already require emission tests as part of their state motor vehicle inspection. In New Jersey, where emission tests have been mandatory since February, owners of cars which fail the tests are given two months to get them corrected or have them banned from the highways.

According to experts, some 60 percent of cars on the road are excessive polluters due to minor engine malfunctions which could be corrected with fairly simple engine maintenance. In addition, regular engine maintenance carries the added benefit of lowering operating costs while helping to conserve our nation's dwindling fuel resources.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$346.56 the claim of Martha L. Ash, 40 Bickford Street, Jamaica Plain, to be reimbursed for damage to her car while being towed from Washington Street, Boston, July 17, 1974.

To settle for \$199.56 the claim of Linda A. Barrett, 1992 Commonwealth Avenue, Brighton, to be reimbursed for damage to her car while being towed from Commonwealth Avenue, Boston, July 28, 1974.

To settle for \$76.57 the claim of Carol Beaudoin, 335 Broadway Street, Cambridge, to be reimbursed for damage to her car while being towed from West Cedar Street, Boston, June 13, 1974.

To settle for \$155.02 the claim of Michael J. Lembo, 206 Commonwealth Avenue, Boston, to be reimbursed for damage to his car while being towed from West Cedar Street, August 5, 1974.

To settle for \$56.90 the claim of Ernest M. Pezzuto, 86 Lebanon Street, Malden, to be reimbursed for damage to his car while being towed from Cambridge Street, July 30, 1974.

To settle for \$241.37 the claim of Leroy Shillingford, 35 Olney Street, Dorchester, to be reimbursed for damage to his car while being towed from Huntington Avenue, Boston, July 8, 1974.

To settle for \$20.50 the claim of Jason Sumner, Boston University Economics Department, Boston, to be reimbursed for damage to his car while being towed from Parkvale Avenue, July 17, 1974.

To settle for \$115.17 the claim of Knute A. Anderson, 28 Brynwood Lane, Greenwich, Connecticut, to be reimbursed for damage to his car while being towed from Boylston Street, January 12, 1974.

To settle for \$350 the claim of Robert Ahearn, 5 Beals Street, Brookline, to be reimbursed for damage to his motor vehicle as a result of a hole in the roadway on Freeport Street, Dorchester, June 17, 1973.

To settle for \$68.50 the claim of Edmund Barrett, to be indemnified against the result of an accident on January 11, 1974, where while in the performance of his duty as an employee of the Public Works Department Highway Division, he was operating a city-owned vehicle which collided with a parked motor vehicle owned by Joan MacDonald, causing damage to the latter.

To settle for \$112.08 the claim of Mary C. Costigan, 64 Aspinwall Avenue, Brookline, to be reimbursed for damage to her car while being towed from Cleveland Circle, November 15, 1973.

To settle for \$225 the claim of Thomas J. Higgins, Jr., to be indemnified against the result of an accident on March 1, 1974, where while in the performance of his duty as an employee of the Fire Department, he was operating a city-owned vehicle and caused an aerial ladder to come into contact with an electrical service conduit leading into 11 Fernboro Street, causing damage to the property of Vashiti Hall.

To settle for \$52.70 the claim of Alvin Henrickson and State Farm Mutual Insurance Company, 892 Worcester Street, Wellesley, to be reimbursed for damage to his car while being towed from Marlborough Street, May 1974.

POLICE DEPARTMENT ORDERS

September 30.

Commissioner's Memorandum No. 74-75

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

In two decisions favorable to the city the American Arbitration Association recently ruled that (1) the city did not violate Article XVII, section 2, of the collective bargaining agreement by failing to rate automatically as a detective Patrolman Frederick Sampson, District 2, and (2) the city did not violate Article IV, section 1, subsection 4 of the agreement by ordering Patrolman Sampson back into uniformed duty in August, 1973.

In the first case the BPPA, relying on Patrolman Sampson's testimony as to the nature of his duties as an in-court complaint officer at the Roxbury District Court, argued that such duties constituted "detective-investigative" work and were identical to that of two other police officers, both detectives, assigned to the court. Therefore Patrolman Sampson should have been rated as a detective inasmuch as he had performed in that capacity the required time under the contract provisions.

On the second issue it was the BPPA's position that the reassignment of Patrolman Sampson was discriminatory and retaliatory against him because he had sought relief through the grievance procedure with regard to the "detective rating" issue.

The city's rejoinder was that no violation of either section has occurred. On the first issue it contended that Patrolman Sampson was not entitled to the detective rating because he never was assigned to "detective-investigative" work nor has he performed such duties and, further, "detective-investigative" has a technical meaning in police work and does not encompass any and all work done in plainclothes. Also, argued the city, the fact that other officers performing the same type of work as the grievant were paid a detective differential is not controlling because it was not paid these men for the duties they performed as in-court complaint officers.

On the second issue it was the city's position that the reassignment of Patrolman Sampson was not motivated by any discrimination for his grievance filing but rather because of the valid operating needs of the Police Department, such personnel action being proper and within the statutory and contractual managerial prerogative of the city.

Noting that the issue before her was not of equal pay for equal work but rather the independent question of whether work performed by the grievant is "detective-investigative" duty, and after considering the evidence offered relative to an in-court complaint officer's functions, the arbitrator, Marcia Greenbaum, concluded:

"Thus, I find that as an in-court complaint officer Patrolman Sampson was not performing detective-investigative

duty and was not entitled to the detective rating and differential."

With respect to the reassignment issue, finding that there was no showing of an intent to discriminate, as is required in this type of case, the arbitrator ruled:

"... there is no contractual limitation on management's right to reassign provided there was no discrimination intended."

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

COMMERCE AND MANPOWER

LAND USE PLAN

DEAR MAYOR WHITE:

I request your permission to award an amendment to the contract to Wallace, Floyd and Ellenzweig, Inc., of Cambridge. The present contract is for a land use plan of the Boston Naval Shipyard complex, including Charlestown and the South Boston Annex. The total cost of the present contract to the City of Boston is \$50,000, payable through a grant to the Development and Industrial Commission. The amendment would be a \$2,000 increase, which would also be paid from the federal grant and would be for printing 200 development package maps in two colors. This package would be included in the final report from the consultant.

This contract is for professional services, and public advertisement for bidding proposals would seem to be of no useful purpose.

Sincerely,

GERALD W. BUSH,
Director.

HEALTH AND HOSPITALS DEPARTMENT

DATA PROCESSING EQUIPMENT

DEAR SIR:

The contract between the City of Boston, Department of Health and Hospitals, and Honeywell Information Systems, Inc., Waltham, in the amount of \$122,000, for the rental of certain data processing equipment to be used by the Management Information Division of this department terminated on March 31, 1973.

After advertising for bids in the *City Record* on February 19, 1973, the Board of Health and Hospitals at its meeting of October 24, 1973, voted to award a contract to IBM Corporation, Armonk, New York, for leasing a data processing system to replace the Honeywell equipment, said contract to commence on September 26, 1973, and to end on June 30, 1974, at a cost not to exceed \$101,196.

Rather than leave the department without computer capabilities during the period of installation, evaluation, and testing of the IBM system the department retained and used the Honeywell equipment during the period April 1, 1973, through September 13, 1973. This contract amendment is necessary in order to

pay for the rental charges of the Honeywell equipment during this interim period.

Therefore, the Board of Health and Hospitals of the City of Boston at its meeting of June 11, 1974, voted and approved a vote to amend the aforesaid Honeywell contract by extending the period by six months to end on September 13, 1973, and by increasing the amount of that contract by \$55,314.20, thereby making the total cost of the contract \$177,314.20.

Inasmuch as no benefit would inure to the city by publicly advertising for bids, your Honor's permission is respectfully requested to approve this amendment without advertising under the terms and conditions stated above.

This will rescind the letter of award dated June 25, 1974, relative to this contract, submitted in error in the amount of \$175,314.20.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

SCHOOL DEPARTMENT

EdCo

DEAR MR. MAYOR:

On July 10, 1973, the School Committee approved a contract with Educational Collaborative of Greater Boston (EdCo), 186 Hampshire Street, Cambridge, to cover the period July 1, 1973, through June 30, 1974, in the amount of \$171,816. This contract was amended on October 17, 1973, changing the amount to \$179,316, and further amended on January 14, 1974, changing the amount to \$269,300. The School Committee requests your authorization for the award of the contract and the amendments without public advertising to EdCo.

The contractor shall conduct the following services: (1) train and supervise reading tutors; (2) provide reading diagnostic testing and prescriptive teaching services; (3) provide seminars and consulting service in the role change of school reading specialists; (4) establish reading resource centers; (5) run parent workshops in reading; (6) develop individualized reading materials; (7) provide extensive inservice training services for general and special education teachers; (8) offer consulting and materials development services through a weekly drop-in center for teachers. These services are all offered in a collaborative effort with the other communities that are members of EdCo.

The EdCo Reading and Learning Center, under the direction of Project Director Anne L. Ryle, has been providing these services to Boston and other EdCo communities since 1971. The project was approved at that time for five years. The funds presently requested are to finance the cost of these ongoing services as approved by the Office of Education under Title III Section 306.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

SAFE STREETS ACT ADVISORY COMMITTEE

COPYING MACHINES

DEAR MR. MAYOR:

I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to the Xerox Corporation, for the supply and maintenance of a Xerox copying machine, during the period July 1, 1974, through June 30, 1975, at a cost not to exceed twelve thousand dollars (\$12,000), which I believe is a fair and reasonable figure.

My agency's sponsorship of Boston's many critical justice programs is greatly aided by our ability to utilize the superb copying system that the Xerox Corporation provides us. In view of the high quality of the machine and the service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
DONALD B. MANSON,
Executive Director.

MEDICAL SERVICES

DEAR MR. MAYOR:

As director of your Safe Streets Act Advisory Committee, I respectfully request your written authority to dispense with advertising in the award of a contract to the Trustees of Health and Hospitals of the City of Boston, Inc., Boston, Mass., in an amount not to exceed seventy-two thousand, three hundred and thirteen dollars (\$72,313), for the period April 1, 1974, through December 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Trustees of Health and Hospitals of the City of Boston, Inc., to continue to provide medical services to inmates at the Suffolk County House of Correction.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

COMMUNITY SECURITY PROGRAM

DEAR MR. MAYOR:

As director of the Mayor's Safe Streets Act Advisory Committee, I respectfully request your Honor's written permission to dispense with public advertising in

the award of a contract to the South End Neighborhood Action Program, Inc., 106 West Brookline Street, Boston, Mass., in an amount not to exceed thirty-five thousand dollars (\$35,000), for the period July 1, 1974, through December 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control and Safe Streets Act of 1970 (P. L. 91-644).

Under the terms of the contract the South End Neighborhood Action Program will continue to conduct a community security program seeking to educate and organize the community, thereby encouraging neighborhood participation in crime-prevention efforts and promoting police-community cooperation. This effort would be coordinated with some of the proposed contractor's current programs related to community security.

The South End Neighborhood Action Program (SNAP) is a community-based self-help organization. It initiates programs designed to encourage community development. A variety of social, health and welfare services are offered to South End residents. SNAP would provide this type of sponsorship and community orientation necessary to make the community security program, as per contract a success.

Because of the unique services required to perform the function of this contract it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Director.

SCHOOL DEPARTMENT

CAMPING PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising to Camp Hammond, 137 Bay State Road, Boston, Mass. 02115, for the Title E.S.E.A., Serel Program, Summer, 1974.

This contract to extend from August 1974, through August 27, 1974, at a cost not to exceed \$45,000.

The contractor shall conduct a camping program for 270 Title I children (135 each of two sessions). Program consisting of water sports (including life saving basketball, tennis, volley ball, etc., and crafts, nature study, field trips, etc.

The contractor has performed similar services with Title I children in the Boston public schools in previous summers. All services were performed in satisfactory manner. It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed without an appropriation under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from H.E.W., Title I, E.S.E.A.

Very truly yours,
EDWARD J. WINTER,
Secretary to the School Committee.

BILINGUAL PROGRAM

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract, without public advertising, to Dorchester Y.M.C.A. (Bilingual Assistance Program), 776 Washington Street, Dorchester, Mass. 02124, for the Title I, E.S.E.A., Enrichment Program, Project No. 71-035-050.

This contract is to extend from April, 1974, through June 30, 1974, at a cost not to exceed \$7,845.

The contractor shall tutor thirty non-English-speaking children (from Lee, Bradford, and Bradford Annex in the area), in school subjects on a one-to-one basis. Referrals will be made through principals, guidance and adjustment counselors, and teachers. Tutors will meet with students six (6) hours per week.

The contractor has performed similar services with Title I children in the Boston public schools in the past. All services were performed in a satisfactory manner. It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed, without appropriation, under the provisions of G. L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from H.E.W., Title I, E.S.E.A.

Very truly yours,
EDWARD J. WINTER,
Secretary to the School Committee.

YOUTH ACTIVITIES COMMISSION BUS SERVICE

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to the Metropolitan Coach Service, Inc., during the period of June 1, 1974, through June 30, 1974.

This contract will provide staff members and recreational activities to be operated as a summer recreational program.

Payment under this contract will not exceed \$2,900, and will be made from the Youth Activities Commission, Department of Youth Services funds.

In view of Metropolitan Coach Service's, quality of service, availability of buses, and better prices, as listed below, it is my view, that they should be awarded this contract.

- (1) Metropolitan Coach Service, 75 cents a mile, \$5 an hour waiting time.
- (2) Greyline, 85 cents a mile, \$6 an hour waiting time.

(3) Hudson Bus Lines, 80 cents a mile, \$5 an hour waiting time.

Respectfully,
PAUL McCaffrey,
Executive Director.

SUMMER PROGRAM SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to The Boys' Club of Boston, during the period of June 10, to September 30, 1974.

This contract will provide services and equipment in order to operate a summer recreational program.

Payment under this contract will not exceed the sum of \$130,006, and will be made from the Youth Activities Commission, Recreation Support program upon receipt of the funds.

In view of The Boys' Clubs of Boston's ability and experience in providing these services for this program in the past, it is my view that public advertising would serve no useful purpose.

Respectfully,
PAUL McCaffrey,
Executive Director.

YOUTH SERVICES

DEAR MAYOR WHITE:

I hereby request your permission to award a contract to the Greater Boston Y.M.C.A., Roxbury Tracking Program, 316 Huntington Avenue, Boston, during the period of July 1, 1974, through June 30, 1975.

This contract will provide youth services to those youths adjudicated to the Department of Youth Services.

Payment under this contract will not exceed the sum of \$25,000, and will be made available from a grant from the Department of Youth Services, subject to the receiving of these funds.

In view of the Greater Boston Y.M.C.A. Roxbury Tracking Program's special ability and unique experience in the past in providing social services for the youth of this area, it is my view that public advertising would serve no useful purpose.

Respectfully,
PAUL McCaffrey,
Executive Director.

CAMPERSHIP PROGRAM

DEAR MAYOR WHITE:

As Executive Director of the Youth Activities Commission, I hereby request your permission to dispense with public advertising in connection with the award of a contract to the Massachusetts Department of Public Welfare. The total cost to the City of Boston under this contract will be \$7,500. The contract will continue in force through a date no later than August 31, 1974.

The purpose of the contract is to provide a mechanism whereby the city can contribute one-fourth the cost of a residential campership program for recipients of public welfare residing in Boston. The Commonwealth of Massachusetts through the Welfare Department will contribute three-fourths of the cost, or \$22,500. The

city is required, however, to make payment to the Commonwealth of the \$7,500 before the Commonwealth makes available the entire \$30,000 for the program. This is a matching grant under Title 4A of the Federal Social Security Act.

Public advertising for this contract would serve no useful purpose since the Commonwealth, through the Department of Public Welfare, is the sole repository of Title 4A funds. The contract is merely a legal mechanism for payment to the Commonwealth which will in due course be reimbursed to the city.

No informal bids have been received from other contractors since it does not apply.

Sincerely,
PAUL McCaffrey,
Executive Director.

SUFFOLK COUNTY Municipal Court, Civil Business FILING SYSTEM

DEAR SIR:

I respectfully request permission to award to Remington Rand Company, without advertising for bids, the contract for the purchase of the following material required in the so-called "flat filing" of cases, pursuant to Supreme Judicial Court ruling:

Thirty thousand folders (with fasteners), at \$97.80 per thousand, \$2,934; cost for numbering folders, \$530; cost for printing folders, \$296.50; cost for plate for printing, \$73. (This is a one time only item, as we will own this plate); total \$3,833.50.

Remington Rand Company has submitted an estimate of \$4,000 — \$166.50 above the cost indicated. This is to allow for any increase in the price of paper.

A thorough study of this matter has been made, including observation of the flat filing system in operation in various courts. Visits have been made to showrooms of companies working in this field to determine the most efficient manner of accomplishing the objectives of the Supreme Judicial Court ruling. It is my considered opinion Remington Rand is in the best position to furnish us with the type folder, printed and numbered, best suited for our needs.

Our present numbered card index system will be used in conjunction with flat filing, and is supplied and serviced by Remington Rand. From past experience we know this company to be dependable and responsible. The continued use of the Remington Rand card index system will contribute to a smooth transition and allow us to make the changeover to flat filing with as little disruption to our operations as possible. In view of this fact, no useful purpose to the city would be served by the obtaining of bids.

To gain the maximum benefit from the detailed study and effort already put into making the court system more efficient to better serve the public, I feel it is imperative that we obtain and install the very finest filing method possible. It is for this reason I request permission to award the

(Continued on next page)

contract to the Remington Rand Company.

Very truly yours,
JOHN E. HURLEY,
Clerk.

COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with writing proposals of advertisement in the Boston City Record, and award to the Xerox Corporation, a contract for the supply and maintenance of Xerox copying machine, during the period from July 1, 1974, to June 30, 1975, at a cost not to exceed four thousand five hundred dollars (\$4,500), which I believe is fair and reasonable.

In view of the quality of the machines and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOHN E. HURLEY,
Clerk.

Superior Court, Criminal Business FILING SYSTEM

DEAR MAYOR WHITE:

I respectfully request that your written authority be granted to dispense with advertising in the City Record, for the purpose of inviting proposals for the purchase of expandable filing pockets and pressure sensitive labels, in accordance with two (2) proposals which I have received from Ames Color-File Corporation, 12 Park Street, Somerville, dated May 7 and May 28, 1974, copies of which are herewith attached.

The Supreme Judicial Court, on October 23 and November 13, 1973, amended Rule 3:20 of the Rules of the Supreme Judicial Court. Under this rule, as amended, this office, on or before January 1, 1975, must be in compliance, so that instead of the so-called stand-up filing system presently used in this office, a flat filing system must be installed.

Following notice of this rule, together with my first and second assistants, I conducted a study and investigation of all aspects of the installation of a flat filing system in order to determine the most efficient system with least attendant expense to be installed in this office for the conduct of the business of the court, the Clerk's office, and the District Attorney's office. We examined the flat filing system presently in use in the Clerk's office of the Supreme Judicial Court of Suffolk County and the Clerk's office of the Appeals Court of the Commonwealth. A flat filing system has also been in use in the United States District Court for the District of Massachusetts since 1954 and accordingly, we visited and inspected their system. We also consulted with various and knowledgeable parties and visited several office equipment companies, all of which was helpful. Samples of

many different types of folders for use in flat filing systems were obtained.

Finally, I have had many conferences with Reese P. Rickards of the Ames Color-File Corporation, a local manufacturing company which is a large supplier to hospitals and other commercial establishments of folders for record filing. Having determined what kind of folder would be, in our opinion, best suited for the court, the Clerk's office and the District Attorney's office, the Ames Corporation made various samples of flat file pockets and pressure sensitive labels. Upon examining the samples, I reached the conclusion that our flat filing system needs a flat file pocket, together with the label in order to carry out the rule of the Supreme Judicial Court. I understand that if an order is placed, it will take from ninety (90) to one hundred and twenty (120) days for the delivery of the supplies which does not give this office much time to prepare and install the new system by January 1, 1975. I further understand that there is a shortage of certain types of paper. I found in my research that the Ames Corporation was most knowledgeable and cognizant of the needs of this office to implement the rule. I am of the opinion that its prices are consistent with those charged for the same material by similar companies for made-to-order folders of the quality needed.

It is, therefore, my opinion that public advertising would serve no useful purpose, hence, this request.

Respectfully yours,
EDWARD V. KEATING,
Clerk.

PUBLIC WORKS DEPARTMENT

Proposals for Sewerage and Water Works in Fensmere Road and Maplewood Street, West Roxbury.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for sewerage and water works in Fensmere Road and Maplewood Street, West Roxbury.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$6,500, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Sewerage and Water Works in Fensmere Road and Maplewood Street, West Roxbury," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, OCTOBER 31, 1974, with a certified check for ONE THOUSAND SEVEN HUNDRED DOLLARS (\$1,700), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of the contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

TRAFFIC AND PARKING DEPARTMENT

PROPOSALS FOR EMERGENCY REPAIRS TO TRAFFIC SIGNAL FOUNDATIONS, HANDHOLES, UNDERGROUND CONDUIT, SIGNAL EQUIPMENT, AND LOOP DETECTORS AT VARIOUS LOCATIONS IN THE CITY OF BOSTON.

The City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at Room 721, City Hall, invites proposals for emergency repairs to traffic signal foundations, handholes, underground conduit, signal equipment, and loop detectors at various locations in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms of proposals may be obtained at Room 721, City Hall. Each proposal should be filled out, signed, enclosed in an envelope sealed, marked "Proposal for Emergency Repairs to Traffic Signal Foundations, Handholes, Underground Conduit, Signal Equipment, and Loop Detectors at Various Locations in the City of Boston," one copy of which is to be left at Room 721, City Hall, before twelve noon on Friday, October 25, 1974, with a certified check for 3 percent of total bid price payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal. The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before commencing performance of this contract the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should he deem it to be for the best interest of the city so to do.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

CITY OF BOSTON,
WILLIAM T. NOONAN,
Commissioner of Traffic and Parking.

HON. KEVIN H. WHITE, MAYOR OF BOSTON

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

VOL. 66

MONDAY, OCTOBER 28, 1974

NO. 43

Mayor Takes Issue With President Ford

Statement of Mayor Kevin H. White, Wednesday, October 9, 1974.

President Ford's statement yesterday acts to impede the enforcement of the federal court order to desegregate Boston's public schools and thus threatens the safety of our schoolchildren.

In so doing he has jeopardized the civil and human rights of the citizens of this city, and his statements challenge the rule of law throughout this land.

The President has said that he opposes the decision of the federal court; that he is reluctant to provide federal enforcement of a federal court order; that he is hesitant to heed the calls of help from this city to implement the law.

He is willing to undercut the credibility of Judge Garrity's federal court decrees.

He is willing to encourage resistance to the law of our nation.

He is willing to taunt this city into becoming another Little Rock.

President Eisenhower never criticized the landmark 1954 Supreme Court decision on desegregation. He maintained that as it was the law of the land, and the judgment of the independent judiciary, it had to be upheld.

President Kennedy sent federal troops to Mississippi and Alabama at a time when integration was no more popular in the South than busing is today in the North.

In twenty years no President has interfered with or sought to undermine the commitment of the federal government to the enforcement of federal law.

On Monday, President Ford's Attorney General denied that a federal presence is necessary or needed to enforce a federal court order.

Yesterday morning President Ford's Deputy Attorney General sharply defined the limits on the judge's enforcement powers and

said that a request for additional marshals would be flatly denied.

And yesterday afternoon President Ford himself said that he doesn't find federal intervention desirable and sees no compelling need for it.

His message is clearly intended to be heard and heeded not only in Boston, but beyond this city. It is also meant for the Mayors of New York and Philadelphia and Atlanta and Cleveland and Detroit and Pittsburgh. The President is telling all of us:

"You're on your own in the implementation of federal court orders, unless and until there is riot and rebellion in the streets of your city."

He is telling all of us:

"Unless you can show me the statistics on the number of children killed, the pictures of the school buses burning, the permanent and devastating damage to your city, then I shall consider public safety in the face of a federal court order strictly a local affair."

This city and her people will not accept taunts and temptations from Washington. We won't allow a child to be sacrificed to force the unpopular decision of the Executive Branch to fulfill its legal obligation.

I have accepted the responsibility to effect Judge Garrity's order of yesterday and have called for additional law enforcement personnel from the state and the MDC.

But before this city and her people are moved into the second and final step in the court's remedy, involving a comprehensive city-wide plan which incorporates all sections and neighborhoods of this city, we must have federal assistance and support in guaranteeing the safety of our schoolchildren. Until the following assurances are made I cannot effectively cooperate in the development of that plan or in the planning required for its implementation:

**DON'T FORGET !
VOTE
ELECTION DAY
TUESDAY
NOVEMBER 5**

Mayor Takes Issue . . .

(Continued from front page)

1. The Executive Branch of the United States Government must clarify when and under what circumstances marshals, regular federal troops, and other resources will be made available to assist in implementation and enforcement of the federal court order. I reject the criteria that federal assistance is justified only when a condition of riot and rebellion exists in our streets and when local authority has collapsed.

2. The flaws and inequities in the state plan must be corrected and redressed. The people, white and black, in affected neighborhoods must be allowed to participate in that planning process.

3. The federal and state governments must commit themselves to relieving the financial burden imposed upon the already overburdened taxpayers of this city due to the court order and the mounting costs of providing additional public safety measures.

YOU CAN HELP!

To: All energy conscious city employees.

From: Edward J. Kennedy, Assistant Commissioner, Real Property Department.

The city will initiate a pilot program for recycling of employee newspapers, telephone directories, and other similar types of paper material. The Real Property Department will provide containers at every City Hall exit so that personnel may voluntarily place their newspapers, directories, etc., therein. A successful program will depend on each employee's willingness to participate. Similar successful programs are presently in operation at other government agencies and private industry in the state and undoubtedly have resulted in a savings of trees, energy, and solid waste.

Employees are encouraged to bring in any recyclable papers from home. Help will be available to remove large amounts of recyclable

paper from individual departments by calling Extension 398, Real Property Department. If this pilot program works, we can then expand it to include other recyclable materials. So let's see what we can do to ease the energy crunch, and remember — newspapers, telephone directories, and similar paper waste only.

NOTICE OF PUBLIC HEARING

Pursuant to section 3 (d) (1) of the Urban Mass Transportation Act of 1964 as amended, the Massachusetts Bay Transportation Authority will hold a PUBLIC HEARING on November 15, 1974, at 10 A.M. in the Hawthorne Room of the Parker House, 60 School Street, Boston, Mass., concerning its program entitled *Restoration of Track Support Structures*.

This project is a concentrated effort by the Authority to upgrade and modernize miscellaneous track support structures on the Red, Blue, and Green Lines. These improvements involve a complete refurbishment of twenty-four (24) existing track support structures. This rehabilitation effort is designed to restore the structural integrity of these facilities, thus insuring a continued safe and efficient transit operation.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record Office by noon, Tuesday of each week to insure its publication in the Monday issue.

The project is estimated to cost \$3,157,819. An application for a capital grant of \$2,526,255 will be filed with the Urban Mass Transportation Administration of the United States Department of Transportation, under the provisions of the Urban Mass Transportation Act of 1964 as amended. The remaining \$631,564 in capital funds will be provided as local share by the issuance of Authority bonds consistent with authorizations granted by the Massachusetts Legislature.

No families or businesses will be displaced by the project, and no significant adverse environmental impacts of the project are expected. The project is part of the Authority's Approved Program for Mass Transportation, which is based upon the transportation plans and programs prepared by the Bureau of Transportation Planning and Development of the Massachusetts Department of Public Works, and is consistent with the comprehensive development plans of the Metropolitan Area Planning Council.

The following documents will be displayed at the hearing, and are available for public inspection at the offices of the Massachusetts Bay Transportation Authority, 500 Arborway, Jamaica Plain, Mass.

1. The Application of the Massachusetts Bay Transportation Authority for a Mass Transportation Facilities Grant to the Urban Mass Transportation Administration — which includes a Draft Environmental Analysis describing the environmental impact resulting from implementation of this project.

2. The Transit Development Program.

All parties with significant social, economic, or environmental interests will be given an adequate opportunity to publicly present their views with regard to the proposed project.

General Manager.

The Postal Service will celebrate its own bicentennial on July 26, 1975.

HALLOWEEN FUN, DANGERS TOLD IN RHYME

*When the frost is on the pumpkin,
And the kids are on the prowl;
It's the night for "trick and treating,"
As the witches start to howl!
It's the night for ringing doorbells
By the "pirate" and the "saint,"
With their faces masked as goblins,
Just depicting what they ain't!
It's the night for getting popcorn,
Chewing gum and candy bars,
But a night to be real careful
In the streets for moving cars.
Kids can have their fun and frolic,
HARMLESS kind and not the mean;
For the witch is on the broomstick,
And tonight is HALLOWEEN!*

— BOB ALDRICH

Advice might be in order (to accompany the above piece of rhyme) for parents to keep a watchful eye on their youngsters who are out trick and treating on Halloween night. In our neighborhood parents go along with this Allhallows Eve enjoyment by making the rounds with their children, protecting them against running haphazardly into the roadway against moving vehicles. Youngsters wearing dark

clothing, such as pirate costumes, are especially prone to injury of this kind, since motorists have difficulty in seeing them. Good luck, kids, and Happy Halloween!

Editor's Note: Our thanks to our friend, Bob Aldrich, an excellent poet and free lance writer for his thoughtfulness in offering the above interesting and timely poem to our *City Record* readers.

HOUSE BUYING INFORMATION

Families with low to moderate incomes thinking about buying a house but uncertain whether they can afford it are about to get some help from the Department of Housing and Urban Development in the form of a "Prepurchase Information Package."

The package will help families determine not only what it will cost to buy and maintain the house of their choice in any given neighborhood but also what other costs they should be prepared to handle, including those of moving, furnishing, taxes, utilities, and transportation to and from work.

HUD's Office of Policy Development and Research (PD&R) issued a request for proposals on October 18, inviting proposals from firms capable of producing a marketing information prepurchase package. Responses to the RFP (H-15-75)

are due approximately thirty days after issuance of the RFP.

In announcing the planned prepurchase package, PD&R Assistant Secretary Michael H. Moskow said its potential beneficiaries will be those families seeking housing within the FHA mortgage limits. "The package is particularly needed by low- and moderate-income families with limited fallback resources to meet unexpected costs and responsibilities they will face when they become owners. This self-teaching aid, when completed, will provide information and criteria that are easily understood, so these families can make a realistic decision on whether to buy a house," he said. Thus, families who cannot afford to buy will avoid buying and perhaps losing their homes, and those who can and want to buy will be aware of otherwise unexpected costs.

The package of instructional aids will help the family in considering

such issues as expenditures for shelter and its relationship to disposable income, components of homeownership costs, and characteristics of housing units selected.

Mr. Moskow said that the completed package will be designed for use in a variety of ways — on an individual family basis, by extension education services for group instruction, by a variety of local delinquency and default, and credit counseling agencies, by selected media as a service to readers, and by various mortgage lending and real estate organizations.

Copies of the RFP and other information on it can be obtained by citing the RFP number (H-15-75) and writing to Duane Murray, Research Demonstrations Division, Office of Procurement and Contract (ACR-A), United States Department of Housing and Urban Development, 451 Seventh Street S.W., Room 2138, Washington, D.C. 20410. Telephone requests for the RFP will not be honored.

CONDOMINIUM BOOKLET AVAILABLE

The rise in interest in condominiums makes particularly timely a recently published booklet by the United States Department of Housing and Urban Development entitled "Questions About Condominiums — What to Ask Before You Buy."

The 48-page booklet is designed to inform possible purchasers and to encourage condominium ownership. It details potential pitfalls for purchasers and suggests ways to avoid them. Of particular interest is information for condominium owners who may become members of a Board of Directors or an Owners' Council. Finally, there is a discussion of HUD-FHA programs authorized under the National Housing Act.

"Questions About Condominiums" is now being distributed free by HUD's eighty-seven field offices throughout the country, as well as by the United States Consumer Information Service, Pueblo, Colorado. The publication's code number is HUD-365-F.

STAMP COLLECTING KITS ON SALE

Six new topical stamp collecting kits are among a number of philatelic items now on sale at stamp collecting centers in post offices throughout the United States, the United States Postal Service has announced.

The stamp collecting kits, which the Postal Service first issued in 1973, are \$2 each. The topics range from space to sports, and the kits contain enough stamps to start a collection, as well as a small album, mounting hinges, insert sheets for additional stamps, and a 32-page booklet entitled "The ABC's of Stamp Collecting."

Each kit also contains an order form and preaddressed envelope which customers may use to order additional kits and other philatelic items by mail from the Philatelic Sales Division in Washington.

Other items on sale are the 1974 edition of *Stamps & Stories*, the popular pocket-size book which tells the stories of more than 2,000 stamps with illustrations, and annual mint sets of commemorative stamps. The 1972 and 1973 mint sets are available at most stamp collecting centers, and the 1974 mint set will be placed on sale when available.

Copies of *Stamps & Stories* are \$2.00 each, and the mint sets are \$3.00 each. The 1974 Mint Set will be \$3.50.

All the stamp collecting items on sale are designed to be both entertaining and educational. In response to suggestions from many postal customers, they are being made available well in advance of the Christmas shopping season.

The 1974 Stamp Collecting Kits include two on the subject of Space. Other topics are The Animal Kingdom, The World of Sports, Birds and Butterflies, and Masterworks.

The kits are key items in Postal Service efforts to attract new collectors to the expanding hobby of stamp collecting. The Stamp Collecting Centers were established in about 8,500 post offices last fall, and each center is equipped with philatelic merchandise display units

Boston Loves a Dirty Street Fighter

which enable customers to see the items which are on sale.

The Stamp Collector Kits, *Stamps & Stories*, and the mint sets may be ordered by mail through the Philatelic Sales Division, Washington, DC 20036. There is a 50-cent handling charge per order.

The Sales Division also stocks an extensive line of other philatelic items, and customers may obtain a stock list by sending a stamped, self-addressed envelope to the Sales Division at the above address.

JOHN F. KENNEDY LIBRARY EXHIBIT

Films, documents, and historical objects from the John F. Kennedy Library will be shown at Boston's Museum of Science now through December 15.

The museum is holding the exhibit as a gesture of cooperation with a sister institution, museum officials said. By providing a facility that the library lacks, the museum will enable it to acquaint the public with its extensive resources, which are now available for study, research, and program or display uses.

The films will run on weekends, Friday night through Sunday. The initial film will be the first Kennedy-Nixon debate. It will be given at 7 P.M. Friday, and at 2:30 P.M. Saturday and Sunday.

The second film, excerpts from significant presidential press conferences, will be shown the weekends of November 8-10 and 15-17. The third, footage on President Kennedy's trip to Ireland, Germany, and Italy, will be shown November 22-24 and November 29-December 1. The fourth, a selection of his home movies, will be shown December 6-8 and 13-15.

The films will be shown to groups at other times upon advance request.

The resources on display range from campaign buttons to state documents. They include gifts from foreign individuals and governments as well as papers of several leading

figures in public affairs of the mid-twentieth century.

Among the artifacts are pieces from President Kennedy's scrimshaw collection, an antique Irish silver goblet from the people of New Ross, Ireland, and an American whaling ship model from Soviet Premier Nikita Khrushchev.

The papers include Khrushchev's letters to President Kennedy during the missile crisis, a manuscript page from one of the books on the presidential campaigns by Theodore H. White, a letter from Congressman Gerald Ford to the President, a memo from Professor Archibald Cox, and a diagram of executive branch organization made by President Franklin Roosevelt.

Transcripts of interviews with people who could contribute to an understanding of political life and printed materials such as the jackets of books whose authors used the library's resources are also displayed.

There is no charge for viewing the films or exhibit above regular museum admission: \$2.50, adults; \$1.25, ages five to sixteen, students seventeen and over with I.D., and senior citizens.

WHITHER GOEST THOU?

The United States Postal Service is asking every tenth customer two questions, answers to which may speed business within five years.

In a two-week survey that will start Monday, November 4, 1974, and end on Friday, November 15, 1974, every station and branch in the Boston Postal District is asking customers: "Where are you going? Where have you been?" The Postal Service survey is designed "to examine the service we give the customer over the counter."

The responses to the questions are fed into a computer to determine where and how the Postal Service ought to expand.

Officer-in-Charge James J. Gavin stated that "definite results from this survey would not be known until May or June, 1975, because of the mountains of data to be fed

into the computer. But the thinking, generally, is toward decentralization.

"If we find that people are going a long way to receive Postal Service, it becomes obvious that the Post Office ought to bring these services closer to them."

Boston now has ninety-six stations and branches, twenty-seven contract stations, three self-service Postal Units.

This survey will help us determine where the "customer demand areas are."

The survey includes how many customers are served, the number and kind of transactions handled, the amount of purchases, customer attitudes, staffing requirements, and the level of service.

To determine if lock box service should be provided in shopping center malls and business centers, customers who receive mail through post office boxes have been asked to give their box numbers and the address and ZIP Code where their mail is opened and processed.

Officer-in-Charge James J. Gavin said the United States Postal Service has conducted similar surveys in about thirty other cities during the past two years. Cities where surveys currently are being conducted include Los Angeles, San Francisco, Denver, Salt Lake City, and Nashville.

IT'S SO TRUE

You may bring to your office and put in a frame a motto as fine as its paint, but if you're playing the game dishonestly, that motto won't make you a saint. You can place placards all over the wall, but here is the word I announce — it is not the motto that hangs on the wall, but the motto you live by that counts. If the motto says "Smile," and you frown; "Do it now," and you linger and wait; if the motto says "Help," and you trample men down; if the motto says "Love," and you hate, you won't get away with the motto you stall, for truth will come forth with a bounce. It is not the motto that hangs on the wall, but the motto you live by that counts.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

BUILDING DEPARTMENT

RAZING OF BUILDINGS

DEAR MR. MAYOR:

For razing of buildings at 116 Mt. Pleasant Avenue, Ward 8; 120 Mt. Pleasant Avenue, Ward 9.

Emergency bid called in over the telephone on July 12, 1974, by 11:00 A.M. Ordered by Deputy Commissioner Leo F. Martin, to be followed by written confirmations. To prevent further deterioration and in order to stop necessity of razing these buildings, this bid was ordered.

Accordingly, in conformity with the provisions of chapter 479, Acts of 1938 as amended, particularly section 116 (d) thereof, I have asked and have received your Honor's permission to enter these various premises and to raze the buildings or structures.

Bidders were requested to submit an aggregate bid for the entire lot of buildings or structures, but to break down their bids to show the charge against each separate address. This breakdown is necessary for later departmental use in billing demolition costs incurred against the individual property owner of each house.

We have solicited invitation bids, award to be made to the lowest qualified bidder, and have received the following:

Joseph Botti, \$9,380; J. M. Cashman, Inc., \$2,942; Allied Weatherproofing, \$2,900; Cousins Construction Company, \$3,166; J. and J. Contracting, \$2,419.65; Tri Construction Company, \$2,800.

J. and J. Contracting Company, 13 Williams Avenue, Hyde Park, Mass., has submitted the lowest aggregate bid. This company is thoroughly familiar with this work, it carries all necessary insurance and it has done satisfactory work for this department in the past.

Bids for the individual buildings or structures were not requested because it would be a practical, physical impossibility for several different contractors to conduct efficient contracting operations simultaneously in individual buildings or structures. Under such conditions, there would be much mutual interference and each contractor would be exposed to severe hazards not under his control, by the operations of adjacent contractors. I also believe that the aggregate cost of individual bids would be much higher than the cost of one bid for the total buildings or structures to be demolished, and that handling the buildings or structures as one unit results in one administrative cost to the city other than what would result from handling the individual buildings or structures as separate bids and contracts. Unit handling results, however, in this case in a contract price of \$2,000, or over the

statutory limitations upon awards that can be made without advertising, unless your Honor approves the transaction.

Accordingly, the general public safety so requiring, I ask your Honor's approval for the awarding, without advertising, as required in the city charter, of a contract in the sum of \$2,419.65 to the J. and J. Contracting Company, 13 Williams Avenue, Hyde Park, Mass.

Very truly yours,
RICHARD R. THUMA, JR.,
Building Commissioner.

COMMERCE AND MANPOWER

BROCHURES

DEAR MAYOR WHITE:

Your permission is requested to dispense with advertising and to award a contract to Hill, Holliday, Connors, Cosmopolis, Inc. of Boston for preparation, including type setting, artwork production, printing, etc., of 4,000 3 3/8" x 11", sixteen page, black and white brochures, recruiting firms to the City of Boston as well as the Boston Naval Shipyard. This brochure which Hill, Holliday designed will be furnished to the Development and Industrial Commission. The cost to the Development and Industrial Commission's city account for these services will not exceed \$6,643 and the time would be for a period of one month commencing from the date of the signed contract.

The purpose of this request is to have the brochure printed as quickly as possible in order to make it available for those firms interested in locating in Boston and the Naval Shipyard. I have thoroughly investigated firms within the City of Boston which handle production and printing and have concluded, on the basis of the investigation, that Hill, Holliday, Connors, Cosmopolis, Inc. is the only firm which will meet our deadline at a price within the amount specified above.

On the basis of the foregoing, I respectfully submit that no advantage would be gained by publicly advertising this contract. Thus, I ask that you present this award to Hill, Holliday, Connors, Cosmopolis, Inc.

Your honoring this request will be greatly appreciated.

Sincerely,
GERALD W. BUSH,
Director.

APPRAISAL REPORT

DEAR MAYOR WHITE:

Your permission is requested to award a contract to William F. Morrissey, M.A.I., of Boston, to furnish to the Development and Industrial Commission an appraisal report of the real estate at the Boston Naval Shipyard, Charlestown, and the South Boston Naval Annex, South Boston. The cost for this report will not exceed \$48,000 and would be paid from the Development and Industrial Commission's federal grant for naval base reconversion.

The commission's projects associated with the reuse of the Boston Naval complex are now in the final drafting stages.

At the same time, the commission is sufficiently encouraged by the progress of the Boston Shipbuilding Corporation as to be prepared to move forward to acquire the base from the General Services Administration via the Economic Development and Industrial Corporation of Boston.

In terms of our technical assistance grant, we are moving from our Phase I Planning Stage to Phase III Implementation Stage without utilizing the intervening Phase II moneys for additional marketing studies. We have, therefore, issued an R.F.P. for the appraisal of the South Boston Naval Annex and the Charlestown Navy Yard.

Four firms were invited to bid through the advice of the Real Estate Department of the Boston Redevelopment Authority, as this department has had extensive experience with appraisal contracts throughout the city. The Real Estate Department advised the commission that these four firms were capable of implementing an appraisal of this great magnitude and in as short a time frame as requested by the city. The Boston Naval Shipyard is approximately 350 acres of land and water and over 6,000,000 square feet of building space.

These four firms were: William F. Morrissey, 73 Tremont Street, Boston; Meredith & Grew, 125 High Street, Boston; William H. Dolben & Sons, 40 Court Street, Boston; Minot, Debois, and Madison, 294 Washington Street, Boston.

The city has set a completion date on September 15, 1974, for two major reasons:

1. In order that the city is equipped with its own appraisal expertise for negotiations with federal agencies. The city would be in an awkward position if it did not have this work completed by this date.

2. The appraisal will be an important input in negotiations with the potential prime tenant, Boston Shipbuilding Corporation. The shipbuilder must be on site in South Boston by September, or his shipbuilding commitments will be in serious jeopardy.

On July 2, 1974, a bidder's conference was held at Boston City Hall. Three of the above mentioned firms were present (Morrissey, Meredith & Grew, and Dolben & Sons). I presented the city's appraisal needs and the reasons for the tight time frame of the potential contract.

Mr. Leo Donovan, Project Director of Booz, Allen and Hamilton, was also present to explain the recently completed preliminary draft of the engineering study of the properties.

The three firms all agreed that this was a huge undertaking. However, since they would be able to utilize the Booz, Allen and Hamilton Engineering Study, the task would be easier to implement.

The outcome of the conference was that this task would be difficult for one firm to implement in only forty-four days as it was, therefore, suggested that one of the firms act as a general contractor while the other two act as subcontractors. The firm felt that this would be the most preferable.

sional and efficient method in fulfilling the city's appraisal needs.

It was further agreed that Mr. McGoff (Meredith & Grew) would prepare and present to Mr. Morrissey (William F. Morrissey) a detailed appraisal of the real estate at the South Boston Naval Annex and that Mr. McCarthy (Dolben & Sons) would prepare and present to Mr. Morrissey a detailed appraisal of the real estate, minus the portion excepted for a National Park, at the Charlestown Naval Shipyard.

Mr. Morrissey would review the two reports so submitted, would examine the two properties, and would submit to the Development and Industrial Commission an appraisal report in which he would set forth his opinion of the fair market value.

The time required for viewing the subject properties, investigation of the zoning regulations and the prospective City of Boston tax burden, study of the data, and assembly of the report is estimated at forty-five working days from the date of authorization to proceed. Each firm would receive \$16,000 for their portion of the report.

The Development and Industrial Commission concurs with the three appraisal firms and, therefore, has selected the firm of William F. Morrissey to serve as the prime consultant and the firms of Meredith & Grew and Dolben & Sons to act as subcontractors in order to complete the work required by the city within the time frame specified.

On the basis of the foregoing, I respectfully submit that no advantage would be gained by further publicly advertising for bids. Thus I ask that you present this award to William F. Morrissey.

Sincerely,
GERALD W. BUSH,
Director.

HEALTH AND HOSPITALS DEPARTMENT SHUTTLE BUS

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston held on June 11, 1974, it was voted and approved to amend without advertising the city's contract with Herb Connolly Leasing Corporation, 949 Commonwealth Avenue, Boston, for leasing vehicles and furnishing personnel for the operation of a shuttle bus service to and from Boston City Hospital, its various parking facilities, and Northampton Massachusetts Bay Transportation Authority station, for the period February 1, 1974, through June 30, 1974, by advancing the starting date of said contract to January 1, 1974, and increasing the contract sum by \$4,117.30. This increase will make the total contract price a sum not to exceed \$24,703.80.

The previous contract for this service was drafted to terminate on December 31, 1973 due to budgetary restrictions. The current contract was advertised in January, 1974, to commence on February

1, 1974, due to the fact that Hospital Transportation Service, Inc., did not notify us until late December, 1974, of their inability to continue the service.

Herb Connolly Leasing bought out Hospital Transportation Services, Inc., and offered to continue the service through the month of January, 1974, without a contract, and their offer was accepted rather than render the hospital without shuttle service for the month of January, 1974.

In view of the aforesaid no benefit to the city will ensue by publicly advertising for bids at this time. Therefore, inasmuch as the cost to the city is reasonable, your permission is requested to award this contract without advertising under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

COPY MACHINES

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston held on June 11, 1974, it was voted and approved to renew the city's contract with Xerox Corporation, Boston, Mass. for the rental and maintenance of the following previously installed Xerox duplicating and copy machines to be used in the indicated areas of this department for the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$49,000:

One Xerox 2400, Pathology; one Xerox 2400, Mattapan Hospital; two Xerox 3600, Medical Records; one Xerox 4000, Personnel; two Xerox 4000, EKG.

During the past several years this department has had the opportunity to test and evaluate copy machines manufactured by many different companies. In fact many other brands have been brought in and later removed due to our dissatisfaction with their effectiveness. Through trial and error and the process of elimination we have found that the Xerox machines which we currently have are best suited to the needs of this department.

Therefore in our judgment no benefit would ensue to the city by publicly advertising for bids. It should be noted also, that Xerox Corporation is the only supplier available. It is therefore my recommendation that this contract be renewed without advertising under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

COMPUTER DATA SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 14, 1974, it was voted to renew, without advertising, the city's contract with Massachusetts Hospital Joint Ventures, Inc., of Burlington for computer data services for the Medical Records Division at Boston City Hospital for the period July 1, 1974, through June 30, 1975, in an amount not to exceed \$9,600.

Under this contract, Massachusetts Hospital Joint Ventures, Inc., will provide data required by Boston City Hospital for licensure by the Massachusetts Department of Public Health and accreditation by the Joint Commission on Accreditation of Hospitals. The data to be provided includes monthly and semiannual reports from information supplied by Boston City Hospital relating to diagnosis listings, operations listings, death listings, discharge analyses, physician indexes, and operation indexes.

Approximately seventy-eight hospitals, a majority of the hospitals in Massachusetts, utilize Massachusetts Hospital Joint Ventures, Inc., for these computer data services.

Inasmuch as Massachusetts Hospital Joint Ventures, Inc., is the only firm in Massachusetts capable of providing these specialized services, and inasmuch as this firm has provided these services for the past three years in a most satisfactory manner and at a reasonable cost, your permission is respectfully requested to dispense with public advertising and to award this contract under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

RENTAL OF DATA PROCESSING EQUIPMENT

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston held on June 11, 1974, it was voted and approved to renew, without advertising, the city's contract with International Business Machines Corporation, Armonk, New York, for the rental and maintenance of a data processing system for the Management Information Services Division of the Department of Health and Hospitals, for the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$172,183.

An invitation for bids for awarding this contract was advertised in the *City Record* on December 25, 1972, and after the opening of bids and extensive evaluations, a contract was awarded to International Business Machines for the period September 26, 1973, to June 30, 1974. Because of the nature of the equipment and the long periods of testing and evaluation necessary, the department chose to award this contract for the ten-month period ending June 30, 1974, rather than the possible five-year contract period provided for by law for data processing equipment. For that reason, the Board has voted to renew this contract for an additional twelve-month period, at the aforesaid cost to the city of \$172,183, which, in our judgment, is reasonable.

In view of the aforesaid, and because no benefit will inure to the city by further publicly advertising for bids, your Honor's permission is hereby respectfully requested to renew this contract with International Business Machines, without

advertising, under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

FOOD DELIVERY SERVICE

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on June 11, 1974, it was voted to renew without advertising the city's contract with Aladdin Synergetics, Inc. of Nashville, Tennessee (Aladdin) under which Aladdin will continue to furnish a centralized food delivery service system for use at Boston City Hospital for the period July, 1974, through June 30, 1975, at a cost not to exceed \$45,000.

Under the city's 1972-73 contract with Aladdin Synergetics, this centralized food delivery service system was installed on an experimental basis into certain areas of Boston City Hospital. It should be noted that the Aladdin system is of the type and nature recommended by McCrensky Associates, a consultant firm retained two years ago by this department in an effort to comply with the kitchen and food service standards of the Joint Commission on Accreditation of Hospitals.

Under our former decentralized system of food handling and delivery it has been difficult and expensive to meet the specific dietary needs of each patient and still provide meals promptly and at proper temperatures. Clearly, the replacement would prove to be extremely costly to the city. Additionally, the type of delivery service being implemented is deemed to be the most modern and current method in use in hospitals today.

The Aladdin system has been put into service in approximately fifty percent of the patient building at Boston City Hospital. Because of the newness of the system and the requisite training of personnel and conversion of old facilities to this new method of food delivery, several patient buildings have not as yet been converted.

The Aladdin system has proved itself to be a cost- and time-saving method of food delivery where it has been instituted within Boston City Hospital and has further proven to be a more efficient and attractive method of feeding the patients hospitalized therein at a reasonable cost to the city.

Therefore, since the Aladdin System is now installed at Boston City Hospital at a substantial initial investment by the city and since said system has proven to be well suited to the needs of the city, and inasmuch as Aladdin was originally awarded this contract in 1972 as low bidder, your Honor's permission is respectfully requested to dispense with public advertising and to renew this contract with Aladdin Synergetics, Inc. of Nashville, Tennessee, under the terms stated above.

This letter will rescind our previous letter of award dated June 21, 1971.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

MODEL CITY ADMINISTRATION RECREATION PROGRAM

DEAR MAYOR WHITE:

As the administrator of the Model City Agency, I hereby request your Honor's written authority to award a contract without advertising in the amount of \$3,741 to the Community of St. Francis De Sales, Inc., a nonprofit corporation with offices at 175 Ruggles Street, Roxbury.

Under the terms of the contract, the aforementioned agency will be obligated to operate during the period August 1, 1973, through November 30, 1973, a comprehensive physical fitness and recreation program for young adults from the Model Neighborhood Area. Moreover, the contractor shall sponsor and operate a teen club program.

The Community of St. Francis De Sales, Inc., was awarded a contract by the city in the amount of \$14,042 to operate the same or similar programs over an eight-month period. These services were rendered satisfactorily.

For the foregoing reasons, advertising for bids would serve no useful or practical purpose.

Very truly yours,
PAUL PARKS,
Administrator.

HOMEOWNERSHIP PROGRAM FUNDS

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract not to exceed \$15,000, to the Ecumenical Social Action Center, Inc. (the contractor), a nonprofit corporation with offices at 169 Amory Street in the Jamaica Plain district of the City of Boston. The period of performance shall be July 1, 1974, to December 15, 1974.

The contract is to provide funds for the continuation of the homeownership improvement program that has been funded under three prior contracts with the Model City Agency. Under the proposed contract the contractor will make applications to HUD for financing of mortgages in the Model Neighborhood pursuant to section 203(B) of the National Housing Act. In addition, ESAC shall investigate other mechanisms for the financing of homeownership and shall continue to counsel and provide technical assistance to families who purchase properties in the Model Neighborhood.

The contractor is recommended to carry out this program because of its unique experience as a local organization in the field of financing and counseling of homeownership in the Model Neighborhood. The contractor is particularly concerned with Model Neighborhood residents who desperately need assistance in coping with the drastic housing conditions in their

area. ESAC has the capability and willingness to pass on its experience to other local organizations interested in similar programs. Finally, the contractor, having successfully carried out this program under three prior contracts with the Model City Agency, has proven its capacity to conduct a homeownership and improvement project.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons, it is requested that the notice requirement of advertising in the *City Record* be waived for this contract.

Sincerely,
PAUL PARKS,
Administrator.

ECONOMIC DEVELOPMENT PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract not to exceed \$75,700, to the Community Development Corporation of Boston, Inc. (CDC) a nonprofit corporation located at 25 Ruggles Street in the Roxbury district of Boston. The period of performance is July 1, 1974, through December 31, 1974.

Under the terms of the proposed contract, the CDC will continue to operate a program for economic development pursuant to criteria approved by the Model Neighborhood Board and the agency. The efforts of the CDC will be concentrated in two areas. The primary one will be the development of an industrial park in and adjacent to the Model Neighborhood Area with the emphasis on the creation of ownership and employment opportunities for Model Neighborhood Area residents. The secondary area of concentration will be the continuation of a loan program emphasizing maximum bank participation in loans. Model Neighborhood Area business. The CDC is recommended to carry out this program because of its unique experience as a local organization in the field of economic development. CDC has carried out the economic development component of the Model City Program under previous contracts with the Model City Agency.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development which states that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons, it is requested that the notice requirement of advertising in the *City Record* be waived for this contract.

Yours truly,
PAUL PARKS,
Administrator.

PUBLIC FACILITIES DEPARTMENT

GENERAL ENGINEERING SERVICES AND TECHNICAL ASSISTANCE

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I request your Honor's written authority to dispense with public advertising, and to award a contract to TAD, Inc., Consulting Engineers, of 639 Massachusetts Avenue, Cambridge, Massachusetts.

Under the terms of the contract, TAD, Inc., will provide general engineering services and technical assistance in connection with the department's preparation of plans and specifications for use in carrying out its extensive alteration and repair programs, during the period July 1, 1974, to June 30, 1975, both dates inclusive, at a cost for such services not to exceed \$60,000, payable in accordance with rates to be specified in the contract, times 1.38.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I request your Honor's written authority to dispense with public advertising, and to award a contract to Comprehensive Designers, Inc., a Pennsylvania corporation duly registered to do business in Massachusetts, with main offices at 197 First Avenue, Needham, through the local branch at Suite 910, Statler Office Building, Boston, Massachusetts.

Under the terms of the contract, Comprehensive Designers, Inc., will provide general engineering services and technical assistance in connection with the department's preparation of plans and specifications used in carrying out the alteration and repair, and emergency work performed from time to time during the period July 1, 1974, to June 30, 1975, both dates inclusive, at a cost for such services not to exceed \$35,000.00, payable at the actual hourly rates paid times 1.38 (in accordance with the rates schedule to be set forth in the contract).

In view of the professional and technical nature of the services to be performed under this contract, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

GENERAL ENGINEERING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Barnes

Engineering Company, Inc., Engineers and Surveyors, a Massachusetts Corporation, of 411 Lexington Street, Auburn-dale.

Under the terms of the contract, Barnes Engineering Company, Inc., will furnish general engineering services, including surveys, topographic plans, utility plans and boring layouts, in connection with the numerous construction projects to be managed by this department during the period July 1, 1974, to June 30, 1975, both dates inclusive, at a cost for such services not to exceed \$10,000, payable at rates to be stated in the proposed contract.

In view of the fact that the services to be furnished are of a professional and technical nature, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT

COPYING MACHINE

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with writing proposals for advertisement in the Boston City Record and award to the Xerox Corporation a contract for the supply and maintenance of a Xerox copying machine, during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$11,000, which I believe is fair and reasonable.

In view of the quality of the machine and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOSEPH F. CASAZZA,
Commissioner of Public Works.

SAFE STREETS ADVISORY COMMITTEE

SOUTH END COMMUNITY PROGRAM

DEAR MR. MAYOR:

On December 12, 1973 you approved a contract between the City of Boston and the South End Neighborhood Program, Inc., 554 Columbus Avenue, Boston, in an amount not to exceed \$35,000, for the period January 1, 1974, through June 30, 1974.

The purpose of the contract was to allow the South End Neighborhood Action Program, Inc., to continue to conduct a community education and community organization program in the South End of Boston that would encourage neighborhood participation in crime prevention efforts and promote police/community cooperation.

The Mayor's Office of Criminal Justice now has the opportunity to increase the amount of the contract by \$2,021.37, which would permit the South End Neighborhood Action Program to continue through July 31, 1974.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts

Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to the South End Neighborhood Action Program, Inc. In view of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

SCHOOL DEPARTMENT

LEASING OF PREMISES

DEAR MAYOR WHITE:

I request your approval of my action in leasing, without advertising, certain premises deemed necessary and convenient by the Department of Adult Educational and Recreational Activities of the School Department.

The premises to be leased consist of two rooms to be used for Adult Educational instructional purposes, and lavatory facilities, on the second floor at 33 William Kelly Square, East Boston, owned by Feodal Realty Company, Inc.

The terms of the lease will be for one year on a month to month basis from January 1, 1974, to and including December 31, 1974.

The rental for the term is \$5,640, in equal monthly installments of \$470. Funding is provided under the Adult Education Act (P.L. 91-230).

Since the premises are suitable, and have been used by the Adult Education program for several years under a prior lease, it is not felt that public advertising would be useful in this instance.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

DEAR MAYOR WHITE:

I request your approval of my action in leasing, without advertising, certain premises deemed necessary and convenient for the Orientation for Integration Program of the School Department.

The premises to be leased is Suite 5 on the second floor at 1641 Blue Hill Avenue, Mattapan, owned by J. M. Roberts Corporation.

The terms of the lease will be for one year, on a month to month basis from January 1, 1974, to and including December 31, 1974.

The rental for the term is \$1,140, in equal monthly installments of \$95. Funding is provided under Title III, E.S.E.A.

Since the premises are suitable, and have been used for the Orientation for Integration Program for the past few years under a prior lease, it is not felt

The premises to be leased consists of rooms to be used for Adult Educational instructional purposes, and lavatory facilities, on the second floor at 584 Columbia Road, Dorchester, owned by Scott Management Company.

The terms of the lease will be for one year, on a month to month basis, from February 1, 1974, to and including January 31, 1975.

The rental for the term is \$9,120, in equal monthly installments of \$760. Funding is provided under the Adult Education Act (P.L. 91-230).

Since the premises are suitable, and have been used by the Adult Education program for several years under a prior lease, it is not felt that public advertising would be useful in this instance.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

CONSULTATION SERVICES

DEAR MAYOR WHITE:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to John J. Haran, Jr., for consultant services during the period July 1, 1974, through December 31, 1974, at a cost not to exceed \$9,760.

The contractor shall provide technical assistance relative to data analysis and particularly in the area of establishing a system-wide pupil file which will form the population base upon which a geocoding system will rest. See contract for further details.

Because of the professional nature of the services to be provided under this contract and the expertise of contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary to the School Committee.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public adver-

tising to Data Education, Inc., 391 Totten Pond Road, Waltham, for consultant services during the period June 1, 1974, to August 31, 1974, at a cost of \$3,000.

The contractor shall provide technical assistance to the Orientation for Integration—Human Relations Program, funded under Title III, ESEA No. 31-72-0007-0 and assist in thirty day-long Human Relations Training Sessions consisting of teacher in-service workshops and student workshops.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary to the School Committee.

FUEL OIL

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without public advertising to Metropolitan Petroleum Company for furnishing fuel oil (medium) during the period July 1, 1974, through June 30, 1975 at a cost not to exceed \$2,143,000.

Award made to base year supplier in accordance with the regulations established by the Federal Energy Office, copy attached.

LEO J. BURKE,
Business Manager.

ELECTRIC TYPEWRITERS

DEAR MR. MAYOR:

I have requested special authority from the School Department to award a contract, without public advertising, from the period July 1, 1974, through June 30, 1975, and I wish to explain the following unique circumstances:

1. The contract is requested for Sperry-Remington to lease two (2) word processors, dual card, electric typewriters at a monthly charge of \$285 per machine. These machines are used to type and store on magnetic cards all of the information relative to approved lists of textbooks and instructional materials used in the Boston public schools. Lists of approved textbooks are required by law in the Commonwealth of Massachusetts.

2. Because these lists are revised annually with current textbooks and instructional materials adoptions, hundreds of man-hours of work are saved through this process of storage, retrieval and revision with these machines.

3. A thorough search of examination of other procedures and equipment shows that the current process is the most efficient and economical. Because there does not exist other equipment that satisfactorily handles such a detailed process, these particular machines were selected.

4. Considering the mandatory requirements of the project and its importance, I do not see a viable alternative.

Very truly yours,
DANIEL E. O'CONNELL,
Acting Director.

TRAFFIC AND PARKING DEPARTMENT

INVESTIGATIVE SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Pinkerton's, Inc., for supply to the Traffic and Parking Department of investigative services for the period July 1, 1974, to June 30, 1975.

The contract provides for services, as required, on a work order basis and proposed for a maximum expenditure of \$10,000.

Due to the highly confidential and professional nature of the services to be rendered, it is my finding that public advertising for bids could serve no useful purpose.

Very truly yours,
WILLIAM T. NOONAN,
Commissioner.

Proposals for Thawing Frozen Water Pipes in Areas 1, 2, and 3.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for thawing frozen water pipes in Areas 1, 2, and 3.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, will be required of the successful contractor. Forms and proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Thawing Frozen Water Pipes in Areas 1, 2, and 3," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, NOVEMBER 7, 1974, with a certified check for THREE HUNDRED DOLLARS (\$300). Payable to and to become the property of the City if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 105 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the

bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

City Record

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

HON. KEVIN H. WHITE, MAYOR OF BOSTON

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

VOL. 66

MONDAY, NOVEMBER 4, 1974

NO. 44

Mayor Plans Revitalization of Business Districts

Mayor Kevin White has announced a \$1.2 million sodium vapor street-lighting program which is aimed at revitalizing Boston neighborhood business districts by providing a safer environment for shoppers and businesses.

The program, the biggest single lighting contract in the history of the city, will provide 525 new street lights for Cleary Square, Hyde Park; Dudley Street, Roxbury; Maverick Square, East Boston; Uphams Corner, Dorchester; Blue Hill Avenue, Dorchester; Centre Street, West Roxbury; Codman Square, Dorchester; Fields Corner, Dorchester; Roslindale Square; and Centre Street, Jamaica Plain.

Sodium vapor street lights have an advantage over conventional mercury vapor lighting which is presently in these areas in that it produces twice as much light for the same amount of energy.

"In this way the city will be able to double the amount of light for shoppers and to deter vandalism when stores are closed without spending more for energy," Mayor White said.

"By lighting the areas and adding other improvements such as off-street parking so that it is safer and easier for people to shop, we are confident that stores will thrive, new businesses will be encouraged to locate in the neighborhoods, and there will be more jobs for area residents."

He added that it was important not to underestimate the importance of the small businessman to Boston's economy.

"These ten commercial areas alone account for almost \$10 million in tax revenue to the city, and nearly half of all jobs for Boston residents are provided by businesses with less than fifty employees.

"Furthermore, the business district of a neighborhood is the mirror image of that neighborhood. The psychological effect of boarded up and abandoned stores on the residents of an area is enormously negative, and it is the kind of thing that encourages people to move out of town.

"Boston residents have an extremely strong neighborhood identification," Mayor White said. "They love their neighborhoods. They want to see them remain vital. They want to be able to continue to live and work in Boston. This is why there is a good chance at saving neighborhood business areas even with the advent of suburban shopping centers. I am confident that people will patronize

their local stores if they feel safe to shop there. They would prefer to deal with merchants whom they know and trust."

He said that the city is spending its money to improve the neighborhood business climate with confidence that merchants will spend their own money to maintain their buildings, and that since coming to office his primary concern has been with neighborhood revitalization.

"Since 1968 I have spent \$436 million for neighborhood capital improvement programs. In the preceding seven years the administration spent only \$14 million for neighborhood capital improvements. Ours is a 3,000 percent increase over the past administration, and it is indicative of the confidence I have that Boston can remain a viable residential city able to provide adequate housing, good jobs, and safe shopping facilities."

The Mayor noted that of all the major United States cities which experienced a decline in population in the 60s Boston is the only one which in the 70s has been able to turn that trend around so that it is now on the increase.

The sodium vapor lighting program will be finished this fall in Codman Square, Uphams Corner, Roslindale Square, Cleary Square, Fields Corner, Jamaica Plain, and Blue Hill Avenue. In the other three neighborhoods the lighting installation will be completed by early spring.

Mayor . . .

(Continued from front page)

The Mayor listed other things the city is doing to help the neighborhood business climate. They include:

A \$1.5 million program to provide or upgrade off-street parking lots in seven neighborhood shopping areas. Lots are now under design by the Public Facilities Department. They will be located in Allston, Codman Square, Dorchester, East Boston, Jamaica Plain, Mattapan Square, Roslindale Square, and South Boston. Other areas are under consideration for similar programs in the future.

There has been \$1.1 million spent to skim-coat streets and reconstruct streets and sidewalks in neighborhood business districts.

Under the Mayor's Office of Commerce and Manpower Operation Neighborhood has been developed, which will assign part-time personnel to selected Little City Halls to work exclusively with the neighborhood boards of trade and individual merchants. Operation Neighborhood will help merchants set priorities as to what they need from the city and also to assist them in getting state and federal funds for area programs.

One-stop business service was created by Mayor White in 1970 to provide day-to-day service to businessmen in need of assistance in cutting red tape in municipal and other government agencies. The service also works with the Parks Department in implementing neighborhood business center beautification and helps with police and security matters.

The Office of Commerce and Manpower has developed sites and commitments for ten work centers in Boston's neighborhoods to be built within the next five years. These centers will be light manufacturing and assembly areas and will create some 12,000 jobs for neighborhood residents.

Commerce and Manpower provides real estate services for firms

that wish to locate in the city. It also provides low-interest financing for new or expanding plants.

Fourteen neighborhood employment centers funded jointly by Commerce and Manpower and ABCD find jobs and provide training for unemployed neighborhood residents.

UNPAID MAIL; NO DELIVERY

Postmaster General E. T. Klassen has announced that the Postal Service intends to discontinue delivery of unpaid mail.

The new policy is seen as benefiting the general mailing public now paying for their postal service. "It is unfair," Mr. Klassen pointed out, "to burden the vast majority of mailers with costs created by the few who mail without prepayment of postage."

The Postmaster General said postage-due delivery has also caused severe financial loss for utility companies, banks, and department stores as well as other business establishments whose volume of unpaid mail has been increasing.

Postal Service officials estimate annual postage-due losses to recipients of unpaid mail and the additional losses to the Service run in the million dollar range.

As of Sunday, November 17, 1974, all unpaid mail — mail without any postage — will be returned to the sender. Previously unpaid

mail was generally delivered postage free.

Mail matter of any class, received at either the office of mailing or the office of the addressee without any postage on it, will be endorsed "Returned for Postage" and returned to the sender. No attempt will be made to collect postage due.

If the envelope does not contain a return address, it will be sent to the dead letter office for appropriate handling.

The Postal Service said the new regulation does not affect business reply mail, federal government and free mail delivery to the blind, armed forces mail, or keys and identification devices returned to owners.

THE CRYSTAL BALL — 1975

"Mortgage Financing — The Developer; The Mortgage Correspondent; The Savings Bank — Are They Out of Business?" This is the topic for the final seminar in Building Owners and Managers Association Crystal Ball—1975 seminar series. It is being held November 13 from 4:30 to 6:30 P.M. at the First National Bank of Boston Building Auditorium, 100 Federal Street.

"This seminar" says Albert Harmon, "answers the most important question every real estate professional needs answered today — the money question." Mr. Harmon is president of the Building Owners and Managers Association.

Speakers at the seminar are Robert D. Bernheim, president, New York Urban Servicing Company, Inc.; Charles Diebold III, president, Western New York Savings Bank; and Daniel Rose, partner, Rose Associates.

These industrial and financial leaders from New York will objectively analyze and project the current New England economic mortgage situation, growth, and development in relation to that around the country.

Reservations for the seminar should be made through BOMA, 2 School Street, Boston, or call 523-2910. The cost of the seminar is \$10.

REHABILITATION PROGRAM FOR EAST BOSTON

More than 8,000 feet of aluminum plank bleacher seating has been installed in East Boston Stadium as part of a total stadium rehabilitation program directed by the Boston Parks and Recreation Department.

Earlier this year the Parks Department resurfaced the tennis courts at the stadium, rehabilitated the ¼-mile track, and fertilized, lined, and seeded the field, and bids went out last month for the complete reconstruction of the Little League field and adjacent areas. Also, in 1971, \$190,000 worth of floodlighting was installed at the stadium, and additional lighting is planned to adjoin the tennis courts so that they may be used at night.

Anthony E. Forgione, Commissioner of Parks and Recreation, said, "Since 1968, when Mayor White first came to office, the city has spent more per capita on parks facilities in East Boston than in any other neighborhood with the exception of the North End. In East Boston Stadium alone the city has spent some \$300,000 on capital improvements, and in East Boston as a whole the city has spent or has currently appropriated more than \$2.4 million on capital improvements for recreational and parks facilities."

The Commissioner said that some of the capital improvements include the reconstruction of a Little League field and baseball diamond at Noyes Playground; the construction of a children's play area and pedestrian lighting at Noyes Playground; construction of a play equipment complex and bocci court at Souza Park; a new boxing facility at Paris Street; rehabilitation of the running track at Paris Street; renovation of the Paris Street gym and basketball court; a new swimming pool at Paris Street; construction of a cameo park with tot lot at McLean Playground; a bocci court at the new community center; and more.

He also said that plans are under way for a waterfront park at Sumner Street; reconstruction of a play area at Sumner and Lamson Streets; floodlighting for Noyes playing fields; construction of a playground

at Jeffries Point; and decorative fencing for Brophy Park. Funds for these projects have either already been appropriated by the city or, as in the case of Jeffries Point and the Sumner Street waterfront park, are awaiting federal funding.

VETERANS MONUMENT FOR DORCHESTER

Little City Hall Manager Joe Egan, acting on behalf of Boston Parks and Recreation Commissioner Anthony E. Forgione, has presented to the Dorchester Allied Veterans Council finalized design concepts for a new veterans monument in Fields Corner.

Commissioner Forgione, who was out of town on city business last week, offered to design and construct the monument for the group at a Council meeting in July. Since that time preliminary designs have been made by the Commissioner, who worked on them with members of the Council.

"Commissioner Forgione asked me to tell you that Mayor White heartily agreed with him that construction of this monument would be an appropriate way for the city to honor all Dorchester veterans who have bravely supported and defended this country," Mr. Egan said. "The city is proud to be able to recognize these people in this way."

The site will have, in addition to a monument and commemorative plaque, specific identified stations for the placement of individual flags representing each veterans post in Dorchester.

The design will be referred to the Allied Council for approval before construction proceeds. Mr. Egan said that the monument will be completed before Veterans Day, 1975.

HISPANIC PUBLICATION AVAILABLE

The United States Department of Housing and Urban Development has issued a new list of references, *Hispanic Americans in the United States; a Selective Bibliography, 1963-1974*.

The 27-page publication was prepared by the HUD Library to meet information needs in this field. The more than 300 references were chosen to provide general background and insight into the economic, social, and educational circumstances of the lives of the Spanish-speaking in the United States.

The publication is divided into two sections, one on Mexican Americans and one on Puerto Ricans and other Caribbean Spanish-speaking peoples.

Included in each section are books, reports, and periodical articles as well as lists of specialized bibliographies to provide additional source material for researchers.

Items indexed are generally available in libraries and bookstores, or from publishers and issuing organizations.

The publication (HUD-337-1-A) is for sale for 65 cents by the Superintendent of Documents, United States Government Printing Office, Washington, D.C.

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Once again I would like to express my sincere gratitude to all members of this department. Our officers have maintained the highest standards of professionalism and restraint throughout these days of school desegregation.

I am aware of the strain that this operation has placed on us all, and I wish that I could foresee an early end to our involvement. However, it is obvious that we may have a long and difficult time ahead, and I ask your continued dedication until we see this job done.

Special Order No. 74-111

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Effective immediately, district captains will insure that all marked vehicles under their command are supplied with a Moving Violation Citation Book and that used books are replaced as needed.

In addition, officers are reminded of Massachusetts G. L. chapter 90C, section

2, which states that officers must inform the offender of the violation and give him the original of the citation unless the offender is placed under arrest. The law further states that "a failure to give the original of the citation to the offender at the time and place of the violation shall constitute a defense in any trial for such offense. . . ."

Therefore it will be the practice of this department to give citations to violators at the time of the alleged incident. Citations will not be sent through the mail except in cases where the violator could not be stopped and only the registration could be obtained. If the citation must be mailed, it will be done as soon as possible, without unnecessary delay.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

PROFESSIONAL SERVICES

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with public advertising for bids in the *City Record* and to amend the contract for professional services with Paul J. Dorr, dated October 17, 1973, by extending the term of the contract three and a half additional months to September 30, 1974, at no increase in the amount of the contract. The extension of the contract is necessary because Mr. Dorr was unable to commence his services until the Management Development and Compensation Plan was implemented, and the implementation of said plan was delayed, through no fault of Mr. Dorr, for approximately four months.

In view of the professional nature of Mr. Dorr's services and the relatively short extension request by Mr. Dorr, it is my opinion that no useful purpose would be served by publicly advertising for proposals.

EDWARD T. SULLIVAN,
Director.

Purchasing Division

GASOLINE AND FUEL OIL

DEAR MR. MAYOR:

On June 28, 1974, your Honor approved a letter of award for contracts to several companies for furnishing gasoline and fuel oil to various city departments for various periods of time.

It is requested that the original letter, dated June 27, 1974, be amended to include the award of a contract to Quincy Oil Company for furnishing No. 6 fuel oil to Long Island Hospital from July 1, 1974, to June 30, 1975, inclusive. Amount of contract not to exceed \$695,000.

It is also requested that the award for Union Petroleum Corporation be amended to read furnishing No. 4 fuel oil to the various city departments from July 1, 1974, to June 30, 1975, inclusive. The amount of the contract remains the same.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

VARIOUS GASES

DEAR MR. MAYOR:

On June 13, 1974, your Honor approved a letter of award for entering into contracts with several companies for furnishing industrial and medical gases to the various city departments.

The amount of the contract for Puritan Bennett Corporation read \$5,466.25, net fifteenth proximo plus demurrage charge.

Authority is requested to amend the original letter dated June 13, 1974, and to have the amount of the contract for Puritan Bennett Corporation read \$13,-

492.75, net fifteenth proximo plus demurrage charge.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

PERISHABLE FOODS

DEAR MR. MAYOR:

On March 29, 1974, your Honor approved a permission to award contracts for furnishing perishable foods to forty companies. Since that time two of the companies, Miller Produce Company and Suffolk Grocery Company, have changed their names.

It is requested that my letter, dated March 19, 1974, for the award for perishable foods contracts be amended by striking out the names of Miller Produce Company and Suffolk Grocery Company, and inserting in place thereof the names: Flagstaff Food Service, New England Division, and Harvey Foods, Inc., respectively.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

COPY MACHINES

DEAR MR. MAYOR:

On December 28, 1973, your Honor approved a contract with Dennison Manufacturing Company, for the rental of copy machines, located throughout City Hall, for the period from April 1, 1973, to June 30, 1974.

The total amount of the contract was \$24,000. However, this amount is almost completely expended, and it is therefore requested that the contract be amended to have the amount of the contract increased to \$29,000 to provide sufficient funds for payment of invoices for the remainder of the contract period.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

COMMERCE AND MANPOWER

SUMMER YOUTH EMPLOYMENT PROGRAM

DEAR MAYOR WHITE:

I respectfully request that you approve an amendment to the Summer Youth Employment Program contract with Action for Boston Community Development, Inc., for a revised total cost not to exceed \$2,458,062.

The previous total cost was \$1,935,79 however, additional funds have been authorized through the Comprehensive Employment and Training Act (\$522,26 that will allow us to expand the Summer Youth Employment Program. Total youth employed will now be increased 4,912 from the previous 4,100.

Sincerely,
GERALD W. BUSH,
Director.

CITY OF BOSTON

PUBLIC FACILITIES DEPARTMENT

INVITATION FOR BIDS FOR SITE WORK AND RECREATIONAL FACILITIES AT COLUMBIA POINT, BOSTON, MASS.

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities (the Awarding Authority), invites sealed general bids for the above-entitled project, subject to all applicable provisions of law, including, without limitation, sections 39F and 39K through 39P of chapter 30 and sections 29 and 44A to 44L, inclusive, of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

Time and Place for Filing Bids

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, December 17, 1974, at the office of the Awarding Authority, Room 812, City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Bid Deposit Amounts

General Bids\$19,000

Bid Forms and Contract Documents

All general bids and all subbids must be submitted on the forms obtained from the Awarding Authority. Any general bid or subbid not submitted on the proper form shall be rejected.

Contract documents, including bid forms, will be available on and after Monday, November 18, 1974, at the office of the Awarding Authority, upon deposit of certified check in the amount of \$50, payable to the City of Boston. The full amount of the deposit will be refunded upon return of all contract documents in good condition on and after the expiration of thirty days, exclusive of Saturdays, Sundays, and legal holidays, after the opening of general bids.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, without limitation, the notice to all bidders (including subbidders) and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, and liquidated damages.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Sealed bids for M.B.T.A. Contract No. ED-884 will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M. (Boston Time) on November 21, 1974. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: ADDITIONAL DRY STANDPIPE SYSTEMS IN SUBWAYS AND TUNNELS, Boston, and Cambridge, Mass. The work to be done under this contract consists of providing all labor, materials, supplies, equipment, tools, services, and supervision necessary to construct additional dry standpipe systems in the various subway stations and tunnels of the Authority in Boston and Cambridge, Mass., as described in the contract documents, to the satisfaction of the engineer.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$10 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by separate check.

Authorization for the bidders to view the site of the work on Massachusetts Bay Transportation Authority's property shall be obtained from the office of Mr. R. D. MacKay, Superintendent, Civil and Design Engineering Division, Tel. 722-5441.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. FAILURE TO FULLY COMPLETE AND SUBMIT THE REQUIRED CERTIFICATION WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.

The contractor will be required to comply with all applicable equal employment opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit of twenty-five thousand dollars (\$25,000) in the form of cash or a certified check or a treasurer's or cashier's check, issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals.

A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518—published in the Federal Register on April 17, 1971), promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

The successful bidder will be required to furnish a performance bond and also a labor and materials payment bond, each for the full amount of the contract. The surety shall be a surety company or securities satisfactory to the Authority.

PUBLIC WORKS DEPARTMENT

Proposals for Highway Reconstruction in Gaston Street, Holborn Street, Irwin Avenue, Mt. Pleasant Avenue, Otisfield Street, Winthrop Street, and Specific Repair in Elm Hill Park, All in Roxbury.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for highway reconstruction in Gaston Street, Holborn Street, Irwin Avenue, Mt. Pleasant Avenue, Otisfield Street, Winthrop Street, and specific repair in Elm Hill Park, all in Roxbury.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$20,000, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Highway Reconstruction in Gaston Street, Holborn Street, Irwin Avenue, Mt. Pleasant Avenue, Otisfield Street, Winthrop Street, and Specific Repair in Elm Hill Park, All in Roxbury," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, NOVEMBER 14, 1974, with a certified check for TEN THOUSAND DOLLARS (\$10,000) payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders or record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NON-REFUNDABLE, for each set of contract documents taken out. If the bidder neglect to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborer in the work to be performed under the contract shall not be less than the rate of wage in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, as called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

MBTA Files '75 Budget with Advisory Board

The Board of Directors of the Massachusetts Bay Transportation Authority has filed a current expense budget for 1975 in the amount of \$219,243,440 with the Advisory Board and the Executive Office of Transportation and Construction.

The 1975 budget request reflects an increase of 11.6 percent over the 1974 operating expense. The principal areas of increase are debt service for bond issues to support capital improvement projects, continuing subsidy of commuter rail service, increase in wage rates due to 1974 cost of living increases, and escalation in the cost of materials.

For the first time the budget includes full-year, best-estimate requirements for all but one area of expense — quarterly cost of living wage increases scheduled in 1975. These rates will not be known until indices are published during the coming year.

Subsidy requests for commuter rail and for Rapid Transit, Inc., a private carrier serving Winthrop, are included for the full twelve-month period for the first time.

One reason the budget request is more complete than usual is the fact that all but two of the Authority's labor contracts for 1975 are settled, and the costs and savings are included in the basic budget request. Costs of two unsettled wage agreements and the pension arbitration, not yet concluded, are not provided for in the budget.

The January 1, 1975, base wage increase of 2.5 percent for most Authority employees, included in the request, is part of a three-year arbitration award which provided a total base wage increase of 5 percent over the three years. The major portion of the escalating wage costs for the past two years has

been the cost of living provision, which first appeared in Authority wage agreements in 1953.

John T. Doolittle, Jr., chairman of the Board of Directors of the Authority, noted that "the Authority, like everyone else, is affected by the inflationary conditions in the world an effect which is substantially greater than the cumulative effect of many major bargaining gains and management improvement efforts to reduce costs by the Authority management.

"We are also paying the cost of the modernization and improvement of the system in the form of increased debt service, while still having to maintain and support the obsolete plant and equipment.

"At the same time, while management has mounted successful efforts in many areas of labor-management relations, substantial gains will most likely have to await the 1975 negotiations of the labor agreements which take effect in 1976."

The Authority's 1975 revenue estimates, down slightly from 1974 estimates, reflect the Authority's judgment that "dime time" and the

prepaid pass program have attracted increased ridership, but not in numbers adequate to produce increased revenue.

The format of the document submitted to the Advisory Board and the Secretary of Transportation and Construction has been revised from previous years' formats as a result of discussions with the Advisory Board staff. Periodic detailed analyses of each line item will be provided by the Authority.

GOOD NEWS FOR BUILDERS

Builders seeking construction funds under the Federal Housing Administration insurance program will now find it easier to obtain funding under a change in FHA policy, it was reported recently by the United States Department of Housing and Urban Development.

Sheldon B. Lubar, HUD Assistant Secretary for Housing Production and Mortgage Credit-FHA Commissioner, stated that the housing industry has been "seriously affected by the shortage and high cost of mortgage funds." This, he said, has forced many builders to halt construction activities.

To help alleviate this condition FHA is amending its instructions for the issuance of firm commitments for the insuring of permanent loans to builders.

Under the relaxed policy a firm commitment to insure a long-term

loan in the name of an eligible builder will be made. This commitment should encourage lenders to make construction loans more readily than previously, since the interim lender is assured that the builder will have a permanent takeout loan.

Under former practice FHA generally would not issue firm commitments to builders where they could obtain construction loans without them.

NEW PARKING PLAN

A new parking plan designed to correct problems caused by large numbers of tour buses parked along Commercial and Hanover Streets in the North End has been announced by Mayor Kevin White.

The plan will consolidate local tour-bus parking at Union Wharf. More than twenty buses can be accommodated on the north and south bay-side areas of Union Wharf at one time. A parking attendant will be provided during the week.

"One half million people visit the city's most historic sites in the North End each year, and more than half these visitors arrive on tour buses," Mayor White said. "By consolidating parking in one location we will free parking spaces for local use and eliminate many of the irritations caused by the parked buses.

"During the bicentennial, when thousands of visitors will tour the North End, we hope this parking arrangement will meet local needs," he said.

The tour buses, which are left running while tourists walk to historic sites, have been a source of concern to local residents, both because of the lack of available parking spaces and irritations caused by diesel fumes.

The new sign system, now in effect, bans buses from parking on Hanover and Commercial Streets and several adjoining streets, including Hull, Charter, Foster, Parmenter, Prince, and Salem Streets.

The new parking arrangement was drawn up by Boston 200, the

Boston Redevelopment Authority, Boston Traffic and Parking Department, and the North End Little City Hall.

BUILDING DEPARTMENT HONORS EMPLOYEES

Patrick J. Lynch of 20 Fuller Street and Robert F. Jenkinson of 931 Dorchester Avenue, both residents of Dorchester, were named outstanding employees of the City of Boston Building Department.

Mr. Lynch, named last April, has been an elevator inspector with the city since 1965. Born in Tralee, County Kerry, Ireland, Lynch came to Dorchester in 1927. He was an active member of the Gaelic Athletic Society, an athletic group devoted to Irish football, until he was sixty years old.

Mr. Jenkinson, named in August, is a senior gas and sprinkler inspector. He has worked with the city for eleven years. A master plumber, Jenkinson owns the Cambridge School of Plumbing on Dorchester Avenue, where he teaches plumbing apprentices and journeymen working toward their licenses weekday evenings.

In addition to the award Mayor White sent his personal congratulations. "You both know better than I that any number of people serve our city well and never get any recognition. The thought that you

have been singled out for your distinguished performance encourages me a great deal," said the Mayor.

"It is important that we draw attention to the many government employees who serve the city and its people well."

Boston Building Commissioner Richard R. Thuma said the program was initiated to bring a needed sense of balance to the conditions under which Building Department employees work. "When mistakes are made everyone notices, but the countless number of services performed by the department too often go unnoticed by the public and fellow employees," he said.

MATTAPAN CHRONIC DISEASE HOSPITAL ACCREDITED

Mattapan Chronic Disease Hospital has been awarded a two-year accreditation by the Joint Commission on Accreditation, announced Dr. David S. Sherman, Director of the Department of Health and Hospitals Chronic Disease Hospital, recently.

The accreditation is the result of an on-the-site survey made by field representatives of the Joint Commission's Hospital Accreditation Program.

Mattapan Chronic Disease Hospital was founded in 1919 as a tuberculosis sanatorium and is now principally an extended care facility for the chronically ill and halfway house for alcoholics.

The hospital provides over 200 patients with excellent rehabilitative care, occupational and physical therapy, home and nursing home referral services. Operating within the Chronic Disease Hospital is a T.B. Reference Laboratory which tests and documents all of the tuberculosis cases in the state.

Upon receiving word from the committee, Dr. Sherman said, "In preparation for the JCAH visit I have been impressed with the 'esprit de corps' of this hospital. The care delivery system here is outstanding and what makes it possible is the excellent rapport among the staff."

MAYOR COMMENTS ON PAY TV

Copy of text submitted to the Federal Communications Commission's hearings on cable television by Mayor Kevin H. White, October 23, 1974

I regret that I cannot appear before the commission to testify at this week's hearings on pay television via cable (Docket No. 19554), but I am anxious to express my concern regarding the potential impact that the wide-scale funneling of sports and movie programming to pay television might have on the average citizen and the vitality of large cities.

Despite an overanxious effort to sell CATV as a vehicle for the delivery of social services and citizen participation; the cable industry failed to stimulate the excitement and penetration it anticipated in urban centers. Now the cable industry looks to pay-programming as a means of compensating for its stunted urban growth.

I fear that this compensation may occur at the expense of the low-income consumer for whom television has become the basic source of entertainment and information. I worry about the urban theater industry, which provides nighttime entertainment and has stimulated economic activity in the downtown areas, and is already threatened by competition from television and population shifts. And I am concerned about the vitality of the nation's cities — once teaming with street-corner socializing and communal entertainment, now deserted at dusk by people, underutilized as an economic resource, and increasingly vulnerable to crime.

I urge you to think hard about the virtues of a thriving urban environment, the financial limitations of a growing segment of our society, and the future of the already endangered city movie theater industry. Will real benefits be derived from a liberalization of restrictions on the use of sports and movies for cable pay TV?

I am not against the growth of cable television. I look forward to the day when cable will indeed contribute to the solution of urban communications problem and pro-

vide a means for serving social needs. But I am opposed to growth resulting from the removal of sports programs from conventional TV, and I oppose cable expansion at the expense of my city's movie industry.

CEAD MILLE FAILTE (ONE HUNDRED THOUSAND WELCOMES)

To understand the Irish is really to believe that "a tune outlasts song of bird and a word the wealth of this world." And Boston will be treated to that delightful truth when the Boston 200 Irish Bicentennial Committee sponsors "An Evening of Irish Entertainment" with Siobhan McKenna and the Chieftains, November 21, 1974, 8 P.M. at the Orpheum Theater.

This concert will be the first in a series of events sponsored by the committee. Proceeds from "An Evening of Irish Entertainment" will benefit other events scheduled during the bicentennial years.

Siobhan McKenna, Ireland's leading dramatist, returns to Boston two years after her sell-out performances at the Loeb Theater in Cambridge in her own production of *Here Are The Ladies*. Her dramatic readings and portrayal of women selected from the works of such great modern Irish writers as Joyce, Shaw, O'Casey, Yeats, Synge, and Beckett have received uniform critical acclaim. Ms. McKenna's many famous and varied appearances include roles in Tyrone Guthrie's production of *Twelfth Night* and *Lady Macbeth* and in the films *The Playboy of the Western World* and *Philadelphia, Here I Come*.

The Chieftains, Ireland's popular musical troupe, capture the glory of Irish traditional music. They have toured North America and Europe while producing four record albums and receiving the Gold Disc Award at the Valladolid, Spain, competition in 1973. Their first single, "Morning Dew," is at the top of the charts in Ireland.

Tickets are available from the Boston 200 Irish Bicentennial Committee, One Beacon Street; The Irish Social Club, c/o Mary Conannon, 325-0947; and the Irish Consulate, Statler Hilton Office

Building, 423-0817. Tickets are priced at \$4, \$5, and \$6.

PRESS UNIT CLOSED

The press unit within the School Information Center, which first opened on September 9, closed on October 25. Except for scattered incidents, schools generally have been calm and close to normal in recent days, and inquiries both from the press and the general public have greatly decreased so that they can be handled through normal channels.

Press information relating to the desegregation effort can be obtained at the Mayor's Office of Communications (722-4433), the School Department's Office of Public Information (742-7400) and the Police Department's Office of Informational Services (536-6700).

The press unit can be reactivated quickly if a series of widespread incidents throughout the city make it difficult for the media to gather information from many locations.

The operational unit within the Information Center that is responsible for monitoring the public safety effort will remain open with a limited staff.

Information pertaining to marches or demonstrations can be obtained through the Office of Informational Services at the Police Department.

JOANNE A. PREVOST HEADS REAL PROPERTY DEPARTMENT

Miss Joanne A. Prevost, Personnel Director for the City of Boston for the past seven years, was sworn in October 29 as Commissioner of the Real Property Department. She is the first woman ever to head a major department for the City of Boston. Members of her family and more than 100 friends, including Mayor White and his wife and son, attended the impressive ceremony which was held in the Mayor's office in City Hall. Assistant City Clerk Frederic O'Donnell administered the oath of office.

Mr. Alan Austin succeeds Miss Prevost as Director of Personnel.

PERSONNEL DIRECTIVE
ELIMINATION OF CIVIL SERVICE FORM 62A — REPORT OF SALARY INCREASE FOR EMPLOYEES IN GRADED POSITIONS IN COMPENSATION PLANS

To All City Department Heads:

The Division of Civil Service has informed all appointing authorities that "effective immediately, it will no longer be necessary to report to the Division of Civil Service any step-rate increases, cost-of-living increases, or increases that are general in nature — that is, which apply to all employees in a department, or to all employees within a salary grade or group."

The Director of Civil Service also reminded us that "it is the responsibility of municipal officials to enforce the provisions of the local pay plan, including taking steps to prevent any employee exceeding the maximum of the plan or obtaining compensation which is greater than that of another employee performing the same work, except as provided for in said pay plan."

It will no longer be necessary to process Civil Service Form 62A, "Report of Salary Increase," for any employee under Civil Service who is in a graded position under any compensation plan. The City of Boston Form Gen. 37, "Adjustment in Compensation," must still be submitted and approved. Pay increases may be entered on the payroll only when approved copies of Form Gen. 37 are received in the department.

With respect to all personnel transactions other than salary increases provided for by a compensation plan Personnel Directive dated September 10, 1974, is still applicable. That directive reads as follows:

"Department heads should allow no payroll entry for any employee covered by Civil Service unless they have received back from Civil Service two approved copies of the personnel transaction and one approved copy is attached to the preliminary pay-

roll. The other approved copy is retained in the department."

JOSEPH PAUL SULLIVAN,
Assistant Supervisor of Personnel.

HISTORY BUFFS TAKE NOTE

Meeting House Hill in Roxbury, now known as John Eliot Square, was first settled by Europeans around 1660. This area has remained a focal point of the Roxbury community to the present. The history of Meeting House Hill from 1660 to the present will be the subject of the next exhibit at the Roxbury Center of the Museum of Afro American history, 90 Warren Street, Roxbury. The exhibit will run through December 13, and the hours are: Monday, Tuesday, Thursday, and Friday, 10:30 A.M. to 4:30 P.M.; Wednesday, 2:30 to 8:30 P.M. The museum is closed Saturday and Sunday.

In the exhibit, prints and photographs chronicle the development of the principal institutions that located on Meeting House Hill: The First Church, Roxbury; Norfolk House; Louis Prang's lithography plant; Hotel Eliot; the Dudley School. The chairs of the selectmen of Roxbury recall the period when Roxbury was a separate municipality and had its own Town Hall on Meeting House Hill.

Parts of the exhibit depict the present and future of John Eliot Square. The present is seen through the artwork, photography, and poetry of local schoolchildren. Their contributions were created expressly for this exhibit.

The most recent plans for John Eliot Square and surrounding areas prepared by the Roxbury Action Program, the Boston Redevelopment Authority, and the Southwest Corridor Coalition are also on exhibit.

Nine structures in John Eliot Square are on the National Register of Historic Places.

This exhibit is the first of four exhibits on neighborhoods in Roxbury created by the museum's Roxbury Options Project. The project is funded by the National Endow-

ment for the Arts and the Massachusetts Council of Arts and Humanities.

FIRE DEPARTMENT ORDERS

October 18.

General Order No. 46

I. RETIREMENTS

The following retirement, in accordance with the provisions of section 53, chapter 32, G. L., which will become effective at 0800, October 23, 1974, is hereby announced:

Fire Captain Dante C. Ciampa, Headquarters Division.

The following retirements, in accordance with the provisions listed below, which will become effective at 0800, November 1, 1974, are hereby announced:

Fire Fighter Paul W. Carter, Ladder Company 8, section 5, chapter 32, G. L.

Fire Fighter Walter H. Dowgiallo, Engine Company 19, section 5, chapter 32, G. L.

Fire Fighter Alfred J. Cataldo, Engine Company 9, section 7, chapter 32, G. L.

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., which will become effective at the close of business, October 31, 1974, is hereby announced:

Carpenter and Laddermaker Thomas V. Murphy, Maintenance Division.

Fire Captain Ciampa was appointed to the department May 26, 1943, promoted to fire lieutenant July 11, 1951, and to fire captain January 11, 1956. Fire Fighter Carter was appointed August 26, 1942. Fire Fighter Dowgiallo was appointed January 13, 1943. Fire Fighter Cataldo was appointed January 17, 1968. Carpenter and Laddermaker Murphy was appointed April 8, 1964.

All of these members leave the department with the best wishes of their associates.

II. RADIO DISPATCH OF APPARATUS FROM QUARTERS

This department will begin a feasibility study on the use of radio for the dispatching of fire apparatus from quarters beginning at 0800, October 23, 1974.

The Fire Alarm Office will be able to operate an alerting device at the patrol desk of the companies involved. Two tones, similar to the two tones used for paging on Channel 2, will be transmitted on Channel 1 to activate the device. Each house involved will have its separate tone.

In order to dispatch companies from quarters, the Fire Alarm Office will transmit the proper tones on Channel 1. An announcement will be made which will include the following information:

Which companies are to respond.

The location of the incident.

The type of incident (inhalator, building, grass, etc.).

If a box is to be struck, the box number and location.

Any other information which will aid the fire companies.

Example: "Engine 33 and Ladder 15 respond to 801 Boylston Street for a fire on the third floor, Box 1573, Boylston and Fairfield Streets, follows."

The announcement will be on Channel 1. The man on patrol will acknowledge the message by giving three blows on the assigned acknowledgment switch. If the message is not understood, the man on patrol will give the repeat signal, five blows two times, on the acknowledgment switch, and the Fire Alarm Office will repeat the message. If a street box is required, it will then be struck in the usual manner.

The following fire companies have been designated to take part in the program:

Engines 5 and 11.

Engines 32, 36, Ladder 9.

Engine 25, Ladder 8, Rescue 1 and Lighting Plant 1.

Engines 7 and 26, Ladder 17.

Engine 33 and Ladder 15.

Engine 37 and Aerial Tower 2.

Engine 17 and Ladder 7.

Engine 16 and Ladder 6.

Engines 45, 53 and Ladder 16.

Engine 52, Ladder 29, Rescue 2.

Engine 42 and Ladder 30.

III. COMMENDATION

At 2027, October 7, 1974, Ladder Company 15 responded to 70 Westland Avenue on a report of a man threatening to jump from the roof. Fire Fighter Francis J. Walton of Ladder Company 15 ran up the stairs and saw the man on the edge of the roof. He cautiously approached him and when the man was momentarily distracted he grabbed him and removed him to safety.

The Fire Commissioner is pleased to commend Fire Fighter Walton for his quick and efficient handling of this rescue which probably saved the man's life.

IV. LETTER OF THANKS

The following letter is published for the information of the department:

"Dear Commissioner Kelly:

Belatedly, but sincerely, will you please express my thanks to three of your men from Ladder 29 when they came to my home on August 8. My husband had his sixth stroke, and although I had called the police (911) your department men were here first. They applied oxygen and, after the police arrived, one of your men came with me to the Carney Hospital, administering oxygen all the way. I am sure your men's help kept him alive. He is home now, though not good.

I wish I had written to you sooner, but things have been rather hectic. Again, a tip of the hat and a toot of the horn to the Fire Department.

Gratefully,
WINIFRED YOUNGCLAUS."

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

HEALTH AND HOSPITALS DEPARTMENT

SERVICING OF X-RAY EQUIPMENT

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on December 12, 1973, it was voted to amend, without advertising, the city's contract with Picker Corporation, Canton, Mass., for service and maintenance of previously installed X-ray equipment located at Boston City Hospital. Your Honor awarded the current contract for the period April 1, 1973, through December 31, 1973, at a maximum cost to the city of \$19,503. This amendment arises out of the need to include in this contract the sum of \$9,000 for minor X-ray parts and television tubes not previously included in the contract.

Inasmuch as the X-ray equipment to be serviced is Picker Corporation equipment, the parts are unavailable from any other vendors and because in our opinion the cost is reasonable, your permission is respectfully requested to amend this contract, without advertising, under the terms and conditions stated above.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

MODEL CITY ADMINISTRATION

HOUSING DEVELOPMENT SERVICES

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to amend a contract for services with the Roxbury Multiservice Center, Inc., a nonprofit corporation located at 317 Blue Hill Avenue, Roxbury, by increasing that contract by an amount not to exceed \$2,500.

The original contract that we are now seeking to amend was for housing development services in the amount of \$140,000, and was executed by you on October 27, 1972. The first and second amendments to that contract were executed by you on October 5, 1973 and May 20, 1974, respectively. Neither the first nor the second amendment increased the contract amount. I am now requesting your approval of a third amendment which would increase the contract amount by \$2,500 and extend the period of performance to October 31, 1974, from June 30, 1971.

The additional \$2,500 is necessary in order to cover unanticipated development costs for the rehabilitation work being performed at 90, 92, 94, and 96 Stanwood Street in Dorchester pursuant to the contract. The unanticipated work to be paid for includes but is not limited to repair of the roofs of two buildings, emergency repair of a water main, and the installation of security lighting.

The successful completion of the development at Stanwood Street is vital to

the well-being of the Subarea V neighborhood and depends on the addition of the funds requested to the development contract.

For the aforementioned reasons and because we are seeking an amendment to an existing contract it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

COMPUTER TIME FACILITIES

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to amend the contract previously awarded to the Massachusetts Institute of Technology. I refer to my letter of April 29, 1974, whereby I requested and you approved an award letter amending that contract by increasing the contract amount to \$55,700 from the previously approved total of \$19,500.

I am now requesting your Honor's written authority to further amend that contract by providing an additional \$11,797 in funds, and by extending the period of performance from June 30, 1974 through December 31, 1974. We wish to process these amendments so that we may continue operating the existing contract without disruption in services, especially in the area of provision of computer time facilities.

The contract as amended will be in an amount not to exceed \$67,497, with a period of performance extended through December 31, 1974. All other terms and conditions shall remain in full force and effect.

Because we are requesting your approval of an amendment to an existing contract, advertising for bids would serve no useful or practical purpose.

Very truly yours,

PAUL PARKS,
Administrator.

PARKS AND RECREATION DEPARTMENT

FRANKLIN PARK IMPROVEMENT

DEAR SIR:

I respectfully request your authorization to amend the agreement with Elma Lewis School of Fine Arts approved by your Honor on September 30, 1973, for making permanent improvements to and improving portions of Franklin Park. The amendment will cover the extension of the expiration date of the contract from July 4, 1974, to October 15, 1974.

Respectfully yours,

ANTHONY E. FIORIGONE,
Commissioner.

POLICE DEPARTMENT

CONSULTANT SERVICES

DEAR MR. MAYOR:

On January 4, 1974, you approved a contract between the City of Boston, acting by and through its Police Commissioner, and Joseph E. Lambert in the

(Continued on next

CONTRACTS AMENDED

(Continued from previous page)

amount of \$11,846. Under the terms of the contract Mr. Lambert was to provide consultant services to coordinate and direct the rewriting of the Boston Police Department's Rules and Regulations.

As part of his work for the department, Mr. Lambert has developed the format for the new police manual and has begun working with the first of the proposed series of task forces of police officers in drafting revised rules and procedures. Since the department will continue the process of police task force initiation and review of the new Rules and Regulations, it is necessary that Mr. Lambert be allowed to continue his consultant services.

I respectfully request your Honor's written authorization to dispense with public advertising for the amendment of the current contract to (1) extend the completion date from June 30, 1974, to December 31, 1974; (2) increase the amount by \$8,198, to a new total of \$20,044.

The consultant will work for the additional six months at the same rate specified in the contract. Because of the quality of Mr. Lambert's current services to the Police Department and his professional qualifications to perform the functions under the contract, it is believed that public advertising would serve no useful purpose.

Sincerely,
ROBERT DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

MULTISERVICE CENTER

DEAR MR. MAYOR:

On May 24, 1974, your Honor approved my letter dated May 21, 1974, to award a contract to Francis G. Falzarano, doing business as Falzarano Construction Company, in connection with the Spanish Alliance Multiservice Center, Boston, Mass., in the sum of \$216,471.

Inadvertently this award deleted painting work, and I respectfully request that the award letter approved on May 24, 1974, be amended as follows:

(a) In second paragraph, third line, delete "deleted painting work in its entirety."

(b) In second paragraph, fifth line, strike out the figure "\$27,757" and insert the figure "\$16,857."

(c) In second paragraph, fifth line, strike out the figure "\$216,471" and insert the figure "\$227,371."

(d) In third paragraph, fifth and sixth lines, strike out the figure "\$216,471" and insert the figure "\$227,371."

For your Honor's information I am attaching a copy of the letter that you approved on May 24, 1974.

Respectfully,
ROBERT J. VEY,
Director.

ELECTRICAL ALTERATIONS

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* issue dated May 20, 1974, the following general bids in connection with alterations to lighting and power at Hill Prison Building, Deer Island House of Correction, Boston, Mass., were publicly opened and read aloud at the office of the Public Facilities Department on Tuesday, June 18, 1974:

Pigulski Corporation, \$31,790; J. J. Finn Electrical Service, Inc., \$36,300; Sullivan and McLaughlin Electrical Contractors, Inc., \$36,750; Gaston Electric Company, Inc., \$39,900; Amps Electric Company, Inc., \$41,600; H. and L. Electric, Inc., \$42,000; D. C. Electric, \$41,250; Winthrop Electric Company, Inc., \$45,672; New England Electric, Inc., \$48,000; Malden Electric Company, \$49,175.

Action on ad alternate No. 1 contained in the contract document will increase the contract price \$4,090. Therefore the new contract price is \$38,880.

Your Honor's written authorization is requested in awarding a contract to Pigulski Corporation, 31 Walnut Street, Peabody, Mass., the lowest, responsible and eligible general bidder, in the amount of \$38,880.

Respectfully,
ROBERT J. VEY,
Director.

CHARLES DREW FAMILY LIFE CENTER

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 26, 1974, I hereby request your Honor's written authority to dispense with public advertising in entering into an agreement with Stull Associates, Inc., architects, a Massachusetts corporation, of 430 Parker Street, Roxbury, amending a contract between the City of Boston and Stull Associates, Inc., providing for the preparation of working drawings, detailed specifications, and construction cost estimates for, and to supervise the construction of, the rehabilitation of the proposed Charles Drew Family Life Center, to be located at 632-640 Blue Hill Avenue, in the Dorchester district of Boston, approved by the Mayor March 13, 1974, as it will be amended by complete execution pursuant to a letter of award dated March 27, 1974, and approved by the Mayor April 16, 1974, in order to increase the amount authorized for expenditure under the contract for supplementary services from its present \$15,500 to \$47,650.

The additional funding for supplementary services is required for currently needed clerk-of-the-works and additional furnishings services.

Due to the provisions of the law to the effect that executed and existing city contracts may only be altered by a writing signed by all the parties thereto, including the Mayor and contract surety on the performance bonds, it would appear that

public advertising in this case could not best serve the public interest.

Respectfully,
ROBERT J. VEY,
Director.

REAL PROPERTY DEPARTMENT

OIL AND OIL BURNER SERVICE

YOUR HONOR:

I respectfully request your permission to amend the contract awarded to James Devaney Fuel Company, Inc., 25 McBride Street, Jamaica Plain, Mass., for supplying fuel oil to, and servicing oil burners in, buildings of the Real Property Department.

The previous contract was for an amount of \$20,000, and the funds for that are now exhausted. I believe that \$10,000 will cover the balance of this period to supply oil and to service burners in these buildings. I therefore respectfully request your permission to amend this contract from the sum of \$20,000 to \$30,000, for the period October 11, 1973, to June 30, 1974.

Respectfully yours,
JOHN F. MULHERN,
Commissioner of Real Property.

YOUTH ACTIVITIES COMMISSION

TASC-J PROGRAM

DEAR MR. MAYOR:

As a result of delays in implementing the TASC-J program, I should like to request your approval to change the effective dates of our contract with the YMCA Service Corporation which was approved by you in our letter of May 16, 1974. The effective dates of the contract would be changed from May 1, 1974, through April 30, 1975, to the new dates of August 1, 1974, through July 31, 1975.

This change in no way affects the costs or scope of work as originally defined under the contract. The Treatment Alternatives to Street Crime for Juveniles (TASC-J) program is supported solely through federal funding. No City of Boston monies will be used for any aspect of the program.

Your approval of this action is herein requested.

Sincerely,
PAUL V. McCaffrey,
Executive Director.

RECREATION SUPPORT PROGRAM

DEAR MAYOR WHITE:

I respectfully request your approval to amend the contract between Youth Activities Commission and the Boys' Clubs of Boston, Inc., which was approved by you on June 28, 1974.

This amendment changes the termination date from September 30, 1974, to December 31, 1974, and increases the total award from \$130,000 to \$157,246 (increase of \$27,246).

This request is made necessary because of the availability of additional funds for the continuation of the Recreation Support Program. These adjustments in no way change the contract nor content of services as originally defined under the

contract. No City of Boston monies will be used for any aspect of the program. Your approval of this action is herein requested.

Sincerely,
PAUL V. McCaffrey,
Executive Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

TELEPHONE INFORMATION RETRIEVAL SYSTEM

DEAR MR. MAYOR:

This office is in receipt of a requisition from Public Facilities Department for one (1) telephone information retrieval system to be furnished and installed.

The Director of the Department of Public Facilities has requested that this system be purchased with public advertisement for reasons as set forth in detail in the attached copy of communication received from Teletronix Systems Division of United Recording Electronics Industries.

Under the provisions of Acts of 1909, Chapter 486, section 30, permission is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to the above-mentioned company for one (1) telephone information retrieval system. Total amount of contract is not to exceed \$22,200.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

MIDDLE DISTILLATE FUELS

DEAR MR. MAYOR:

Under the Emergency Petroleum Allocation Act of 1973, P.L. 93-159, E.O. 11748, 38 FR 33577, the Mandatory Allocation Program for Middle Distillate Fuels was established by the Federal Energy Office. It is mandatory that the City of Boston, during the period July 1, 1974, to June 30, 1975, purchase its requirements of middle distillate fuels from the suppliers on record for the period from July 1, 1972, to June 30, 1973.

Permission is requested to dispense with advertising and award contracts, without public advertisement, to the following companies who were the suppliers to the city during the period July 1, 1972, to June 30, 1973, for the periods indicated below. Total amounts of contracts have been computed on the price basis required by the Mandatory Allocation Program for Middle Distillate Fuels. Federal Energy Office Allocation and Procedural Regulations of Chapter II of Title 10 of the Code of Federal Regulations with subsequent changes and amendments

including that published in the Federal Register, Volume 39, No. 88, May 6, 1974, are incorporated herein by reference and made a part thereof.

Mobil Oil Corporation, for furnishing gasoline to the various city departments from July 1, 1974 to, June 30, 1975. Amount of contract not to exceed \$883,000. This total includes approximately \$158,000 state tax.

Metropolitan Petroleum Company, Division of the Pittston Company, for furnishing No. 6 fuel to the various city departments from July 1, 1974, to June 30, 1975. Amount of contract not to exceed \$841,000.

Union Petroleum Corporation, for furnishing No. 6 fuel oil to Long Island Chronic Disease Hospital from July 1, 1974, to June 30, 1975. Amount of contract not to exceed \$597,000.

Metropolitan Petroleum Company, Division of the Pittston Company, for furnishing No. 2 fuel oil to the various city departments from July 1, 1974 to December 31, 1974. No contract will be issued at this time for the period January 1 to June 30, 1975. Amount of contract not to exceed \$302,000.

Garrity Oil Company, for furnishing kerosene and diesel fuel to Fire and Public Works Departments from July 1, 1974, to June 30, 1975. Amount of contract not to exceed \$115,000.

This request is necessary to comply with the Emergency Petroleum Allocation Act of 1973, P.L. 93-159, E.O. 11748, 38 FR 33577; Economic Stabilization Act of 1970, as amended P.L. 92-210, 85 Stat. 743; P.L. 93028, 87 Stat. 27; E.O. 11748, 38 FR 33575; Cost of Living Council Order Number 47, 38 FR 24.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

ANTIFREEZE

DEAR MR. MAYOR:

No bids were received on a publicly advertised bid for antifreeze for public opening on June 28, 1974. The Commonwealth of Massachusetts and local cities and towns have also received no bids.

Since that time, this office has solicited bids from various manufacturers, distributors, dealers and retail outlets with no success except for cash purchases of limited quantities (one or two gallons per customer). This type of purchase is not feasible or practical.

The Union Carbide Corporation, manufacturer of "Prestone," will not sell directly to the city but has directed this office to one of their distributors, Freed Oil Company, Inc., who will not bid publicly but will enter into a negotiated contract, without advertising, for the approximate amount of antifreeze needed.

A written proposal for acceptance, within thirty days, has been submitted to this office by Freed Oil Company, Inc., for delivery of 5,660 gallons of "Prestone" permanent antifreeze in 1-gallon containers at \$1.75 per gallon. This price is acceptable to the city.

Inasmuch as this item has been publicly advertised and no bids were received, other manufacturers, distributors, dealers, and retailers have been contacted with no positive results, and since the procurement of this material is necessary for the proper operation of the Police Department, Fire Department, Health and Hospitals Department, and Public Works Department, in assuring the health, welfare, and safety of the general public it is requested that permission be granted me to dispense with further publicly advertising for bids and award a contract, without public advertisement, to Freed Oil Company, Inc., for furnishing and delivering to the various city departments 5,660 gallons of "Prestone" permanent antifreeze in an amount not to exceed \$26,885.

It is my opinion that, in this way, the best interests of the city will be served.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

AIR POLLUTION CONTROL COMMISSION NOISE CONTROL

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with inviting proposals for advertising in the *City Record* and to award a contract to Mr. Donald C. Squires of Marlboro, for the period of July 1, 1974, to June 30, 1975.

Under the terms of the contract, Mr. Squires will be engaged for planning and implementation of projects and activities, and for provision of administrative services, related to the control and abatement of noise in Boston and to the conservation of energy by municipal agencies and other persons. The total cost to the city will not exceed \$17,300. The services provided are expected to materially reduce the current adverse effect of noise and noisy activities in Boston, through the development and adoption of additional regulations, improved monitoring and enforcement, better coordination, and greater public education. Significant savings, and improvements in distribution of fuels, should result from energy conservation measures.

Because of the unique nature of the services needed by the Commission, I believe that public advertising would serve no useful purpose and that executing the proposed contract for the extended period will be in the best interests of the city.

Respectfully,

ALDEN GIFFORD,
Chairman.

BOSTON 200

BICENTENNIAL SERVICES

DEAR MAYOR WHITE:

This letter is to request your written authority to dispense with public advertising and enter into a written agreement with the Boston 200 Corporation to provide a broad range of support services to the Office of the Boston Bicentennial. The total cost of these services will not

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

exceed \$400,000. The period of performance is from July 1, 1974, to June 30, 1975.

The Boston 200 Corporation will be responsible for:

1. Fund raising for bicentennial programs including federal grant applications.

2. Coordination of Boston events during the bicentennial. Included will be the printing of a Festival American Calendar which will be a compilation of all these events.

3. Opening activities associated with the beginning of the American Revolution bicentennial in Boston during April, 1975.

4. Development and printing of informational and historical materials about Boston.

5. Implementation of a comprehensive visitor service program.

6. Development and implementation of neighborhood programs including oral histories, trails, and special exhibits.

7. Development of special theme materials for other bicentennial exhibits.

The Boston 200 Corporation has developed a nationally recognized capability for implementing creative bicentennial programs. As a result numerous Boston 200 programs have received partial support from various federal agencies which require matching funds and services. The Boston 200 Corporation is the appropriate vehicle to administer these grants. We will, of course, continue to operate according to contracting procedures agreed upon by the Boston Finance Commission and the Boston 200 Corporation.

In view of the special nature of the services to be rendered and the outstanding capability of the Boston 200 Corporation, it is my opinion that public advertising would serve no useful purpose.

Respectfully requested,

KATHARINE D. KANE,
Director.

COMMISSION ON AFFAIRS OF THE ELDERLY

TRAINING DEVELOPMENT CONSULTANT

DEAR MAYOR WHITE:

We hereby request your approval to award a contract for services, in an amount not to exceed \$4,000, to Mrs. Natalie Cabot Neagle of Boston for services as a training development consultant to the Commission on Affairs of the Elderly.

Mrs. Neagle's function as a training development consultant to the Commission will be to develop a permanent training facility within the Commission and to provide the training program for the Hotline staff. In this capacity she will formulate an overall training component that will be used as a training mechanism for the Commission staff and participants in Commission programs.

Mrs. Neagle is a well-known professional in the field of aging whose book, "You Can't Count on Dying" (Houghton Mifflin, 1962), is used as a primary resource in libraries and as teaching material. Her past work in founding and directing the Age Center of New England, Inc., a pioneer research institution for studying the normal aging processes of an urban population, brought her high recognition both nationally and in the Boston professional community. Mrs. Neagle is experienced as a training consultant as well as an administrator, and her wide working experience in all aspects of the field of aging uniquely qualifies her for work as a special consultant to Boston's Commission on the Affairs of the Elderly.

The funds to be provided under the contract will be used to cover the cost of her services.

This contract will be effective during the period of July 1, 1974 through September 30, 1974.

It is therefore requested that notice of this contract be dispensed from public advertising in the *City Record*.

Sincerely,

TAYLOR B. WAGENSEIL,
Commissioner.

CONSERVATION COMMISSION

PROJECT PLANNING

DEAR MR. MAYOR:

I respectfully request your written authority to dispense with inviting proposals for advertising in the *City Record* and to award a contract to John Blackwell of Three Center Plaza, Boston, for the period of July 1, 1974 to June 30, 1975.

Mr. Blackwell will be engaged for conservation project planning for the commission's programs, and in particular for planning and implementation of the commission's Charles-to-Charles Open Space Corridor project. Services to be provided to the commission by Mr. Blackwell include conservation and environmental planning, real estate research and advice, and negotiations and discussions with landowners and institutions for the purpose of securing agreements and easements for the permanent protection of open space throughout the city.

Under the terms of the proposed contract, total cost to the city will not exceed \$10,200. Mr. Blackwell will assist the commission under the direction and supervision of the chairman and commission staff.

Mr. Blackwell has been engaged as project consultant to the commission since September of 1972, in the early days of the Charles-to-Charles project. In view of the unique services needed by the commission and because of Mr. Blackwell's experience, familiarity, and expertise in commission programs and the Charles-to-Charles project area, I believe that public advertising would not benefit the public interest.

Respectfully,

ROBERT E. HOLLAND,
Acting Chairman.

HEALTH AND HOSPITALS DEPARTMENT

EQUIPMENT REPAIRS

DEAR MR. MAYOR:

At a meeting of the Board of Health and Hospitals held today, and in conformity with their vote, I respectfully request your Honor's written approval to dispense with public advertising to renew the contract with Bay State Service, Inc., 76 Kenmore Street, Brookline, for the maintenance parts replacement, servicing, and repair of air conditioning and refrigeration (including the morgue, blood bank, kitchen and laboratory temperature-control equipment) for the period July 1, 1974, through June 30, 1975, at Boston City Hospital main complex, and including the Public Health Building, corner of East Concord Street and Harrison Avenue, at a sum not to exceed \$37,500.

This contract agreement, covering the twelve-month period, will include, but will not be restricted to, the following:

1. Refrigeration units, all types — walk-in type, meat chests, storage bins, morgue units, cold chests, rooms, deep freeze units, garbage room freezers.

2. Air conditioning units, both air-cooled and water-cooled, of all sizes.

3. Drinking fountains (chilled).

4. Blood bank storage facilities and alarm systems.

5. Thermal ice blankets and heating pads.

6. Pumps, condensate and others.

7. Fans — compressors, condensers, electrical circuiting, whether in panels, boards, operational in equipment, or in conductive supply lines.

Public advertising and inviting bids for these services, so vital to the uninterrupted function of the hospital, would serve a useful purpose, because of the constant emergency, technical requirements, expert knowledge of equipment, instant availability of a parts inventory, and the supply of skilled mechanics on a 24-hour basis which have been in the past more than satisfactorily provided by this company in the best interests of patient care at hospital needs, to the complete fulfillment of the nursing and medical staff.

This request for a vote of approval predicated upon similar approval, vote by the Board, for contracts awarded in 1969, 1970, 1971, 1972, and 1973, with the subsequent approval of the Law Department and the Finance Commission.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

STAFF POSITIONS

DEAR SIR:

In accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of August 2, 1972, I hereby authorize a contract with the Boston University School of Medicine for the period July 1, 1974, through June 30, 1975, to provide physicians' service for the following staff positions at Boston City Hospital at the salaries and for the periods indicated herein.

July 1, 1974, through June 30, 1975

Pediatrics: Director of Pediatrics, \$18,375; Pediatric Ambulatory Services, \$13,913; Associate, Pediatrics, \$10,237; Pediatric Neurologist, \$13,125.

Psychiatry: Director, Psychiatry Service, \$18,375; Staff Psychiatrist, Psychiatry Walk-In Clinic, \$15,750; Associate Director of Adult Psychiatry, \$7,350; Chairman, Department of Adult Psychiatry, \$15,750.

Medical Services: Coordinator, Clinical Care Unit, \$10,500; Associate Director, Medical Services, \$20,000; Supervising Physician, Clinical Gastroenterology; Chief, Gastroenterology, \$25,000; Chief, Pulmonary Services, \$25,000; Director, Medical Services, \$30,000; Chief, Cardiology, \$25,000; Assistant Director, Out-Patient Department, \$24,150; Associate Director, Medical Services, \$20,000; Chief, Oncology, \$25,000; Chief, Hematology, \$8,000; Staff Cardiologist and Coordinator, Resuscitation, \$10,500; Pulmonary Physiologist, \$25,000.

Surgical Services: Assistant Director, Surgical Services, \$15,000; Assistant Director, Surgical Services, \$4,500; Associate Director, Surgical Services, \$20,000; Assistant Director, Surgical Services, \$20,000; Assistant Director, Out-Patient Department, \$10,500; Assistant Director, Surgical Services, \$4,500; Director of Emergency Services, \$31,500; Director of Surgery, \$30,000.

Pediatric Surgery: Director, Pediatric Surgery, \$9,975.

Ophthalmology: Director, Ophthalmology, \$13,650; Assistant Director, Ophthalmology, \$12,600.

Orthopedic Surgery: Assistant Director, Orthopedic Surgery, \$16,000.

Obstetrics and Gynecology: Director, Obstetrics and Gynecology, \$15,900; Assistant Director, Obstetrics and Gynecology, \$10,500; Assistant Director, Obstetrics and Gynecology, \$10,500; Assistant Director, Obstetrics and Gynecology, \$10,500; Supervising Physician for Ambulatory Medicine, Obstetrics and Gynecology, \$21,000.

August 1, 1974, through June 30, 1975
Surgical Services: Assistant Director, Surgical Services, \$11,000.

September 1, 1974, through June 30, 1975
Medical Services: Chief, Endocrinology, \$25,000.

October 1, 1974, through June 30, 1975
Surgical Services: Assistant Director, Surgical Services, Plastic Surgery, \$10,500.

The total cost to the city for this contract shall be a sum not to exceed \$661,150.

Under the terms of this contract the aforesaid physicians will serve under the Board of Health and Hospitals, but without direct compensation from the City of Boston.

The individual assignments to the positions named herein will be by the University with the approval of the Board.

The decision of this department to enter into this type of a contractual arrangement was made after consideration of several factors, the most significant being to make it possible for these physicians to take advantage of certain fringe benefits which would not otherwise be available to them if they were paid

directly by the City of Boston. I refer particularly to their participation in the Teachers Insurance Annuity Association, a nationwide benefit plan offering extremely generous benefits to its members, who must be associated directly with and compensated directly by a university, college, or medical school. Benefits accruing through membership in this association can be transferred if and when academic affiliation might be changed. However, this would not be possible if these physicians were compensated directly by the City of Boston and were members of the State-Boston Retirement System.

Because of the special fitness of the physicians for the service they are to perform, and because the cost to the city is reasonable, your approval is respectfully requested to award this contract, without advertising, to Boston University School of Medicine under the terms and conditions stated above.

This letter will rescind our previous letter of award relative to this contract dated July 12, 1974.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HOUSING INSPECTION DEPARTMENT

LEASE OF SPACE

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the leasing of 1,296 square feet of space in the building located at 263, 265, 265A Bowdoin Street, Dorchester, and to enter into a lease with Harold E. Stone for this space. The premises are needed by this department as a local office in connection with Code Enforcement activities, under section 117 of the Housing Acts of 1949 as amended, City of Boston, Concentrated Code Enforcement Program, Mass. Contract E-19. Your approval will permit the Housing Inspection Department to exercise the renewal option clause in last year's lease of the same premises.

The proposed lease is for a term of six months — July 1, 1974, to December 31, 1974 — with two consecutive options on the part of the city to extend the term for an additional six months. The proposed rental fee is \$225 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the leasing of an estimated 2,000 square feet of space in the building located at 148 State Street, Boston, and to enter into a lease with Nathan R. Miller Properties, Ltd., for this space. The premises are needed by this department as a local office in connection with Code Enforcement activities,

under Section 117 of the Housing Acts of 1949 as amended, City of Boston, Concentrated Code Enforcement Program, Mass. Contract E-19. Your approval will permit the Housing Inspection Department to exercise the renewal option clause in last year's lease of the same premises.

The proposed lease is for a term of six months — July 1, 1974, to December 31, 1974 — renewable at the discretion of the lessor, with the provision that if in any tax year commencing with the year 1974 the real estate taxes on the land and buildings of which the demised premises are a part are in excess of the amount of the real estate taxes thereon for the year 1971, lessee will pay to lessor as additional rent hereunder, when and as designated by notice in writing by lessor, 2.5 percent of such excess that may occur in each year of the term of this lease and proportionately for any part of a calendar year during the term hereof. The proposed rental fee is \$991.67 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

LIBRARY DEPARTMENT

RENTAL AND SERVICE OF IBM MACHINES

DEAR MR. MAYOR:

The Board of Trustees in charge of the Library Department of the City of Boston respectfully requests the approval of your Honor for the award of a contract, without public advertising, to International Business Machines Corporation, 610 Lincoln Street, Waltham, for rental and maintenance service of certain IBM machines during the period July 1, 1974, through June 30, 1975.

The rental of this equipment will enable the Library to continue its program of data processing activities which was initiated in 1966 and whereby many internal service operations have been mechanized. The total cost for the rental of the equipment during the period of the contract is estimated to be \$110,250.

In view of the above the Board of Trustees in charge of the Library Department, acting in the name of and for the City of Boston, have voted that there be entered into without public advertising with International Business Machines Corporation, 610 Lincoln Street, Waltham, a contract for the rental of certain data processing equipment during the period July 1, 1974, through June 30, 1975, the total rental thus charged to be subject to the terms, agreements, and conditions set forth in said contract.

The approval of your Honor for the award of this contract, without publicly advertising for bids, to the International Business Machines Corporation as above is hereby requested.

Respectfully,
THE BOARD OF TRUSTEES IN
CHARGE OF THE LIBRARY DE-
PARTMENT OF THE CITY OF BOSTON,
By PHILIP J. McNIFF,
Director.

MODEL CITY ADMINISTRATION

FAMILY COUNSELING SERVICES

DEAR MAYOR WHITE:

As the Administrator of the Model City Administration I hereby request authority to dispense with advertising in connection with the award of a contract in an amount not to exceed \$13,300 to the Commonwealth of Massachusetts, Department of Public Welfare. It is provided in 45 Code of Federal Regulations, 5220.65 (b), effective January 28, 1969, that donated private funds may be considered state funds in claiming federal reimbursement for the purchase of family counseling referral services by the Department of Public Welfare. Chapter 514 of the Acts of 1972, effective July 1, 1972, authorized the Department of Public Welfare to contract with public agencies to receive donations in an amount equal to 25 percent of such expenditures (which funds shall be matched under Title IVA of the Social Security Act in an amount not less than 75 percent) to purchase family counseling and referral service authorized by said chapter 514.

The Department of Public Welfare upon receipt of the Model City donation will execute a purchase of service contract with the Trustees of Health and Hospitals of the City of Boston, Inc., for the Charles Drew Family Life Center in the amount of \$48,000 for one year beginning July 1, 1974, for social services.

The reduction of HUD funds has required the Model City Agency to develop alternative sources for funding of the Family Life Center Program. This contract will permit Title IVA funds to pay for the existing social services component at the Charles Drew Family Life Center and represents a 75 percent reduction in direct cash costs for operating the component without any loss of service.

The funds for this contract will be Model City funds made available through the city's grant contract with the Department of Housing and Urban Development. This contract will be for one year beginning July 1, 1974, and will provide for a single payment in the amount of \$13,300 on July 1, 1974.

If you have any questions or require further information please contact me.

Respectfully,

PAUL PARKS,
Administrator.

CITIZEN EVALUATION PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$66,245 to the Boston Model Neighborhood Board, Inc. (the "MNB"), with offices located at 333 Dudley Street, Roxbury.

The period of performance is July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation by the MNB of the Citizen Evaluation and Citizen Education components of the Model City Program. Under the proposed contract the MNB shall conduct a variety of citizen participation and citizen evaluation activities, including a voter education program, activities designed to encourage community involvement in the planning and operation of city programs in the Model Neighborhood, and a citizen evaluation program. The purpose of the citizen evaluation program shall be to monitor, record, and evaluate the performance of the contractors selected by the Administrator to provide services to Model Neighborhood residents. The MNB may also evaluate such priority projects and program objectives relating to the Model Neighborhood as it may determine necessary.

The MNB has been selected to carry out the Citizen Evaluation and Citizen Education components pursuant to the guidelines of the Sixth Action Year Plan of the Comprehensive City Demonstration Program. Furthermore, the MNB has carried out these programs successfully during the past five years.

For the aforementioned reasons, advertising for bids would serve no useful or practical purpose.

Respectfully yours,

PAUL PARKS,
Administrator.

SUBAREA FIVE RECREATION PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$13,000 to the Women's Improvement League, Inc. (the contractor), a nonprofit corporation located at 322A Blue Hill Avenue, Roxbury.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a comprehensive recreation program for residents of Subarea Five of the Model Neighborhood. Under the proposed contract the recreation center shall be open daily Monday through Friday. The contractor shall conduct recreational, social, and cultural programs as well as creative skills workshops.

The contractor is recommended to carry out the recreation program because, first, it has satisfactorily operated four recreation programs for the Model City Agency in the past; second, it has an established rapport with the residents of Subarea Five and is therefore better able to successfully implement a recreation program.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

YOUTH DROP-IN CENTERS

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$12,500 to the Ecumenical Social Action Committee, Inc. (the contractor), a nonprofit corporation located at 169 Amory Street, Jamaica Plain.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a technical support program designed to service youth drop-in centers. Under the terms of the proposed contract the contractor will provide seven drop-in centers in the Model Neighborhood Area with administrative, financial, and programmatic assistance.

The contractor is recommended to carry out this program because of its unique expertise in technical services for drop-in centers. Furthermore, it will be continuing a valuable program being satisfactorily carried out under a prior contract with the Model City Administration.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

LA ALIANZA HISPANA

DEAR MAYOR WHITE:

As the Administrator of the Model City Agency I hereby request the authority to dispense with advertising in connection with the award of a contract in an amount not to exceed \$97,070 to La Alianza Hispana, Inc., (the "Alianza"), a Massachusetts nonprofit corporation having its principal office at 65 Dudley Street, Dorchester, for a comprehensive program of social, educational and economic development services for Spanish-speaking residents of the Model City Neighborhood.

The proposed contract for the program will provide for social services to assist with problems concerning housing, employment, legal, and other personal and family problems, a program to instruct Spanish-speaking residents in reading and writing the Spanish language, a public school liaison program which will interpret public school requirements and procedures to Spanish-speaking residents and make the public school system aware of the special needs of the Spanish-speaking

children, a youth cultural arts and recreation program, services and assistance with housing problems, and assistance to businesses in the Model City Neighborhood owned or controlled by Spanish-speaking residents.

Approximately twenty-five employees of the Alliance will be employed and compensated under the contract, including an executive director, social service workers, housing workers, an education coordinator, a public school liaison, and office staff. The contract will also include funds for accounting services, equipment and supplies, rental of space and utilities. The contract will be effective as of July 1, 1974, and will terminate December 31, 1974.

The total contract will be for \$119,278; however, \$22,200 will be collected from the Department of Public Welfare for social services rendered pursuant to the provisions of Title IV(a) of the Social Security Act.

The reason for not inviting bids by advertisement with respect to this contract are the special qualifications for serving Spanish-speaking residents of the Model City Neighborhood which are possessed by the contractor and the necessity of a continuing relationship with the Alliance.

For the foregoing reasons, advertising in the *City Record* would serve no useful or practical purpose.

Very truly yours,

PAUL PARKS,
Administrator.

BOARDING-UP PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$44,000 to the Community Training Dynamics, Inc. (the contractor), a nonprofit corporation with offices located at 136 Warren Street in the Roxbury district of the City of Boston.

The period of performance shall be August 1, 1974, through December 31, 1974.

The contract is to provide funds for the continuation of the boarding-up program funded under a prior contract. This program was previously operated by the United Community Construction Workers, Inc., and will now be continued by the contractor with no important changes in program content or personnel.

Under the proposed contract the contractor shall board up vacant, abandoned buildings in the Model Neighborhood area. The boarding-up work shall be done by a crew of carpenter trainees under the supervision of an experienced carpenter. The contractor is recommended to carry out the boarding-up program because it is the only local organization with the necessary experience and expertise in construction and construction training.

Award of this contract is consistent with the city's grant agreement with the Federal Department of Housing and Urban Development, which states that

maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

CONSULTING SERVICES

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$70,000 to Mr. Paul Gerry, C.P.A. The contract period of performance is August 1, 1974, through December 31, 1974.

Under the terms of the contract Mr. Gerry will audit the seven month, Fifth Action Year operating agency contracts. Mr. Gerry will undertake these services on a monthly fixed fee basis with the added condition that no less than 300 man-days of his staff will be provided in performing these audits. Moreover, Mr. Gerry will provide such other consulting services as may be requested by the Administrator.

Mr. Gerry has been awarded three previous contracts by the Model City Agency—in the amounts of \$71,000, \$32,000, and \$118,000. Mr. Gerry performed satisfactorily in carrying out his obligations under those contracts.

For the aforementioned reasons advertising for bids would serve no useful or practical purpose.

Respectfully yours,

PAUL PARKS,
Administrator.

BOSTON FOUNDATION, INC.

DEAR MAYOR WHITE:

This is to request your written authorization to dispense with public advertising and enter into written agreement with the Boston Foundation, Inc., for the amount of \$2,541.06, to reimburse the Boston Foundation, Inc., for expenses that were incurred during Sandcastle Day on July 6, 1974.

Sandcastle Day was part of the city's July fourth celebration, and money has been set aside in the July 4, 1974, Public Celebrations budget for this purpose. With the very large amount of expenses incurred, with a great variety of resources, this was the most sensible way to handle the Sandcastle Day budget.

Thank you very much.

Sincerely yours,

ELIZABETH G. COOK,
Director.

OFFICE OF THE MAYOR

ORGANIZATIONAL ANALYSIS

DEAR MAYOR WHITE:

I respectfully request your written authorization to dispense with writing a proposal of advertisement in the *Boston City Record* and to award to Organizational Dynamics, Inc., 432 Wolcott Street, Newton, a contract to design and conduct an organizational and personnel

analysis of the Parks and Recreation Department of the City of Boston.

The contract will cover the period July 8, 1974, through August 30, 1974, and will not exceed \$30,000, which I believe is a fair and reasonable amount.

As Organizational Dynamics has the expertise and experience to provide this professional service, it is my opinion that there would not be any benefit to the city in advertising for these services.

Sincerely yours,

L. KIRK O'DONNELL,
Director.

PARKS AND RECREATION DEPARTMENT

PLAYHOUSE IN THE PARK

DEAR MR. MAYOR:

As Commissioner of the Parks and Recreation Department of the City of Boston, I respectfully request your authority to dispense with public advertising in the award of a contract between the City of Boston, acting by its Parks and Recreation Commissioner, and the Elma Lewis School of Fine Arts, Inc., 122 Elm Hill Avenue, Dorchester, in the amount of \$29,400. The purpose of the contract is to provide electrical equipment, performance stage and stage supports, stage lighting, sound equipment, electrical transformer, and seating for the playhouse at the park.

In June of 1973 my predecessor received your authorization to dispense with public advertising for a similar contract with the Elma Lewis School in the amount of \$41,735.62 for maintenance and improvements in part of Franklin Park. The \$41,735.62 for this contract, which was subsequently executed by the city, came from the Parkman Fund. Under this contract and during the following year the school successfully provided to the city a total of \$12,458.85 in services.

It is the intent of the proposed contract to purchase equipment which will facilitate the production of the 1974 season of the playhouse in the park. All of this equipment will revert to the city at the end of the season. The equipment can and may be incorporated into a permanent playhouse to be designed by the Public Facilities Department and funded by private donations to be raised by the Elma Lewis School of Fine Arts.

For the past four years the City of Boston, working closely with the Elma Lewis School and other organizations and government agencies, has been working very successfully to generate a rebirth of Franklin Park. The proposed contract will lend further strength to this effort.

The Elma Lewis School has a long, active, and well-recognized commitment to improve the park, to the point of investing thousands of its own dollars and other resources toward the improved health of the park. The school is particularly and uniquely suited to the execution and furtherance of this joint effort to continue the restoration of the park. For these reasons I do not believe that public advertising for solicitation of com-

petitive bids in this situation is appropriate or necessary.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

TRANSPORTATION OF HANDICAPPED

DEAR MR. MAYOR:

Your permission is respectfully requested to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Congress Taxi Association, Inc., 1890 Columbus Avenue, Boston, for providing transportation of physically handicapped and multiply handicapped children and adults in various Parks and Recreation Department programs. The cost of transportation will be at the rate of \$6.50 per passenger per round trip. The cost to the city will not exceed \$7,000. The contract will be for the period July 1, 1974, through August 16, 1974.

As the proposed contract is to be one for the performance of services of a special nature which the contractor has properly performed in the past, a public solicitation for bids would serve no useful purpose.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

DEAR MAYOR WHITE:

Your permission is respectfully requested to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to H and C Transportation Company, 39 Orange Street, Chelsea, for providing transportation of emotionally disturbed children to the Parks and Recreation Program for these children. The cost of this transportation will be at the rate of \$38 per ten-passenger station wagon per day. The cost to the city will not exceed \$6,000. The contract will be for the period July 1, 1974, through August 16, 1974.

As the proposed contract is for the performance of services of a special nature which the contractor has properly performed in the past, a public solicitation for bids would serve no useful purpose.

Respectfully yours,
ANTHONY E. FORGIONE,
Commissioner.

PUBLIC FACILITIES DEPARTMENT

LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for Offices of the Mayor's Coordinating Council on Drug Abuse —

TASC — A purposes. There is a further delegation of power from the commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of three former retail stores and basements thereof, located at 554-556-558 Washington Street, Codman Square, Dorchester, the first-floor areas totaling approximately 4,200 square feet.

The initial term of the lease will be two and one-half months, beginning April 15, 1974, and terminating June 30, 1974. The lessor, however, grants the city options to extend the lease for four twelve-month extensions upon giving notice to the lessor as specified in the lease.

Rental for the term will be payable at the rate of \$920 monthly. The lessor will pay water and sewer charges, but the lessee will pay all other utilities.

In addition, the city has agreed to pay a sum of money, not exceeding \$30,336.36, for alterations and renovations required to make these former retail stores usable as office space. These alterations are defined specifically in schedule marked "A" attached to and forming part of this lease. The reimbursement for such alterations will be paid to the lessor upon receipt of certification from the Executive Secretary of the Mayor's Office of the Coordinating Council on Drug Abuse that such work has been completed. In the alternative, it has been agreed to with the lessor that the city would make payment directly to the contractor (under the same conditions) upon written request from said lessor.

The monthly rental is to be paid by the city from its account 1-01-88-49-1. However, the Federal Department of Health, Education, and Welfare has transferred funds within their TASC grant (such grant being numbered 1-H81-DA-01471-01), shown on our Auditing records as Account No. 3-33-11, in the amount of \$30,333.36 to pay for the necessary alterations and renovations of this space. The cost to the city, therefore, will be for rent only. Memoranda indicating such transfer of funds from the HEW are attached to the lease.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for Animal Control Commission purposes. There is a further delegation of power from the commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of the second floor of the building at 845 Albany Street, Roxbury, with a floor area of approximately 2,300 square feet. This area will be used for the Spay and Neuter Clinic by the Animal Control Commission.

The term of the lease will be for eleven months beginning August 1, 1974, and terminating June 30, 1975. The lease contains a clause giving the city the option to extend the term of this lease for four additional twelve-month terms.

The rental for the term will be payable at the rate of \$1,107.83 monthly, with the cost of the initial eleven months not to exceed \$12,186.13.

All utilities, exclusive of electricity and telephone, will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

ENGINEERING AND ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Somerville Engineering, Inc., engineers, a Massachusetts corporation, of 40 Highland Avenue, Somerville.

Under the terms of the contract Somerville Engineering, Inc. will provide engineering and architectural services for a building survey and evaluation at Lorillard Island Chronic Disease Hospital. The services include: (a) from available plans, or, where none exist, after making the necessary survey and assembling or preparing on eighth-inch scale drawings referred to architectural floor plans; (b) conduct field verifications and surveys and prepare documents in scaled drawings form to reflect the basic distribution of existing building utilities and mechanical system; (c) conduct detailed field investigation and analysis and by detailed drawing and written report establish all aspects of the architectural and structural design components; (d) conduct thorough field investigation and prepare written report to reflect all items and instances of work necessary to meet prevailing code and standards; and (e) provide such other engineering studies, test analyses, and evaluations of the buildings, structures or utilities as may be determined by the Director to be necessary in making proper use and cost estimates. The cost for these services, payable at rates to be stated in the proposed contract, is not to exceed \$40,000 (including reimbursement for actual out-of-pocket expenses plus 10 percent, as authorized and provided under the terms of the contract).

In view of the professional and technical nature of the services to be performed

is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Robert E. Cameron, doing business as R. E. Cameron and Associates, civil engineers and land surveyors, of 681 Washington Street, Norwood.

Under the terms of the contract, R. E. Cameron and Associates will furnish general engineering services (including surveys, topographic plans, utility plans, and boring layouts) on various proposed construction projects managed by this department during the period July 1, 1974, to June 30, 1975, at a cost for such services of not to exceed \$10,000, payable in accordance with the October 15, 1969, Minimum Fee Schedule for professional services as adopted by the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc.

In view of the professional and technical nature of the services to be provided, it is believed that public advertising would serve no practical purpose.

Respectfully,

ROBERT J. VEY,
Director.

AUTOMATIC DATA PROCESSING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Pacific International Computing Corporation, a California corporation duly registered to do business in Massachusetts, of 50 Beale Street, San Francisco, California.

Under the terms of the contract Pacific International Computing Corporation will provide automatic data-processing services for the preparation, revision, and computer, memory storage of the department's technical construction specifications during the period July 1, 1974, to June 30, 1975, at a cost for such services not to exceed \$10,000.

Because of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance Contract No. 23 for demolition of buildings and structures and site clearance in the South End Project, No. Mass. R-56, located in the South End District, City of Boston, Mass., until twelve noon, Boston time, on the nineteenth day of November, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and site clearance of approximately six structures (approximately 490,000 cubic feet, excluding basement cube), the disposal of all demolished materials, the filling of excavation and cellar holes, the installation of 4-foot high chain-link fence to enclose demolition areas and 3-inch wood chip cover and defoliant over exposed demolition area, and the general cleaning up of sites, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten days after bid opening.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be (a) in a form satisfactory to the Awarding Authority, (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit shall be in an amount equal to ten percent of each proposal for demolition and site clearance (but not to exceed \$50,000).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of

100 percent of the total cost of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance," will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding of the contract.

Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to 5 percent of each proposal for Site Preparation Contract "C."

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instruction to Bidders—Award of Contract: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR REPAIRS TO
STEEL TUBULAR-TYPE PORTABLE FIREBOX
BOILER AT THE DAVID A. ELLIS SCHOOL, 302
WALNUT AVENUE, ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for repairs to steel tubular-type portable firebox boiler at the David A. Ellis School, 302 Walnut Avenue, Roxbury, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Thursday, November 21, 1974, at the office of the Awarding Authority, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$500. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefore.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum

of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposals for Water Works in Bradston Street, Dearborn Street, Dunreath Street, Eldora Street, Eustis Street, Pompeii Street, and Thornton Street in Roxbury.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for water works in Bradston Street, Dearborn Street, Dunreath Street, Eldora Street, Eustis Street, Pompeii Street, and Thornton Street in Roxbury.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$5,800, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Water Works in Bradston Street, Dearborn Street, Dunreath Street, Eldora Street, Eustis Street, Pompeii Street, and Thornton Street in Roxbury," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, NOVEMBER 21, 1974, with a certified check for FOUR THOUSAND SIX HUNDRED FIFTY DOLLARS (\$4,650), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. *There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out.* If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

JOSEPH F. CASAZZA,
Commissioner of Public Works.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 61 in the South End Project No. Mass. R-56, located in the South End District, City of Boston, Mass., until twelve noon, Boston time, on November 22, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

A prebid conference will be held at 11 A.M. on November 18, 1974, at City Hall, ninth floor, Room 919, Boston Mass., for informational purposes.

The work will consist of the construction of Watson Park, including bituminous pavings; concrete walls, steps, and other structures; fencing; plantings and placing of loam and sod; and utility installations, including lighting, drainage, and water supply, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 920, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority in an amount equal to 5 percent of each proposal for Site Preparation Contract No. 61.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1967, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding of the contract.

Mortgage Finance Program Launched by HUD

The first phase of a \$3 billion program to finance home mortgages was launched recently by Secretary James T. Lynn of the Department of Housing and Urban Development.

The program was authorized by the Emergency Home Purchase Assistance Act of 1974, which was signed by the President on October 18. The act is designed to provide financing relief for home buyers and sellers.

Daniel P. Kearney, president of the Government National Mortgage Association (GNMA), said the law expands GNMA's regular mortgage-purchasing program by allowing GNMA to purchase conventionally financed home mortgages. Previously the law allowed GNMA to purchase only those mortgages insured by FHA or guaranteed by VA.

The initial program makes \$1.5 billion available through the facilities of the Federal National Mortgage Association (FNMA) for the period ending November 30, 1974. It is contemplated that in the near future an additional \$1.5 billion program will be released to operate through the Federal Home Loan Mortgage Corporation (FHLMC).

Conventional mortgages having principal amount not exceeding \$12,000 for each residence (\$55,000 in Alaska and Hawaii) and covering the purchase of a residential property (except a condominium) as a principal place of residence are eligible for purchase under the program. The residence must be newly constructed or must have been completed and ready for occupancy not earlier than one year prior to GNMA commitment and never owner-occupied.

Under the formula provided by the law the maximum mortgage interest rate will be determined on the basis of yields on six- to twelve-year Treasury issues for the month

preceding the month in which the GNMA commitments are made, plus $\frac{1}{2}$ of 1 percent. Therefore, the mortgage interest rate may vary from month to month as a new program is announced or as more money is made available. There are also a commitment fee and other fees to cover reserves for losses and certain marketing costs.

Under the law the prescribed interest rate for commitments made through the program through November 30 will be $8\frac{1}{2}$ percent. A down payment of 20 percent will be required, except that a down payment of 5 percent is allowed if the additional mortgage amount is covered by a qualified private mortgage insurance contract.

Secretary Lynn said implementation of any future programs after the conclusion of the program period ending November 30 will depend upon a review of mortgage market conditions, the anticipated mortgage interest rate, and other factors.

An important feature of the law is that discount points and certain

other charges collected in connection with mortgage transactions under this program and recognized by GNMA are not considered in determining whether the interest rate on any mortgage exceeds any state usury ceiling.

A supply of complete instructions will be available at all HUD Field Offices, as well as FNMA Regional Offices.

MATERNITY LEAVE POLICY

It has come to the attention of Mr. Clarence Jones, Administrator of the Mayor's Office of Human Rights, that some departments may not be following the statutory requirements which apply to the granting of maternity leave.

Each department should review its policies to insure that proper procedures are being followed with respect to the granting of such leaves. A copy of Massachusetts General Laws, chapter 149, section D, and the attached maternity leave notice must be posted in places easily visible to women working in the department. Copies are available on request.

Beginning November 25, 1974, the Mayor's Office of Human Rights will begin a department-by-department review of maternity-leave policies and will, at that time, verify compliance with statutory requirements.

Your immediate attention to this matter will be appreciated.

NOTE: Please be aware of any union specifications regarding this matter.

Maternity Leave Notice

Pursuant to Massachusetts General Laws, chapter 151B, section 4(1), and chapter 149, section 105D, every full-time female employee is now entitled as a matter of law to at least eight weeks maternity leave if she complies with the following conditions:

1. She has completed an initial probationary period set by her employer which does not exceed six months or, in the event the employer does not utilize a probationary period for the position in question, has been employed for at least three consecutive months.

2. She gives two weeks notice of her expected departure date and notice that she intends to return to her job.

She is entitled to return to the same or a similar position without loss of employment benefits for which she was eligible on the date her leave commenced if she terminates her maternity leave within

eight weeks. (The guarantee of the same or a similar position is subject to certain exceptions specified in Massachusetts General Laws, chapter 149, section 105D.)

Accrued sick-leave benefits shall be provided for maternity-leave purposes under the same terms and conditions which apply to other temporary medical disabilities.

Any employer policy or collective bargaining agreement which provides for additional benefits to those outlined in this notice shall continue to apply.

MBTA RIDERSHIP INCREASES

After years of declining transit ridership, use of the MBTA appears to be on the upswing, according to John T. Doolittle, Jr., chairman of the Authority.

According to the latest available figures 1974 will show an increase in passenger ridership over 1973. Although revenue is down by a fraction of a percent, such off-peak incentive programs as "dime-time" have clearly been successful in winning additional riders to the system.

"When you realize that 1974 was the year we undertook a major rebuilding program on the Riverside Line and subjected passengers to

some inconveniences, the increase is even more remarkable," Mr. Doolittle noted.

Ridership on MBTA buses, long the area of greatest year-to-year passenger loss, is also showing healthy increases. "The buses are actually taking in more revenue than last year," he said. "That is because dime-time is only in effect on rapid transit lines. Additional ridership on the feeder bus network is all at regular fare."

Another factor that is contributing to greater transit use is the Authority's new prepaid pass program. Five thousand commuters are now members of this growing program that provides participants with unlimited transportation for payment of a flat fee, which is deducted from one's paycheck. Fourteen major employers are currently participating in the program, and new firms are being welcomed every month.

"We should also take note of the success our off-peak fare reduction program is having on the Boston & Maine commuter service," Mr. Doolittle added. "Many trains are now carrying 40 percent more passengers than a year ago."

"We can be very confident that 1975 will produce ever greater improvements in the area of ridership. New trolleys will be arriving for the Green Line, and the Haymarket North transit extension to Welling-ton will be opening. All of these will put us in a much better position to win even more new riders."

FOR ANIMAL LOVERS

Hear our humble prayer, dear Lord, for our friends the animals, especially the ones who are suffering; for all that are overworked and underfed and cruelly treated; for all wistful creatures in captivity that beat against their bars; for all that are in pain or dying; for all that pass away before their time. We entreat for them all Thy mercy and pity. Make us be true friends to animals and so share the blessing of the merciful.

K OF C STUDENT LOAN PROGRAM

"Only five months after accepting the first application, the Knights of Columbus Student Loan Program had distributed \$2,524,282 to 1,901 successful student applicants," William Feeney, Grand Knight of Back Bay Council, Knights of Columbus in Boston, announced recently.

"As of October 31, 1971, over 1,700 students have received subsidized loans totaling \$2.2 million throughout the order. The interest on these loans is subsidized by the United States government because the adjusted gross income of these families does not exceed \$15,000. Additional loans have been made for \$278,622 without subsidized interest to 197 applicants. The average individual loan is \$1,327.

"The Student Loan Program is funded by the Knights of Columbus and guaranteed by the United States Department of Health, Education, and Welfare (HEW). Under the program eligible students can apply for a maximum annual loan of \$1,500 for each full academic year, continuing for as many as five years. Thus, a total of \$7,500 is available to them in the program. The current interest is 7 percent.

"The first fraternal organization to become involved in such a project, the Knights are well on the way to fulfilling a HEW prophecy that the order may become one of the largest suppliers of government-guaranteed loans to students.

"Students whose adjusted gross family income exceeds \$15,000 will be required to pay the seven percent as currently billed. If the applicant has an adjusted gross family income of no more than \$15,000, all interest charges will be paid by the United States Office of Education on behalf of the student during the in-school period, including a grace period ranging from nine to twelve months.

"Repayment of the loan must begin no later than twelve months after the student ceases to be enrolled on at least a half-time basis at any eligible school. Repayment of the loan must be completed within ten years. The minimum annual repayment is \$360. Payments can be deferred for students who enter the armed forces of the United States or who become full-time volunteers of the Peace Corps or Vista."

Applications and certification forms are available now for the Knights of Columbus student loans for the September, 1975, school term. They can be had by contacting any of these officers of the Admissions Committee of the Back Bay Council—Edward J. Power, 767-5575; William Walker, 353-1757; John Nevin, 261-1125—or by writing to Knights of Columbus,

Student Loan Committee, P. O. Drawer 1670, New Haven, Connecticut 06507.

"Keep in mind," adds Mr. Feeney, "that eligibility for the loans is restricted to members of the Order and their wives, sons, and daughters, and to the widows, sons, and daughters of members who were in good standing at the time of their death."

DOVE OF PEACE STAMP AVAILABLE

The United States Postal Service has announced that the first United States postage stamp printed with pressure-sensitive adhesive—the precanceled Dove of Peace stamp—was placed on sale on November 16 in post offices only in the five postal districts where the stamps will be operationally tested during the holiday mailing season. The first day of issue will be November 15 in New York City.

The test areas are the Allegheny, Boston, Chicago, Salt Lake City, and Tampa postal districts.

Distribution of the pressure-sensitive stamp—intended to further test precancellation as a means of speeding seasonal mail processing—was delayed beyond the announced first day of issue due to major technical difficulties encountered in die-cutting the stamp for ease of the customer removing the backing paper.

The Postal Service emphasized that no problems were experienced

in the actual printing of the stamp and the die-cutting problems have been solved. A total of 230 million stamps are being distributed.

Quantities of the stamp sufficient to meet philatelic requirements will be available from the Philatelic Sales Division. Collectors should mail their orders to Dove of Peace Stamp, Philatelic Sales Division, Washington, D. C. 20036.

First-day cancellation requests for the Dove of Peace Stamp already received and being held by the Postmaster in New York will be honored, the Postal Service said. The first day of issue appearing on the cancellations will be November 15.

FIRE DEPARTMENT ORDERS

(Continued from previous page)

IV. HIGH COMMENDATION

At 0050 hours, October 8, 1974, Ladder Company 25 responded to a fire at 344 Cornell Street, Roslindale. Upon arrival Fire Fighter John A. Stanton of Engine Company 42 (detail to Ladder Company 25) was informed that an elderly man was on the second floor where fire was showing. At this point the hallway and two rooms were heavily involved in fire.

Before fire-fighting operations had begun, Fire Fighter Stanton searched through the rooms where the fire was so intense he suffered burns on his face and wrist, and the back of his firecoat was burned out. Meanwhile the man was rescued by Fire Lieutenant William Loughnane of Ladder Company 25, who raised a ladder to the porch and found the man in the hall.

The Fire Commissioner is pleased to highly commend Fire Fighter Stanton of Engine Company 42 for his heroic attempt to save the man without thinking of the extreme heat and physical punishment he must endure during this attempt. His case is referred to the Board of Merit for further consideration.

V. LETTER OF THANKS

The following letter is published for the information of the department:

"October 19, 1974.

DEAR COMMISSIONER KELLY:

Yesterday about 5:45, we had the misfortune of having our rubble ignited mysteriously at the back of our building. Thanks to the alert neighbors, one boy pushed the burning mass away from the building, and a woman called your department even before we were aware of the situation. When I called, your men had already begun to answer the call.

Promptly they came, put out the fire and helped us secure the window to a storage room for the night, since we have no men here to help us with such matters.

Please let me commend your men for their prompt, efficient, and courteous service in this time of need. They were so cordial and helpful, which helped us to be more secure. All of this was done with the greatest respect for our property and well-being.

No doubt the call was answered by the men at the Station at Dorchester and Fourth. Please convey to them my most sincere appreciation for a fine piece of work.

Please join us in thanking God that the damage was not any greater than it proved to be. We will thank God for all of you!

Sincerely,

SISTER SHEILA,

Executive Director, Labouré Center."

The Postal Service will celebrate its own bicentennial on July 26, 1975.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

PUBLIC FACILITIES DEPARTMENT

CERTAIN ARCHITECTURAL SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 26, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Bradley T. Sack, architect, with offices at 561 Boylston Street, Boston.

Under the terms of the contract, Bradley T. Sack will perform architectural services for the Public Facilities Department in the form of furnishing professional advice and assistance such as design reviews, drawings as maybe required, written critiques, etc., to its staff in the planning for and in the design of: (a) new buildings, and (b) the renovation of existing buildings, as called upon by the Director, from time to time, during the period July 1, 1974, to June 30, 1975, at a cost for such services (payable at the rate of \$20 per hour) not to exceed \$26,667.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

Under the terms of the contract, Project Management Services, Inc., will provide CPM (Critical Path Method) services in connection with the Blackstone Square Elementary School, at a cost for such services not to exceed \$28,480, including (a) setting up the initial CPM working plan and schedule, \$6,450; (b) furnishing fourteen monthly updates, consisting of evaluations of work progress plus issuance of computerized printouts, revised diagrams, and status reports; and (c) conducting forty weekly job progress conferences to evaluate actual construction progress, pinpoint potential problem areas and issue reports with recommendation to maintain construction schedule at \$360 per week, \$14,400.

In view of the professional and technical nature of the services to be performed it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 26, 1974, I request your Honor's written authority to dispense with public advertising and to award a contract to Wagner-Hohns-Inglis Inc., a New Jersey corporation duly licensed to do business in the Commonwealth, with offices at 212 High Street Mount Holly, New Jersey.

Under the terms of the contract Wagner-Hohns-Inglis, Inc., will provide Critical Path Method services in connection

with the construction of the Southwest Campus High School and the Jackson-Mann School, at a cost for such services not to exceed \$42,500 and \$34,500, respectively, an aggregate cost not to exceed \$77,000, including (a) initial schedule at \$7,500 and \$6,000, respectively, and (b) monthly job evaluations at \$35,000 and \$28,500, respectively.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

BCH ELECTRIC POWER DISTRIBUTION SYSTEM

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I request your Honor's written authority to dispense with public advertising and to award a contract to Paul E. Pritzker, electrical engineer, with offices at 680 Hancock Street, Quincy.

Under the terms of the contract Paul E. Pritzker will perform a feasibility study of the emergency electric power distribution system to and within all buildings of the Boston City Hospital now existing within the area bounded by Albany Street, Massachusetts Avenue, Harrison Avenue, and East Concord Street, including the following: (1) making field surveys and preparing site plans to establish locations of existing emergency power systems and their distribution; (2) preparing schematics of the existing system to reflect all electrical features, characteristics, and capacities; (3) from survey and field measurements, preparing a report with recommendations for providing emergency power to each building to meet the code requirements of the three categories of hospital emergency systems; (4) based on approved building emergency power demand listing and schematics, modifying and preparing drawings of a proposed schematic design (referred to as Phase One) for the emergency electric power distribution; (5) preparing and furnishing a final report to the Director recommending methods, and their estimated cost, for providing adequate emergency electric power to each of the buildings throughout the hospital complex. The cost for these services, payable in accordance with the hourly rates schedule to be set forth in the proposed contract, is not to exceed \$27,500 (including \$7,500 for supplementary services), provided that should there be a future contract with Paul E. Pritzker for Phase Two requiring the preparation of complete design drawings and specifications for any of the methods contained in the final report, the appropriate fee for the Phase Two contract will be reduced by \$10,000.

In view of the professional and technical nature of the services to be performed it is believed that public advertising would serve no useful purpose.

Very truly yours,

ROBERT J. VEY,
Director.

COMMUNITY SCHOOL PROGRAM

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 26, 1974, I request your Honor's written authority to dispense with public advertising and to award a contract to the Boys' Club of Boston, Inc., a corporation organized under M.G.L.C. 180, with a place of business at 15 Green Street, Charlestown.

Under the terms of the contract, Boys' Club of Boston, Inc., will furnish, during the period July 1, 1974, to June 30, 1975, personnel, supplies, materials, equipment, and administration necessary to operate the Community School Program at the Lee, Marshall, Hennigan, Agassiz, Ohrenberger, Tynan, Holland, Kent, Murphy, and Cleveland Community Schools at a cost for such services not to exceed \$600,000.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

SOUTH BOSTON FIRE STATION

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 26, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Sullivan Design Group, Inc., a Massachusetts corporation, of 369 Washington Street, Braintree.

Under the terms of the contract Sullivan Design Group, Inc. will prepare working drawings, detailed specifications, and construction cost estimates, and supervise the construction of a fire station in the South Boston district of the City of Boston, at a cost for such services 7.477 percent (A.I.A. "B" rate) of the presently estimated cost of construction of \$1,034,000, less the Phase I contract basic fee of \$12,313, the cost of the now proposed services not to exceed \$87,499 (including \$22,500 for supplementary services).

In view of the professional and technical nature of the services to be performed under this contract, as well as the fact that its award follows the completion by Sullivan Design Group, Inc. of the preliminary studies and design development work under the Phase I contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

GROVE HALL FIRE STATION

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 26, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Arrowstreet, Inc., a Massachusetts corporation, of 11 Arrow Street, Cambridge.

Under the terms of the contract Arrowstreet, Inc., will prepare working drawings, detailed specifications, and con-

struction cost estimates, and supervise the construction of, a fire station in the Grove Hall section of the City of Boston at a cost for such services of 7.57 percent (A.I.A. "B" rate) of the presently estimated cost of construction of \$965,000, less the Phase I contract basic fee of \$24,255, the cost of the now proposed services not to exceed \$71,295 (including \$22,500 for supplementary services).

In view of the professional and technical nature of the services to be performed under this contract, as well as the fact that its award follows the completion by Arrowstreet, Inc., of the preliminary studies and design development work under the Phase I contract, it is believed that public advertising would serve no useful purpose.

Respectfully,

ROBERT J. VEY,
Director.

SECURITY SYSTEMS

DEAR MR. MAYOR:

On March 28, 1974, you approved a contract between the City of Boston and ADT Security System, Northwest Industrial Park, 11 North Avenue, Burlington, in an amount not to exceed \$9,245, for the period February 1, 1974, to January 31, 1975.

The purpose of the contract was to install physical security systems in the City of Boston's Drug Treatment Centers as required by the Drug Enforcement Administration (DEA). Under Title 21, Code of Federal Regulations, 301.71, all registrants of the United States Department of Justice Drug Enforcement Administration must provide effective controls and procedures against theft and diversion of controlled substances. Failure to install these required physical security systems will result in the termination of United States Food and Drug Administration approval for the use of methadone in the Drug Treatment Program.

The Mayor's Safe Streets Act Advisory Committee has the opportunity to increase the amount of the contract by \$1,000 which would permit ADT Security Systems to continue operations under the contract through March 31, 1975.

Award of this increase is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

I respectfully request your Honor's written authorization to dispense with public advertising in the award of this increase to ADT Security Systems.

This contract was originally let under competitive bid and awarded to ADT because of the unique services it was able to provide at reasonable cost. In view of the unique services required to perform the function of this contract, it is believed

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

that public advertising would serve no useful or practical purpose.

Respectfully,

DONALD B. MANSON,
Executive Director.

ELDERLY VICTIMIZATION STUDY

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee I respectfully request your written authority to dispense with advertising in a contract award to Stephen Schafer, Ph.D., professor, College of Criminal Justice, Northeastern University, in an amount not to exceed \$7,000, for the period July 1, 1974, to March 1, 1975.

The contract is made pursuant to grants received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P.L. 91-644).

Under the terms of the contract, Professor Schafer is to complete a study of elderly victimization in selected housing projects of the City of Boston.

Professor Schafer is currently a member of the staff of the School of Criminal Justice at Northeastern University. Moreover, he is one of the recognized leading authorities on victimization and has published many articles and books on this subject. Dr. Schafer has a serious intellectual interest in the completion of this important study.

The staff of your Safe Streets Act Advisory Committee has selected Professor Schafer to undertake this project after searching universities in the Boston area for individuals with the technical competence to deal with the sophisticated computerized raw data as well as demonstrated ability to conduct research projects involving the elderly.

In view of the professional services required to perform the terms of this contract, it is believed that public advertising is not advisable.

Respectfully,

DONALD B. MANSON,
Executive Director.

SCHOOL DEPARTMENT

SWIMMING INSTRUCTION SUPERVISION

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Harold L. Miroll for supervision of Boston public schools swimming instructions of students and construction of pools for the Boston public schools.

This contract is to extend from July 1, 1974, through June 30, 1975, at a cost not to exceed \$18,357.

The contractor shall render the following services:

1. Recruit and screen personnel for all pools.

2. Train selected individuals in skills and techniques of teaching swimming which are particular to our schools.

3. Set up and maintain a comprehensive and up-to-the-minute in-service program for all instructors.

4. Be responsible for scheduling of duty hours for all permanent and part-time pool instructors.

5. Prepare a curriculum to include all phases of swimming.

6. Prepare programs for all grade levels and student abilities.

7. Observe and supervise pool personnel regularly at their duties.

8. Prepare for exhibitions and water shows several times during the year to acquaint parents and school administrators of the students' progress.

9. Be responsible for all facets of pool operation and instruction.

10. Establish and conduct coaching clinics for our high school swimming coaches.

11. Help with scheduling of dual and championship meets for the Boston schools.

12. Train new teachers and retrain those teachers that conduct swimming classes for the Boston School Department in order to keep their water safety instructor's rating up to date.

13. Supervise all competitive swimming meets throughout the schools.

14. Supervise a junior high program if the School Committee votes to expand the existing program.

15. Train and instruct minority students for lifeguard positions for outside agencies.

16. Advise the Department of Public Facilities on the construction of pools and equipment to be used in all the schools in the City of Boston.

Because of the need to continue the swimming program in community schools and high schools for the coming academic year and because of his skills in teaching and administrative experience of past years in directing the smooth operational system of instructions and selection of swimming personnel, where there can be no accidents; and because of his expertise in suggestions for the construction and maintenance of present pools and future pools in the Boston schools, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

Very truly yours,

EDWARD J. WINTER,
Secretary.

LEASING CERTAIN PREMISES

DEAR MAYOR WHITE:

I request your approval of my action in leasing, without advertising, certain premises deemed necessary and convenient by the Department of Adult Educational and Recreational Activities of the School Department.

The premises to be leased consists of rooms to be used for Adult Education instructional purposes, and lavatory facilities,

on the third floor at 39 Franklin Street, Boston, owned by A. E. Perry, Inc.

The term of the lease will be for one year on a month-to-month basis from July 1, 1974, to and including June 30, 1975, with options to extend.

The rental is \$2,734.33 per month. Funding is provided under the Adult Education Act, P.L. 91-230.

The original location at 65 Franklin Street, Boston, for this program was destroyed by fire earlier this year. It therefore became necessary to acquire a new location within close proximity in the downtown section in order to continue the service for people in this program. The location at 39 Franklin Street serves this purpose. I feel that public advertising in this instance would serve no useful purpose.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

AREA MAPS

DEAR MAYOR WHITE:

As Director of Educational Publications and Informational Services, I hereby request authority to dispense with advertising in connection with the award of a contract, in an amount not to exceed \$3,500, to the Spaulding Company, Inc., 281 Summer Street, Boston.

The contract is for the printing of area maps of the State Racial Imbalance Plan for use in the Informational Center established by the School Committee to answer questions on the implementation of the State Racial Imbalance Plan by vote on April 10, 1974.

In the light of the fact that the reproduction and graphics which would be provided by Spaulding Company, Inc., under the terms and conditions of such contract as envisioned here, are quite technical and complex, and in light of the fact that Spaulding Company, Inc., has experience working with the Educational Planning Center, originators of the maps, formal public advertising for proposals would not, I believe, be a useful or prudent procedure to pursue in the subject instance where time is of the essence.

Respectfully,
RONALD P. JOHNSON,
Director.

FIRE DAMAGE REPAIRS

DEAR MR. MAYOR:

I request your approval of my action in awarding an emergency contract, without advertising, for fire damage repairs to the John G. Whittier School.

Sometime late in the evening of July 22, 1974, vandals broke into the building and set fire to a classroom on the second floor, causing severe damage to the windows, flooring, and cabinets, and some minor structural damage to a wall opening.

In order to protect this building from further vandalism and the elements it was necessary to board in those windows and doors which were broken. I awarded an emergency contract to R & L Construction Company, Inc., 1849 Dorchester

venue, Dorchester. The amount of the contract will not exceed \$8,500.

Very truly yours,
ANTHONY E. GALEOTA,
Chief Structural Engineer.

LOCKERS

DEAR MR. MAYOR:

I respectfully request your approval of my action to award a contract, without advertising, for the purchase of approximately 1,000 used steel lockers in an amount not to exceed \$15,000.

I am sure that you are aware of the scarcity and high cost of steel and that delivery dates for new lockers cannot be guaranteed for some time.

Some elementary schools are being converted to middle or high schools under the short-term Racial Imbalance Plan, and it is necessary to provide lockers for the safekeeping of pupils' belongings.

I have located used lockers which are in excellent condition and which are available for immediate delivery. They are presently stored with L. Goldstein & Son, Inc., 244 Brighton Avenue, Brighton. The cost of these lockers is about one-half the cost of new lockers.

In my opinion this represents a substantial savings of funds and will adequately satisfy the needs.

I request your approval of a contract for approximately 1,000 used steel lockers with L. Goldstein & Son, Inc., 244 Brighton Avenue, Brighton, in an amount not to exceed \$15,000.

Respectfully yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

YOUTH ACTIVITIES COMMISSION MATCHING GRANT

DEAR MAYOR WHITE:

As Executive Director of the Youth Activities Commission, I hereby request your permission to dispense with public advertising in connection with the award of a contract to the Commonwealth of Massachusetts, Department of Public Welfare. The total cost to the city under this contract will not exceed \$21,500. The Department of Public Welfare will credit \$7,500 of monies awarded in last year's contract against the total obligation not to exceed \$29,000. The contract will continue in force through a date no later than June 30, 1975.

The purpose of the contract is to provide a mechanism whereby the city contributes one-fourth the cost of a Family Life Education and Counseling program for the families of delinquent and predelinquent youth. The Commonwealth will contribute three-fourths of the total cost of the program. The city is required, however, to make payment to the Commonwealth of the "donated funds" before the Commonwealth makes available the entire amount for the program. This is a matching grant under Title IVA of the Federal Social Security Act.

Public advertising for this contract would serve no useful purpose since the Commonwealth through the Department of Public Welfare is the sole agent of Title IVA funds. The contract is merely a legal mechanism for payment to the Commonwealth which will in due course be reimbursed to the city.

No informal bids have been received from other contractors since it does not apply.

Sincerely,
PAUL McCaffrey,
Executive Director.

SUFFOLK COUNTY

Registry of Deeds

TYPEWRITER RENTAL

DEAR MR. MAYOR:

At the present time the Suffolk County Registry of Deeds is renting from the IBM Corporation, One Gateway Center, Boston, one MCS typewriter at a cost of \$185 monthly for the months of July, August, and September, 1974, and thereafter at a monthly rental of \$195 a month until June 30, 1975, for the Registered Land Section.

Inasmuch as the IBM Corporation is the manufacturer and distributor of the above-mentioned equipment, it is my opinion that no advantage would be gained by publicly advertising for prices.

Therefore I respectfully request your Honor's permission to dispense with publicly advertising for bids and to enter into a contract for the period July 1, 1974, to June 30, 1975, inclusive, with the IBM Corporation for the leasing and servicing of one MCS typewriter.

The total amount of this contract is not to exceed the sum of \$2,310.

Very truly yours,
JOSEPH D. COUGHLIN,
Register of Deeds.

MUNICIPAL CIVIL COURT

XEROX COPYING MACHINE

DEAR MAYOR WHITE:

I respectfully request your written authority to dispense with writing proposals of advertisement in the Boston City Record and award to the Xerox Corporation a contract for the supply and maintenance of Xerox copying machine during the period from July 1, 1974, to June 30, 1975, at a cost not to exceed \$3,000, which I believe is fair and reasonable.

In view of the quality of the machines and service to be provided, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
JOHN E. HURLEY,
Clerk.

MUNICIPAL CRIMINAL COURT

XEROX COPIES

DEAR SIR:

I respectfully request permission to award without advertising for bids a contract to Xerox Corporation, 100 Charles River Plaza, Boston, in the

amount of \$6,000 for the contract year July 1, 1974, through June 30, 1975.

Due to the fact that a large volume of our work consists of two-sided copying and the quality of the Xerox copies produced are excellent, I feel that bidding would serve no useful purpose.

Sincerely yours,
JOHN J. CRAVEN, JR.,
Clerk of the Court.

District Attorney's Office

PROFESSIONAL PROSECUTORS

DEAR MR. MAYOR:

As District Attorney for Suffolk County I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Marshall G. Bolster and State Street Bank and Trust Company, executors under the will of Anna Quincy Churchill, 50 Congress Street, Boston, in an amount not to exceed \$3,300, for the period September 1, 1973, through August 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Omnibus Crime Control Act of 1970 of (P.L. 91-644).

The purpose of the grant is to allow the Suffolk County District Attorney's Office to continue to provide professional prosecutors at the district court level in Suffolk County.

The office space that is the subject matter of the aforementioned contract is situated in the Dorchester district of Boston, numbered 503B and 505 Washington Street, and containing approximately 3,070 square feet of space.

Based on the uniqueness of the location of this office and its accessibility to Dorchester District Court it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
GARRETT H. BYRNE,
District Attorney.

VETERANS' RETIREMENTS

The Boston Retirement Board has approved the following veterans' applications for retirement:

Philip F. O'Connor, 552 Union Street, Braintree, supervisor of highway maintenance, Public Works Department.

Mildred V. Arnold (aka Virginia M. Arnold), 4 Middlesex Road, Waltham, acting associate director, School Department.

The Boston City Hospital School of Nursing is the fifth oldest nursing school in the country and the first in the country to be affiliated with a municipal hospital. The Boston City Hospital School of Nursing was founded in 1878.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$22.50 the claim of Charles Awad, Box 88, Horse Heads, New York, to be reimbursed for damage to his car while being towed from Congress Street, July 12, 1974.

To settle for \$281.14 the claim of James J. Campbell, to be indemnified against the result of an accident on April 11, 1974, when, while in the performance of his duty as an employee of the Public Works Department, Water Division, he was operating a city-owned vehicle which struck a parked motor vehicle owned by Aaron Fein, causing damage to the latter.

To settle for \$180 the claim of Timothy J. Cherry, to be indemnified against the result of an accident on December 12, 1973, when, while in the performance of his duty as an employee of the Police Department, he was operating a city-owned vehicle which collided with the vehicle of Hamilton Thornquist, causing damage to the latter.

To settle for \$412.98 the claim of Walter Rooney, to be indemnified against the result of an accident on April 30, 1974, when, while in the performance of his duty as an employee of the Parks and Recreation Department, he was operating a city-owned vehicle which struck a parked vehicle owned by Florence T. Smith, causing damage to the latter.

To settle for \$45 the claim of Diane Renzetti, 1734 Commonwealth Avenue, Boston, to be reimbursed for damage to her car while being towed from Marlborough Street, April 13, 1974.

To settle for \$367.58 the claim of David Miller, 490 Commonwealth Avenue, Boston, to be reimbursed for damage to his car while being towed from Commonwealth Avenue, July 11, 1974.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Sealed bids or proposals for M.B.T.A. Contract No. GL-104 (Project Value 18.9) will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M., Boston time, on December 19, 1974, immediately after which, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: (CLASS 3—TRACKAGE) TRACK CONSTRUCTION AND OTHER RELATED WORK AT RIVERSIDE AND CANAL STREET, Newton and Boston, Mass. The work under this contract will be performed at Riverside Station and yards and at the North Station (Canal Street level) of the Authority's Green Line in the cities of Newton and Boston, Mass.

The work under this contract shall consist of furnishing labor, equipment, supplies, and all materials, except such materials as will be furnished by the Authority hereinafter specified, for the complete prosecution of the work as follows:

a. Removal, disposal, and relocation to new alignment and grades of existing tracks and special trackwork.

b. Construction of revenue and yard tracks and special trackwork turnouts, cross-overs, and diamond crossovers with new 115-pound section continuous welded rail, re-lay bolted rail, rail anchors, tie pads, tie plates, and treated timber ties on new stone ballast.

c. Install restraining rails on curved tracks and special trackwork at designated locations.

d. Remove and/or reconstruct bituminous concrete platforms at Canal Street.

e. Remove existing overhead stairway and walkway at Canal Street.

f. Excavation for track subgrade, structures, platforms, drainage facilities, and other related work.

g. Preparation of subgrade and placing of granular subballast for tracks and special trackwork at Riverside will be performed by others within defined limits.

All materials furnished by both the contractor and the Authority shall be loaded, transported, unloaded, stockpiled, and distributed to the work site by the contractor from various delivery sites. The Authority will furnish new 115-pound R.E. section rail, re-lay 115-pound R.E. section rail, and 115-pound 7-34 inches by 12 inches relay tieplates.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administrator's office at 500 Arborway, Boston, Mass. 02130. Requests for prequalification for this project will not be accepted by the Authority after the tenth day preceding the date set for the opening of bids.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$25 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1 dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Any person may purchase copies of the plans and specifications, for information purposes only, upon payment of the required charge.

If desired and after receipt of the required plan charge, bidding documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. Estimated charge is \$50.

Complete information and authorization to view the site may be obtained from the office of the Senior Project Manager, Mr. A. J. Pacelli, Quincy Center Station, Quincy, Mass. (Tel. 741-7441).

A prebid conference will be held on December 3, 1974, at 10 A.M., Boston time, in the office of the Planning and Construction Directorate, 500 Arborway, Boston, Mass. It is essential that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at that time.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration, United States Department of Transportation.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection With Equal Employment Opportunity, which must be submitted as part of the bid. **FAILURE TO FULLY COMPLETE THIS CERTIFICATE AND SUBMIT WITH HIS BID WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.**

The Contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit of ninety-five thousand dollars (\$95,000), in the form of cash or a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518—published in the Federal Register on April 17, 1971) promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The successful bidder shall be required to furnish a performance bond and a labor and materials or payment bond each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY,

By J. C. KELLY,
General Manager.

Of all the large eastern seaports in the United States, Boston is the most conveniently located one to the great North Atlantic fishing grounds. Its harbor, one of the world's best natural harbors, is 200 miles nearer to Europe than any other major port on the eastern seaboard. The harbor is less than seven miles, via a 40-foot channel, from the open ocean to the center of the waterfront cargo-handling terminals.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Scaled bids for M.B.T.A. Contract No. PI-109 will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M., Boston time, on December 12, 1974. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: OVERHEAD 5-TON CRANES (2), RAIL SHOP, CHARLESTOWN YARD, Boston, Massachusetts. The work to be done under this contract consists of furnishing all supervision, labor, equipment, materials, tools, and supplies required to remove two (2) existing overhead cranes, install two (2) new overhead cranes, and install AC electrical supply lines in yard at the Authority's Rail Shop, Building 34, Charlestown Yard, 21 Arlington Avenue, Charlestown, Mass., as described in the contract documents, all to the satisfaction of the engineer.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$10 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by separate check.

Authorization for the bidders to view the site of the work on Massachusetts Bay Transportation Authority's property shall be obtained from the office of Mr. R. D. MacKay, Superintendent, Civil and Design Engineering Division, Tel. 722-5441.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. FAILURE TO FULLY COMPLETE THIS CERTIFICATE AND SUBMIT IT WITH HIS BID WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.

The contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit in the amount of five thousand dollars (\$5,000) in the form of cash or a certified check or a treasurer's or cashier's check, issued by a responsible bank or trust company, payable to the order of the Massachusetts

Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518—published in the Federal Register on April 17, 1971), promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The successful bidder will be required to furnish a performance bond, and a labor and materials payment bond each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY,

By J. C. KELLY,
(Nov. 18.) General Manager.

HON. KEVIN H. WHITE, MAYOR OF BOSTON

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

NO. 47

Boston Community Schools Awarded Funds

Three community councils of the Boston community schools have received over \$43,000 in private grant money since they have incorporated as nonprofit organizations.

The Agassiz Community School in Jamaica Plain and the Murphy and Marshall Community Schools in Dorchester have obtained grant money to finance special projects for the residents of the neighborhoods which they serve. These are three of the ten community schools that were established under a new school building program started by Mayor Kevin White.

Under the community school program the School Department runs the schools during the normal school day. But as soon as classes are over control of the building shifts to the community through a system of locally elected neighborhood councils. The councils establish programs and determine budget priorities.

The Community Schools Department, through its director, Thomas J. O'Neil, has urged all community councils to incorporate to make them eligible for grants from private agencies in addition to city support.

Only the Agassiz, Murphy, and Marshall Schools have incorporated, but the seven other community schools are nearing that goal. Nine more community schools are scheduled to open in September, 1975. Of these, the Blackstone in the South End and the Quincy in South Cove already have incorporated.

Geraldine Gleason, chairperson of the Marshall council, feels that the community schools program offers unlimited opportunities to the city's neighborhoods.

"The possibilities of the program are boundless, and incorporation gives an added dimension. I foresee the day when the city's contribu-

tion represents our core funding, with grant money being used to finance specialty programs," she said.

The Marshall council has received various grants for teen and summer activities. The Murphy School received \$6,500 from the Associated Foundations of Greater Boston for a teen summer program. The Murphy also is in the process of acquiring other grants, according to chairperson Mary Maloney.

The Agassiz School has received the greatest amount of grant money, according to chairperson Lee Delaney. Among the grants received are \$32,000 for summer programs from the Associated Foundations of Greater Boston; a \$3,000 grant from the Massachusetts Mental Health Association; and \$1,000 from private sources for a preschool program and newspaper.

THANKSGIVING DAY COUNT YOUR BLESSINGS

In the first year of his office President George Washington issued a proclamation recommending that November 26, 1789, be kept as a day of "national thanksgiving" for the establishment of a form of government that made for safety and happiness. For years the festival was almost exclusively a New England institution, celebrated by religious services in the churches, the sermon often a political address, and by the gathering at the old home of the scattered members of the family. The day gradually became a custom in the western and some of the southern states, each appointing its own day. In 1864 President Lincoln issued a proclamation in which he "appointed and set aside" the last Thursday in November as a day of national thanksgiving "for the defense against unfriendly designs without and signal victories over the enemy who is of our own household." Until 1939 each president followed Lincoln's example in proclaiming the last Thursday of November a national day of thanksgiving. In that year Franklin D. Roosevelt, desiring to lengthen the interval between Thanksgiving and Christmas, named the next to the last Thursday as the date of celebration. But in December, 1941, Congress passed a resolution making the fourth Thursday a legal holiday. Governors in the various states usually issue proclamations to this effect. The day is also celebrated in all the territories and possessions.

REVENUE SHARING FUNDS PLANNED FOR HUB

The first in a series of neighborhood meetings to determine priorities for the expenditure of approximately \$30 million in federal Community Development Revenue Sharing funds were held on November 6 in the Franklin Field and North End areas.

The meetings were held in every neighborhood through November 15 to establish a list of priorities.

The Franklin Field meeting was held at the Little City Hall, 972 Blue Hill Avenue. The North End meeting was held at the North End Union, 20 Parmenter Street.

"The purpose of these meetings was to gather the views of the people in the neighborhoods as to how this money can best be used in each of the neighborhoods," Mayor White said. "The network of Little City Halls already provides for citizen participation planning, and they will be the focal point of the planning process for Community Revenue Sharing."

Community Development Revenue Sharing (CDRS) will replace those funds received by the city under six existing federal programs: open space-urban beautification-historic preservation grants; public facility loans; water, sewer, and neighborhood facilities grants; urban renewal and neighborhood planning grants; Model Cities supplemental grants; and rehabilitation loans.

The Mayor said CDRS could be used to support any activities previously carried out under existing programs plus other activities relating to housing, community development, and neighborhood preservation. Examples include the demolition of abandoned buildings, a home improvement loan program, new street lighting, street improvements, playground park improvements, and related services.

From the date of each public meeting until November 25 neighborhood residents had an opportunity to participate in development of the program application, according to Mayor White, who is responsible for determining allocation

of the funds. The city's application for the use of the funds must be approved by the United States Department of Housing and Urban Development. Little City Hall staffs were available for assistance during this planning process.

THROUGH WITH YOUR PAPER?

The Real Property Department has announced a paper recycling program for City Hall.

Assistant Commissioner Edward J. Kennedy said he started the program to augment other energy conservation measures currently practiced by his department.

Mr. Kennedy said specially marked containers have been placed at all exits of the building in which employees may deposit newspapers and other paper articles.

"The program has been in operation only for a short time, but already it seems to have caught on," Mr. Kennedy said. "We even have people bringing newspapers from home."

The operation saves the city money in dumping costs and also brings in additional money because the paper is sold for \$8 a ton to a recycling company.

The program will be expanded to cover other recyclable material in the future.

ZONING COMMISSION AMENDMENT

The Boston Zoning Commission has approved a zoning amendment which has been designed to prevent the spread of adult entertainment uses to the city's residential neighborhoods.

The amendment, proposed by the Boston Redevelopment Authority (the city's planning agency), prohibits adult entertainment uses in all parts of the city except for a two-block area on lower Washington Street, a part of the city where adult entertainment uses are presently located.

BRA Director Robert T. Kenney hailed the commission's approval as "a first step towards keeping adult entertainment areas out of the city's residential neighborhoods."

Mr. Kenney said, "There is nothing in the zoning amendment which allows or encourages illegal or immoral activity. We have simply decided that those uses which now exist in the lower Washington Street area should be kept there."

He noted that the zoning amendment has received support from downtown business interests and neighborhood groups in the Back Bay, Beacon Hill, Bay Village, and Chinatown areas of the city.

When proposing the amendment Mr. Kenney had said that the BRA decision to contain adult entertainment uses through zoning was the only "realistic and workable way to prevent these uses from blighting other parts of the city."

The BRA, along with the zoning proposal for adult entertainment, has been pursuing a program that will also upgrade the physical environment of the entertainment district in downtown Boston.

Construction of a park at Boston and Essex Streets, original site of the Liberty Tree, is nearly completion, and another park planned for a site at the corner Tremont and Stuart Streets.

In addition, the BRA has been meeting with property owners in the area to work out plans for improvements to signs and cleaning of building facades.

FAIR SHARE AWARD

The highest attainable United Way employee group award for 1974 is the Fair Share Award, which will be given to employee groups of twenty or more achieving 50 percent of full fair share potential — or a minimum of \$43 per capita and 10 percent participation.

According to new criteria governing awards this year there are two other categories of awards in the employee group — awards of excellence and awards of achievement. The former are to be given to employee groups of twenty or more who obtain at least a 12 percent increase in total employee contributions this year and have a minimum per-capita of \$35. The latter will be given to employee groups of twenty or more who achieve at least a 5 percent increase in total employee contributions in 1974, and have a minimum per-capita giving of \$20.

In the Community Division awards categories achievement of at least 115 percent of the total community goal established for this campaign will merit an excellence award, while each community which achieves at least 100 percent of the established goal for 1974 will be given an achievement award.

DIRECTIVE NO. 18

RETIREMENT DEDUCTIONS EFFECTIVE JANUARY 1, 1975

To All Department Heads and County Officials.

It is absolutely essential that we have your payroll clerk and personnel officer at a meeting in Room 301 on Wednesday, December 4, 1974, at 10 A.M., at which time instructions will be given relative to the new 7 percent deduction in the retirement fund for certain employees beginning on January 1, 1975.

If you have any questions in advance of this meeting, please call Harold Sacks in the Retirement Board, ext. 207.

EDWARD T. SULLIVAN,
Director.

POST OFFICE THANKSGIVING DAY SCHEDULE

Officer in Charge James J. Gavin has announced the following schedule for Thanksgiving Day, Thursday, November 28, 1974:

Holiday schedule will be in effect. No delivery or window service will be provided. Regular lock box and special delivery service will be in effect. All star collection boxes will be picked up starting at 1 P.M. Special airmail boxes will be collected at 5 P.M.

OIC Gavin wishes to remind postal customers that twenty-four-hour service seven days a week is available at the self service post office located in the lobby of the John W. McCormack Post Office and Courthouse at Milk and Devonshire Streets, downtown Boston. Customers may purchase various denominations of stamps and envelopes. The self service post office also has facilities for weighing and mailing parcel post and for purchasing minimum parcel post insurance.

ARE YOU TALENTED?

If you're an amateur musician or singer who is looking for an outlet for your talent, the Boston Parks and Recreation Department may have just the program for you.

A new music program has been developed through the department which would bring together Bostonians of all ages who are interested in performing in bands and choral groups.

There will be a program for children who are just learning to read music. They will be able to sing together and learn to play basic melody and rhythm instruments.

Older children will be able to continue with the instruments they are learning to play in school or to join vocal ensembles.

Vocal and instrumental groups for adults and senior citizens are being formed also.

The program is under the direction of Ms. Heidi Hermansen, a talented young musician who has a

master's degree from the New England Conservatory.

If you're interested in this free program, call 722-4100, Extension 151, or in the evenings call 247-0786.

PARK PLANNED FOR WINTHROP SQUARE

One Winthrop Square, one of the architectural landmarks located in downtown Boston, was opened on November 12. The 1873 French Empire building housed the Hearst Newspapers from 1924 to 1972. Joseph F. Casazza, Boston Public Works Commissioner, signed an agreement with the developer, Neil St. John Raymond, trustee of the Winthrop Square Conservation Trust, to build a quarter-acre park in front of the building, and it is expected to be opened by springtime. City officials attending the signing were Edward T. Sullivan, Deputy Mayor; Richard R. Thuma, Jr., Building Commissioner; Robert T. Kenney, Boston Redevelopment Authority Director; Joanne A. Prevost, Commissioner of the Real Property Department, and Mrs. Kathryn White, who represented her husband, Mayor Kevin H. White.

DIRECTIVE NO. 19

DAY AFTER THANKSGIVING DAY

To All Department Heads and County Officials.

Please note that November 29, the day after Thanksgiving Day, will be a regular working day.

Employees who can be spared should be allowed to take this day as a vacation day if they so desire.

EDWARD T. SULLIVAN,
Director.

The City Hospital was established to give aid to sick and injured citizens who were unable to pay for medical attention. At the present time the hospital is a small city in itself.

1. Cards are light blue with designation "Special Investigation Unit" printed in red letters across the top. Approximately $\frac{1}{4}$ inch in from the right edge is a $\frac{1}{2}$ -inch red stripe running from top to bottom. A replica of the badge of the Police Commissioner is superimposed at the center of the stripe.
2. A photo of the officer is attached at the left side of the identification card.
3. A full description of the officer and his signature is on the reverse side of the card in the same manner as is required on the identification cards presently in use.

Security and control of this identification will be the responsibility of the commanding officer of the Special Investigation Unit. This responsibility will include the storage of surplus badges and identification cards, as well as the retrieval of identification should a member leave the unit for any reason.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

COMPUTER SERVICES

DEAR MAYOR WHITE:

This requests your approval of the award without advertising of a contract to the International Time-Sharing Corporation for time-sharing computer services for the period beginning July 1, 1974, and ending June 30, 1975.

This corporation under this contract will make available to us time-sharing computer service for the purpose of long-range budget planning at a cost of \$15 per hour, plus 12 cents per computation unit.

Although there are other corporations which provide time-sharing computer service, no other service has the equivalent of this corporation's copyrighted programming language with its great advantages of simplicity which enables us to write our own computer programs.

The total cost for these services will not exceed \$10,000 during the contract period.

In view of the above-specified advantages of this service, public advertising would serve no useful purpose, and in the best interest of the city I request approval of this request.

Respectfully,
EDWARD T. SULLIVAN,
Director.

COMMERCE AND MANPOWER MARKETING PROGRAM

DEAR MAYOR WHITE:

Your permission is requested to dispense with public advertising for bids in the award of the contract to Robert E. Hyatt of 104 Foster Street, Littleton, to develop and implement a marketing program to attract industrial firms to the city. Mr. Hyatt would report to the Director of the Development and Industrial Commission and would be paid from the agency's city funds at a cost not to exceed \$3,000 plus

expenses. The time would be for a period of one year.

The purpose of this request is to develop lists of industrial candidates for Boston, through personal contact with such candidates by letter, telephone, and in person. The contractor would also familiarize himself with actual and potential industrial properties in the city. I have thoroughly investigated firms within the City of Boston which handle industrial recruitment and have concluded on the basis of the investigation that Robert E. Hyatt is the only person who will meet our deadline at a price within the amount specified above.

On the basis of the foregoing, I respectfully submit that no advantage would be gained by publicly advertising this contract. Thus I ask that you present this award to Robert E. Hyatt.

Sincerely,
GERALD W. BUSH,
Executive Director.

DISADVANTAGED PERSONS PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Action for Boston Community Development, Inc., 150 Tremont Street, for operating various programs for Boston's economically disadvantaged persons at a cost not to exceed \$3,300,000. Funds for this contract will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract, Action for Boston Community Development will be responsible for:

1. Staffing and operating neighborhood employment centers located in economically disadvantaged areas of the city in order to provide employment services for approximately 5,000 persons.

2. Operating two assessment centers in Dorchester and South Boston for the purpose of providing an estimated 1,200 economically disadvantaged persons with work sampling, counseling, and testing services in order to develop employability plans for them.

3. Providing job training activities in areas of food service, business skills, electro-mechanical trades, etc., for approximately 380 economically disadvantaged persons.

4. Public service employment via "new careers" program in human service fields for approximately 1,000 persons.

5. Providing an adult work experience program to serve approximately 100 chronically unemployed individuals.

6. Providing youth programs for school dropouts in the sixteen to nineteen age groups for approximately 320 youth.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

7. Providing in-school programs for youth in the fourteen to eighteen age group to enable potential dropouts to obtain part-time employment. Approximately 500 youth will be aided.

ABCD will receive, as a part of the above total, \$206,000, in order to subcontract with the Massachusetts Division of Employment Security for provision of certain professional staff to support the ABCD programs.

In view of the few agencies professionally capable of operating a program of this magnitude and due to the extensive experience of ABCD with manpower programs it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

HOMEMAKER PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Women's Service Club, Inc., 464 Massachusetts Avenue, Boston, for conducting a homemaker program for economically disadvantaged women of the City of Boston for a total cost not to exceed \$33,000. Funds for this contract will be provided from a federal government revenue sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract the Women's Service Club, Inc., will conduct a homemaker's training program which will teach approximately fifty women skills as homemaker aids and home health aids.

Due to the fact that the Women's Service Club is the only agency conducting this type of program and because of their past success in training economically disadvantaged women in the above job skills, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

HEALTH TRAINING PROGRAM

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to New England Hospital, Inc., 55 Dimock Street, Roxbury, for conducting an allied health vocational training program for economically disadvantaged persons from the City of Boston for a total not to exceed \$111,000. Funds for this contract will be

provided from a federal government revenue-sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, to June 30, 1975.

Under the terms of this proposed contract New England Hospital, Inc., will be responsible for training approximately 100 economically disadvantaged persons in the paramedical fields of lab technology, nursing aides, orderlies, and associated paramedical fields.

Due to New England's long-standing experience in training for the paramedical fields and because of their proximity and community involvement in the areas to be served, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

EMPLOYMENT AND TRAINING PROGRAMS

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Commonwealth of Massachusetts, Division of Employment Security, Charles F. Hurley Building, Government Center, Boston, for providing for the payment of allowances, staff service support, and the administration of the foregoing for certain of the Comprehensive Employment and Training Act programs within the City of Boston at a total cost not to exceed \$2,405,000. Funds for this contract will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of the proposed contract the Division of Employment Security will provide:

1. Staff service support for contract service representatives to the Boston Comprehensive Employment and Training Act on-the-job training functions. In so doing, DES will promote on-the-job training contracts (job development) with private enterprise. Also, DES will provide administration for OJT contracts to include voucher disbursement, invoice control and payments.

2. Payment of allowances for all enrollees in CETA classroom training, including those enrolled in assessment programs.

3. Overall administration and applicable staff pertaining thereto for the above responsibilities.

In view of the fact that the Division of Employment Security is the only agency capable of performing the above duties in connection with the guidelines of the Comprehensive Employment and Training Act, and due to their expertise in overseeing public service programs, it is my

opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Manpower Development Associates, Inc., 50 Federal Street, Room 202, Boston, for providing staff for the monitoring and evaluation of on-the-job training contracts developed under Comprehensive Employment and Training Act programs developed throughout the City of Boston for a total cost not to exceed \$550,000. Funds for this activity will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 92-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract Manpower Development Associates, Inc., will continually monitor and evaluate the progress of OJT contracts established with private industry in order to insure their efficient and timely completion and subsequent placement of economically disadvantaged persons.

Due to the fact that Manpower Development Associates, Inc., has the professional and technical expertise for the duties it is to perform, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

SECOND LANGUAGE PROGRAM

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Archbishop of Boston, a corporation sole, 2121 Commonwealth Avenue, Boston, for operating an English as a second language program at the Cardinal Cushing Center for the Spanish speaking at a total cost not to exceed \$77,000. Funds for this contract will be provided from a federal government revenue-sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract the Archdiocese will operate an English as a second language program which will serve approximately 120 economically disadvantaged persons of Spanish ethnicity. This will enable them to acquire sufficient knowledge of the English language to enable them to obtain employment on the labor market.

Due to the experience and success of the Archdiocese in this program, it is my

opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

JOB SKILL TRAINING

DEAR MR. MAYOR:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Opportunities Industrialization Center, Inc., 184 Dudley Street, Roxbury, for the operation of an assessment center at the above address and the conduct of classroom training in job skills for the economically disadvantaged for a total cost not to exceed \$605,000. Funds for this contract will be provided from a federal government revenue-sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, to June 30, 1975.

Under the terms of this proposed contract Opportunities Industrialization Center, Inc., will be responsible for operating an assessment center at the above address for the purpose of providing an estimated 600 economically disadvantaged persons with work sampling, counseling, and testing services in order to develop employability plans for them. Also, OIC will conduct classroom training for the purpose of educating economically disadvantaged persons in job skills that are presently in demand on the labor market.

In view of OIC's long-standing reputation as an organization adept at training previously unemployed and underemployed persons in job skills that enable them to compete in the labor market and thus enable those persons to become productive citizens, it is my opinion that no useful purpose would be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director.

COMMISSION ON AFFAIRS OF THE ELDERLY

XEROX COPIER

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertising to the Xerox Corporation for the rental and maintenance of a Xerox 3100 convenience copier in an amount not to exceed \$3,000 for the period September 1, 1974, to June 30, 1974.

The commission presently makes approximately 7,000 copies per month and the Xerox 3100 is the smallest model available for this volume.

It is therefore requested that notice of this contract be dispensed from public advertising in the *City Record*.

Sincerely,
TAYLOR B. WAGENSEIL,
Commissioner.

HOME CARE SERVICES

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertising to the Southwest Boston Senior Services, Inc., for the planning, development, and implementation of home care services for the elderly in that area of the City of Boston designated Area I in an amount not to exceed \$10,000.

Southwest Boston Senior Services, Inc., is one of three officially recognized Home Care Corporations in the City of Boston set up specifically to provide home care services to the elderly. This corporation has been awarded \$39,075 by the United States Department of Health, Education, and Welfare through the State's Executive Office of Elder Affairs. This contract would satisfy the required cash match by the City of Boston. The funds to be used to cover this contract have been appropriated by the City of Boston and passed by the Boston City Council on August 5, 1974, specifically for this purpose.

This contract will provide compensation for the staff of Southwest Boston Senior Services, Inc., involved in the planning, development, and implementation of the delivery of homemaker and home health services to the elderly.

It is therefore requested that notice of this contract be dispensed from public advertising in the *City Record*.

Sincerely,
TAYLOR B. WAGENSEIL,
Commissioner.

OFFICE OF THE MAYOR

PARKMAN CENTER

DEAR MR. MAYOR:

In accordance with the vote of the Public Facilities Commission of June 26, 1974, designating me to be project manager of funds received by the city under the Department of Housing and Urban Development (HUD) capacity building program, I request that a contract be awarded without advertising to the Boston Foundation, Inc., for \$61,000 for services in connection with this federally funded project.

The Parkman Center will provide continuous research, consulting, writing, and seminar services to the Boston Foundation in conjunction with this project and the city's related preparation for the advent of community development block grants. The foundation, acting through the Parkman Center and personnel under its direction, will assist me in general organization of the research and experimental programs called for in this project. Additionally it will have principal responsibility for the evaluation and dissemination portions of the project and for assisting other cities cooperating in this program. David Rosenbloom, the Director of the Parkman Center for Urban Affairs, is named in the contract we have signed with HUD as one of the "key personnel" on this project.

The Boston Foundation, Inc., through the Parkman Center is uniquely qualified to perform these professional services, and

therefore I feel that advertising for this contract would not be appropriate.

The contract period is July 1, 1974, through December 31, 1975.

Yours sincerely,
ROBERT KILEY,
Deputy Mayor.

ELECTION DEPARTMENT

XEROX MACHINE

DEAR MR. MAYOR:

I hereby respectfully request your written authorization to dispense with public advertising for bids in the *City Record* and award a contract to the Xerox Corporation, whose place of business in Boston is at 100 Charles River Plaza, to provide, furnish, and maintain one Xerox machine 4000, for a period of ten months, for the period from September 1, 1974, to June 30, 1975, at a cost not to exceed \$3,000.

The machine is manufactured exclusively by the Xerox Corporation, and they are the only ones who make the type of machine that meets our needs. For this reason public advertising for bids would serve no useful or practical purpose.

Very truly yours,
JOSEPH D. MURPHY,
Chairman.

FIRE DEPARTMENT

PUMPER REPAIR

DEAR SIR:

Subject to your Honor's approval I will award a contract, without public advertising, to the Westinghouse Electric Corporation, 60 Charles Street, Needham, for furnishing labor and material to repair an electric prime mover and associated controls at High Pressure Station No. 2, Atlantic Avenue, Boston, at a cost of \$3,871.

In a letter received from the Superintendent of Fire Alarm, John M. Murphy, he states this work is of an emergency nature and critical to the operations of this department, and it is necessary to return this pump to immediate service.

In my opinion the work involved is extremely urgent for the safety of the public, and any delay in its accomplishment could hamper the emergency services provided by this department.

Very truly yours,
JAMES H. KELLY,
Fire Commissioner.

CONSULTANT SERVICES

DEAR SIR:

Permission is respectfully requested to award a contract, without public advertising, to Clasby Associates, Inc., for consulting services on the installation of a computer-aided fire alarm dispatch system, contracted with the International Business Machine Corporation.

Clasby Associates, Inc., is now under contract with the City of Boston for consultant services, and has assisted this department in preliminary discussions on the proper programming and hardware

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

necessary to properly contract for a computer-aided dispatch system.

Therefore I consider it to be in the best interests of the city to award a contract to Clasby Associates, Inc., Suite 4528, Prudential Center, Boston, for consultation services at a cost not to exceed \$17,500 for the period July 1, 1974, to January 1, 1975.

Respectfully,
JAMES H. KELLY,
Fire Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

MULTIDISCIPLINARY HEALTH PROGRAMS DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 14, 1974, it was voted to renew the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc., a charitable nonprofit corporation created by chapter 656 of the Acts of 1965, under which said corporation will continue the operation of comprehensive multidisciplinary health programs through the maintenance of health care clinics in city-owned or rented facilities within the neighborhoods of East Boston (one clinic), Dorchester (four clinics), and South Boston (one clinic). The period for which this contract will be renewed is twelve months commencing July 1, 1974, and ending on June 30, 1975, at a cost not to exceed \$953,885.

Under this contract the Trustees will continue to furnish and supply all equipment, supplies and personnel, including licensed physicians and all other medical and nonmedical personnel, and do everything necessary for and incidental to the operation of the aforementioned clinics.

This undertaking is of a very personal and professional nature, and the Trustees have demonstrated to the city on many occasions their special fitness to handle such administrative functions. It should be noted also that the Trustees have furnished these services to the city during the past several years in a very satisfactory manner. Therefore no benefit will inure to the city from publicly advertising for bids.

In view of the aforesaid and inasmuch as this service is available from the Trustees at what is in our judgment a reasonable cost, your permission is respectfully requested to dispense with public advertising and to award this contract to the Trustees of Health and Hospitals of the City of Boston, Inc., under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

LABORATORY SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on December 18, 1973, it was voted to extend, according to its

terms, the city's contract with Biochemical Procedures, Inc., of North Hollywood, California, for furnishing laboratory services to the Drug Addiction Treatment Program of this department, for the period January 1, 1974, through June 30, 1974, in an amount not to exceed \$27,078.

It was originally contemplated that this contract would have been awarded through the end of the current fiscal year ending June 30, 1974. However, because of budget restrictions imposed on the department this year in the area of contractual services, it was not possible to fund our contracts beyond December 31, 1973. Therefore this contract was written to terminate on that date but with the following clause:

"Option to Renew: The parties hereto do hereby agree that, at the termination of this contract the city shall have an option to renew this contract for an additional six-month period, but not beyond June 30, 1974, at terms equivalent to or more favorable to those provided the City of Boston under this contract."

Additionally, it should be pointed out that your Honor approved the awarding of the original contract, without advertising, for the period April 1, 1973, through December 31, 1973, as being in the best interest of the city.

Because of the above-cited reasons it is the Board's belief that it would be in the best interest of this department and the city to dispense with public advertisement for the extension of this contract. Your permission is therefore respectfully requested to approve the extension of this contract under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

COMPUTER DATA SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on December 18, 1973 it was voted to extend, according to its terms, the city's contract with Massachusetts Hospital Joint Ventures, Inc., of Burlington for computer data services for the Medical Division at Boston City Hospital, for the period January 1, 1974, through June 30, 1974, in an amount not to exceed \$3,600.

It was originally contemplated that this contract would have been awarded through the end of the current fiscal year ending June 30, 1974. However, because of budget restrictions imposed on the department this year in the area of contractual services, it was not possible to fund our contracts beyond December 31, 1973. Therefore this contract was written to terminate on that date but with the following clause:

"Option to Renew: The parties hereto do hereby agree that, at the termination of this contract the city shall have an option to renew this contract for an additional six-month period, but not

beyond June 30, 1974, at terms equivalent to or more favorable to those provided the City of Boston under this contract."

Additionally, it should be pointed out that your Honor approved the awarding of the original contract, without advertising, for the period April 1, 1973, through December 31, 1973, as being in the best interest of the city.

Because of the above-cited reasons it is the Board's belief that it would be in the best interest of this department and the city to dispense with public advertisement for the extension of this contract. Your permission is therefore respectfully requested to approve the extension of this contract under the terms and conditions stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

CHILD DEVELOPMENT PROGRAM

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on June 11, 1974, it was voted to renew, without advertising, the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc., a nonprofit corporation established by chapter 174 of the Acts of 1880 as most recently amended by chapter 656 of the Acts of 1965 (Trustees), under which said corporation shall provide the services of a director and assistant director for the pediatric child development program at Boston City Hospital, for the period April 1, 1973, through June 30, 1974, in an amount not to exceed \$18,490.11.

The existing contract for these services expired March 31, 1973, but the renewal of this contract has been delayed because the Boston Finance Commission has questioned the necessity of securing these services under a contract with the Trustees. As a result of the position taken by the Finance Commission this department and the Administrative Services Department at City Hall coordinate our efforts to establish these positions under Massachusetts State Civil Service and the City of Boston Compensation Plan. Effective July 1, 1974, these positions have civil service job titles of Instructor, Child Development Program and Recreation Leader. Accordingly, the contract for these services will not be required after June 30, 1974. Approval of this contract renewal will permit reimbursement to the Trustees for the salaries paid to the incumbents of these positions for the period April 1, 1973, through June 30, 1974.

We believe that the actions taken in this department have satisfied the objections raised by the Finance Commission. Your approval, therefore, of the award of this contract under the terms and conditions stated above is respectfully requested.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

DIETICIANS

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on June 11, 1974, it was voted to renew, without advertising, the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc., a nonprofit corporation established by chapter 174 of the Acts of 1980 as most recently amended by chapter 56 of the Acts of 1965 (Trustees), under which said corporation will provide Boston City Hospital with the services of registered ADA dieticians for the period April 1, 1973, through June 30, 1974, at a total cost not to exceed \$110,452.01.

This contract has been necessary to insure these essential services were provided until the positions were classified under the civil service system and funded directly from the department's budget. The existing contract for these services expired March 31, 1973, but the renewal of this contract has been delayed because the Boston Finance Commission has questioned the necessity of securing these services by means of a contract with the Trustees. As a result this department and the Administrative Services Department at City Hall coordinated our efforts to establish these positions under Massachusetts State Civil Service and the City of Boston Compensation Plan. This has now been accomplished with an effective date of July 1, 1974. Accordingly, a contract for these services will no longer be required after June 30, 1974. Approval of this contract renewal will permit reimbursement to the Trustees for the salaries paid to the dieticians involved during the period April, 1973, through June 30, 1974.

We believe that the actions taken by this department have satisfied the objections raised by the Finance Commission. Our approval, therefore, of the award of this contract under the terms and conditions stated above is respectfully requested.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HOUSING INSPECTION DEPARTMENT LEASE OF SPACE

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the leasing of an estimated 50 square feet of space in the building located at 101 Franklin Street, Allston, and to enter into a lease with Joseph DiMarie for this space. The premises are needed by this department as a local office in connection with the Mayor's housing improvement program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — September 16, 1974, to September 15, 1975 — with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$250 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

COPY MACHINE RENTAL

DEAR MR. MAYOR:

Your approval is respectfully requested to award without advertising a contract to Xerox Corporation for the rental of their Xerox 4000 copy machine.

The monthly cost of this machine would be \$240, totaling to \$2,880 per year. This amount covers the monthly rental charge with the maximum of 5,900 copies at no extra cost.

The machine is very fast and can make copies of both sides of a document which would be very beneficial to the efficient operation of the department.

I feel that nothing would be gained from public advertising.

Sincerely yours,
FRANCIS W. GENS,
Commissioner.

LAW DEPARTMENT RENTAL OF MACHINES

DEAR MR. MAYOR:

Your approval is hereby requested to award a contract without advertising, in an amount not to exceed \$15,000 to the IBM Corporation, One Gateway Center, Newton, covering the period of July 1, 1974, through June 30, 1975.

Under the terms of the proposed contract, the IBM Corporation will rent or lease and service a copier machine, two magnetic card machines, three transcribers, two portable dictators, and a PBX machine.

We are convinced that these machines are superior to any others presently available and that their cost is reasonable. In my opinion, therefore, no useful purpose would be served by advertising in the *City Record*.

Very truly yours,
HERBERT P. GLEASON,
Corporation Counsel.

MODEL CITY ADMINISTRATION RECREATION PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$12,500 to the Ecumenical Social Action Committee, Inc. (the contractor), a nonprofit corporation located at 169 Amory Street in the Jamaica Plain district of the City of Boston.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a recreation program called the Creative Urban Encounter Project to serve the youth of Subarea 1 of the Model Neighborhood. Under the terms of the proposed contract the contractor will operate a drop-in center in the basement of St. Andrew's Methodist Church, and conduct recreational activities including

both arts and crafts and athletic games. The contractor will also conduct an instructional photography program and a psychodrama program.

The contractor is recommended to carry out this program because of its unique expertise in the area of creative recreation. Furthermore, it will be continuing a valuable program being satisfactorily carried out under a prior contract with the Model City Agency.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

SOCIAL SERVICE PERSONNEL

DEAR MAYOR WHITE:

I hereby request authority to dispense with advertising in connection with the award of a contract to the Peter Bent Brigham Hospital in an amount not to exceed \$113,500. The contract will be effective July 1, 1974, through December 31, 1974, and require payment by the hospital of medical, administrative, and social service personnel as well as all other operating costs of the Brookside Park Family Life Center. This contract reflects the continuing commitment of the Hospital to the center epitomized in prior contracts.

I request such authority because the relationship between the center and the hospital has been an intimate one; the hospital has continually demonstrated the necessary commitment to the Model City Subarea 1 community regarding the development of the center; and the bidding process seems singularly inappropriate for a neighborhood health center contract.

Should there be any questions or should you require further information, please do not hesitate to contact me.

Respectfully,
PAUL PARKS,
Administrator.

FAMILY COUNSELING SERVICES

DEAR MAYOR WHITE:

As the Administrator of the Model City Administration I hereby request authority to dispense with advertising in connection with the award of a contract in an amount not to exceed \$23,830 to the Commonwealth of Massachusetts, Department of Public Welfare. It is provided in 45 Code of Federal Regulations, 5220.61 (b), effective January 28, 1969, that donated private funds may be considered state funds in claiming federal reimbursement for the purchase of family counseling referral services by the Department of Public Welfare. Chapter 514 of the Acts of 1972,

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

effective July 1, 1972, authorized the Department of Welfare to contract with public agencies to receive donations in an amount equal to 25 percent of such expenditures (which funds shall be matched under Title IVA of the Social Security Act in an amount not less than 75 percent) to purchase family counseling and referral services authorized by said chapter 514.

The Department of Public Welfare upon receipt of the Model City donation will execute a purchase of service contract with La Alianza Hispana, Inc., 655 Dudley Street, Dorchester, in the amount of \$85,000 for one year beginning August 1, 1974, for family counseling and referral services.

The reduction of HUD funds has required the Model City Agency to develop alternative sources for funding La Alianza Hispana, Inc. This contract will permit Title IVA funds to pay for the existing social services component at La Alianza Hispana, Inc., and represents a 75 percent reduction in direct cash costs for operating the component without any loss of service.

The funds for this contract will be Model City funds made available through the city's grant contract with the Department of Housing and Urban Development. This contract will be for one year beginning August 1, 1974, and will provide for a single payment in the amount of \$23,830 on August 1, 1974.

If you have any questions or require further information please contact me.

Sincerely yours,

PAUL PARKS,
Administrator.

DEAR MAYOR WHITE:

On March 13, 1974, you approved the award of a contract without advertising to the Higher Education Program, Inc. (the contractor), a nonprofit corporation with offices at 460 Blue Hill Avenue, Dorchester, in the amount of \$31,000. The proposed contract was for the purpose of enabling the Higher Education Program, Inc., to continue to operate an educational counseling-talent search program.

I am now writing to request that you approve a reduction in the amount of this proposed contract from \$31,000 to \$12,886. The contractor is reducing its level of operations during the period of time covered by this contract in order to enable stability reflective of long-term funding realities. At this reduced level of operation the contractor will continue to provide the essential career guidance and educational counseling services to area residents interested in applying for admission to colleges and universities.

All other terms and conditions of the proposed contract remain unchanged.

Very truly yours,

PAUL PARKS,
Administrator.

DRUG REHABILITATION

DEAR MAYOR WHITE:

As the Administrator of the Model City Agency I hereby request the authority to dispense with advertising in connection with the award of a contract in an amount not to exceed \$32,999, to For Individuals Recovering Sound Thinking (FIRST), Inc., a Massachusetts nonprofit corporation having its principal office at 167 Centre Street, Roxbury, for a drug rehabilitation program for residents of the Model Neighborhood.

The proposed contract for the program will provide in-house therapy counseling to assist with job placement, drug addiction rehabilitation, family orientation, and self-perceptions.

This contract will provide funds for accounting services, equipment, supplies, rental of space and utilities, as well as salaries for two employees of FIRST. The contract will be effective as of July 1, 1974, and will terminate December 31, 1974.

The reason for not inviting bids by advertisement with respect to this contract are the uniqueness of the services provided by FIRST and the necessity of a continuing relationship with FIRST. For the foregoing reasons advertising in the *City Record* would serve no useful or practical purpose.

Very truly yours,

PAUL PARKS,
Administrator.

RENTAL OF PREMISES

DEAR MAYOR WHITE:

Under the terms of a lease approved by your Honor on March 31, 1971, the Public Facilities Commission leased premises at 11-29 Roxbury Street, Roxbury. Said premises were leased for use by the Model City Agency, and the rental payments for same were funded by the Model City Agency.

Subsequently, under the terms of a lease approved by your Honor on January 31, 1974, the Model City Agency leased the premises for the period August 1, 1973, through June 30, 1974.

At this time I hereby request your written authority to enter into a lease with Morin and Balerna Realty Trust, 1 Manor Drive, Hingham, for the entire second floor of the premises located at 11-29 Roxbury Street, Roxbury, in the amount of \$6,600 for the period July 1, 1974, through December 31, 1974.

The premises are leased to provide space for the continuing operation of the following Model City Agency programs: (1) city services and (2) parks maintenance. In addition, the career opportunities program, funded by the Commonwealth of Massachusetts, and assisted by the Model City Agency by the provision of office space, is similarly operating out of those same premises. Any change in location at this time would be economically inadvisable.

For the aforementioned reasons, it is requested that the notice requirement of

advertising in the *City Record* be waived for this lease.

Sincerely,

PAUL PARKS,
Administrator.

EDUCATIONAL PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$9,000 to the United Presbyterian Church (the contractor), a charitable organization located at 328 Warren Street, Roxbury.

The period of performance shall be from July 1, 1974, to December 31, 1974.

The contract is to provide funds for the operation of an educational program with an emphasis on constructive recreational and cultural programs for the residents of Subarea III of the Model Neighborhood. Under the proposed contract the contractor shall provide music instruction, gymnastic training, tutorial classes in reading, and English-Spanish language training.

The contractor is recommended to carry out the education program because it has satisfactorily carried out three such programs for the Model City Administration in the past. This prior experience has enabled the contractor to develop an established relationship with residents of Subarea III who are interested in participating in the kind of program offered by the contractor.

Award of the contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Sincerely,

PAUL PARKS,
Administrator.

YOUTH PROGRAM FUNDING

DEAR MAYOR WHITE:

As Model City Administrator I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$2,000 to the Roman Catholic Archbishop of Boston, a corporation sole acting by and through the Administrator of St. Patrick's Church, 10 Magazine Street, Roxbury.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a youth program in Subarea III of the Model Neighborhood. Under the terms of the proposed contract the contractor shall conduct athletic and social functions during after-school hours. The athletic program shall include activities for girls as well as boys. Social functions will be held on Friday evenings from 7:00 P.M. to 9:30 P.M. at the church hall for children in grades seven through nine.

The contractor is recommended to carry out this program because under two prior contracts awarded by the city it has satisfactorily carried out services similar to those described in the proposed contract. In carrying out those services in the past the contractor has clearly demonstrated its ability to conduct and provide adequate supervision for both social and athletic functions.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,

PAUL PARKS,
Administrator.

PARKS AND RECREATION DEPARTMENT

BOSTON COMMON IMPROVEMENTS

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Schoenfeld Associates, Inc., consulting engineers, with offices at 210 South Street, Boston, as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the Boston Common at an estimated construction cost of \$863,000.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 7.01 percent of the estimated cost of construction, will be \$60,496.30, less \$7,325, which will be credited the city by the designer for preliminary design work completed under a previous contract.

The fee has been computed by averaging the fee percent set forth in the 1961 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation."

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$40,000 for supplementary services by the designer, exceed in the aggregate the sum of \$93,171.30.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

PUBLIC GARDEN IMPROVEMENTS

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of Schoenfeld Associates, Inc., consulting engineers, with offices at 210 South Street,

Boston, as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the Public Garden, at an estimated construction cost of \$603,000.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 7.32 percent of the estimated cost of construction, will be \$44,139.60, less \$5,400, which will be credited the city by the designer for preliminary design work completed under a previous contract.

The fee has been computed by averaging the fee percent set forth in the 1961 and 1972 recommended schedule of minimum rates of the American Society of Landscape Architects "Guide to Professional Services and Compensation."

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$22,500 for supplementary services by the designer, exceed in the aggregate the sum of \$61,239.60.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

LAGOON BRIDGE

DEAR MR. MAYOR:

It is respectfully requested that your Honor approve my selection of the firm of LeMessurier Associates, Inc., with offices at 1033 Massachusetts Avenue, Cambridge, as designers for the preparation of plans and specifications and for the supervision of construction of improvements to the bridge over the lagoon in the Public Garden, at an estimated construction cost of \$120,000.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. The designer's basic fee, 9.15 percent of the estimated cost of construction, will be \$10,980 less \$1,000, which will be credited the city by the designer for preliminary design work completed under a previous contract.

The fee has been computed by averaging the fee percent set forth in Curve A and Curve B of the American Society of Civil Engineers "Manuals and Reports on Engineering Practice—No. 45" (1968).

In no event shall the maximum liability of the city under the terms of the proposed contract as of the date of its execution, including presently estimated expenditures of \$9,000 for supplementary services by the designer, exceed in the aggregate the sum of \$18,980.

As the proposed contract is to be one for the performance of professional services, a public solicitation for bids would serve no

useful purpose. The contract will be charged to Appropriation 6-61-44.

Respectfully yours,

ANTHONY E. FORGIONE,
Commissioner.

POLICE DEPARTMENT RECRUIT TRAINING PROGRAM

DEAR MAYOR WHITE:

I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the National Center for Dispute Settlement, through its Boston office at 294 Washington Street, Boston. The amount of the contract will not exceed \$15,000 for the period between August 1, 1974, and November 30, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control Act (P.L. 91-644).

The purpose of the grant is to develop and maintain a comprehensive recruit training program at the Boston Police Academy. The National Center for Dispute Settlement will be responsible for the implementation of two courses dealing with conflict intervention. As proposed, the courses will concentrate on skills development in the areas of group and interpersonal conflict. The courses will deal with specific police related problems and utilize a number of innovative teaching methodologies.

Under previous contract the National Center for Dispute Settlement (in conjunction with members of the Police Department) developed the curriculum design and course outline for this project. The very nature of the course material made this a difficult program to put together and required a great deal of preparation. In the developmental stages of this project, members of the Police Academy were impressed with the work of the National Center for Dispute Settlement and recommended that they be retained to implement the course.

In light of the unique services and talents required to perform the functions of this contract, and given the excellent past performance of the National Center for Dispute Settlement, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,

ROBERT J. DI GRAZIA,
Police Commissioner.

DEAR MAYOR WHITE:

I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Russell L. Boxley Ph.D., of 331 Shawmut Avenue, Boston, in an amount not to exceed \$5,200 for the period between July 1, 1974, and December 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Public Safety Committee under the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to develop and maintain a comprehensive recruit training and counseling program at the Boston Police Academy. As a psychologist, Dr. Boxley will coordinate all counseling services, teach courses on crisis intervention and stress, and manage all psychological testing of the recruit class.

Dr. Boxley has been associated with the Academy since December of 1973. Dr. Boxley has been involved in the recruit selection process, has conducted several courses, has provided family counseling services to a number of recruits and their families, and has assisted the Academy staff in dealing with special problems. In short, his knowledge and skills make his services an extremely valuable asset.

Because of the unique services required to perform the functions of this contract, and given the past performance of Dr. Boxley, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

DEAR MAYOR WHITE:

I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Alan MacIsaac, of 45 Howard Road, Medford. The amount of the contract will not exceed \$4,000 for the period between August 1, 1974, and December 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control Act (P.L. 91-644).

The purpose of the grant is to develop and maintain a comprehensive recruit training program at the Boston Police Academy. Lieutenant MacIsaac will be responsible for curriculum design and planning, program monitoring, and staff evaluation. These services are especially necessary, given the uniqueness of the present training program. In addition, Lieutenant MacIsaac will perform related teaching duties in selected areas.

Lieutenant MacIsaac has previously worked with members of the Academy staff in developing the broad outlines of the training curriculum and has performed an informal evaluation of course content. Throughout the early stages of the program members of the Academy staff consistently relied upon the talents and expertise of Lieutenant MacIsaac.

In light of the unique services and talents required to perform the functions of this contract, and given the past performance of Lieutenant MacIsaac, it

is believed that public advertising would serve no useful or practical purpose.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT EVALUATION AND ESTIMATING SERVICES

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Carl T. Washburn, professional engineer, of 790 Boylston Street, Boston.

Under the terms of the contract Carl T. Washburn will provide cost evaluation and estimating services for City of Boston construction projects during the period from July 1, 1974, to June 30, 1975, at a cost for such services not to exceed \$15,000, payable at rates to be stated in the proposed contract.

Under several previous contracts Carl T. Washburn has provided the same services proposed herein, and has done so in a most efficient manner. In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

COPYING EQUIPMENT RENTAL

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Commission on June 5, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Xerox Corporation, a New York corporation, with a place of business in Boston at 100 Charles River Plaza.

Under the terms of the contract Xerox Corporation will rent a Model 7000 copying machine to the department, including service thereon, during the period from July 1, 1974, to June 30, 1975. This machine has an expanded sorter system, and is capable of reducing original copies as large as 14" x 18" to as small as 8½" x 11". The total cost for the machine rental and maintenance service, payable at state and local government copying equipment rates to be specified in the proposed contract, is not to exceed \$20,000.

This machine has been of extreme value to the operation of the department, particularly so because of the copy size-reduction feature allowing large, bulky originals to be reproduced in other formats to suit operations requirements. In view of the specific capabilities of this machine, its excellent performance record, and the high quality of maintenance service rendered by the manufacturer, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
ROBERT J. VEY,
Director.

LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide overflow space for students of the Margaret Fuller School on Glen Road. There is a further delegation of power from the commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of a one-story building known as the Parish Center of the Ukrainian Catholic Church of Christ the King, located at 118 Forest Hill Street, Jamaica Plain, with a floor area of approximately 3,500 square feet.

The term of this lease will be twelve months, beginning July 1, 1974, and terminating June 30, 1975.

The rental for the term will be payable at the rate of \$800 monthly.

Utilities (exclusive of telephone) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

PUBLIC WORKS DEPARTMENT SALT

DEAR MR. MAYOR:

The Public Works Department intend to purchase a large amount of salt (sodium chloride) for snow and ice control for the winter season of 1974-1975. The contract for the purchase of this salt provides for a range of prices for payment that is controlled by the percentage of moisture sodium chloride content, and gradation. In order to properly determine these factors, samples are taken from the salt to be delivered for laboratory tests.

During the past eleven winter seasons the sampling and testing of our salt was performed by the Thompson & Lichtner Company, Inc., of Brookline. This firm has performed our seasonal plant inspection of asphalt and concrete for twenty-one years, and has given excellent service. Therefore I would like to give the salt inspection work to this company for the coming winter season.

Accordingly, your permission is requested to dispense with public advertising and to award to the Thompson & Lichtner Company, Inc., 8 Alton Place, Brookline, a contract in the amount of \$11,000 for this work. It has been agreed that the sampling will be set forth in the proposed contract, and will include Soc Security, unemployment compensatory insurance, payroll costs, overhead, a profit. The laboratory tests will be made at a unit price per test.

It is understood and agreed that the total to be paid under this contract will not exceed \$11,000.

Respectfully,
JOSEPH F. CASAZZA,
Commissioner.

REAL PROPERTY DEPARTMENT

FUEL OIL

OUR HONOR:

I respectfully request your written permission to dispense with inviting proposals in the *City Record* in awarding a contract to James Devaney Fuel Company, Inc., 25 McBride Street, Jamaica Plain, for supplying fuel oil to, and servicing oil burners in, buildings of the Real Property Department.

We have an energy crisis, prices for oil are escalating, and it is impossible to secure bidders. The government regulations are that we must deal with last year's supplier of fuel, and the James Devaney Fuel Company is willing and able to continue their services. I therefore respectfully request your permission to award a contract to James Devaney Fuel Company, Inc., 25 McBride Street, Jamaica Plain, in the amount of \$40,000 for the period July 1, 1974, to June 30, 1975.

Yours truly,
JOHN F. MULHERN,
Commissioner.

ENGINEERING SERVICES

DEAR MAYOR WHITE:

Pursuant to a vote of the Real Property Board Commissioners on August 21, 1974, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Richard Donovan, Inc., engineers, a Massachusetts corporation, of 540 Main Street, Winchester.

Under the terms of the proposed contract the consultant will provide engineering services in the preparation of preliminary plans for the construction of a public parking facility on property presently owned by the Edison Company, located at Kingston and Essex Streets. The primary objective of the contract is to provide specific engineering information in order to permit the construction of a garage and the accommodation of a new Edison electrical substation facility on the same site. The consultant is thoroughly familiar with the proposed Edison facility, with the land conditions of this site, and with the construction of parking facilities.

The cost of their services is not to exceed \$25,000, and the duration of the contract will be for a period of two months.

In view of the professional and technical nature of the services to be performed, it is believed that public advertising would serve no useful purpose.

Respectfully,
JOHN F. MULHERN,
Commissioner.

COPYING EQUIPMENT RENTAL

DEAR MR. MAYOR:

I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Xerox Corporation, a New York corporation, with a place of business in Boston at 100 Charles River Plaza.

Under the terms of the contract Xerox Corporation will rent a Model 4000 copying machine to the department, including service thereon, during the period from September 1, 1974, to June 30, 1975. The total cost for the machine rental and maintenance service, payable at state and local government copying equipment rates to be specified in the proposed contract, is not to exceed \$3,000.

This machine is to be charged to the Parking Facilities Fund Account and will not change the budget of the Real Property Department.

It is anticipated that this machine will be of extreme value to the operation of the department, particularly so because of its ability to copy onto ordinary bond paper and its unique feature of copying on both sides of the sheet. This feature will save considerable supply and postage costs for our department. In view of the specific capabilities of this machine, its excellent performance record, and the high quality of maintenance service rendered by the manufacturer, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
JOHN F. MULHERN,
Commissioner.

MAYOR'S SAFE STREETS ACT ADVISORY COMMITTEE

DEAR MAYOR WHITE:

As Director of your Safe Streets Act Advisory Committee I respectfully request your written authority to dispense with advertising in a contract award to Stephen Schafer, Ph.D., Professor, College of Criminal Justice, Northeastern University in an amount not to exceed \$7,000 for the period July 1, 1974, to March 1, 1975.

The contract is made pursuant to grants received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

Under the terms of the contract, Professor Schafer is to complete a study of victimization in selected housing projects of the City of Boston.

Professor Schafer is currently a member of the staff of the School of Criminal Justice at Northeastern University. Moreover, he is one of the recognized leading authorities on victimization and has published many articles and books on this subject. Dr. Schafer has a serious intellectual interest in the completion of this important study.

The staff of your Safe Streets Act Advisory Committee has selected Professor

Schafer to undertake this project after searching universities in the Boston area for individuals with technical competence to deal with the sophisticated computerized raw data as well as demonstrated ability to conduct research projects involving the elderly.

In view of the professional services required to perform the terms of this contract, it is believed that public advertising is not advisable.

Respectfully,
DONALD B. MANSON,
Executive Director.

SCHOOL DEPARTMENT

INSTRUCTIONAL MATERIALS

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to New Century Education Corporation, 440 Park Avenue South, New York, New York, for the installation of two learning centers at two school sites, viz., the William L. Garrison School and the Donald McKay School. The contract is not to exceed \$58,300.

The contractor will perform the following services: (1) supply instructional programs which will accommodate thirty-six pupils during each of the five periods of the school day; (2) provide instructional materials and incentive awards supplies to accommodate the same number of pupils; (3) supply hardware essential to the use of the aforementioned instructional programs, instructional materials, and supplies; (4) provide consultant services on an on-site, ongoing basis to those teachers involved in the program; (5) provide all necessary repairs on involved machines (parts and labor) as such are required at no additional cost to the City of Boston.

Research shows that individualized learning centers of type produced by New Century Education Corporation support the variety of teaching techniques which must take place if the individual educational needs of pupil populations are to be met. The intensity of service which the centers will provide in the two aforementioned schools will enhance the overall effectiveness of reading instruction in those schools.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services (instructional materials, programs, and consultant aid) to be supplied by New Century Education Corporation.

Very truly yours,
MARION J. FAHEY,
Associate Superintendent.

EVALUATION

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintend-

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

ents, I request your authorization for the award of a contract without public advertising to Data Education, Inc., for the evaluation of the Summer Institute of the Boston High School Work-Study Institute during the period July-August, 1974, at a cost not to exceed \$3,000.

The contractor shall complete specified evaluation procedures under the direction of the Department of Title I Programs, Office of Research and Evaluation. Contract is to be charged to Title I ESEA, No. 74-035-323.

The contractor was selected because the evaluation design submitted presented clearly defined evaluative criteria and a detailed activity chart. Consideration was taken also of the effect of previous evaluations and the impact of the work-study screening process.

Therefore it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Educational Planning and Research for the evaluation of the English as a Second Language Program, during the period July-August, 1974, at a cost not to exceed \$3,950.

The contractor shall provide specified evaluation services for the multilingual program under the direction of the Office of Research and Evaluation, Department of Title I Programs. Contract is to be charged to the Title I ESEA, #74-035-276. The contractor has been selected for this particular evaluation because the evaluation proposal submitted was superior to others in terms of (1) its study of program processes as well as of changes in students' ability to use the English language, and (2) the appropriateness of the sampling procedures. Experienced bilingual staff are employed in the conduct of the evaluation process.

Therefore it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Educational Research Corporation for the evaluation of the Model Demonstration Subsystem Summer Pro-

gram during the period July-August, 1974, at a cost not to exceed \$1,000.

The contractor shall complete evaluation procedures for the three schools of the Subsystem: Trotter, Lewis, and Copley Square High. Contract is to be charged to Title I ESEA, #74-035-305.

The Educational Research Corporation has been selected above consulting firms because of its superior identification of data collection techniques and because of the diversified professional staff available for subsequent data analyses.

Therefore, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston, and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Heuristics, Inc., for the evaluation of the Elementary Enrichment Project, during the period July-August, 1974, at a cost not to exceed \$9,000.

The contractor shall complete evaluation procedures under the direction of the Department of Title I Programs, Office of Research and Evaluation. Such procedures will include on-site classroom visitations and observations, related interviews of personnel, preparation of appropriate questionnaires, and data analyses. Contract is to be charged to the Title I ESEA, #74-035-276.

The consulting firm Heuristics, Inc., has been selected because it identified with clarity the program components to which the evaluation would be addressed. The activity schedule submitted was considered to be more adequate in comparison with others submitted.

Therefore it is the determination of the School Committee that the public interest would not be served by public advertising bids.

Very truly yours,
EDWARD J. WINTER,
Secretary.

FUEL OIL (LIGHT)

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without public advertising to White Fuel Corporation for furnishing fuel oil (light) during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$774,000.

Award made to base year supplier in accordance with the regulations established by the Federal Energy Office, copy attached.

Very truly yours,
LEO J. BURKE,
Business Manager.

FURNITURE

DEAR MR. MAYOR:

In the spring of this year it was anticipated that the furniture which was salvaged from the English High School

prior to the purchase of new furniture would be available for overcrowding in our high schools. This furniture was removed and stored at the School Department warehouse in the Patrick Campbell Resource Center in Dorchester. These desks and chairs have been consigned to various high schools. The total number of desks and chairs was not sufficient to meet the demands in the high school, and it is necessary to purchase additional furniture.

The Arvco Computer Corporation of 213 Main Street, North Oxford, has available for sale 475 used wooden tablet arm chairs which they recently purchased from Tufts University.

I have made an inspection of these tablet arm chairs and find they are in excellent condition. The normal retail price of new wooden tablet arm chairs is approximately \$30 each, and these are available for \$10 each, which includes delivery price. I propose to use these tablet arm chairs at the Roxbury High School, East Boston High School, and the L Street Annex.

I seek your approval of my action in awarding a contract without public advertising to Arvco Computer Corporation, 213 Main Street, North Oxford, for the purchase of 475 used wooden tablet arm chairs, in an amount not to exceed \$4,750.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

FIRE DAMAGE REPAIRS

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising for fire damage repairs at the New Agassiz School, 20 Child Street, Jamaica Plain.

On Friday evening, August 23, 1974, vandals sprayed gasoline and set fire to the main entrance doors and the transom on the Carolina Avenue side of the New Agassiz School in Jamaica Plain. The fire caused severe damage to the structural work and the glass.

This vandalism occurred at approximately 10:30 P.M. In order to protect the school from further arson and vandalism and to protect the main foyer from the elements, it was necessary to make emergency repairs to this area of the building.

I awarded a contract to the B & Service Systems, Inc., 339 Dorchester Street, South Boston, who were able to respond within an hour to make the necessary repairs, in an amount not to exceed \$3,500.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

COMPRESSOR REPAIRS

DEAR MR. MAYOR:

I request your approval of my action in awarding a contract without advertising for repairs to the compressors at the Central Food Facility, 370 Columbus Road, Dorchester.

On Tuesday evening, August 27, 1974, at about 7:30 P.M., vandals climbed on

the roof of the Central Food Facility building and removed all copper tubing from here of the compressors and the dryers to the freezers and refrigerators which store food for preparation for the school lunch program.

In order to preserve the food so it would not be contaminated it was necessary to employ the services of a refrigeration specialist and have the work done as promptly as possible as the temperature at 9 P.M. had risen to 25 degrees (approaching the danger point). I awarded contract to the Deleco Industries, Inc., 41 Border Street, East Boston, who were available to proceed to the job immediately, and replace all copper tubing, purge all refrigeration and freezer systems, and furnish and install new gas for these systems, in an amount not to exceed \$5,000.

Very truly yours,
ANTHONY L. GALEOTA,
Chief Structural Engineer.

MACHINE SERVICE

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without public advertising to International Business Machines Corporation for IBM machine service during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$217,854.

Very truly yours,
LEO J. BURKE,
Business Manager.

SUFFOLK COUNTY

Municipal Court, Roxbury District

MACHINE RENTALS

YOUR HONOR:

I hereby request permission to award without advertising a contract to the International Business Machines Corporation of 610 Lincoln Street, Waltham, or the rental of the following machines used in conjunction with the data processing system which was installed in this court in 1969.

The equipment which has been supplied to us in the past five years by IBM has been very beneficial in helping us to reduce the backlog in the Parking Department of this court, and its continued use will enable us to handle parking violations very speedily.

This contract will cover the one-year period beginning July 1, 1974, and ending June 30, 1975, and the cost of rental and maintenance embodied within this agreement shall not exceed the sum of \$4,896.

Very truly yours,
KEESLER H. MONTGOMERY,
Clerk of Court.

PUBLIC FACILITIES DEPARTMENT

NOTICE TO CONTRACTORS

INVITATION FOR GENERAL BIDS FOR GUARD AND PROTECTION SERVICES AT VARIOUS LOCATIONS

The City of Boston, acting by its Director of Public Facilities, Room 812, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201 hereinafter referred to as the Awarding Authority, invites sealed proposals for guard and protection services at various locations.

Proposals will be received up until twelve o'clock noon, Friday, December 6, 1974, at the office of the Awarding Authority, Room 812, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate, the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a certified check issued by a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000. The duplicate copy of the proposal shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

No proposal may be withdrawn after the time limit for filing proposals and for filing (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the proposals. In addition, no proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practice throughout the work.

Specifications and other contract documents will be available on and after Tuesday, November 26, 1974, at the office of the Awarding Authority.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth, satisfactory to the Awarding Authority, and in the sum of \$10,000, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject a or all proposals or any item or items of proposal, if it be in the public interest so to do.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Clearance Contract No. 5 for removal of building and foundation walls and installation of gravel backfill in the Fenway Project, No. Mass. R-115, located in the Roxbury District, City of Boston, Mass., until twelve noon, Boston time, on December 9, 1974, at City Hall, ninth floor, Room 919, City Hall Square, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of excavation and disposal of masonry rubble, backfilling of the excavation, installation of firebark mulch for slope protection, and the general cleaning up of the site, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of Mr. Kane Simonian, Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten days after bid opening.

Bids shall be accompanied by cash, or a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount not less than 10 percent of each proposal for site clearance.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the total cost of the site clearance contract, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high and abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest to do so.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening

of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding of the contract.

The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bids shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory

to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

CITY OF BOSTON

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR THE CONSTRUCTION OF RECREATION FACILITIES AT THE MARY DRAPER AND WESLEY G. ROSS PLAYGROUNDS.

The City of Boston, acting by its Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for the construction of recreation facilities at the Mary Draper and Wesley G. Ross Playgrounds.

Proposals will be received until 2 P.M., Boston time, Tuesday, December 10, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Prospective bidders are requested to attend a prebid conference in the office of the chief engineer, Room 802, City Hall, on December 3, 1974, at 11 A.M., Boston time.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$9,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M., Boston time, Monday, November 25, 1974, upon the deposit

of cash or a check, payable to the City of Boston, for \$25 per set of plans and specifications. The full amount of the deposit will be refunded upon the return of all documents in good condition, within thirty days after the opening of the bids (Saturdays, Sundays, and legal holidays excluded).

The successful bidder will be required to provide for insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON,
ANTHONY E. FORCIGNE,
Commissioner of Parks and Recreation.

PUBLIC WORKS DEPARTMENT

Proposals for Replacing Seventy-five Post Hydrants (Excluding Gates) in Water Areas 1, 2, and 3.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for replacing seventy-five post hydrants (excluding gates) in Water Areas 1, 2, and 3.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$6,500, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Replacing Seventy-five Post Hydrants (Excluding Gates) in Water Areas 1, 2, and 3," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, DECEMBER 5, 1974, with a certified check for NINE HUNDRED DOLLARS (\$900), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Renovation of Structural Shells, Nos. 632 through 638 Tremont Street, in the South End Project, Project No. Mass. R-56, located in the South End District, City of Boston, Mass., until 12:30 P.M., Boston time, on December 9, 1974, for subbids, and until 12 noon, Boston time, on December 20, 1974, for general bids at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

A prebid conference will be held at 11 A.M. on December 3, 1974, at City Hall, ninth floor, Room 919, Boston, Mass., to discuss scheduling of the work and other matters.

The work will consist of the renovation of the structural shells of three brick buildings at Nos. 632 through 638 Tremont Street, Boston, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 920, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and other contract documents are returned in good condition within ten days after bid opening.

Filed subbids will be taken for the following portions of the work, and will be accompanied by bid security in amounts as follows:

Masonry Work\$5,000
Roofing and Flashing 400

All such filed subbids submitted shall be subject to the provisions of sections 44A to 44L, inclusive, of chapter 149 of the General Laws. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: title of work, subtrade for which subbid is submitted, subbidder's name, and subbidder's address. All such subbids must be submitted on the form for subbid furnished by the Boston Redevelopment Authority.

Each bid must be accompanied by a bid security in the form of a bid bond, cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority as follows:

a. By bidder for general contract in the amount equal to 10 percent of Group A. Form for General Bid (all work other than that covered by Group B), but not to exceed \$50,000.

b. By subbidders in the amount stipulated herein for the applicable item of work.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth, and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's

Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contract: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding of the contract.

Community Schools: By and For the People

A major problem in big cities today is the alienation felt by citizens towards government and the concept that it exists as an impersonal control over their lives. Citizens feel that they have no direct control in planning and no direct participation in managing programs that would make their lives more enjoyable.

The Boston community schools program was started by Mayor Kevin White with this factor in mind. When it became apparent that there was a great need for new elementary schools in the city, it was decided that the new schools would be community schools, and that they would be used and governed by neighborhood people.

This was a rather unique decision. Although the community school concept was not new, for the first time community councils would actually govern their use of school facilities.

The Boston system is broken into two parts. During the actual school day, the School Department controls the schools. But as soon as classes are dismissed citizens take over control of the facilities. They make use of the gyms, swimming pools, and classrooms for a myriad of programs that they have established themselves.

Through a system of community councils events are planned and the budgets are controlled. The money is provided from city funds and is channeled to the councils through the city's Community Schools Department.

The director of this department is Thomas J. O'Neil. He has been working in Community Schools since its inception approximately two years ago. On October 1 he was named the new director for the program, and is responsible only to Mayor White.

Mr. O'Neil, who holds a master's degree in school administration from Fitchburg State, is totally dedicated

to the program. He believes that it is making the city more livable for its residents and gives them a sense of identity.

"If Boston is to retain its livability, who is better qualified to keep it that way than the people who live in it?" Mr. O'Neil asks.

"We get a lot of participation in the program because the municipal government allows the community councils a lot of options and authority. They have a say in budgetary matters and can decide what programs are best for them."

The thirty-one-year-old Brighton resident believes that this program will deliver more to the community than any of the other programs the city currently has on the drawing board. There are ten community schools in operation and nine more scheduled to open in September, 1975.

"It's exciting to be part of it and watch it grow," he said.

The participation of Mr. O'Neil and his staff is limited to what he

says is "giving technical assistance." His department gives the community councils the tools to use to help them become better decision makers.

"Our department must explain to the various communities how they can use their councils. You can't expect the councils to do a good job unless you give them the materials and help them to do that job."

The Community Schools Department has had to overcome some problems in providing this service to the councils. Mr. O'Neil said that there had been a problem with obtaining supplies quickly. A contract was signed with the Boys' Clubs and the YMCA to provide materials to remedy this situation. A computer fiscal management program was set up so that a quick cost-service breakdown could be made to determine the benefits of each program.

"Since the Mayor has the policy of giving virtual control to his department heads," Mr. O'Neil said, "we have been able to be very flexible in handling problems. Without this flexibility the community schools program would have died long ago."

"The future of the community schools program lies in expanding the boundaries of the community councils into the neighborhood."

"The councils will be a viable force in anything that concerns the community. They will decide what

(Continued on next page)

Community Schools . . .

(Continued from front page)

they need — be it better health programs or specifically set up programs for such problems as alcoholism and drugs.

"If we do our jobs and help them build strong councils," he continued, "they can do anything. There are no boundaries.

"We are stressing the fact that the councils should incorporate so that they can seek additional funds from foundations to augment the money that comes from the city and to fulfill their special needs.

"I see this as the major goal of our program. It is a necessity if the councils are to become a viable force in the community."

RENT CONTROL BOARD WARNS LANDLORDS

Rent Control Administrator William Edgerton has warned landlords that attempts to switch the responsibility for utility payments to tenants were a violation of rent control laws. His comments came a few hours after Boston Edison had announced a request for a rate increase.

Mr. Edgerton said that tenant complaints have brought the problem to the attention of his office. He said that this week alone twelve landlords were informed that attempting to make a tenant pay for utilities which were inclusive in his rent violated rent control laws.

"Mayor White has held the line on tax rates for the last two years. One of the reasons for this action was to prevent the skyrocketing of rents. We will not tolerate rents being escalated through the method of forcing tenants to pay utility bills," he said.

"Such an attempt to raise rents by requiring tenants to make utility payments which were formerly the responsibility of the landlord clearly violates the spirit and the letter of the Rent Control Law.

"Most of the landlords were not aware that this was a violation of the law. When informed of the law, most of the twelve agreed to comply. However, two have refused, and if they continue with their action

they will face possible prosecution by my department."

Mr. Edgerton said that he was not unsympathetic with the problems of landlords who have agreed to bear the burden of utility payments.

"With the rising cost of gas and electricity, these landlords have found it increasingly difficult to make ends meet," he said. "It is natural for them to look for a means of relieving their burden, but this is not the way to do it.

"Since their tenants are already paying the legal maximum rent with utilities included, any transfer of payments forces the rent over that limit. However, the landlord also has legal recourse through this department to request a change.

"We have a system in which the landlord can appeal for a transfer of utility payments to the tenant. However, there must be a decrease in rent, and the tenant must agree."

He said that in the past this type of complaint has rarely been a problem.

"I am concerned that due to the rising cost of utilities a trend is starting among landlords to transfer obligations which they have assumed to the tenant. I want to stress the fact that this is illegal and that my office will take action against this practice."

He added that all tenants who have been told that they would be responsible for utility payments in the future, or whose landlords have refused to pay any utility bill which were their responsibility should notify the Rent Control Board or the Little City Hall in their neighborhood.

CHRISTMAS SEAL CAMPAIGN STARTED

This year's Christmas Seal Campaign may just turn out to be the "friendliest" ever. It started at a campaign kickoff reception at Boston's Museum of Science, on November 14.

Robert J. Gaudrault, president of the Friendly Ice Cream Corporation, has been named honorary chairman of the 1974 Christmas Seal Campaign in Massachusetts. Appropriately, the theme for this year's campaign is "Be Friendly to Your Lungs."

Mr. Gaudrault joins the national chairman, singer Vikki Carr, in heading the annual fund-raising drive for the American Lung Association.

Locally, Christmas Seals support the year-round work of the American Lung Association of Boston, formerly the Boston Tuberculosis and Respiratory Disease Association.

Mr. Gaudrault points out, "For years Christmas Seal dollars have led the fight against tuberculosis. But they support other lung disease research as well, in addition to public and professional education, community health screening programs, quit-smoking clinics, and responsible efforts against air pollution."

"Eighty-nine cents out of every Christmas Seal dollar raised in Suffolk County is used right here in Suffolk County," Mr. Gaudrault said.

This year's Christmas Seal campaign features a statewide contest based on the theme "Be Friendly to Your Lungs." The public will be invited to investigate and draw examples of things that help insure healthier breathing for everyone. Contest rules and entry blanks are available at local Friendly ice cream shops.

Mr. Gaudrault's national counterpart, Vikki Carr, has recently been in the forefront of a movement to protect the rights of nonsmokers who for years have been forced to suffer in silence from the clouds of harmful smoke generated by inconsiderate smokers.

Why is he involved in this year's Christmas Seal Campaign? Gaudrault answers without hesitation.

"It's a matter of life and breath. Mine and yours."

SBA AIDS RELOCATED COMPANY

Mayor White has announced the completion of a \$250,000 Small Business Administration (SBA) loan designed to help the Crystal Meat and Cheese Company continue operating within the Boston area.

The company, which has relocated to 245 Sumner Street in East Boston, was required to move on short notice after the sale of its original building for the development of Quincy Market.

Through the efforts of the Mayor's Office of Commerce and Manpower the company was able to receive financing for new building costs and working capital from the New England Merchant's Bank through a guarantee by the SBA.

"This is but one of many financing projects we are completing to keep companies in Boston and to encourage new companies to move to Boston," Mayor White said.

"In the last year we have arranged assistance for eight small businesses with loans of nearly \$3 million."

Gerald W. Bush, Director of the city's Office of Commerce and Manpower, said Boston's assistance program is designed to make financing available to small and medium-sized businesses for real estate, equipment, and working capital.

The Crystal Meat and Cheese Company, owned by John Ciano, is a cheese distributor for the Greater Boston area. Its clients include Boston's finer retail stores and restaurants.

Companies interested in learning more about available financial assistance should contact Mr. George Berbeco, Office of Commerce and Manpower, Boston City Hall, 722-4100, Ext. 3855.

SUBWAY POST OFFICES: COMMUTERS CONVENIENCE

Subway post offices have opened at Park Street and Washington Street for the 1974 Christmas season. Officer-in-Charge James J. Gavin of the Boston Postal District and Joseph C. Kelly, General Manager of the Massachusetts Bay Transportation Authority, were on hand for the opening.

The two offices will be open daily for the sale of stamps from 7:30 A.M. to 6 P.M., Monday through Friday, and from 9 A.M. to 5 P.M. on Saturdays, November 30, December 7, and 14.

Boston is the only city in the world to establish a subway post office to assist commuters on public transportation. They have been very popular since their inauguration several years ago with the cooperation of the MBTA.

All parcels should be in the mail no later than December 10 and greeting cards by December 15 to avoid a last minute rush. Postal customers are requested to do their Christmas mailing on or before the suggested dates.

Christmas kits will be delivered to all homes in the Boston Postal District on December 4 and 5. Customers are requested to use the bands enclosed in the kits and separate their Christmas cards into three bundles: local, within state, and out of state. The local banded mail should be deposited in the local box located in front of every post office or in special containers in the post office lobby. "This will enable us to process and deliver all local mail within the community post office," Mr. Gavin stated.

This year postal customers will appreciate the new pre-canceled "Dove of Peace" stamp with a self-sticking adhesive. The backing paper simply peels off, and you can affix the stamp to your envelope. No moistening is required.

Opening ceremonies were held on November 25 at the Washington Street subway.

The Postal Service will celebrate its own bicentennial on July 26, 1975.

HUD APPROVES FUNDS FOR BOSTON'S SCHOOLS

United States Health, Education, and Welfare Secretary Caspar Weinberger has announced that \$1,900,263 has been approved by his department to aid in the cost of desegregating Boston's schools.

The announcement came through the office of Senator Edward Brooke, who termed it "long awaited and welcome news."

Senator Brooke said the money would be used for teacher training, bilingual education, and program evaluations.

"It will provide meaningful assistance to the city as it meets the challenges presented by the court-ordered plan.

"There are visible signs that the federal government will provide the kind of financial commitment that will enable Superintendent of Schools Leary, Mayor White, and other city officials who have worked long and hard in this important effort to insure that it will in the end bring to Boston schools the quality that we all want and can surely have," Senator Brooke added.

NEW APPOINTMENT

Mayor Kevin White has appointed Ann T. Murphy of Roslindale to fill a vacancy on the Youth Activities Commission (YAC).

Mrs. Murphy, the only woman on the seven-member commission, will serve out the term of John A. Walsh of West Roxbury, who resigned. The term expires May 1, 1975.

"I have appointed Ann Murphy not only because of her prior experience, but because of a growing problem of female juvenile delinquency which I believe she is equipped to respond to effectively," Mayor White said.

The forty-three-year-old widow and mother of two children has served for the past nine years as a parole officer with the Commonwealth of Massachusetts.

"My primary goal will be the extension of YAC programs aimed at female juvenile offenders," Mrs. Murphy said. "I hope to be able

to use my experience as a parole officer to provide the services such offenders require," she added.

Mrs. Murphy is vice-president of the Massachusetts Parole Officers Association. She is a CYO adviser at Holy Name Parish in Roslindale and has worked in the city's Drug Abuse Prevention Program.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

FIRE DEPARTMENT

EMERGENCY REPAIRS

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with Woodward's Spring Shop, Inc., 111 McGrath Highway, Quincy, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the contract price of \$25,000 to \$31,500.

This increase of \$6,500 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract, which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 1748, with Woodward's Spring Shop, Inc., should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with Hubbs Engine Company, Inc., 295 Mishawum Road, Woburn, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the contract price of \$29,000 to \$30,200.

This increase of \$1,200 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract, which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 1776, with Hubbs Engine Company, Inc., should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with Columbus Auto Body, Inc., 269 Washington Street, Dorchester, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the original contract price of \$9,000 to \$11,700.

This increase of \$2,700 in the original contract price is necessary due to the amount of emergency repairs required during the life of this contract which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 1790, with Columbus Auto Body, Inc., should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with Arcand Sales & Service, Inc., 229 Brighton Avenue, Allston, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the original contract price of \$7,000 to \$8,600.

This increase of \$1,600 in the original contract price is necessary due to the amount of emergency repairs required during the life of this contract, which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 1817 with Arcand Sales & Service, Inc., should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with Motor Supply Inc., 328 Massachusetts Avenue, Cambridge, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the contract price of \$9,000 to \$11,400.

This increase of \$2,400 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 1877, with Motor Supply, Inc., should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisements in the *City Record* in amending the contract with Bay State Auto Spring Manufacturing Company, Inc., 83 Hampden Street, Roxbury, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the contract price of \$10,000 to \$14,750.

This increase of \$4,750 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract, which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 1901, with Bay State Auto Manufacturing Company, Inc., should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with Barcol Overhead Doors, Alexander Street, Framingham, for twenty-four hour emergency service and repairs to overhead doors at the various fire stations, by changing the contract price of \$14,000 to \$18,601.

This increase of \$4,601 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract, which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 2046, with Barcol Overhead Doors, should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* in amending the contract with International Harvester Company, 230 Southampton Street, Roxbury, for emergency repairs of damaged or defective equipment on passenger cars and fire apparatus, which require specialized skills, by changing the contract price of \$9,000 to \$9,500.

This increase of \$500 in the contract price is necessary due to the amount of emergency repairs required during the life of this contract, which expired June 30, 1974.

It is my opinion that public advertising is not appropriate under the circumstances and that the contract, No. 2339, with International Harvester Company, should be amended.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

FIREBOAT CONSTRUCTION SUPERVISION

DEAR SIR:

Provision was made in Article X of the contract, No. 2219, with John W. Gilbert Associates, Inc., to supervise the construction of the new 45-foot high-speed fireboat. However, the contract does not provide monies for the supervision of construction, since there was no way of knowing which shipyard would be awarded the construction contract, and the location of such shipyard is a large cost factor.

Therefore I request your Honor's approval to amend the original contract from \$6,500 to \$14,000, thereby allowing \$7,500 for the supervision of construction.

John W. Gilbert Associates, Inc., have drawn up the plans and specifications for the new 45-foot fireboat, and they also supervised the construction of our large fireboat.

I believe it to be in the best interests of the city to engage the services of John W. Gilbert Associates, Inc., 58 Commercial Wharf, Boston, for the supervision of construction of the new 45-foot fireboat at a cost not to exceed \$7,500.

Respectfully submitted,

JAMES H. KELLY,
Fire Commissioner.

FIRE DEPARTMENT ORDERS

November 3.

General Order No. 50

I. RESIGNATION

The following resignation became effective at 0800, October 30, 1974:

Fire Alarm Operator David F. Ryan, Fire Alarm Division.

II. PROMOTION

The following promotion became effective at 0800, October 30, 1974:

Fire Alarm Operator Joseph A. Dart to senior fire alarm operator.

III. TRANSFERS

The following changes shall be made in G. O. 49, c. s.:

Cancel the transfer of Fire Lieut. Edward T. Riley from Engine 42 to Ladder 4.

Change the transfer of Fire Lieut. George J. Carey from Headquarters to Ladder 4.

IV. FIRE ALARM BOXES ESTABLISHED

In the near future the following fire alarm boxes will be installed, and company commanders shall add them to the assignment cards. The circuit numbers will be announced at that time.

12-1431, Blue Cross/Blue Shield Building, 100 Summer Street.

12-5422, Carpenter's Union School, rear 337 Market Street.

V. HAZARDOUS CONDITIONS

Faneuil Hall and Quincy Market Area. Attention of the department is called to the hazardous conditions in the above area. These buildings are being restored for the Bicentennial. These buildings are

without interior stairs, have holes in floors and roofs, cracked lintels over windows and doors. No. 30 South Market Street is without an entire first floor. Ladders must be used for fire fighting in upper floors.

This area is bounded by North Market Street, Clinton Street, South Market Street, and Chatham Street. The buildings have been posted. Members are urged to use extreme caution in case of fire in these buildings.

VI. RIFLE HONOR GUARD

Rifle Honor Guard drills for November will be on the fourteenth and twenty-first at Fire Headquarters from 1800 to 2230 hours.

VII. COMMENDATION

At approximately 1115 hours, October 25, 1974, while responding to the quarters of Ladder 29 for fuel, the members of Ladder 23 came upon a robbery in progress at 18 Washington Street, Dorchester. While other members of Ladder 23 went to the assistance of the robbery victim, Israel Dobkin, age seventy, of 30 Hartwell Street, Senior Man John F. Carey immediately called the Fire Alarm office via radio and requested police assistance to the scene.

Fire Fighters John Harrison and Neil Sullivan chased and apprehended one Alexander William, who was held until the arrival of the police at 1120 hours. Fire Fighter Thomas Uniacke located the knife used in the robbery and turned it over to Sgt. Charles A. Hubert of the Boston Police Department. The second culprit involved in the attempted armed robbery of this unfortunate elderly citizen made good his escape.

The Fire Commissioner and Chief of Department are pleased to commend Fire Fighters Carey, Uniacke, Sullivan, and Harrison of Ladder 23 for their conscientious dedication to the public whom they serve. By their brave actions they were successful in thwarting this attempted armed robbery. These men exemplify the true spirit of public service that is typical of the Boston Fire Department.

VIII. HIGH COMMENDATION

At 1119 hours, October 16, 1974, Engine Company 42 responded to a two-alarm fire at 75 Bickford Street, Jamaica Plain. The second and third floors were extensively involved in fire, heavy smoke, and heat.

When they arrived, they were informed that a woman was trapped on the second floor. Passage up the stairs was impossible because of the heavy smoke and heat. Fire Lieut. Biaggio Germano of Engine Company 42 helped raise a ladder to the second floor, entered through a window, and searched through the rooms as yet unrelieved by ventilation. He found an unconscious woman, and with great difficulty carried her to a window and raised her over the windowsill to fire fighters who removed her to the street.

(Continued on next page)

FIRE DEPARTMENT ORDERS

(Continued from previous page)

An ambulance took her to the Peter Bent Brigham Hospital where she was admitted suffering from severe burns and smoke inhalation.

The Fire Commissioner is pleased to highly commend Lieutenant Germano for his initiative and determined courage in saving this woman's life under such hazardous conditions and at extreme personal risk. His case is referred to the Board of Merit for further consideration.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract "E" in the South End Project, Project No. Mass. R-56, located in the South End District, City of Boston, Mass., until twelve noon, Boston time, on December 16, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

A prebid conference will be held at 11 A.M., on December 11, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. to discuss scheduling of the work and other matters.

The work will consist of the installation of new sewer lines, storm drains, and appurtenances in Tremont Street, West Brookline Street, Ivanhoe Street, West Canton Street, Shawmut Avenue, Paseo Aguadilla, Paseo San Juan, West Dedham Street, Holyoke Street, and Carleton Street, in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 920, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and other contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to five percent (5%) of each proposal for Site Preparation Contract "E."

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contract: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

BOSTON REDEVELOPMENT AUTHORITY,
By KANE SIMONIAN,
Secretary.

PARKS AND RECREATION DEPARTMENT

INVITATION FOR BIDS FOR THE MANUFACTURE OF NEW PATTERNS AND GREY IRON CASTINGS FOR THE PUBLIC GARDEN FENCE.

The City of Boston, acting by the Commissioner of Parks and Recreation, hereinafter referred to as the Commissioner, invites sealed proposals for the manufacture of new patterns and grey iron castings for the Public Garden fence.

Proposals will be received until 2 P.M., Boston time, Monday, December 23, 1974, at the office of the Commissioner, Room 802, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Commissioner, Parks and Recreation Department, Room 802, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of \$15,000, shall be submitted with the copy of the proposal filed with the Commissioner. The bid deposit shall be in a separate envelope, plainly marked. Bid bonds will not be accepted.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner.

Specifications, plans, and other contract documents may be obtained at the office of the Commissioner at and after 9 A.M., Boston time, Monday, December 2, 1974.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract "B" in the Central Business District Project, Boylston-Essex Area, Mass. R-156, located in the City of Boston, Mass., until twelve noon, Boston time, on December 12, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of furnishing and planting of five trees, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Mr. Kane Simonian, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, with the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by cash or certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority, in an amount equal to 5 percent of each proposal for Site Preparation Contract "B."

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth, and satisfactory to the Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contract: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding of the contract.

PUBLIC WORKS DEPARTMENT

Proposals for Sewerage Works in
Monticello Avenue and Montpelier Road in Dorchester.

The Commissioner of Public Works of the City of Boston, Room 714 (Contract Office), City Hall, invites proposals for sewerage works in Monticello Avenue and Montpelier Road in Dorchester.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner, and each in the sum of 100 percent of the contract price, less the amount of \$6,200, will be required of the successful contractor. Forms of proposals may be obtained at Room 714 (Contract Office), City Hall. The proposal should be signed, enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Monticello Avenue and Montpelier Road in Dorchester," and left at Room 714 (Contract Office), seventh floor, City Hall, before 2 P.M. of THURSDAY, DECEMBER 12, 1974, with a certified check for THREE THOUSAND ONE HUNDRED DOLLARS (\$3,100), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 805 City Hall, One City Hall Square.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 714, City Hall. There will be a charge of two dollars (\$2), NOT REFUNDABLE, for each set of contract documents taken out. If the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The Commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

BOSTON REDEVELOPMENT AUTHORITY

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance Contract No. 15 for demolition of buildings and structures and site clearance in the Downtown North District, City of Boston, Mass., until twelve noon, Boston time, on the tenth day of December, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and site clearance of approximately four structures (approximately 393,700 cubic feet, excluding basement cube), the disposal of all demolished materials, the filling of excavation and cellar holes, and the installation of 4-foot high chain-link fence on the North Street side of the demolished area with two 6-foot openings, and after completion of backfilling the area is to be paved with 3-inch gravel base and 2-inch bituminous concrete at the direction of the engineer, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be (a) in a form satisfactory to the Awarding Authority, (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit shall be in an amount equal to ten percent of each proposal for demolition and site clearance (but not to exceed \$50,000).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the total cost of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance," will be required of successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instructions to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders prior to awarding of the contract.

Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon Street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Oceanography Supplies and Equipment." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of two hundred dollars (\$200), must be left at the office of the Business Manager at or before twelve o'clock noon on Monday, December 16, 1974. Copies filed with the Business Manager will be publicly opened at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 percent of the amount of the contract.

LEO J. BURKE,
Business Manager of the School Committee.

Of all the large eastern seaports in the United States, Boston is the most conveniently located one to the great North Atlantic fishing grounds. Its harbor, one of the world's best natural harbors, is 200 miles nearer to Europe than any other major port on the eastern seaboard. The harbor is less than seven miles, via a 40-foot channel, from the open ocean to the center of the waterfront cargo-handling terminals.

One of the significant developments in Boston since 1880 has been the development of adult education. Many wish to take advantage of opportunities which for one reason or another they missed in earlier life. The great majority of participants have found the evening classes a worthwhile endeavor.

The Young Men's Christian Association, the Young Men's Christian Union, and the Young Women's Christian Association were founded before 1880. In 1898 the Y.M.C.A. opened Northeastern University which is now America's largest private university in terms of the number of students.

In December, 1930, the first women judges in Greater Boston were appointed by Governor Allen — Mrs. Emma Fall Schofield and Mrs. Sadie Lipner Shulman. As of 1930 Harvard Law School was not open to women. However, Boston University Law School has admitted women students ever since its establishment in 1872.

"James Michael" Exhibit Attracts Thousands

An excellent and most unusual exhibit honoring the memory of James Michael Curley on the centennial of his birth (he was born on November 20, 1874, and died on November 12, 1958) is currently being shown on the mezzanine floor in City Hall. The formal opening of the exhibit to the public took place on November 19, and will run through December 20. Hundreds of visitors daily are viewing the Curley memorabilia (books, photos, letters, etc.) with interest and remarks such as "God bless his soul, he was always good to the sick, the poor, the elderly, and he managed somehow to find jobs for the unemployed," were uttered by some of the visitors. One gentleman said, "He was truly the mayor of the poor."

Mayor White spoke briefly at the formal opening — which included dignitaries, civic leaders, prominent businessmen, commissioners, department heads, and City Council members — lauding his famous predecessor for his many accomplishments for the City of Boston. More than 300 persons attended the impressive ceremony and partook of refreshments which included a huge shamrock-shaped cake laced with green icing. It was served to the visitors who consumed it within minutes. "James Michael," as he was affectionately referred to, served our present great city as a member of the City Council, a member of the United States House of Representatives, four times Mayor of Boston, and Governor of the Commonwealth of Massachusetts. His life has become a legend in the history of twentieth-century Boston.

The exhibit was prepared at the request of the City Council with the cooperation of the Mayor's Office of Cultural Affairs, the Boston Public Library, and the photographic section of the Mayor's

Office of Public Service. The photos are from the James M. Curley Collection of the Library supplemented by photos from the files of the Boston *Herald American* and *Globe*. The Boston Public Library acknowledges with appreciation the following major contributors to its collection of material relating to the Honorable James Michael Curley: George and Francis Curley, Mrs. Gertrude Dennis Curley, Frank Moloney, Richard L. Casey, Mrs. John Bell, Lawrence W. Costello, John Henry Cutler, Mrs. Frank B. Howland, Robert McClellan, and William A. Reilly. A memorial honoring the memory of James Michael Curley is being planned by the Executive Committee of the Boston City Council. A progress report will be announced in a subsequent edition of the *City Record*.

WINTER PARKING REGULATIONS

Boston Traffic and Parking Commissioner William T. Noonan has announced that parking in residential areas will be restricted to the even-numbered side of the street only during declared snow emergencies this winter.

Mr. Noonan, in detailing winter parking regulations, said the restriction on residential parking will be in effect on a round-the-clock basis during a snow emergency through March 31.

In addition, parking will be prohibited in the entire business district and on all posted emergency arteries whenever a snow emergency is declared.

"Our experience with the limited parking restrictions, which were initiated last winter, was favorable and will be continued," Mr. Noonan said.

Prior to last year parking was restricted to one side of the street from November 15 through March 31 regardless of weather conditions.

"Imposing restrictions on parking is a hardship in a city with so few parking spaces, but it is necessary to facilitate the movement of emergency vehicles and snow-fighting equipment," Mr. Noonan added.

Fines for noncompliance with winter parking regulations are \$15 in Zone A (downtown, Back Bay) and \$6 in Zone B (all other sections of the city).

DOG CONTROL LAWS ENFORCED

The first month's results of the Animal Control Commission's crackdown on the city's leash laws were announced on November 29. The crackdown is aimed at loose dogs and dogs fouling city streets.

Executive Secretary Jack Reid said that the city has collected more than \$1,000 in fines from dog owners who have been given tickets for violations of dog control laws. The new tickets, which are similar to parking tickets, carry a \$10 fine. If they are not paid in twenty-one days, it becomes a criminal case which carries a fine of \$20.

The tickets cite an owner for allowing his dog to run loose on the city streets or on private property other than his own. They are also issued to owners who have their dogs on a leash but allow the dogs to foul a city street.

Mayor Kevin White had requested that the streets be kept clean to provide a decent environment for the city's residents.

"Clean streets are an essential part of making Boston a more congenial city for its residents. This goal becomes even more imperative during our coming Bicentennial when we will have visitors from around the world in Boston," the Mayor said.

Mr. Reid stated that the Mayor's request and the fact that the Animal Control Commission receives more than twenty complaints a day about dog waste on the streets were reasons for the crackdown.

"The tickets are being issued by dog officers who have been specifically instructed to crack down on owners allowing their dogs to foul the street. They have also been told to rigidly enforce the leash laws," he said.

Stating that the laws would be even more stringently enforced when additional dog officers are added to the force, Mr. Reid said that the next step was a stepped-up program of licensing dogs. He said that there was a leash law, but only about 10 percent of the approximately 50,000 dogs in the city had been registered. Lack of manpower

has prevented a licensing drive previously, but the additional dog officers will remedy this problem.

MAYOR'S ANNUAL CHRISTMAS PARTY

All Boston senior citizens are invited to attend Mayor White's annual Christmas party for the elderly at Hynes Auditorium, 900 Boylston Street, on Wednesday, December 18, at 1 P.M.

The party, which is run by the Boston Parks and Recreation Department and the Mayor's Commission on the Affairs of the Elderly, will feature refreshments, entertainment, and a surprise announcement by Mayor White about a new elderly program.

The entertainment will include a sing-along with music by the L Street Senior Serenaders. The Serenaders are a ragtime group which features kazoos, a washboard, tub drum, and tambourines, as well as more traditional instruments. There will be dancing by the Swingers, a square dance group made up of senior citizens. Other musical entertainment and a short movie will also be featured.

More than 2,500 people attended the Mayor's Christmas party last year, and nearly 5,000 are expected to attend this year.

RENT CONTROL ADVICE

The cost of living is steadily rising for food and clothing, but the cost of shelter is being kept in check by the Boston Rent Control Administration (RCA). The RCA provides a means for both landlords and tenants to receive benefits to which they are entitled.

Boston has more than 125,000 housing units covered by rent control. All buildings constructed before 1969 (1972 for FHA housing) that have more than two rental units (three is one that is owner-occupied) come under the rent control laws. RCA Administrator William Edgerton said that his office keeps records on all these units.

"If a tenant wants to find out the legal maximum rent or what services his landlord is obligated to provide, all he has to do is contact the registration section of the Rent Control Administration," Mr. Edgerton said. "In fact, I would recommend that a tenant moving into a new apartment contact us so that he is assured of fair treatment."

Mr. Edgerton said that in most cases a question will be answered at the time of the call. Not only will the records be checked, but if there is a discrepancy action will be taken immediately.

"If there is a problem, we inform the caller what forms must be filed to register a formal complaint. The Compliance Section of our office is notified, and it contacts the landlord," he said.

"In most cases, the landlord corrects the situation. But if he refuses to do so, we will take legal action."

He added that the RCA also has the authority to reduce rents.

"If, for any reason, an apartment is in violation of the various building or housing codes, the tenant has a right to ask for a rent reduction. We will investigate, and if we find the tenant has a legitimate complaint we will grant a rent reduction until the landlord clears the violation."

Any questions concerning rent control can be answered by calling 722-4630 or any of the Little City Halls.

BE COURTEOUS; IT PAYS

MBTA General Manager Joseph C. Kelly has announced a "Courteous Employee of the Month" contest, with winners being selected by the riding public.

"I am convinced," said Mr. Kelly, "that employees of the MBTA are generally more polite and courteous than they are given credit for. And I am asking the best of judges — our passengers — to prove that I am right.

"Beginning December 1, passengers are requested to write to the MBTA at Post Office Box 737, Boston, MA 02102, whenever they witness one of our employees showing that little extra touch of courtesy that helps to make riding the MBTA a pleasant experience. Each month ten employees, bus drivers, starters, collectors — any of our many people who meet the public daily — will be selected as 'Courteous Employee of the Month' and rewarded with a suitable prize.

"All letters must be signed; anonymous letters will not be considered in the contest. Our employees who serve the public every day are our best public relations people, and their efforts deserve recognition. Too often we take for granted politeness and courtesy and only comment when we are displeased, which is, I suppose, human nature," Mr. Kelly continued.

"We here at the MBTA believe that our employees' 'little extra' deserves a little extra, and with the help of our passengers' recommendations we will be able to reward deserving members of the MBTA family."

WHAT'S A "DRIBBLE-THON"?

Boston Community Schools is sponsoring a "Dribble-Thon" on December 21 to raise money for a city-wide community basketball league.

The "Dribble-Thon" is scheduled to start at 10 A.M. from Copley Square and continue up Boylston Street to Massachusetts Avenue and then to Huntington Avenue into Jamaica Plain. Teams of

seven youths will then take over and work in relays through the neighborhoods of Jamaica Plain, West Roxbury, Hyde Park, Mattapan, Roxbury, Franklin Park, and Dorchester.

Money will be collected from people along the route to help finance three basketball leagues — a girls team, and two boys teams, ages fifteen and under, and ages nineteen and under. Each of the ten Community Schools will field a team to participate in these leagues.

In addition, youths will be canvassing their neighborhoods for contributions and pledges from December 1 to 21. Pledges also can be made directly to the neighborhood Community School.

The money raised will be used to provide uniforms, referees, transportation, and trophies for the community basketball league.

STARS OF CHRISTMAS

Once a year the Hayden Planetarium at Boston's Museum of Science yields to the tradition and mystery that surround the holiday season.

For its December program, from the tenth through the twenty-ninth, the Planetarium focuses on "Stars of Christmas."

Instead of talking about pulsars, quasars, or the atmosphere of Mars, the Planetarium highlights the winter heavens and the Star of Bethlehem. Various phenomena that might account for that celestial event are considered. A comet, a supernova, or a triple conjunction of planets are among the possibilities.

The musical background, too, differs from the eerie sounds of space travel programs or the classical crescendos of history-based presentations. Instead, Christmas carols bring their appealing warmth to a picture of snow drifting over steeples and roofs of a New England village.

The program includes a traditional rendering of St. Nicholas and his reindeer flying through the skies and a whimsical drawing of elves at work at the North Pole.

The preparations for Christmas taking place at the top of the world are also a part of the special children's program to be given December 13 and 20 at 5 P.M. "The Winter Wishing Star" is the only program in the year to which children under five are admitted and admitted free.

For all other museum visitors the Planetarium is 50 cents above museum admission, which is \$2.50 for adults, \$1.25 for ages five to sixteen; and free for members and children under five.

Regular Planetarium programs are: Monday, 11 A.M.; Tuesday through Saturday, 11 and 2:45 P.M.; Sunday, 12:15 and 2:45 P.M.; and Friday night, 8 P.M.

FIRE DEPARTMENT ORDERS

November 15.

General Order No. 52

I. RETIREMENTS

The following retirement, in accordance with the provisions of section 5, chapter 32, G. L., which will become effective at 0800, November 16, 1974, is hereby announced:

Fire Lieut. Joseph W. Karnela, Engine Company 49.

The following retirement, in accordance with the provisions of sections 7 and 94A, chapter 32, G. L., which will become effective at 0800, December 1, 1974, is hereby announced:

Fire Fighter Aidan J. Shields, Engine Company 5.

Fire Lieutenant Karnela was appointed to the department January 12, 1944, and promoted to fire lieutenant January 9, 1952. Fire Fighter Shields was appointed February 3, 1917. Both of these members leave the department with the best wishes of their associates.

II. PROMOTION

The following promotion is hereby announced:

Fire Alarm Operator Eugene F. Kelly to temporary senior fire alarm operator at 0800, October 30, 1974, and to senior fire alarm operator at 0800, November 7, 1974.

III. FIRE ALARM BOX INSTALLED

The following box has been installed, and company commanders shall add it to circuit card No. 15:

15-1547, YWCA Building, 140 Clarendon Street.

IV. LETTER OF THANKS

The following letter is published for the information of the department.

(Continued on next page)

FIRE DEPARTMENT ORDERS

(Continued from previous page)

"September 8, 1974.

DEAR COMMISSIONER KELLY:

I would like to express my thanks and gratitude to the men of the Fire Department for the way they handled a 911 call on Thursday at about 4:45 A.M. My wife was having a heart attack, and had difficulty breathing. The firemen arrived within minutes, gave her first aid, and carried her downstairs to an ambulance that had been called.

I believe this fast action saved her life. I am happy to say she is recovering, and, believe me, we are both grateful to the Fire Department.

Sincerely yours,
JOSEPH E. DERENNE,
32 Owencroft Road,
Dorchester."

V. HAZARDOUS BUILDING

Deputy Building Commissioner Leo Martin has informed this office that the building located at 19 Milford Street, District 4, is in hazardous condition, and that extreme caution should be used during fire-fighting operations.

He recommends that fire fighters do not enter this building. The building will be posted.

November 18.

General Order No. 53

I. ATTENTION OF MEMBERS

An organization calling itself the "Boston Firemen's Band" has been soliciting funds throughout the city. These men are dressed in what appears to be a department regulation uniform to give the impression they are "bona fide" members of this department.

The only organization authorized to identify themselves as members of this department and to solicit funds is the Boston Firemen's Relief Fund.

This unauthorized solicitation will adversely affect the fund-raising activities of the Boston Firemen's Relief Fund. Members of the department should discourage their acquaintances from making donations to the Boston Firemen's Band.

II. REQUEST FOR POLICE ASSISTANCE

Whenever a car or unit of this department makes a request for police assistance, they shall state the type of incident involved, or type of assistance required, so that the police turret may assign the proper priority to the request.

The Fire Alarm Office shall request the proper information when it is not given. When the Fire Alarm Office requests this information, full cooperation shall be given to their request.

November 22.

General Order No. 54

I. RETIREMENT

The following retirement, in accordance with the provisions of section 5, chapter 32, G.L., which will become effective at

the close of business November 30, 1974, is hereby announced:

Provisional Foreman Inside Wireman John Grana, Fire Alarm Division.

Foreman Grana was appointed to the department March 29, 1950, and he leaves the department with the best wishes of his associates.

II. RADIO DISPATCH PROCEDURE

The radio dispatch procedure described in General Order No. 46, c. s., has been in operation for approximately one month.

Evaluation reports shall be submitted to this office on the efficiency of this system. They shall comment not only on the efficiencies or deficiencies of the system, but shall make general comments and recommendations. These reports shall reach Headquarters no later than December 2, 1974, and shall be submitted by all deputy fire chiefs in Divisions 1 and 2, district fire chiefs of all districts in which the affected companies are located, all officers of the companies listed in General Order No. 46, the superintendent of fire alarm, the chief fire alarm operator, and all principal and senior fire alarm operators.

III. FIRE ALARM BOX INSTALLED

The following fire alarm box has been installed, and company commanders shall add it to circuit card No. 9:

12-3146, Dorchester House Multi-Service Center, 1353 Dorchester Avenue.

IV. FIRE ALARM BOXES ESTABLISHED

In the near future the following fire alarm boxes will be installed. Company commanders shall add them to respective assignment cards. The circuit numbers will be announced at that time.

14-1262, Center Plaza No. 1 on Cambridge Street.

15-1262, Center Plaza No. 2 on Cambridge Street.

16-1262, Center Plaza No. 3 on Cambridge Street.

12-1463, Chauncy House, 115 Chauncy Street.

12-6117, Jeffries Point Community Center, 425 Sumner Street.

V. BRIDGE OPENED

The Park Street Bridge, between Centre Street and March Avenue, West Roxbury, is opened to traffic as of November 21, 1974.

VI. LETTER OF THANKS

The following letter is published for the information of the department:

"November 12, 1974.

DEAR COMMISSIONER KELLY:

On Thursday, October 31, 1974, a contractor working in Maverick Square punched through the MBTA's underground power cable with a pavement breaker, causing an underground fire in the conduit and manhole system.

The flames and smoke were of such intensity that the responding fire fighters had to evacuate the surrounding buildings and rope off the area.

District Chief Angelo Corrola was in charge, and due primarily to his excellent judgment, professional expertise, and cooperation with Authority forces on the scene we were able to run all trains out of the East Boston Tunnel to assure the safety of our passengers.

In the opinion of Authority forces on the scene, District Chief Corrola is deserving of a commendation for a job well done.

Once again this is an example of the benefits resulting from the recent training program instituted and conducted by Deputy Chief John J. McCarthy, in cooperation with L. M. Fleming, the Authority's Deputy Superintendent of Transmission and Distribution.

I would appreciate your notifying Deputy Chief McCarthy and District Chief Corrola of our gratitude for their concern and assistance in insuring the safety of the public.

Very truly yours,
JOSEPH C. KELLY,
General Manager."

POLICE DEPARTMENT ORDERS

November 8.

Special Order No. 74-124

To: All Bureaus, Division, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

An increasing number of criminal court applications have been filed against Boston police officers. Such complaints may be sought solely to compromise the prosecution in cases in which police officers have made an arrest. The department must be made aware of all such applications for complaint.

Effective immediately, the following procedures will be followed when an application for complaint against a Boston police officer is filed in criminal court:

1. An officer will notify his commanding officer in writing immediately upon learning that an application for a complaint in a criminal action has been made against him. This report will include:

A. His name, rank, Id. number, and assignment.

B. A summary of the complaint being sought.

C. The projected date for the hearing.

2. The commanding officer receiving the report will forward a copy to the Bureau of Inspectional Services.

3. The supervisor of cases at each court will submit, without delay, a written report directly to the Bureau of Inspectional Services detailing the subject matter of the complaint and the dates of the hearing.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

Massachusetts General Laws, chapter 151B, section 4, and chapter 149, section 105D, grant all full-time female employees at least eight weeks maternity leave and ensures the reemployment of each such employee in the same or similar position without loss of employment benefits for which she was eligible on the date her leave commenced. She must, however,

terminate her maternity leave within eight weeks and comply with the following:

1. She must have completed an initial probationary period set by her employer not exceeding six months or, if no probationary period exists, have been employed for three consecutive months.

2. She must give two weeks notice of her expected departure date and two weeks notice that she intends to return to her job.

Copies of the above-mentioned General Laws and a notice from the Human Rights Office, both of which accompany this memorandum, will be posted conspicuously in all offices and units where women work. The commanding officers of all bureaus, divisions, districts, offices, sections, and units, will ensure that this requirement is met.

November 22.

Special Order No. 74-125

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies to: All Superintendents, Deputy Superintendents, and Directors.

The Operations Section of the Communications Division now has on computer file all homeowners and businesses who have marked their property and are registered in the Boston Police Ident-I-Guard Program.

Effective immediately, radio inquiries to determine the ownership of property will be made on Channel 1. Officers making inquiries will advise the Communications Division of the Social Security number, withholding tax number, or other markings that are engraved on the recovered property. Communications will in turn inform the requesting officer of the name, address, and telephone number of the Ident-I-Guard participant.

Since this department is currently involved in an expanded effort to call attention to our Ident-I-Guard Program, it is expected that additional requests for the use of engraving tools will be made at the district level. District duty supervisors will coordinate their efforts with district community service officers in the efficient handling of this important program.

(Continued on next page)

POLICE DEPARTMENT ORDERS

(Continued from previous page)

When district community service officers, who are primarily responsible for issuing and receiving engraving tools, are not available to do so, duty supervisors will see that the tools are issued and returned according to the proper procedures. Duty supervisors are to be familiar with preparation of the engraving tool receipt form and will sign such forms (district copy) in the left-hand margin when issuing such a tool. The receipt form will also be signed by the duty supervisor to whom an engraving tool is returned.

November 27.

Special Order No. 74-126

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.
Copies to: All Superintendents, Deputy Superintendents, and Directors.

On November 29, at 8 P.M. the department will convert from its present telephone operation to a new Centrex system. To facilitate this changeover it is necessary that use of department telephones be kept to a minimum between the hours of 7:30 P.M. and 9 P.M. on this date. Only absolutely essential calls should be made between these hours on the twenty-ninth. This applies to outgoing calls as well as those made within the department.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

PARKING METER PARTS

DEAR MR. MAYOR:

On February 5, 1974, your Honor approved a contract with M. H. Rhodes, Inc., for furnishing parking meter parts to the Traffic and Parking Department for approximately \$31,015.

At that time Item No. 3 was not awarded since testing of it was not complete. It has now been approved for award to the same company. The additional amount will be \$13,500.

It is therefore requested that my letter of January 18, 1974, approved by your Honor on January 21, 1974, be amended by increasing the approximate total amount of the contract to read \$44,515.

It is further requested that permission be granted to amend contract No. 580 issued to M. H. Rhodes, Inc., to reflect this change.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

CRIME LAB EQUIPMENT

DEAR MR. MAYOR:

On February 4, 1974, your Honor granted me authority to award a contract

and orders for furnishing Crime Laboratory equipment to the Police Department.

The total amount of award for Sadtler Research Laboratories, Inc., inadvertently read \$1,376.75 when, in fact, it should have been \$6,670.50.

It is therefore requested that the award for Sadtler Laboratories, Inc., be amended to read a contract for this company in an approximate amount of \$6,670.50.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

CAST-IRON CASTINGS

DEAR MR. MAYOR:

On June 13, 1974, your Honor approved a letter of award for a contract with Municipal Services, Inc., for furnishing cast-iron castings to the Water Division of the Public Works Department.

The approximate total amount of the contract was indicated as \$25,300 when, in fact, the correct amount is \$47,050.

It is therefore requested that my letter dated June 12, 1974, approved June 13, 1974, be amended by changing the approximate total amount of contract to read \$47,040.

Respectfully yours,

KEVIN P. FEELEY,
Purchasing Agent.

HEALTH AND HOSPITALS DEPARTMENT

SERVICE FOR X-RAY EQUIPMENT

DEAR SIR:

At a meeting of the Board of Health and Hospitals of the City of Boston, held on August 13, 1974, it was voted and approved to amend the city's contract with Picker Corporation, Canton, for the service and maintenance of previously installed X-ray equipment located in the Radiology Department at Boston City Hospital for the period July 1, 1974, through June 30, 1975, increasing the amount of that contract by \$12,000, from \$35,000 to a cost not to exceed \$47,000.

The original contract for this service, approved by your Honor in the amount of \$35,000, after competitive bidding, provided only for the services of a full-time Radiologic Service engineer and did not make any provision for the parts required to maintain the equipment.

Therefore the Board of Health and Hospitals approved the aforesaid amendment, thereby adding \$12,000 to the said original contract, which amount is expected to be sufficient to cover the cost of any and all parts that are necessary.

Because the Picker Corporation is the only available supplier of these parts and because the cost to the city is reasonable, your permission is hereby requested to dispense with public advertising and to award this amendment under the terms and conditions stated above.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

PHYSICIANS' SALARIES

DEAR SIR:

In accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of August 23, 1972, I hereby authorize amending the city's current contract with Boston University School of Medicine under which physicians' services are provided to Boston City Hospital for the period commencing July 1, 1974, and ending on June 30, 1975.

This amendment is necessary because the aforesaid contract, due to a clerical error, understated the annual salary of the Assistant Director, Orthopedic Surgery, as \$16,000, rather than the correct annual salary amount of \$16,800. Under last year's contract, this position was salaried in the amount of \$16,000 for the twelve-month period. However, on June 11, 1974, the Board of Health and Hospitals voted and approved a 5 percent cost of living increase effective January 1, 1974. It is the 5 percent increase that was overlooked in drafting this contract.

Therefore the total cost to the city for this amendment is \$800, thereby raising the total cost of the master contract with Boston University School of Medicine for physicians' services, as amended hereby, to a sum not to exceed \$661,950.

In order that the city can reimburse Boston University School of Medicine for paying the Assistant Director, Orthopedic Surgery, Boston City Hospital, at the salary level of \$16,800, your Honor's permission is respectfully requested to amend this contract under the terms stated above.

Very truly yours,

FRANCIS E. GUINEY,
Executive Director.

PARKS AND RECREATION DEPARTMENT

UNIFORM RENTAL SERVICE

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with inviting proposals in the *City Record* in amending the agreement with Eastern Uniform Rental Company (a division of SERVISCO) dated April 1, 1973, and approved by your Honor on July 5, 1973 for providing uniform rental service for Parks and Recreation Department employees during the period April 1, 1973, to March 31, 1974.

The cost of the contract to the city was \$9,633, and the money was provided for in the 1973-74 budget of the Parks and Recreation Department, including the separate budgets of the Parks Division and the Cemetery Division.

Period of amendment is from April 1, 1974, to and including June 30, 1974, with total increased cost of agreement of \$1,086.70 to be charged as follows: Parks Department Budget 1-11-41 (49-3), sum of \$390, and Cemetery Division Budget 3-33-21 (49-2), sum of \$696.70.

Very truly yours,

ANTHONY E. FORGIONE,
Commissioner.

POLICE DEPARTMENT

LEASING AND MAINTENANCE OF COPYING MACHINES

DEAR MR. MAYOR:

On February 20, 1974, your Honor approved the award of a contract to Xerox Corporation, 100 Charles River Plaza, for the leasing and maintenance of certain copying machines for the period commencing April 1, 1973, and ending June 30, 1974. Total maximum contract price was to be \$9,550, of which \$6,100 was to be paid from federal grant monies.

Because of our lack of prior experience with these copiers and the protracted length of the contract our forecast of machine usage and maximum contract price underestimated actual machine usage by \$5,300.

Therefore your Honor's written approval is respectfully requested to amend the contract sum to read \$14,850.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

YOUTH ACTIVITIES COMMISSION PRICE INCREASE

DEAR MR. MAYOR:

I respectfully request your approval to amend the contract between the Youth Activities Commission and the Xerox Corporation, approved by yourself on December 11, 1973, by changing the original amount of \$4,000 to \$4,728.

This request is made because of a price increase by the Xerox Corporation, thus resulting in the increase of the contract. Funds will be made by the federally funded Treatment Alternative to Street Crime-Juvenile Program.

Your approval of this action is herein requested.

Sincerely,
PAUL V. McCAFFREY,
Executive Director.

SUFFOLK COUNTY

Municipal Court, Civil Business FLAT FILING

DEAR SIR:

Reference is made to your approval of July 2, 1974, of my request to award to Remington Rand Company the contract for the purchase of material required in connection with the so-called "flat-filing" of cases pursuant to Supreme Judicial Court ruling. Attached is copy of my letter of June 6, 1974, containing my request and your approval thereof.

The estimated amount of the contract was quoted to me as \$1,000 and that is the amount approved. However, I have now been informed the actual figure is \$4,067.50. Your approval of the additional amount of \$67.50 is requested in order that this transaction may be completed.

Very truly yours,
JOHN E. HURLEY,
Clerk.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT Purchasing Division COPY MACHINE RENTALS

DEAR MR. MAYOR:

Authority is requested to award a contract, without public advertisement, to Xerox Corporation for the rental of one copy machine from July 1, 1974, to June 30, 1975, inclusive.

The amount of the contract is not to exceed \$8,000.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

DEAR MR. MAYOR:

Authority is requested to award a contract without public advertisement, to Dennison Manufacturing Company for the rental of several copy machines in various city departments, from July 1, 1974, to June 30, 1975, inclusive.

The amount of the contract is not to exceed \$23,000.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

DEAR MR. MAYOR:

Authority is requested to award a contract, without public advertisement, to International Business Machines for the rental of two copy machines from July 1, 1974, to June 30, 1975, inclusive.

The amount of the contract is not to exceed \$9,000.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

COMPOSING SYSTEM

DEAR MR. MAYOR:

Authority is requested to award a contract, without public advertisement, to International Business Machines Corporation for a composing system for the Printing Section of the Purchasing Division. The period of time will be from July 1, 1974, to June 30, 1975, inclusive.

This composing system has been in operation for several years and has proven completely satisfactory. In my opinion, the best interest of the city will be served by awarding the contract as requested.

The amount of the contract is not to exceed \$12,000.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

BILLING FORMS

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Assessing Department for various forms to be used for billing purposes. An informal written quotation has been received from Moore Business Forms, Inc., who has previously furnished these forms.

Authority is requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to Moore Business Forms, Inc. The amount of the contract is not to exceed \$6,978.34.

Attached are copies of letters pertaining to the award.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

POLICE RADIO BATTERIES

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Police Department for the immediate delivery of 350 Nicad rechargeable radio batteries. These batteries are urgently needed for police radios to be used during the school reopening period.

Since there was insufficient time to advertise publicly for bids, prices were solicited from two manufacturers and four distributors.

The lowest bidder and only bidder offering immediate delivery was the Alexander Manufacturing Company of Mason City, Iowa, at a price of \$27.90 each.

Permission is therefore requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to Alexander Manufacturing Company in an amount not to exceed \$9,765.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

FIELD REPORTING EQUIPMENT

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Police Department for special field reporting equipment to be purchased from Simplex Time Recorder Company.

In compliance with the request received from the Police Commissioner, copy of which is attached, authority is requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to Simplex Time Recorder Company for field reporting equipment to consist of one main control panel and six special numbering machines.

Total amount of contract is not to exceed \$2,928.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

HYDRANT PARTS

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Public Works Department, Water Division, for parts for Mueller hydrants as manufactured only by Mueller Company, Chattanooga, Tennessee. Prices have been solicited from the company.

Since the parts will be purchased directly from the manufacturer, it is my opinion that no advantage would be gained by public advertising. It is therefore requested that permission be granted to dispense with public advertising and award a contract without advertising to

Mueller Company at an amount not to exceed \$6,710.96.

Respectfully yours,
KEVIN P. FEELEY,
Purchasing Agent.

COMMERCE AND MANPOWER

YOUTH ACTIVITIES PROGRAMS

DEAR MAYOR WHITE:

We respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to YMCA Services Corporation, Inc., 316 Huntington Avenue, Boston, for conducting, through its Roxbury branch, a vocational services program for youths who have entered the juvenile justice system. The total cost of this contract will not exceed \$31,000. Funds for this contract will be provided from a federal government revenue-sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract the Roxbury YMCA will provide educational, counseling, and vocational services for youths assigned to probationary periods from the juvenile justice system. The Youth Activities Commission will be responsible for the administration of operations, monitoring, and evaluation of this contract for the city. Commerce and Manpower will be responsible for the fiscal administration of this contract for the city.

The YMCA has performed valuable youth rehabilitation programs in the past and is eminently qualified to operate this program. It is our opinion, therefore, that no useful purpose would be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director, Commerce and Manpower.
PAUL McCaffrey,
Executive Director,
Youth Activities Commission.

DEAR MAYOR WHITE:

We respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Boys' Clubs of Boston, Inc., 15 Green Street, Charlestown, for conducting a program for youth which will enable young persons to plan career strategies and objectives, for a total cost not to exceed \$25,000. Funds for this contract will be provided from a federal government revenue-sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract the Boys' Clubs of Boston, Inc., will

conduct a careers program for youth which will offer comprehensive vocational guidance, career education, work orientation, and job placement. The Youth Activities Commission will be responsible for the administration of operations, evaluating, and monitoring of this contract for the city. Commerce and Manpower will be responsible for the fiscal administration of this contract for the city.

Due to this organization's excellent reputation in youth programs and because of the excellent results this program has achieved in the past, it is our opinion that no useful purpose would be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director, Commerce and Manpower.
PAUL McCaffrey,
Executive Director,
Youth Activities Commission.

WORK EXPERIENCE PROGRAM

DEAR MAYOR WHITE:

We respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Roxbury Action Program, Inc., 10 Linwood Street, Roxbury, for conducting a work experience program for economically disadvantaged youth throughout the City of Boston for a total cost not to exceed \$60,000. Funds for this contract will be provided from a federal government revenue-sharing grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through September 30, 1975.

Under the terms of this proposed contract the Roxbury Action Program, Inc., will conduct a job-matching system for economically disadvantaged youths between thirteen and eighteen years of age. This system is commonly known as the Rent-a-Kid program. Roxbury Action Program will coordinate this program with various community youth groups.

Roxbury Action Program, Inc., has conducted many and comprehensive youth programs in the past, similar to the above-proposed program. It is our opinion, therefore, that no useful purpose would be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director, Commerce and Manpower.
PAUL McCaffrey,
Executive Director,
Youth Activities Commission.

DATA COMPILING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Northeastern University, a corporation, 360 Huntington Avenue, Boston, for conducting a follow-up information gathering system for programs developed under Comprehensive Employment and Training Act contracts

with community agencies throughout the City of Boston for a total cost not to exceed \$23,000. Funds for this activity will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through June 30, 1975.

Under the terms of this proposed contract Northeastern University will collect and compile data on the posttraining income and employment status of the Comprehensive Employment and Training Act participants, who will receive direct job placement, institutional training, and on-the-job training among other services. The data will be forwarded to the Mayor's Manpower Planning Staff for analysis in order to determine the effectiveness of various agency programs in enhancing the income and employment status of participants. Thus can be ascertained the contributions and effectiveness of various manpower services and the agencies which provide them under the contract with the city.

Due to the fact that Northeastern University has the professional and technical expertise for the above-mentioned data collection and compilation, it is my opinion that no useful purpose will be served by publicly advertising for bids.

Sincerely,
GERALD W. BUSH,
Director, Commerce and Manpower.

ABCD

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Action for Boston Community Development, Inc., 150 Tremont Street, Boston, for operating various programs for Boston's economically disadvantaged persons at a cost not to exceed \$370,000. Funds for this contract will be provided from a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1974, through October 31, 1975.

Under the terms of this proposed contract, Action for Boston Community Development will be responsible for:

1. Staffing and operating neighborhood employment centers located in economically disadvantaged areas of the city in order to provide employment services for approximately 5,000 persons.

2. Operating two assessment centers in Dorchester and South Boston for the purpose of providing an estimated 1,200 economically disadvantaged persons with work sampling, counseling, and testing services in order to develop employability plans for them.

3. Providing job training activities in areas of food service, business skills, electro-mechanical trades, etc., for approximately 380 economically disadvantaged persons.

4. Public service employment via "new careers" program in human service fields for approximately 1,000 persons.

5. Providing an adult work experience program to serve approximately 100 chronically unemployed individuals.

6. Providing youth programs for school dropouts in the sixteen to nineteen age groups for approximately 320 youths.

7. Providing in-school programs for youth in the fourteen to eighteen age group to enable potential dropouts to obtain part-time employment. Approximately 500 youth will be aided.

ABCD will receive, as part of the above total, \$27,000, in order to subcontract with the Massachusetts Division of Employment Security for provision of certain professional staff to support the ABCD programs.

In view of the few agencies professionally capable of operating programs of this magnitude and due to the extensive experience of ABCD with manpower programs it is my opinion that no useful purpose will be served by publicly advertising for bids.

This letter supersedes a former award letter for \$3,300,000 which you approved on September 16, 1974, concerning this proposed contract.

Sincerely,
GERALD W. BUSH,
Director.

ON-THE-JOB TRAINING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Manpower Development Associates, Inc., 50 Federal Street, Room 202, Boston, for providing staff for the monitoring and evaluation of on-the-job training contracts developed under Comprehensive Employment and Training Act programs throughout the City of Boston for a total cost not to exceed \$22,000. Funds for this activity are subject to the receipt of a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1971, through June 30, 1975.

Under the terms of this proposed contract Manpower Development Associates, Inc., will continually monitor and evaluate the progress of OJT contracts established with private industry in order to insure their efficient and timely completion and subsequent placement of economically disadvantaged persons.

Due to the fact that Manpower Development Associates, Inc., has the professional and technical expertise for the duties it is to perform, it is my opinion that no useful purpose will be served by publicly advertising for bids.

This letter supersedes a former award letter for \$550,000 which you approved on September 16, 1974, concerning this proposed contract.

Sincerely,
GERALD W. BUSH,
Director.

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to the Commonwealth of Massachusetts, Division of Employment Security, Charles F. Hurley Building, Government Center, Boston, for providing for the payment of allowances, staff service support, and the administration of the foregoing for certain of the Comprehensive Employment and Training Act programs within the City of Boston at a total cost not to exceed \$850,000. Funds for this contract are subject to the receipt of a federal government grant to the City of Boston through the Comprehensive Employment and Training Act of 1973, P.L. 93-203. The effective dates of operation for this contract will be from October 1, 1971, through December 31, 1971.

Under the terms of the proposed contract, the Division of Employment Security will provide:

1. Staff service support for contract service representatives to the Boston Comprehensive Employment and Training Act on-the-job training functions. In so doing DES will promote on-the-job training contracts (job development) with private enterprise. Also, DES will provide administration for OJT contracts to include voucher disbursement, invoice control, and payments.

2. Payment of allowances for all enrollees in CETA classroom training, including those enrolled in assessment programs.

3. Overall administration and applicable staff pertaining thereto for the above responsibilities.

In view of the fact that the Division of Employment Security is the only agency capable of performing the above duties in connection with the guidelines of the Comprehensive Employment and Training Act, and due to their expertise in overseeing public service programs, it is my opinion that no useful purpose will be served by publicly advertising for bids.

This letter supersedes a former award letter for \$2,105,000 which you approved on September 16, 1974, concerning this proposed contract.

Sincerely,
GERALD W. BUSH,
Director.

Summerthing: An Overview

During this past summer close to 1,000,000 people harmoniously enjoyed thousands of performances and workshops in every neighborhood of the city.

The opening event, the Greek-American Festival, set the tone for our other cultural festivals such as the August Moon Festival and the Trinidad Carnival, each of which was attended by more than 5,000 people.

The Boston Symphony Esplanade Orchestra, the Boston Ballet Company, and the Proposition were just a few of the participating groups which continued to delight audiences. Our two theatre groups, the Spanish-speaking Hispanic Theatre Company and the new, integrated Boston Youth Performing Company, both offshoots of our In-School Theatre Arts Workshop program, were well received and successfully crossed many language and neighborhood lines. As a finale to its season, the BYPC was invited to perform in Lincoln Center, New York City.

Another important feature of Summerthing was *Summerthing News*, a weekly newspaper distributed free in each of the city's twenty neighborhoods. Through *Summerthing News* thousands of people were kept informed and involved in the many Summerthing activities.

In a way, we see Summerthing as an invitation to the public to view and participate in a major way in the programs and projects of the Mayor's Office of Cultural Affairs. As you know, support and encouragement of cultural groups and institutions, multicultural activities, and educational programs are all the business of this office the year round.

For instance, the multicultural events are an extension of our multicultural program which is an ongoing activity. This October we helped sponsor a special celebration of the Chinese performing artists and counseled in the start of

a fund-raising campaign for a Chinese cultural center in Chinatown. In December an Italian festival will mobilize the talents and leadership of that community into a special program for the holiday season.

These projects are pilot activities through which our office is currently planning eighteen months of ethnic celebrations for Boston's bicentennial years. During this period, scheduled to begin in April, 1975, people from all over the world who come to Boston will be able to take part in a series of festivals which celebrate our wonderful ethnic richness and diversity.

Recently, we were notified of the awarding of a federal grant of \$163,000, made available through the Elementary and Secondary Educational Act, Title VII. The funds will be used to implement in a much broader way the In-School Theatre Arts Workshop program, which was begun two years ago

through this office. Now, starting in January, more than 520 students in twenty-seven high schools and junior high schools in Boston will participate in theatre arts programs in their native languages of Chinese, English, Greek, Haitian-French, Italian, and Spanish. The largest ethnic minorities in the Boston school system are represented by these languages.

Our teachers in this program are being drawn from all aspects of the theatre community. The past two years' experience with many of those students who participated has shown increased school attendance and better overall motivation for learning. We look forward to the renewal and broadening of this program in January.

Another area of responsibility for this office is the management of the City Hall tour guides and the five gallery spaces within the hall.

This past year the Northeastern University cooperative education students who staff the information booth have assisted visitors and residents in finding their way around City Hall and in learning more about this award-winning building.

Innovative and unusual exhibits are continually sought for display in the five galleries of the hall. Artists working in eight different media prepared for several months for the November main gallery show, which received national attention. "Sculpture: Hard & Soft"

(Continued on next page)

Summerthing . . .

(Continued from front page)

included weaving, stitchery, pottery, wrought iron, jewelry, fiber, and fiberglass.

Holiday plans include ethnic Christmas trees and a Franklin Park Zoo exhibit in the main gallery as well as traditional lights and caroling.

Bicentennial plans for the main gallery include a special women's exhibit as well as a unique contemporary weavers' exhibit.

Many of you attended the spring premiere of our film *Boston: The Art of a City*. We are pleased to report to you that the film won a bronze medal at the Atlanta Film Festival and has recently been selected by the United States Information Agency to be shown by its embassies and cultural institutions throughout the world.

In addition to our work here in Boston, we are often called upon to assist other cities in their efforts to launch or expand free cultural programs. This summer the director from the City of New York came to Boston to observe our program.

As we prepare for the bicentennial years, the strands of artistic and ethnic diversity that enhance us so can be combined to make us even stronger. The programs of the Mayor's Office of Cultural Affairs seek to emphasize these strengths and bring a greater awareness of them to as many people as possible.

We enjoyed seeing you at our annual Summerthing Ball. It was well attended, and the proceeds helped bring our total up to \$145,000, but we are still short of the \$160,000 needed by December 31.

We will continue to keep you up to date on our activities. My staff and I extend our warmest wishes to you and your families for a happy holiday season.

KEVIN H. WHITE,
Mayor of Boston.

Director of O.C.A.

MUSEUM OF SCIENCE ATTENDANCE SOARS

A year marked by the second highest attendance in its history and the raising of \$2.5 million is announced by the Museum of Science in its 1973-74 annual report.

Despite last winter's fuel crisis and other adverse economic conditions, the museum brought its \$6.8 million campaign goal to within \$1.7 million of completion. In addition, it received a record-breaking income from individual, family, and business memberships.

During the last fiscal year, although some school group visits were postponed or canceled because of gas shortages, a total of 141,000 students from all over the state and 50,600 from other states came to the museum. The Hayden Planetarium maintained its high record of more than 270,000 visitors, with 34,791 attending during the month of May alone.

Based on a review of Bradford Washburn's thirty-five years as director, the annual report also contains comments by President Norman L. Cahners, who stressed the museum's "ability to survive hard times and adversity."

"While this report chronicles thirty-five years of progress and achievement," Mr. Cahners said, "new chapters are being written daily, offering exciting avenues for challenge and accomplishment."

The outlook for the current year involves major problems for all educational institutions, and the Museum of Science is no exception. Only two thirds of the funds needed to meet its operating cost come from regular sources like admission fees and membership. The rest comes from gifts, large and small, and at least \$700,000 has been needed each year to keep the museum's program live and up to date. The continuing economic crisis threatens the museum's ability to raise these funds this year, and substantial program and personnel cuts have already been made to meet what Director Washburn calls a "gathering storm." But, he emphasizes, "the quality of the museum's temporarily restricted program will always be tops."

NEW APPOINTMENT AT BCH

Dennis Casanova of Jamaica Plain, son of Mr. and Mrs. Frank Casanova of Elm Street, Chadwicks, New York, has been appointed Assistant Deputy Commissioner for Diagnostic Services at Boston City Hospital, it was announced recently by the Board of Trustees of the Department of Health and Hospitals.

Mr. Casanova came to City Hospital in 1971 while pursuing a B.S. degree at Northeastern University. Prior to his appointment Mr. Casanova worked as an administrative assistant to the Executive Director of DHH, Francis E. Guiney. In his new capacity as Assistant Deputy Commissioner, Mr. Casanova has jurisdiction over all personnel in the laboratory areas of the hospital and all of the hospital's research areas.

"I enjoy the challenge of health care delivery," says Mr. Casanova. "From one day to the next there are a whole new set of problems to deal with, and the administration is strengthened because of this."

MAYOR FILES 1975 LEGISLATIVE BILL

Mayor Kevin White filed legislation on December 4, calling for the state to reimburse local cities and towns, which bear the burden of a disproportionate share of tax-exempt property.

The bill, a priority item in the Mayor's 1975 legislative package, would require the state to subsidize the loss of tax revenue beyond the state-wide average of tax-exempt property. With its many schools, charitable institutions, hospitals, and government buildings Boston has the highest percentage of tax-exempt property of any major city in the nation.

Under the Mayor's measure Boston could receive upwards of \$25 million annually in reimbursements from the state.

"The percentage of tax-exempt property in Boston has reached a staggering 60 percent," Mayor White said. "That means that less than half of the city is paying for

the support of the entire city — and that simply isn't fair.

"Many of our tax-free institutions, particularly our colleges, hospitals, state and federal government buildings, serve persons from well beyond the borders of our city, and our residents should not be forced to shoulder the entire burden."

He also proposed a constitutional amendment that would permit cities and towns to assess different classes of property (business, commercial, residential) at different percentages of valuation. An identical proposal was approved by the Legislature but defeated by the voters in 1970.

Other measures in the package would:

- allow the interest rate on delinquent taxes to be increased from the present 8 percent to 3 percent beyond the prevailing rate on Treasury bills to discourage late payment of taxes;

- allow the city to tax the revenue-producing property of the Massachusetts Port Authority, such as the hotel and concessions at Logan Airport, but not the airline terminals;

- require the state to assume the entire cost of desegregation and school busing in cases where it has been ordered by the courts;

- require the state to assume all county costs, including the operation of the courts;

- have the state make a permanent commitment to fund 50 percent of the cost of MBTA service;

- have the state's share of the cost of veterans services increased from 50 to 100 percent;

- give cities and towns the right of first refusal on the sale of tax-exempt property within their borders;

- reorganize the Boston Licensing Board, whose primary function is the licensing and regulation of liquor establishments, into a city Department of Consumer Affairs;

- raise from \$15 to \$50 the maximum fine for nonmoving traffic violations; and

- permit the counting of absentee ballots at the Office of the Registrar rather than at the polling place.

NURSE OF THE YEAR

Ms. Alma York, senior health policy analyst for the Department of Health and Hospitals, has recently been named "Nurse of the Year" by the Massachusetts Nurses Association of the American College of Obstetrics and Gynecology. Ms. York was distinguished at the association's annual district conference in Halifax, Nova Scotia.

A Mattapan resident, Ms. York was the project director for the National Institute of Mental Health Young Parents Program in Roxbury, before coming to the Department of Health and Hospitals in 1973.

A registered nurse in the field of Obs/Gyn, Ms. York served as the Administrative Nursing Supervisor in the Outpatient Department of Boston City Hospital from 1969 to 1971. Other hospital affiliations include New England Memorial Hospital, Boston Lying-In Hospital, and Columbus Hospital for Women in Washington, D.C.

Ms. York is an active community worker, serving on several community boards, acting as liaison and consultant to community agencies such as the Neighborhood Health Centers and Little City Halls, minority recruiter for area colleges and universities and a frequent lecturer.

Ms. York's legislative experience includes helping draft bills and testifying on the subject of rape, fluoridation and nursing practice.

Ms. York's professional associations include the American Nurses Association, the Massachusetts Nurses Association, the American Public Health Association, the Nurses Association of the American College of Obstetrics and Gynecology, and the New England Regional Black Nurses Association.

Executive Director of Nursing for the Department of Health and Hospitals, Anne Hargreaves, upon receiving word of Ms. York's award, said, "Ms. Alma York is one of Massachusetts' more progressive nurses, who through leadership in nursing and community action has improved the social and health standards of mothers and children, including school health care."

CITY EMPLOYEES GO "ALL OUT" FOR UNITED WAY

The 1974-75 City of Boston Employees' Campaign, conducted on behalf of the United Way agencies and national health agencies, is rapidly and successfully coming to its conclusion.

Commissioner Joanne A. Prevost, of the Real Property Department, campaign chairman for the second consecutive year, reported that a record \$95,000 was raised this year.

"In almost every city department," said Commissioner Prevost, "record amounts of money were raised this year, despite inflation and fewer city employees. This year's loaned executives, Jim Shevin, Mike Donovan, Bob Posner, and Charlie O'Connor, Kevin Egan working closely with department coordinators, and District Council 45 representatives did a superb job.

"Heartly congratulations go to all those people who assisted this year's effort and helped to make this campaign an unqualified success.

"I personally wish a merry Christmas and a healthy and happy New Year to my coworkers for the City of Boston."

MAYOR'S NEW APPOINTMENTS

Peter Meade, Director of the Office of Public Service, has issued the following statement:

"I am pleased to announce that Mayor White has appointed the following persons to the position of manager in the Boston Little City Hall Program:

"Allston/Brighton—Deane Haskell; Jamaica Plain—Claudia Delmonaco; South Boston—William Ezekial; West Roxbury—Thomas King; Chinatown—Peter Chan.

"These appointments were made after careful screening of a field of 115 applicants for the four positions, and were selected from a final field of forty-nine candidates. The selection process was a joint effort, involving present Little City Hall Managers, Gerry Marcinowski, and myself. I think it is highly reflective of the quality of Little City Hall staff that we were able to promote many people from within the program to the position of manager. Also it gives me great pleasure to promote Peter Chan to the position of first manager of the Chinatown Little City Hall, a position which has historically been that of field representative.

TRANSFERS OF APPROPRIATIONS

The Mayor has approved the following requests for transfers of appropriations:

Of all the large eastern seaports in the United States, Boston is the most conveniently located one to the great North Atlantic fishing grounds. Its harbor, one of the world's best natural harbors, is 200 miles nearer to Europe than any other major port on the eastern seaboard. The harbor is less than seven miles, via a 40-foot channel, from the open ocean to the center of the waterfront cargo-handling terminals.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

NOTICE TO CONTRACTORS

Sealed bids for M.B.T.A. Contract No. SM-507 will be received by the Contract Administrator at the office of the Director of Planning and Construction, 500 Arborway, Boston, Mass. 02130, until 2 P.M., Boston time, on January 9, 1975. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: FURNISHING AND INSTALLING BUS WASHER AT SOMERVILLE BUS GARAGE, Somerville, Mass. The work to be done under this contract consists of furnishing and installing all material and equipment required for a complete bus-washing system, including a bus washer, excavation and backfill, pipe drains, drainage, cement concrete and concrete block work, structural, plumbing, compressed air, and electrical work as described in the contract documents.

This contract is subject to a financial assistance contract between the Massachusetts Bay Transportation Authority and the Urban Mass Transportation Administration of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

Plans and specifications may be obtained from the Contract Administrator at the address above from 8:30 A.M. to 4 P.M., Monday through Friday. A charge of \$10 will be made for plans, specifications, and other contract documents, excluding the Authority's General Requirements and Covenants (1972 Edition of Division I). Copies of Division I as revised by Revision No. 1, dated February 21, 1974, are available in separate volumes from the Contract Administrator at a separate charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of \$5, payable by separate check.

Authorization for the bidders to view the site of the work on Massachusetts Bay Transportation Authority's property shall be obtained from the office of Mr. R. D. MacKay, Superintendent, Civil and Design Engineering Division, Tel. 722-5441.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work; and particularly to the certification required by Part III of the Bid Conditions Outlining Affirmative Action Requirements in Connection with Equal Employment Opportunity, which must be submitted as part of the bid. FAILURE TO FULLY COMPLETE AND SUBMIT THE REQUIRED CERTIFICATION WILL RENDER THE BIDDER'S PROPOSAL NONRESPONSIVE.

The contractor will be required to comply with all applicable Equal Employment Opportunity laws and regulations.

Proposal guaranty shall consist of a bid deposit of three thousand five hundred dollars (\$3,500) in the form of cash or a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the order of the Massachusetts Bay Transportation Authority. A bid bond will not be accepted.

The right is reserved to waive any informality in or to reject any or all proposals. A proposal which includes for any item a bid that is abnormally low or high may be rejected as unbalanced.

All bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

In view of the specialized nature of construction, an award will not be made to a contractor who is not equipped to undertake and complete the work. The low bidder and/or the lowest responsible bidder will be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

It is a condition of this contract, and shall be made a condition of each subcontract entered into pursuant to this contract, that the contractor and any subcontractor shall not require any laborer or mechanic employed in performance of the contract to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health or safety, as determined under construction safety and health standards (Title 29, Code of Federal Regulations, Part 1518—published in the Federal Register on April 17, 1971), promulgated by the United States Secretary of Labor, in accordance with section 107 of the Contract Work Hours and Safety Standards Act (83 Stat. 96).

The contractor shall be required to pay minimum wages in accordance with the schedules listed in the Special Provisions, which wage rates have been predetermined.

The successful bidder will be required to furnish a performance bond, and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

ONE CITY HALL SQUARE, BOSTON, MASS.

INVITATION FOR BIDS

The Boston Redevelopment Authority will receive sealed bids for Demolition and Site Clearance Contract No. 13 for demolition of buildings and structures and site clearance in the Campus High Project No. Mass. R-129, located in the Roxbury-North Dorchester District, City of Boston, Mass., until twelve o'clock noon, Boston time, on December 30, 1974, at City Hall, ninth floor, Room 919, Boston, Mass. (Attention: Engineering Department), at which time and place all bids will be publicly opened and read aloud.

The work will consist of demolition and site clearance of approximately twenty-nine structures (approximately 1,453,900 cubic feet, excluding basement cube), the disposal of all demolished materials, the filling of excavation and cellar holes, and the installation of a 4-foot high chain-link fence to enclose demolition areas, and 3-inch wood chip cover and defoliant over exposed demolition area and the general cleaning up of the sites, all in accordance with the plans and specifications.

Proposed forms of contract documents, including drawings and technical specifications, are on file at the office of the Boston Redevelopment Authority, City Hall, ninth floor, Room 982, Boston, Mass.

Copies of the contract documents may be obtained by depositing \$25 in cash or a certified check, payable to the Boston Redevelopment Authority, for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within ten (10) days after bid opening.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be (a) in a form satisfactory to the Awarding Authority, (b)

with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority, and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit shall be in an amount equal to 10 percent of each proposal for demolition and site clearance (but not to exceed \$50,000).

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth, and satisfactory to the Authority, and each in the sum of 100 percent of the total cost of demolition as set forth in section 4.0 of the "Bid for Demolition and Site Clearance," will be required of the successful bidder.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment, and to the Boston Redevelopment Authority's Equal Opportunity Compliance Policy, adopted February 20, 1969, revised September 7, 1972.

Attention is also directed to the Instruction to Bidders—Award of Contracts: Rejection of Bids and the prohibition of abnormally high or abnormally low prices for any class or item of work.

The Boston Redevelopment Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding the contract.

Boston Public Library: Another First

The National Endowment for the Humanities (NEH) has designated the Boston Public Library as the first "NEH Learning Library" and awarded a grant of \$261,260 to the Library for its "Boston: An Urban Community" program, which begins in February, 1975.

The designation and announcement were made at a news conference at the Boston Public Library by Dr. Roger Rosenblatt, Director of the Division of Educational Programs, NEH, and Terry Krieger, Administrator of the Endowment's Cultural Institutions Program. Philip J. McNiff, Director and Librarian, accepted the award.

The Library's program has been developed under the Cultural Institutions Program of NEH, a new national program whose purpose is to help libraries, museums, and other cultural institutions become centers of formal humanities education for their communities.

In making the announcement Dr. Rosenblatt said, "It is an honor and a pleasure to see the first grant in this program go to the Boston Public Library. The Library has a fine tradition in imaginative public education, and there could hardly be a more interesting topic for such education than the City of Boston itself. The Endowment is delighted to be a part of this venture."

In accepting the award Mr. McNiff said, "I am grateful for the confidence expressed in the Library by the Endowment and for the chance to bring to the people of Boston an exciting new educational program. I am pleased that once again the Boston Public Library is being asked to take the lead in the public library field."

According to Mr. Krieger, a NEH Learning Library or Learning Museum Program is an educational program that lasts at least three years, may or may not offer academic credit, and is aimed at a diverse audience of prospective learn-

ers and present and former students. The program is organized each year by a theme related to the collection of the library or museum, its geographical area, or an intellectual interest that persons develop as they go about their lives and that may be pursued systematically with the aid of the humanities. TO YOU FROM US

The staff of the *City Record* wishes to extend to all our patrons best wishes for a Merry Christmas and a Happy New Year. To echo our sentiments in a more personal way, we feel an old-fashioned "thank you" is appropriate at this time.

We realize more than ever how important it is to have the friendship and confidence of all our *City Record* readers.

May the coming year bring peace, health, and happiness to you and your loved ones.

theme is treated in several extended group learning activities — lectures, discussion meetings, film showings, interpretative demonstrations — and individual study guidance sessions. Each group learning activity or individual study session is devoted to a topic related to the year's theme.

According to Philip Driscoll, the Library administrator of the "Boston: An Urban Community" program, and Paul M. Wright, the program director, sessions will begin in February, 1975, and continue until May, 1977. Among topics to be included in the first session are a study of the city's political leadership and a survey of its architecture. Thomas O'Connor, professor of history at Boston College, will teach the course in political leadership. The program is free of charge and open to all interested residents of the Boston metropolitan area.

The Boston Public Library has appointed an advisory committee to oversee the program, select the topics for the program's learning activities, evaluate the program, and help recruit teachers for it. The advisory committee, composed of outstanding scholars and teachers from several of the colleges and universities in the Boston area, was announced by Mr. McNiff. Chairman of the committee is David D. Hall, director of the American Studies Program at Boston University. Douglas Jones, lecturer in history at Lowell State College, is

vice-chairman. Other members include David H. Fischer, chairman of the History Department at Brandeis University; Thomas O'Connor, professor of history at Boston College; Barbara Miller Solomon, senior lecturer in history and literature at Harvard University; Stephan Thernstrom, professor of history at Harvard University; Sam Bass Warner, professor of history and social sciences at Boston University; and Alan Weinblatt, professor of English at Boston College.

MASTER MEDICAL HEALTH PLAN EFFECTIVE JANUARY 1, 1975.

Four health plans will now be in effect, namely, Major Medical, Master Medical, Harvard Community, and Medex or O.M.E. (which is for employees who have the hospital and medical part of Medicare).

The overall rates of the different plans are:

Major Medical — Individual, \$27.84; Family, \$76.14.

Master Medical — Individual, \$31.02; Family, \$84.92.

Harvard — Individual, \$28.49; Family, \$72.88.

Medex — Individual, \$12.60.

If the employee is in Medicare (A-Hospital) (B-Medical), he/she must enroll in Medex III.

If either the Master Medical or Harvard rates are higher than the Major Medical rates, the city will only pay 75-65 percent or 50 percent (depending on which group an employee is in) of the Major Medical rates, and 50 percent for Basic Life Insurance. Any additional cost in premiums, for other than Major Medical, will be borne entirely by the employee.

There are no benefit changes for 1975 in the Major Medical or Harvard plan.

Medex benefit changes for 1975 are as follows:

1. Eliminate the \$25 inpatient hospital deductible.

2. Increase inpatient nursing care from \$500 to \$1,000 on an 80-20 percent split with a \$50 deductible.

3. Drug deductible from \$25 a calendar quarter to \$50 a calendar year.

4. Nursing home allowance from \$8 to \$18 a day.

New brochures for all of the plans should be available the latter part of February.

EDWARD W. DONOVAN, *Director*, Health Benefit and Insurance Unit, Room 267, City Hall.

NATIONAL COMPETITION ANNOUNCED BY HUD

The Department of Housing and Urban Development has announced a national competition to select four major localities whose strategies for improving local government efficiency and productivity can serve as models for the nation.

HUD Assistant Secretary Michael H. Moskow said that within two months invitations will be sent to cities and urban counties to submit their project proposals for improving local government productivity in maintenance of parks and recreation facilities and streets and highways. These two municipal service areas were chosen because they present problems common to many local governments and offer signifi-

cant potential for productivity improvement.

Proposals will be judged in part on how well they can be adapted by other urban communities and by the commitment of the local chief executive to the project. The final selections will be demonstrated by the four winning cities.

Case studies will be prepared on the demonstration projects at each site, from which handbooks will be developed to guide local officials in other communities in establishing their own productivity improvement programs in these two areas of municipal responsibility. These handbooks will be available to help state and local governments provide more and better quality services without a commensurate rise in public expenditures.

The National Commission on Productivity and Work Quality will collaborate with HUD in carrying out the project.

The national competition and demonstration program itself will be conducted by Griffenhagen-Kroger, Inc. (GK), of San Francisco under a contract funded by Mr. Moskow's Office of Policy Development and Research. GK will send letters of invitation to cities of more than 250,000 population and large urban counties and will assist HUD in selecting the winners. GK personnel will work with city staff in carrying out the projects and will help transfer the demonstration experience to other cities.

This project is part of HUD's research and demonstration activities in the community management area, the objective of which is to develop, test, and promote the application of new management techniques that will enable local government officials to do a better job in carrying out new management responsibilities under new federalism.

NEW BCH APPOINTMENT

William Schuler of Brighton has been appointed Assistant Deputy Commissioner of Ancillary Services at Boston City Hospital it was recently announced by the Board of Trustees of the Department of Health and Hospitals.

Mr. Schuler came to Boston City Hospital in 1971 as a trainee in Unit Management. Previous to his appointment as Assistant Deputy Commissioner, Mr. Schuler became the coordinator of Unit Management.

As Assistant Deputy Commissioner Mr. Schuler has the administrative responsibility of central supply areas, patient transportation, the pharmacy, and patient support systems and back-up services — some 300 employees. "Working in health care is exciting," says Mr. Schuler. "One deals with an entire spectrum of problems and situations. It is the care we give and people we treat that makes it exciting."

Mr. Schuler received his B.A. from Boston University and is currently enrolled in a M.B.A. program there.

Serving as an infantry officer and intelligence officer from 1969 to 1971 in Vietnam with the Marine Corps, he was awarded the Bronze Star and a Purple Heart.

Mr. Schuler has active membership in the Massachusetts Hospital Association and the Health Care Management Association.

SCHOOL INFORMATION AVAILABLE

The Boston School Information Center, located in the basement of City Hall, is continuing operations on a reduced basis. Parents, teachers, interested citizens, or news media requiring information pertaining to the Boston schools may telephone 227-8885.

Trained operators and school administrators are available to provide information on school attendance, school operations, and Phase Two of the Boston Desegregation Plan.

The center has been streamlined and condensed into a smaller, less costly, but completely efficient center for checking on school news.

SPARE SOME BLOOD?

"The need for blood at the Boston City Hospital is a constant one," according to Ms. Gerry Sprague, R.N. The Blood Bank is one of the most important facilities in the hospital and relies primarily upon volunteer donations.

Any blood type is accepted. The blood bank is located on the ninth floor of the Dowling Building. Donations can be made from 10:00 A.M. to 4:00 P.M. and from 6:00 P.M. to 9:30 P.M. Monday through Friday; from 9:00 A.M. to 4:30 P.M. on Saturday; and from 2:00 P.M. to 9:30 P.M. on Sunday.

Appointments are accepted; call 424-5300.

The Blood Bank is closed on holidays.

SKELETON FORCE

Tuesday, December 24, 1974

Tuesday, December 31, 1974

To All Department Heads and County Officials.

Mayor White has decided to authorize department heads in non-emergency departments to provide for a reduced work force on Tuesday, December 24, 1974, and Tuesday, December 31, 1974.

Department heads may, subject to the operating needs of the department, provide for one half of the work force to be released from duty at 1:00 P.M. on each of the two days. Employees leaving at

1:00 P.M. should forego their lunch hour until that time.

The early release should be distributed as equitably as possible.

EDWARD T. SULLIVAN,
Director.

BOSTON'S FIRST FIREBOAT

An iron fireboat was placed in the service on January 1, 1873, weighing about 55 tons, measuring 75 feet in length, 15 feet in beam, and 7 feet in depth. The power of the machinery was equal in capacity to four first-class fire engines, and in action would play eight streams at one time.

The machinery was built by the Amoskeag Manufacturing Company, and was of the same design as their steam fire engines. The boat, main engine, machinery, and boiler were built by the Atlantic Works, East Boston. The boat was named the "William M. Flanders," and its total cost was \$19,839.95.

TWO BUILDING DEPARTMENT EMPLOYEES HONORED

Two Boston Building Department employees were honored for outstanding service by the Massachusetts Sign Contractors Association at its monthly dinner on Tuesday, December 10.

Supervisory Structural Engineer Philip Chapski and Assistant Zoning Administrator Linda Eng received awards for helping the Association adjust to the new Boston sign code.

"These two individuals went out of their way to make the transition period between the old and new codes an easy one for our members," Association President Alvin Barbour explained. "They spent a lot of extra time explaining the new system and the methods of filing for permits and applications. We just want to show our appreciation for their taking it upon themselves to help us."

Mr. Chapski received a mantel clock and Miss Eng received a Paul Revere silver bowl. The awards were presented at Valle's Restaurant in Braintree.

CITY EMPLOYEES: TAKE NOTE

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

COMMISSION ON AFFAIRS OF THE ELDERLY

PROJECT "BRIGHT EYES"

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertising to the Massachusetts Society for the Prevention of Blindness for the operation of Project "Bright-Eyes" in the City of Boston in an amount not to exceed \$4,300 for the period October 1, 1974, to May 31, 1975.

Project "Bright-Eyes" is a free optical testing program for the elderly conducted weekly during the fall, winter, and spring months with an approximate weekly caseload of twenty persons. The Massachusetts Society for the Prevention of Blindness has experienced cost of \$16 per examination, which includes transportation to and from the examination site, food at the examination site, administrative and professional cost incurred by the Society at the examination site, and follow-up services to those examined.

For the past three years the Massachusetts Society for the Prevention of Blindness has assumed the total cost of this program. It now finds that it can no longer assume the total project cost of \$320 per week. This contract would therefore be used to meet transportation and food cost and those professional costs incurred by the Society. This will amount to approximately 50 percent of the total project cost, or \$150 per week.

It is therefore requested that notice of this contract be dispensed from public advertising in the *City Record*.

Sincerely,
TAYLOR B. WAGENSEIL,
Commissioner.

SENIOR CITIZEN HOME CARE

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertising to Senior Home Care Services-Boston III, Inc., for the planning, development, and implementation of home care services for the elderly in that area of the City of Boston designated Area III in an amount not to exceed \$10,000.

Senior Home Care Services-Boston III, Inc., is one of three officially recognized home care corporations in the City of Boston set up specifically to provide home care services to the elderly. This corporation has been awarded \$39,000 by the United States Department of Health, Education, and Welfare through the state's Department of Elder Affairs. This contract would satisfy the required cash match by the City of Boston. The funds to be used to cover this contract have been appropriated by the City of Boston and passed by the Boston City Council on August 5, 1974, specifically for this purpose.

This contract will provide compensation for the staff of Senior Home Care Services-Boston III, Inc., involved in the planning, development, and implementation of the delivery of homemaker and home health services to the elderly.

It is therefore requested that notice of this contract be dispensed from public advertising in the *City Record*.

Sincerely,
TAYLOR B. WAGENSEIL,
Commissioner.

DEAR MR. MAYOR:

Your permission is hereby requested to award a contract without advertising to Area Two Home Care for Senior Citizens, Inc., for the planning, development, and implementation of home care services for the elderly in that area of the City of Boston designated Area II in an amount not to exceed \$10,000.

Area Two Home Care for Senior Citizens, Inc., is one of three officially recognized home care corporations in the City of Boston set up specifically to provide home care services to the elderly. This corporation has been awarded \$39,898 by the United States Department of Health, Education, and Welfare through the state's Department of Elder Affairs. This contract would satisfy the required cash match by the City of Boston. The funds to be used to cover this contract have been appropriated by the City of Boston and passed by the Boston City Council on August 5, 1974, specifically for this purpose.

This contract will provide compensation for the staff of Area Two Home Care for Senior Citizens, Inc., involved in the planning, development, and implementation of the delivery of homemaker and home health services to the elderly.

It is therefore requested that notice of this contract be dispensed from public advertising in the *City Record*.

Sincerely,
TAYLOR B. WAGENSEIL,
Commissioner.

FIRE DEPARTMENT

LEASING OF HARDWARE

DEAR SIR:

I respectfully request your Honor's approval to award a contract, without public advertising, to the International Business Machine Corporation for the lease of the necessary hardware for a system of computer-aided dispatching of apparatus and information to alarms of fire.

In cooperation with Mr. John Flanagan of the Data Processing Division, Mr. James Clasby of Clasby Associates, consultants to Administrative Services, and International Business Machine Corporation personnel, who are conducting a software study, it was recommended that we lease the necessary hardware at a cost of \$5,370 per month.

Enclosed is a list of the hardware which is to be leased from the International Business Machine Corporation.

Therefore I recommend that International Business Machine Corporation be

awarded a contract for the leasing of hardware at a cost not to exceed \$5,370 per month, and that said contract shall expire at the end of the fiscal year June 30, 1975.

Respectfully submitted,
JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

Enclosed is a copy of your original approval of award of a contract, without public advertising, to the International Business Machine Corporation for the purchase of software for a system of computer-aided dispatching of apparatus and information to alarms of fire.

Since then, and after considerable discussion with Mr. John Flanagan of the Data Processing Division and Mr. James Clasby of Clasby Associates, consultants to Administrative Services, it was found necessary to increase the Fire Department commitment with the International Business Machine Corporation.

To be specific, more detailed programming of our street index file and operational instructions had to be provided, thereby giving us a more fail safe operation.

Therefore, I recommend that the cost of the contract be increased \$6,300 from \$25,000 to a cost not to be exceeded of \$31,300. This is a one-time cost and will be in effect from July 1, 1974, through December 31, 1974.

Respectfully submitted,
JAMES H. KELLY,
Fire Commissioner.

DEAR SIR:

Permission is requested to dispense with public advertising and to enter into a contract with International Business Machine Corporation of Boston for the rental of the following machines at a cost of \$406 per month, the total cost of the contract not to exceed \$4,872 for the period July 1, 1974, to June 30, 1975, inclusive.

One type 0029 model B22, N6050 card punch, \$90 a month.

One type 0029, model B22, N6051, card punch, \$90 a month.

One type 0059, model 002, A6010 verifier, \$86 a month.

One type 0059, model 002, C2978 verifier, \$86 a month.

One type 0082, model 001, 97588 sorter, \$54 a month.

This request is made so that this department may continue to process and implement our fire-reporting system on the premises. In so doing we will eliminate the necessity of transporting original fire documents to and from a central processing bureau with the attendant danger of loss or misplacement. In addition, it will permit speedier and more efficient preparation of the \$150,000 revenue-producing licenses and permits, and an anticipated 40,000 fire reports.

In our opinion no advantage would accrue to the city through publicly advertising for the rental of the above machines since the quoted rates are reasonable and comparable equipment is not readily

available from any other reliable manufacturer.

Very truly yours,
JAMES H. KELLY,
Fire Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

LEASE OF MICROSCOPE

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on May 14, 1973, it was voted to renew the city's contract with the Trustees of Health and Hospitals of the City of Boston, Inc., under which said corporation will lease (lease-purchase) to the City of Boston for use of the Pathology Division at Boston City Hospital one Carl Zeiss Electron microscope, Model 98-2, for the period July 1, 1974, through June 30, 1975 at a cost to the city not to exceed \$6,493.13.

This year's lease shall include a commitment by the Trustees to provide full maintenance, including parts and labor, at an additional cost of \$1,512.50, bringing the total cost of this contract for the year to \$8,005.63.

In January, 1971, the Trustees purchased this equipment from Carl Zeiss Corporation for use at Boston City Hospital since the city was without sufficient budgeted funds to make the purchase itself. Under the terms of this lease and the like agreements executed for the last two years, the city has been leasing this equipment from the Trustees in order to reimburse said corporation at cost for the purchase price of the instrument.

In view of the aforesaid, in my judgment, a substantial saving will enure to the city by leasing this equipment from the Trustees for an additional year. Accordingly, your permission is respectfully request to renew this contract without advertising under the terms stated above.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

WINDOW WASHING SERVICES

DEAR SIR:

At a meeting of the Board of Health and Hospitals held on October 1, 1974, it was voted and approved to award a contract, without advertising, to Boston Window and Floor Cleaning Company for providing window washing services at Boston City Hospital for the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$11,450.

An invitation for bids to provide this service to the Boston City Hospital for the said period was advertised in the *City Record* on May 13, 1974, and bids were publicly opened and read on May 23, 1974.

The bids were as follows:

Boston Window and Floor Cleaning Company, 253 Summer Street, Boston, in the amount of \$22,750; Careful Cleaning Company, 250 Boylston Street, Boston, in the amount of \$25,400.

However, prior to awarding this contract, it was determined that there were not sufficient funds budgeted to meet the low bid of \$22,750. Therefore this department has negotiated with the low bidder, Boston Window and Floor Cleaning Company, for a reduction in services by 50 percent and a modification of the contract amount to a sum not to exceed \$11,450. There are funds available to meet this commitment.

Boston Window and Floor Cleaning Company has rendered window cleaning services to this department in the past and in our opinion they have provided us with excellent service at a reasonable cost. We believe that this proposed modified contract is also at a reasonable cost to the city.

Therefore, in accordance with the authority delegated to me by the Board of Health and Hospitals at its meeting of August 23, 1972, I hereby award this contract to Boston Window and Floor Cleaning Company for the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$11,450. Your Honor's permission is hereby respectfully requested to make this award.

Very truly yours,
FRANCIS E. GUINEY,
Executive Director.

HOUSING INSPECTION DEPARTMENT

LEASE OF SPACE

DEAR MAYOR WHITE:

I hereby respectfully request permission to dispense with public advertising in the city for the leasing of an estimated 750 square feet of space in the building located at 111 Franklin Street, Allston, and to enter into a lease with Donald Cahaly for this space. The premises are needed by this department as a local office in connection with the Mayor's housing improvement program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year, October 1, 1974, to September 30, 1975, with two consecutive options on the part of the city to extend the term for an additional year. The proposed rental fee is \$200 per month.

It is my opinion that nothing is to be gained by public advertising.

Very truly yours,
FRANCIS W. GENS,
Commissioner.

LICENSING BOARD

MY DEAR MAYOR WHITE:

During the past several years, it has been an approved administrative practice that this Board engage the professional services of a public stenographer for the recording and transcribing of its hearings.

A public stenographer has been employed in furnishing these services. A court reporter will be hired from July 1, 1974, to June 30, 1975, and the Board requests your authorization to forego any formal solicitation for bids for these necessary services. It would seem impractical procedure, considering that no prob-

able saving would result by requesting bids and the amicable working relations with all concerned. Civil Service reports no available list on file for the position of a hearings stenographer. This Board has made offers to many public stenographers in the City of Boston in past years, and there were no applicants.

It is not possible at this time to estimate the fee for the current year, the volume of the work varying, as it does, from year to year; however, it is expected that the probable outside cost will not exceed \$5,000 a year. When the cost of the described services appears to exceed the sum of \$4,000, the Board at that time will request your Honor's authorization to amend the projected contract in such additional amount as may be deemed necessary for the balance of the fiscal year.

Your Honor's approval of this request of the Board for a formal contract with Mr. Edward M. Hansbury, 44 Sanford Street, Mattapan, for such services, for a fee not to exceed \$5,000 a year, will be greatly appreciated.

Respectfully yours,
CHARLES L. BYRNE,
Chairman.

CITY COUNCIL

RENTAL OF IBM COPIER II

DEAR MAYOR WHITE:

I respectfully request your written permission to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to the IBM Corporation for the rental of an IBM Copier II for the Boston City Council for the period beginning September 1, 1974, through to June 30, 1975. The total cost shall not exceed \$8,500.

In view of the nature of the service to be engaged, it is my opinion that public advertising would serve no useful purpose.

Sincerely yours,
JOSEPH J. BROGNA,
Staff Director.

MODEL CITY ADMINISTRATION

MENTAL HEALTH PROGRAM

DEAR MAYOR WHITE:

I hereby request authority to dispense with advertising in connection with the award of a contract to the Peter Bent Brigham Hospital in an amount not to exceed \$22,000. The contract will be effective July 1, 1974, through December 31, 1974, and will reimburse the hospital for part of the salaries and other expenses associated with the mental health program at the Brookside Park Family Life Center. This contract epitomizes the expanded commitment of the hospital to the center.

I request such authority because the relationship between the center and the hospital has been an intimate one; the hospital has continually demonstrated the necessary commitment to the Model City Subarea 1 community regarding the development of the center; and the bidding process seems singularly inappropriate for a neighborhood health center contract.

MUSIC PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$5,000 to the Roxbury Federation of Neighborhood Centers, Inc. (the contractor), a nonprofit corporation located at 317 Blue Hill Avenue, Roxbury.

The period of performance shall be October 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a music education program for the youth of Subarea VI. Under the terms of the proposed contract the music program will be conducted at the Robert Gould Shaw House on a daily basis. The program shall include private lessons, a music appreciation course, and the development of a jazz band.

The contractor is recommended to carry out this program because it is a local organization with unique expertise in the field of music education.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be offered in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

DAY CARE CENTER

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$2,500 to the Hawthorne House Day Care Center, Inc., a nonprofit corporation located at 42 Hawthorne Street in the Roxbury district of the City of Boston.

The period of performance shall be from July 1, 1974, through December 31, 1974.

Under the terms of the proposed contract the Hawthorne House Day Care Center, Inc., will operate a day care center for between forty-five and sixty children between the ages of two years and six years. The program will run five days a week, holidays excluded.

Hawthorne House Day Care Center, Inc., is recommended to carry out this program because under three prior contracts awarded by the city it satisfactorily performed similar services to those described in the proposed contract.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

TEENAGE RECREATION PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$9,000 to the Key Men Association, Inc., (the contractor), a nonprofit corporation located at 30 Forest Street, Roxbury.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a recreation program for teenagers in Subarea 3 of the Model Neighborhood. Under the terms of the proposed contract the contractor shall organize and direct a variety of recreational activities including basketball, chess, karate, and arts and crafts.

The contractor is recommended to carry out the recreation program so that the same services provided satisfactorily by the contractor under three prior contracts with the Model City Administration may be continued.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

YOUTH PROGRAM

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$6,666 to the Hattie B. Cooper Community Center, Inc., (the contractor), a nonprofit corporation located at 719 Shawmut Avenue, Roxbury.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the continuation of a comprehensive recreation and youth development program for the residents of Subarea II in the Model Neighborhood. The program will include football and basketball instruction, tutoring, and educational field trips.

The contractor is recommended to carry out this program in order that it may continue to provide to the community a valuable service which is satisfactorily being provided by the contractor under a prior contract with the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

SECURITY SERVICES

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your Honor's written authority to dispense with advertising in the award of a contract to Excelon Securities Services, Inc., 80 Boylston Street, Boston, in an amount not to exceed \$8,055.

The period of performance shall be from July 1, 1974, through December 31, 1974.

Under the terms of the contract Excelon will provide security services for the Model City Administration offices in the Bartlett Building, 2401 Washington Street, Roxbury, and the Kenmore Building, 2414 Washington Street, Roxbury. The hourly guard rate will be \$3.39 per hour.

Excelon Securities Services was selected on the basis of its bid, which was the lowest bid received among the four contractors who were invited to bid. Of the four contractors invited to bid only two replied, Excelon Security Services and La Provida Community Security. The La Provida bid was \$3.50 per hour, while the Excelon bid was \$3.39 per hour.

For the foregoing reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your Honor's written authority to dispense with advertising in the award of a contract to Excelon Securities Services, Inc., 80 Boylston Street, Boston, in an amount not to exceed \$3,696.

The period of performance shall be from July 1, 1974, through December 31, 1974.

Under the terms of the contract Excelon will provide security services to the Model City Administration offices at 11-29 Roxbury Street, Roxbury. The hourly guard rate will be \$3.39 per hour.

Excelon Security Services was selected on the basis of its bid, which was the lowest bid received among the four contractors who were invited to bid. Of the four contractors who were invited to bid only

two replied, Excelon Security Services and La Provida Community Security. The La Provida bid was \$3.50 per hour, while the Excelon bid was \$3.39 per hour.

For the foregoing reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

YOUTH ACTIVITIES

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$5,000 to the Central Roxbury Community Learning Center, Inc., a non-profit corporation located at 46 Woodcliff Street, Dorchester.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of a cultural and recreational program for the youths of Subarea V. Under the terms of the proposed contract the contractor will schedule and conduct a series of cultural and recreational activities for seventy youths from the lower Grove Hall area. Sponsored activities shall include social gatherings, multimedia presentations, and camping trips. One of the major goals of the program shall be to aid the participants in the development of responsible attitudes toward themselves, their families and the society at large.

The contractor is recommended to carry out this program because it has satisfactorily carried out three similar programs under contracts awarded by the Model City Administration in the past and has clearly demonstrated its ability to perform the required services.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connections with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your written authority to dispense with advertising in the award of a contract for services in an amount not to exceed \$7,000 to the Roxbury Multiservice Center, Inc. (the contractor), a nonprofit corporation located at 317 Blue Hill Avenue, Roxbury.

The period of performance shall be from July 1, 1974, through December 31, 1974.

The contract is to provide funds for the operation of an educational center for the youth of Subarea V. Under the terms of

the proposed contract the teen education center will be open Monday through Friday from 9 A.M. to 9 P.M. with programming concentrated between the hours of 3 P.M. and 9 P.M. The program shall include guidance, individual counseling, both educational and vocational, career and educational workshops, tutoring, and the maintenance of a library on career and educational opportunities.

The contractor is recommended to carry out this program because, first, it is a local organization with unique expertise in educational and vocational counseling and, second, it is continuing a valuable program being satisfactorily carried out under a prior contract with the Model City Agency.

Award of this contract is consistent with the city's grant agreement with the United States Department of Housing and Urban Development, which provides that maximum opportunities for employing local residents will be provided in connection with all programs funded by the Model City Agency.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Sincerely,
PAUL PARKS,
Administrator.

IBM MACHINES RENTAL

DEAR MAYOR WHITE:

As Administrator of the Model City Agency, I hereby request your Honor's written authority to dispense with advertising in the award of a contract to the International Business Machines Corporation (IBM), Gateway Center, Newton, in an amount not to exceed \$2,928.

The period of performance will be from July 1, 1974, through December 31, 1974.

Under the terms of the contract Model Cities will lease from IBM one sorter, one card punch, and two data recorders. The machines rent, respectively, for \$59, \$78, \$183, and \$168 per month. The two data recorders are listed at two different monthly prices because they are not identical machines.

IBM is the only supplier of the listed machines providing the necessary desired features. Under previous contracts IBM has provided satisfactory service and equipment. Moreover, the equipment is currently installed and available for use.

For the aforementioned reasons it is requested that the notice requirement of advertising in the *City Record* be waived.

Respectfully,
PAUL PARKS,
Administrator.

LEASING OF PREMISES

DEAR MAYOR WHITE:

As Model City Administrator, I hereby request your Honor's written authority to dispense with advertising in leasing certain premises deemed necessary and convenient, specifically, to provide office space for the Model City staff under a grant contract between the United States Department of Housing and Urban De-

velopment and the City of Boston, Model City Administration.

The premises to be included in the lease are the entire first, second, fourth, and sixth floors, the fifth floor, righthand side only, and the third floor, righthand side only, of the building known as the Bartlett Building, located at 2401 Washington Street, Boston. The term of the lease shall be for 6 months commencing July 1, 1974, and ending December 31, 1974.

The maximum rent payable during the term of the lease is \$7,247.

The lessors of the premises are Mr. Saul Weinstein and Mr. Louis Weinstein, Trustees of Mels Realty Trust, 2401 Washington Street, Boston.

Since these facilities are both adequate and convenient, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
PAUL PARKS,
Administrator.

PARKS AND RECREATION DEPARTMENT

ELM TREE TESTING

DEAR MAYOR WHITE:

I respectfully request your permission to dispense with inviting proposals by public advertising in the *City Record* and to award a contract to Lowden, Inc., 16 Franklin Street, Needham Heights, for the period September 19, 1974, to September 29, 1974, at a total cost not to exceed \$4,000. I am requesting that this contract be executed subject to the Parks and Recreation Department Budget, 1-11-41 (29) Miscellaneous Contractual Services.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Elm trees at this season are going through a biological and physiological change which requires that proper testing of elm trees on the Public Garden and the Boston Common be done between now and the end of September. Therefore this request is of an emergency nature. Attached please find the report from Lowden, Inc., indicating the nature and scope of the work to be performed.

Because of the special nature of the services to be furnished no useful purpose would be served by publicly advertising for bids.

Very truly yours,
ANTHONY E. FORGIONE,
Commissioner.

POLICE DEPARTMENT

RENTAL OF IBM EQUIPMENT

DEAR MR. MAYOR:

I respectfully request your Honor's written authorization to dispense with public advertising and to enter into a contract with the International Business Machine Corporation for the use of the following licensed programs and related optional material for the period commencing July 1, 1974, and ending June 30, 1975.

Program material 5736-XX6, CPU type, No. 3135-60423, monthly charge, \$224.

Program material 5736-LM2, CPU type, No. 3135-60423, monthly charge, \$20.

Program material 5736-CB2, CPU type, No. 3135-60423, monthly charge, \$56.

The total amount for the above listed equipment will not exceed the sum of \$3,600 for the twelve-month period.

This "software" is being acquired as an addition to the IBM equipment already being utilized by this department. In order to maintain the present system of which these additions will become an integral part and to avoid the introduction of additions incompatible with the present system, the approval of this contract with IBM is respectfully requested.

Because of the above it is my opinion that public advertising would serve no useful purpose nor result in any saving to the city.

Respectfully,
ROBERT J. DI GRAZIA,
Police Commissioner.

STRESS COUNSELING PROGRAM

DEAR MR. MAYOR:

As Commissioner of the City of Boston's Police Department, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to Boston University in an amount not to exceed \$6,100 for the period from October 21, 1974, through February 28, 1975.

Award of this contract is made pursuant to the award of the 1972-73 Consolidated Boston Police Department Improvements Grant (Stress Counseling component) received by the city from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the provision of the Omnibus Crime Control and Safe Streets Act of 1968, as amended.

The purpose of the contract is to provide specially designed training to a selected group of Boston police officers in counseling skills and techniques and to begin developing a reservoir of skilled counselors to participate in the Stress Counseling Program.

The Stress Counseling Program, which was initiated on July 1, 1974, has been designed by police officers, is staffed by police officers, and provides help to police officers experiencing personal problems which may have an effect on job performance.

Members of the staff of the School of Education at Boston University have assisted in the development of the program and have a unique understanding of the nature of the program and the kind of training most relevant to police officer/counselors. They have, in addition, developed professional and academic experience in counselor training that is not dependent on the academic experience of the proposed students. This unique aspect of their approach is particularly important to training police officers from a wide variety of backgrounds. Because of the unique training of the program and the type of training required, it is believed that public advertising would serve no useful or practical purpose.

Sincerely,
ROBERT J. DI GRAZIA,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT CRITICAL PATH METHOD SERVICES AT QUINCY AND BARNES SCHOOLS

DEAR MR. MAYOR:

Pursuant to a vote of the Public Facilities Department on June 26, 1974, I hereby request your Honor's written authority to dispense with public advertising, and to award a contract to Systematic Associates, Inc., a Massachusetts corporation, with offices at 163 Highland Avenue, Needham.

Under the terms of the contract, Systematic Associates, Inc., will provide CPM (Critical Path Method) services in connection with the construction of the Quincy School and Barnes School, at a cost for such services not to exceed \$39,560 and \$38,400, respectively, an aggregate cost not to exceed \$77,960, including (a) initial schedule at \$5,800 and \$6,700, respectively; (b) monthly job evaluations at \$12,900 and \$12,040, respectively; (c) cost for target schedule changes at \$1,360 for each project; and (d) weekly job meetings at \$19,500 and \$18,300, respectively.

In view of the professional and technical nature of the services to be performed, it

is believed that public advertising would serve no useful purpose.

Respectfully,
ROBERT J. VEY,
Director.

LEASING OF PREMISES

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide classrooms and office space for the Bilingual Language Department, to implement the Spanish-speaking educational program for non-English speaking students at the Old Boston College High School, James Street, Boston. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The lessor will be Boston College High School, 761 Harrison Avenue, Boston, a Massachusetts nonprofit corporation.

The term of the lease will be from July 1, 1974, through June 30, 1975.

The demised premises will consist of nine rooms, numbered 106, 108, 130, 302, 303, 304, 305, 307, and 403.

The lessor will provide heat, light, and other utilities, full janitorial and custodial services, and off-street parking for seven to ten cars.

The rental for the term of this lease will be \$24,140.40, payable quarterly, at the inception of the quarter, in the amount of \$6,035.10.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in renewing the lease of certain premises deemed necessary and convenient by the Director for Police Department purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of land and garage building thereon at 1 Mt. Vernon Street, Dorchester, consisting in total of approximately 13,056 square feet, and used for police vehicle radio maintenance purposes.

The term of the lease will be for twelve months, beginning July 1, 1974, and terminating June 30, 1975.

The rental for the term will be \$12,660, payable in monthly installments of \$1,055. A tax escalation clause based on the 1970 tax year is also included.

Utilities (exclusive of water and sewer) and heat will be supplied by the lessee.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the Director for Youth Activities Commission purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of three offices, numbered 3, 3A, and 3B, at 1165 Blue Hill Avenue, Dorchester, consisting of approximately 2,200 square feet, and used for the Mattapan area office of the Youth Activities Commission.

The term of the lease will be twelve months, beginning July 1, 1974, and terminating June 30, 1975. There are two options to extend this term included in the lease.

The rental for the term will be \$225 monthly, with the cost of this term not to exceed \$2,700.

Utilities (exclusive of electricity and telephone) and heat will be supplied by the lessor.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in the *City Record* in renewing the lease of certain premises deemed necessary and convenient by the Director for School Department purposes, specifically to provide classrooms to accommodate the influx of students resulting from the closing of St. Gabriel's Grammar School, Washington Street, Brighton.

The premises to be included in the proposed lease are approximately 80,000 square feet, including buildings thereon, excluding that portion of the building known as St. Gabriel's Parish Rectory, located at Washington Street, Brighton.

The lease includes heat, light, and custodial services. The term of the lease shall be from July 1, 1974, to June 30, 1975. The rent will be \$67,500, payable in monthly installments of \$5,625. The lessor of the aforementioned premises is the Roman Catholic Archbishop of Boston.

Since these facilities are both adequate and convenient, it is not believed by the writer that public advertising would be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

DEAR MAYOR WHITE:

Under a delegation of its power from the Public Facilities Commission to the Director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in extending the lease of certain premises deemed necessary and convenient by the Director for Offices of the Mayor's Co-ordinating Council on Drug Abuse — T.A.S.C.A. purposes. There is a further delegation of power from the Commission to the Director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of three former retail stores and basements thereof, located at 554-556-558 Washington Street, Codman Square, Dorchester, the first floor areas totaling approximately 4,200 square feet.

The term of the lease will be twelve months, beginning July 1, 1974, and terminating June 30, 1975. The lessor additionally grants the city options to extend the lease for three twelve-month periods upon giving notice to the lessor as specified in the lease.

Rental for the term will be payable at the rate of \$920 monthly. The lessor will pay water and sewer charges, but the lessee will pay all other utilities.

Since these premises have proven both adequate and convenient, the writer feels public advertising would not be useful in this instance.

Very truly yours,
ROBERT J. VEY,
Director.

EMERGENCY DEMOLITION PROCEDURE

DEAR MR. MAYOR:

The existing building owned by the City of Boston, and formerly known as Fire Department Engine Company 36, at 44 Monument Street, Charlestown, as a result of extensive fire damage, has been declared by the Public Facilities Department as structurally unsafe and condemned. Further, the Boston Fire Department has advised me that, because of the extent of the fire damage, this building, in its present condition, constitutes an extreme danger and hazard to persons and property. It is therefore recommended that immediate demolition of this building and removal of all debris should be accomplished by emergency procedure.

Because of the exigency of the situation, I requested and received written approval from the Massachusetts Department of Labor and Industries to dispense with the requirements of section 44A of chapter 149, G.L. as it pertains to public advertising, providing we obtain prices from at least three contractors normally engaged in this type of work. Having invited reputable contractors to submit bids for this demolition work, I received contract proposals from four contractors as follows:

John J. Duane Company, Inc., \$8,400;
James G. Grant Company, Inc., \$9,600;
Peter Ruggiero Company, Inc., \$11,500;
Duane Corporation, \$12,500.

Your Honor's written approval, therefore, is respectfully requested, in recognition of the fact that an emergency situation exists, and to authorize the dispensing with public advertising for bids and to award a contract, without advertising, to John J. Duane Company, Inc., 600 Southern Artery, Quincy, for an amount not to exceed \$8,400.

Very truly yours,
ROBERT J. VEY,
Director.

CLAIMS APPROVED

The Mayor, on recommendation of the Corporation Counsel, has approved the following votes of the City Council Committee on Claims:

To settle for \$43 the claim of Herbert Von Euw, 101 Perham Street, West Roxbury, to be reimbursed for damages as a result of a sewer backup onto his premises located at the above-mentioned address, February 3, 1973.

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR MODERNIZATION OF LIGHTING AT THE WASHINGTON IRVING SCHOOL, 114 CUMMINS HIGHWAY, ROSLINDALE, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for modernization of lighting at the Washington Irving School, 114 Cummins Highway, Roslindale, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, January 14, 1975, at the office of the Awarding Authority, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$3,250. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no

award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do.

ANTHONY L. GALEOTA,
Chief Structural Engineer.

MASSACHUSETTS BAY TRANSPORTATION AUTHORITY

500 ARBORWAY, BOSTON, MASSACHUSETTS 02130

PROPOSALS TO LEASE NEWSSTAND CONCESSION AREAS, VARIOUS LOCATIONS WITHIN MBTA SYSTEM.

Pursuant to the provisions of General Laws, chapter 161A, section 5(e), the Massachusetts Bay Transportation Authority invites proposals to lease newsstand concession facilities at the following locations within the Authority's system: Ashmont, Harvard (inbound), Park (northbound), Government Center, Summer Street, Washington, Fields Corner, Forest Hills, Orient Heights, and Everett.

The agreement shall be for a period of not more than five years and will contain such other terms and conditions usual in Authority agreements. The successful bidder will be required to post a performance bond equal to one year's rent.

The available areas shall be leased in their present condition, and the lessee shall keep the entire interior and exterior of the facilities clean and orderly. These facilities shall be used for the sale of newspapers, magazines, candy, gum, cigarettes, cigars, and other related products as approved by the Authority. The lessee shall pay, when due, all charges for utilities. The lease shall not be construed so as to grant lessee so-called exclusive privileges for the sale of these products throughout the system.

The lessee shall, prior to occupancy, procure at its own expense liability insurance to indemnify the Authority against any claims, suits, or causes of actions that may arise out of the use of the leased premises by the lessee, its servants, agents, or employees and/or its customers in an amount satisfactory to the Treasurer-Controller.

The lease shall be terminated by the Authority on thirty days written notice should one or more leased areas be needed for construction purposes, or on ninety days notice by either party.

Lessee shall submit an annual financial statement, prepared by a licensed or certified public accounting firm, to the Authority within sixty days of the close of their fiscal year.

The cost of any improvements, repairs, or construction, approved in advance by the Authority for a specific location, shall be reimbursed to the lessee on a pro rata basis during the term of the lease should the Authority exercise its right to reclaim said area for construction purposes.

Information on this bid proposal may be obtained from Mr. Walter F. Henneberry, Jr., Supervisor of Concessions, at 500 Arborway, Jamaica Plain, Mass., or by calling 722-6329.

Proposals will be accepted for lease of all newsstand facilities or for lease of one or more locations.

Proposal in sealed envelope, marked "Bid—Newsstand Concession Areas," will be received at the office of Mr. John R. Launie, Treasurer-Controller, MBTA, 500 Arborway, Jamaica Plain, Mass. 02130, until 11 A.M., Boston time, December 27, 1974, at which time they will be publicly opened and read aloud.

The Authority reserves the right to refuse to accept any and all proposals and to take other action if it finds that sound reasons in in the public interest so require.

JOHN R. LAUNIE,
Treasurer-Controller.

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

HON. KEVIN H. WHITE, MAYOR OF BOSTON

GERALD F. O'LEARY
PRESIDENT, CITY COUNCIL

VOL. 66

MONDAY, DECEMBER 30, 1974

NO. 52

Consumers' Council Studies Supermarket "Specials"

Mayor Kevin White has reported that a preliminary study by the Boston Consumers' Council of advertised supermarket "specials" shows that of twenty-five stores visited during the past month eighteen either did not have some of the advertised products on the shelves or had items marked at other than the sale price.

Branches of the A & P, First National, Capitol, Liberty Market, Purity Supreme, Star Market, and Stop & Shop chains were included in the survey. Only Capitol and Purity Supreme had all advertised items at the specified prices.

"I requested that the Consumers' Council undertake this survey in order to determine if and where the consumer is being hit with unnecessarily higher food costs due to intentional or unintentional misrepresentation," Mayor White said. "This is one area involving inflation which I as Mayor can control through legal action if necessary."

"I am pleased to report, however, that, when informed of the survey's results, top management at the stores involved were responsive to this criticism and promised strong remedial action. Also, they have agreed to offer at sale price an equivalent or higher-priced item if the advertised brand has been sold out or to offer a raincheck on the item if the customer prefers."

The Mayor said that it appeared that most of the discrepancies which occurred were unintentional; however, the Consumers' Council would continue to monitor the stores and take legal action, if necessary, "because this situation is costly to the consumer regardless of whether or not it is intentional."

The survey was conducted last month by the eleven neighborhood-based investigators of the Boston

Consumers' Council. The investigators were sent into the stores to see if items advertised in the newspaper were actually available at the advertised prices.

Richard A. Borten, executive director of the Consumers' Council, said, "We found meat advertised at 88 cents a pound selling at \$1.05, cold medicine advertised at 99 cents selling for \$1.45, and cans of baked beans that were advertised at three for \$1 selling for 47 cents each."

Mr. Borten said that, in most instances, price differences were corrected immediately in the presence of the consumer investigator, but a few times investigators returned to the store after the manager had promised to correct a price and found that no changes had been made.

"The willingness of most managers to make these changes seems to indicate that the majority of the discrepancies are honest mistakes," he said. "Most consumers, however, do not carry the advertisements with them or are reluctant to speak up to the store manager and end up paying the higher prices for the item or not being offered an

equivalent item if they find that the store is out of the one which has been advertised."

The price discrepancies found, whether intentional or unintentional, violate the provisions of the state's Consumer Protection Act, chapter 93A of the Massachusetts General Laws. The law makes it a deceptive practice to fail "to have available at all outlets listed in the advertisement a sufficient quantity of the advertised product to meet reasonably anticipated demands, unless the advertisement clearly and adequately discloses that supply is limited and/or the product is available only at designated outlets."

REDUCED CAB FARES FOR ELDERLY

New taxicab discounts for the elderly of the city became available on December 9, the Mayor's office announced.

The 20 percent taxi discount coupons, which were secured through the Mayor's office, can be purchased at the South Boston Little City Hall, 443 West Broadway.

All Boston residents age sixty-five and older are eligible for the discount. Coupon books are purchased for \$4, and they contain \$5 worth of taxi coupons. They can be purchased by check, cash, or money order and can be used in

payment for cab fares in any Boston cab anywhere within the city limits.

Taxi coupons are cash equivalents and must be honored by all Boston cab companies and drivers.

Proof of age and residency is required at the time of purchase of the coupons. An MBTA card or driver's license is suggested. For further information call the Mayor's Elderly Hotline, 722-4646.

BOSTON AWARDED LOW INTEREST RATE ON SHORT-TERM BONDS

The City of Boston has negotiated a \$10 million short-term bond issue at a low interest rate of 5.5 percent for capital improvements of schools, streets, sidewalks, and hospitals, it was announced on December 17, by City Treasurer James V. Young.

The issue is in terms of anticipation notes for a long-term bond issue next March when it is expected the national high interest rates on such financing will be down. It was awarded after competitive bidding to the First National Bank of Boston.

The 5.5 percent interest for Boston was in contrast to the 9.48 percent rate New York City recently paid and the 7.4 percent charged Philadelphia on a short-term note issue.

Mr. Young said the city usually issues \$30 to \$40 million in bonds at the end of each year. However, this year, with the high interest rates in the market, Boston determined to go short term to buy time for the rates to lower.

Assuming that economic forecasts for a decrease are accurate, Boston will be in the position of buying twenty-year issues for the full amount and having \$10 million to pay off the short term.

The interest rate of 5.5 percent will mean a substantial savings to Boston taxpayers. It is a demonstration of continued investor confidence in Boston's much improved financial condition. The city's bond rating has been upgraded twice in the past eighteen months.

SENIOR CITIZENS RECEIVE DISCOUNT BOOKLET

Boston's senior citizens got a Christmas present from Mayor White last week that could save them hundreds of dollars each year.

The Mayor's Commission on the Affairs of the Elderly has put together a list of some 200 retail establishments that have agreed to offer discounts ranging from 5 to 50 percent to Boston residents over sixty. Mayor White gave the booklets to some 4,000 elderly residents who attended his annual Christmas party for the elderly at Hynes Auditorium (December 18). Other older Bostonians who would like to receive the booklet and identification card can get them free at any Little City Hall or at the offices of the Commission on the Affairs of the Elderly, Room 271, City Hall.

"In this time of spiraling inflation," Mayor White said, "our elderly residents living on fixed incomes are hurt most. We hope that these discount offers will help in some way to combat the effects of inflation on our older citizens."

The Mayor said that the booklet will be updated in six months, and he expected that another 200 establishments at least would be added to the list at that time. The discounts are offered to seniors with proper identification every time they frequent the listed establishments.

At the same time the Mayor's Commission on the Affairs of the Elderly launched a massive public service campaign to inform the city's elderly of the services and programs available to them and to acquaint them with the Mayor's Elderly Hotline, 722-4646. The hotline is staffed by elderly people who are able to answer questions or make referrals regarding city, state, federal, and private programs for senior citizens.

"Through this advertising effort, which includes public service radio and TV spots as well as newspaper ads, we are trying to reach the thousands of older Bostonians who are unaware of the services available to them and therefore do

DAY CARE CENTER OPERATORS; PLEASE NOTE

The following letter to the operators of day care centers in the Boston area is from Carol Chandler, Deputy Administrator of the Mayor's Office of Human Rights:

A number of City of Boston employees have recently requested information from the Mayor's Office of Human Rights concerning day care programs for children between the ages of three and six. In order to determine if we would be able to support a day care center for city employees' children in the City Hall area and the feasibility of such a venture, we would greatly appreciate your cooperation in answering the following questions and returning the information to the Mayor's Office of Human Rights, Room 206, Boston City Hall. 02201.

not take advantage of these benefits and programs," said Taylor Wagen-seil, Commissioner of Elderly Affairs.

"Providing programs is not enough if the people they are designed to help are not aware of their existence. Less than 15 percent of our older population take advantage of city programs designed for their benefit."

UCPC ELECTS ELENA BIANCO

Elena Bianco of Boston, office manager, Mayor White's office, was elected to serve a one-year term on the Advisory Board of the Voluntary Action Center at United Community Planning Corporation.

United Community Planning Corporation (formerly United Com-

munity Services of Metropolitan Boston) is a nonprofit citizen-led human services planning and research organization for sixty-seven Massachusetts Bay area cities and towns, including Boston.

The Voluntary Action Center serves agency volunteer programs through workshops, training, and consultation, and places individuals and groups wanting to volunteer their time in service opportunities within the metropolitan Boston area.

As the official planning partner of the United Way of Massachusetts Bay, from which it receives its primary financial support, UCPC works with a wide variety of persons, community and minority groups, and public and private organizations toward a common goal—the overall improvement of human services policies and delivery systems.

INTERESTED IN BOATING?

Now taking registration for a course in basic navigation, the Hayden Planetarium at Boston's Museum of Science says it's not too soon to prepare for the boating you'll want to do when warm weather arrives.

The course, which begins Wednesday, January 8, is designed for beginners who have some familiarity with sail- or powerboats. It will teach the use of navigational instruments, aids, and systems, and procedures to follow at night and on occasions of low visibility.

The course will include sessions on how to plot a course, the methods of navigation suitable for along-shore and offshore ventures, and a brief discussion of celestial navigation. The course is a prerequisite for the museum's advanced course in celestial navigation, given in the spring.

The instructor is Waldo Holcombe, an experienced yachtsman and teacher.

Basic Navigation meets for eight Wednesday evenings, from 7:30 to 9:30. The fee is \$26 with a \$4 discount for Museum family and contributing members.

To register, call the Planetarium Course Registrar at 723-2500 extension 274.

MBTA WINTER TIMETABLE

The Massachusetts Bay Transportation Authority has announced that the new winter timetables became effective on Saturday, December 28.

Printed timetables are available at the Park Street Information Booth, MBTA carhouses and garages, and the Customer Service Center, 45 High Street, Boston.

One of the significant developments in Boston since 1880 has been the development of adult education. Many wish to take advantage of opportunities which for one reason or another they missed in earlier life. The great majority of participants have found the evening classes a worthwhile endeavor.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

PUBLIC WORKS DEPARTMENT

WEATHER FORECASTING

DEAR MR. MAYOR:

Snowstorms, heavy rains, and high winds create a number of problems for this department.

These problems can only be coped with by adequate preparations before the start of the storm. Accurate forecasts make the difference in being ready when it is necessary to spread salt on icy streets, plow snow, or to control drainage for flood operations, or to have the city tied up by a delay in the start of these operations.

The National Weather Services had not been able to furnish the type of forecasting we require because of the lack of personnel, so for a number of years the city has depended on a private firm, Weather Services, Inc., who have given satisfactory service.

Accordingly, your permission is requested to dispense with public advertising and award a contract to Weather Services, Inc., of 131A Great Road, Bedford, for weather information and consultation from July 1, 1974, to June 30, 1975, not to exceed the amount of \$2,600.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner.

SUMMER STREET BRIDGE REPAIR

DEAR MR. MAYOR:

The Summer Street Bridge over the Fort Point Channel was repaired and strengthened in 1966 to remain in a safe condition for a period of five years. It was anticipated that before the five-year period had elapsed a new bridge with a fixed span would be built to replace the existing structure. As the plans for this area have still not been finalized, the condition of the bridge again becomes a cause for concern.

The Universal Engineering Corporation of Boston has submitted a proposal for engineering services required to prepare a condition report and preliminary cost estimates for remedial work on the subject structure.

Accordingly, your permission is requested to dispense with the public advertising and award a contract to Universal Engineering Corporation, 100 Boylston Street, Boston, for an amount not to exceed \$12,500.

Very truly yours,

JOSEPH F. CASAZZA,
Commissioner.

RENT CONTROL ADMINISTRATION

DEPARTMENT SERVICES

DEAR MAYOR WHITE:

I respectfully request your approval of the award without advertising of a con-

tract to the Julian R. McDermott Corporation for services during the period beginning July 1, 1974, and ending June 30, 1975.

1. To continue the system of forms, procedures, and programs for record keeping by computer to serve the needs of the administration in the areas of registration, rent adjustment, evictions, and management; and to provide for property status information, automated correspondence, actions monitoring, statistical management information, statistical rent and expense guidelines, and computer data retrieval.

2. To continue the computer programs required to generate documents and reports for the above system, including a registration log, an eviction docket book, a rent adjustment docket book, mailing labels, and computer printed notices.

3. To provide keypunching, computer operation, equipment rental, and supplies of forms as required to accomplish regular production of the required documents and reports.

4. To originate procedures to be followed by administrative personnel for feeding information to the computer system, requesting reports, and utilizing the computer outputs; also to train personnel in these procedures.

The total cost for these services will not exceed \$72,000.

Inasmuch as Mr. McDermott and members of the above firm have worked intensively with the Boston Rent Control Administration since 1973 and are thoroughly familiar with the problems of record-keeping for Boston real estate; since they are expert in the data processing area and offer a competence in economics and real estate as well; and since the hourly rates of payment proposed are substantially below prevailing published rates for similar services, public advertising would serve no useful purpose, and in the best interests of the city I recommend approval of this request.

Respectfully submitted,

JAMES F. OLIVER,
Acting Administrator.

SAFE STREETS ADVISORY COMMITTEE

ALCOHOL DETOXIFICATION PROJECT

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee, I respectfully request your written authority to dispense with advertising in a contract award to the Boston Alcohol Detoxification Project, Inc., in an amount not to exceed \$34,214, for the period January 1, 1974, to December 31, 1974.

The contract is made pursuant to a grant received by the City of Boston from the National Institute of Law Enforcement and Criminal Justice, United States Department of Justice, Law Enforcement Assistance Administration, under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

Under the terms of the contract, the Boston Alcohol Detoxification Project, Inc., will continue to evaluate the effects of the decriminalization of public drunkenness and the establishment of detoxification centers on the criminal justice system in the City of Boston.

This research and demonstration project has been planned, developed, and implemented by members of the planning staff of your Safe Streets Act Advisory Committee. The Boston Alcohol Detoxification Project became a private, non-profit corporation under Massachusetts General Laws on January 19, 1972, effective October 26, 1971.

The Board of Directors of the Boston Alcohol Detoxification Project, Inc., is composed of individuals with experience in the field of alcohol abuse and alcoholism. Of special significance, all members are familiar with the institutions of criminal justice and the agencies of health service which respond to the problem drinker. In addition, several members are either recovered alcoholics or residents of the South End of Boston. Board members include William J. Taylor, Superintendent-in-Chief, Boston Police Department; Mr. John J. Donahue, Executive Director, Hope House; and Mr. Donald F. Taylor, Associate Area Director of the Boston University Mental Health Center.

In view of the professional services required to perform the terms of this contract, it is believed that public advertising is not advisable.

Respectfully,
DONALD B. MANSON,
Executive Director.

ALLSTON-BRIGHTON AREA PLANNING
ACTION COUNCIL

DEAR MR. MAYOR:

As Director of the Mayor's Safe Streets Act Advisory Committee, I respectfully request your Honor's written authority to dispense with advertising in the award of a contract to the Allston-Brighton Area Planning Action Council, Inc., in an amount not to exceed \$60,000, for the period September 23, 1974, to September 19, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice and under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

Under the terms of this contract, the Allston-Brighton Area Planning Action Council, Inc., will begin to conduct a community-based security program at the Commonwealth Housing Development in Allston. This program will focus on developing a more cohesive community within the development in order to encourage tenant participation in crime prevention efforts and cooperation with the local police. Separate components dealing with the specific security-related problems of the young, senior citizens,

and minority residents will be included within the total program.

The Allston-Brighton Area Planning Action Council, Inc., has provided diverse social action programming within this community for the last several years. They have established considerable credibility with the local residents and have developed a significant expertise in effective program implementation and operation.

The Allston-Brighton APAC operates a variety of social health and welfare programs in this community, many of which will be beneficial to the operation of this community security program at the commonwealth development.

In addition, the experience in sound fiscal management gained in operating these programs places the APAC in a singular position within the community in terms of assuring compliance with our fiscal control requirements.

Because of both the unique professional services and community support required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

YOUTH EMPLOYMENT PROGRAM

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the Roxbury Contributors Fund, Inc., 70 Warren Street, Roxbury, in an amount not to exceed \$80,000, for the period October 1, 1974, to September 30, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

Under the terms of this contract the Roxbury Contributors Fund will operate a program to employ youths from the Mission Hill and Mission Hill Extension Developments to perform security-related repairs in the two projects. This program will provide delinquency preventive opportunities for young residents of the two developments while at the same time increasing the safety of the tenants' environment due to the security-related repairs performed by the program enrollees.

The Roxbury Contributors Fund, Inc., is one of the Youth Resource Centers (YRC) affiliated with the Boston Youth Activity Commission. The YRC is a neighborhood-based advocate for young people who are in need of counseling or other referral services. The expertise they have developed in providing counseling and leadership development among the young people of the area which the YRC covers and their knowledge of both

the Mission Hill and Mission Hill Extension communities places them in a singular position within the community in terms of successfully operating and maintaining this program.

Because of the unique services required to perform the function of the contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

TENANT SUPERVISOR

DEAR MR. MAYOR:

As Director of your Safe Streets Act Advisory Committee, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the Boston Housing Authority, Congress Street, Boston, in an amount not to exceed \$10,050, for the period October 1, 1974, to September 30, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Boston Housing Authority to hire a tenant supervisor for the voluntary resident program being developed at each of four housing projects in Boston (Columbia Point, Mission Hill, Mission Hill Extension, and Commonwealth).

The Boston Housing Authority, in conjunction with MSSAAC, has begun a concentrated effort to improve the safety of the tenants' lives at four selected developments. The Authority, through its central security office, has begun the implementation of a resident patrol at these developments as an integral part of this effort.

Because of the unique services required to perform the function of the contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
DONALD B. MANSON,
Executive Director.

LEGAL ASSISTANCE

DEAR MR. MAYOR:

As Director of the Mayor's Safe Streets Act Advisory Committee, I respectfully request your Honor's written permission to dispense with public advertising in the award of a contract to the Boston Legal Aid Society, Inc., 27 School Street, Boston, in an amount not to exceed \$40,000, for the period January 1, 1975, through March 31, 1975.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Governor's Public Safety Committee under the Omnibus Crime Control and Safe Streets Act of 1968 (P. L. 90-351), as amended by the

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Omnibus Crime Control Act of 1970 (P. L. 91-644).

The purpose of the grant is to allow the Boston Legal Aid Society, Inc., to continue to provide legal assistance, counseling, preventive education, and outreach to juveniles in the South Boston and Dorchester District Court areas.

The current BLAP staff consists of attorneys, early diversion placement specialists, and a number of law students who operate out of outreach offices located in housing projects in the South Boston and Dorchester areas. Besides providing legal assistance and counseling to a substantial caseload of juvenile clients, BLAP staff members have worked effectively within these communities to develop better resources for youth and to advocate needed changes in the juvenile court system, have worked with local tenants, alcoholism and community schools programs, and have been active in various phases of the desegregation planning process.

BLAP is in a unique position to deliver this broad spectrum of services to these communities for a number of reasons. First, BLAP has been, and continues to be, the only legal assistance program with local offices in the community, a feature which provides them with a great degree of visibility and credibility. Secondly, their long history of successful involvement in South Boston and Dorchester is widely respected by all segments of the community.

BLAP is now seeking a fourth year of funding under LEAA, seeking funds to continue and upgrade existing programs and also to expand its operations into the Dudley Street area of Roxbury. Because of their proven ability to provide needed services, I respectfully request that competitive bidding requirements be waived for the Boston Legal Aid Society, Inc.

Respectfully,
DONALD B. MANSON,
Executive Director.

SCHOOL DEPARTMENT

MILK

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without public advertising to H. P. Hood, Inc., for one-half-pints of homogenized milk during the period June 26, 1974, through August 2, 1974, at a cost not to exceed \$6,513.75.

The contractor shall deliver milk to twenty Serel school centers under Title I.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, the public interest would not be served by public advertisement for bids.

Awarded to company having contract for school year.

Very truly yours,
LEO J. BURKE,
Business Manager.

IBM PROGRAM PRODUCTS

DEAR MR. MAYOR:

Your authorization is requested for the award of a contract without public advertising to International Business Machines Corporation for IBM program products during the period July 1, 1974, through June 30, 1975, at a cost not to exceed \$7,100.

The contractor shall deliver IBM program products as set forth in contract.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, the public interest would not be served by public advertisement for bids.

Very truly yours,
LEO J. BURKE,
Business Manager.

COMMUNITY RELATIONS CONSULTANT

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Mr. Richard H. Murch of 20 Weeks Avenue, Roslindale, for the Title I, ESEA Community Relations Department as a consultant funded by HEW, Title I, ESEA.

This contract to extend from September 1, 1974, through June 30, 1975, at a cost not to exceed \$16,400.

The contractor shall (1) act as a liaison between the Community Relations Department and the Parent Advisory Council; (2) assist in related services funded by Title I to the Parent Advisory Council; (3) will be a liaison between the Title I Department, schools and parents; and under the direction of the Assistant Director or Community Relations, will help implement all phases of the Community Relations Department; will maintain a daily log of activities to be submitted to the Assistant Director in charge. The advisor will also submit a monthly report to the Office of the Superintendent of Schools detailing his monthly activities. Finally, the Community Relations Advisor will provide legal expertise wherein needed.

The contractor has business experience as a news reporter for the *Record American* from 1955 through 1963; educational experience, teacher in Boston Public Schools, 1963, 1964, and 1965; community relations experience, consultant to the Community Relations Department, Title I, 1971 to present; administrative assistant to Boston School Committee during 1970-71; guidance supervisor at Massachusetts Half-Way House, Inc., Boston, Massachusetts, from 1966 through 1968; manager in Department of Adult Education and Recreational Activities for the South End from 1970 through the present; instructor at Boston State College from September, 1974 through present.

The contractor's education is as follows: Boston College High School, 1951-55; Boston College, A.B., 1956-60; New England School of Law, J.D., 1960-63, also

member of State and Federal Bar Associations.

It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed (as enumerated above).

This agreement is to be executed without an appropriation under the provisions of G.L., c. 44, s. 53A and is to be made subject to the receipt of funds under grant from HEW Title I, ESEA.

Very truly yours,
EDWARD J. WINTER,
Secretary.

CLINIC NURSE

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Mrs. Elizabeth Jane Hanlon, R.N., of 233 Vermont Street, West Roxbury, for the Title I, ESEA Health Team funded by HEW, Title I, ESEA.

This contract to extend from September 1, 1974, through June 30, 1975, at a cost not to exceed \$12,510.

The contractor shall (1) contact community clinics where participants live; (2) assist families in attending and registering as one-family unit in a health clinic; (3) arrange and set up appointments for physical examinations; (4) consolidate all health records from agencies where child has been treated; (5) work with paramedics in explaining needs of families and demonstrate, where needed, any medical treatment prescribed; (6) share health information with principals, school nurses, parents, and community agencies.

The contractor is a graduate of Girls' Latin School (1944) and Faulkner Hospital School of Nursing with an R.N. diploma (1947). It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed.

This agreement is to be executed without an appropriation under the provisions of G.L., c. 44, s. 53A, and is to be made subject to the receipt of funds under grant from HEW, Title I, ESEA.

Very truly yours,
EDWARD J. WINTER,
Secretary.

DEAR MR. MAYOR:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Board of Superintendents, I request your authorization for the award of a contract without public advertising to Mrs. Priscilla Blount of 7 Outlook Road, Mattapan, for the Title I, ESEA Health Team, funded by HEW, Title I, ESEA.

This contract to extend from September 1, 1974, through June 30, 1975 at a cost not to exceed \$13,500.

The contractor shall (1) coordinate and direct a Title I health education program for parents and teachers; (2) identify Title I children in need of health services; (3) refer identified children to doctors, dentists, social agencies, and comprehensive health clinics; (4) follow up cases; (5) keep records of services performed; and (6) conduct health training program for parents of Title I children.

The contractor has an AB degree from Norfolk Division, Virginia State College, Norfolk, Virginia, 1962, study towards MA at Teachers College, Columbia University, New York, N.Y., summer of 1965. It is the determination of the School Committee that the public interest would not be served by public advertisement for bids because of the unique nature of the services to be performed.

This agreement is to be executed without an appropriation under the provisions of G. L. c. 44, s. 53A and is to be made subject to the receipt of funds under grant from HEW, Title I, ESEA.

Very truly yours,

EDWARD J. WINTER,
Secretary.

Very truly yours,
EDWARD J. WINTER,
Secretary.

YOUTH ACTIVITIES COMMISSION

DEAR MR. MAYOR:

As Director of the Youth Activities Commission, I respectfully request your Honor's written permission to dispense with public advertising, and to award a contract to National Center for Dispute Settlement of 1212 16th Street, North West, Washington, D. C. 20036, in an amount not to exceed \$13,000, for the period August 7, 1974, through October 31, 1974.

Award of the contract is made pursuant to a grant received by the City of Boston from the Law Enforcement Assistance Administration through the Massachusetts Committee on Criminal Justice under the Omnibus Crime Control and Safe Streets Act of 1968 (P.L. 90-351), as amended by the Crime Control Act of 1970 (P.L. 91-644) and the Crime Control Act of 1973 (P.L. 93-83).

The purpose of the grant is to allow National Center for Dispute Settlement to supply consultants for the City of Boston School Department and the Youth Activities Commission in organizing for school desegregation.

National Center for Dispute Settlement was chosen because of national experience and reputation in dealing with school desegregation matters in large cities.

Because of the unique services required to perform the function of this contract, it is believed that public advertising would serve no useful or practical purpose.

Respectfully,
PAUL McCaffrey,
Executive Director.

In the past century the number of United States Post Offices providing city mail delivery services rose from 87 to more than 6,200.

FIRE DEPARTMENT ORDERS

December 6.

General Order No. 56

I. FIRE ALARM BOX INSTALLED

The following fire alarm box has been installed, and company commanders shall add it to circuit card No. 23:

13-2978, Rockingham Glen, 40 Rockingham Avenue.

II. FIRE ALARM BOXES ESTABLISHED

In the near future the following fire alarm boxes will be installed. The circuit numbers will be announced at that time.

13-1451, Daughters of St. Paul Book Store and Convent, 170 Tremont Street. (Add to assignment card 1451.)

213, Ladder House No. 4, 174 Dudley Street. (Assignment for Box 213 will be the same as for Box 2127.)

III. CHANGE IN DESIGNATION OF FIRE ALARM BOX

The designation of the following box has been changed, and company commanders shall make the change on the assignment cards:

12-2448, Theodore Roosevelt School, 61 School Street.

IV. INCIDENT TYPE CODE MANUALS

A new and revised Incident Type Code Manual will be distributed to each company with this order. This code manual is issued as Fire Department property and shall be kept in company quarters. This manual is intended primarily for internal use; however, it was also designed to include the requirements of a national fire data system of uniform coding and reporting.

Company officers shall familiarize themselves with this coding. In the near future a procedure of using these coded numbers for reporting incidents via department radio will be adopted.

This code does not become effective until January 1, 1975.

V. HIGH COMMENDATIONS

At 2219 hours, November 24, 1974, the department responded to 256 Columbus Avenue, District 4, the scene of a three-car collision. Two of the vehicles were almost completely involved in fire, with the driver of the last car caught in the vehicle. The gasoline from the vehicles was on the street burning around the vehicles, and the tires were exploding from the fire, thus helping the spread of fire.

Fire Fighters James B. Fitzgerald, Ernest A. LaPorte, and Eugene P. Irwin of Engine Company 7 tried, with the protection of a line, to rescue the man who was still in the car, but the fire drove them away. Their efforts were further hindered by the fact that the man fought against them in their attempts to remove him from the car.

Fire Fighters LaPorte and Irwin of Engine Company 7, now assisted by Fire Fighter Francis X. Baxter of Ladder Company 17, forced the passenger door of the car and fought off the man's resistance and forcibly pulled him from the car, all

the time being in serious danger of being enveloped and burned in the fire.

The Fire Commissioner is pleased to highly commend Fire Fighters Francis X. Baxter of Ladder Company 17, and James B. Fitzgerald, Eugene P. Irwin, and Ernest A. LaPorte of Engine Company 7 who were exposed to great personal risk in their successful rescue of this man. Their cases are referred to the Board of Merit for further consideration.

VI. LETTER OF APPRECIATION

The following letter is published for the information of the department.

"November 19, 1974.

DEAR COMMISSIONER KELLY:

On October 25, Boston firefighters, members of Local 718, held a very successful tag day throughout the City of Boston for the Greater Boston Chapter of Muscular Dystrophy. Through their fine planning, organization, and most of all, enthusiasm, \$2,170.55 was raised.

As you may know, the Muscular Dystrophy Associations of America support a world-wide program of scientific research and patient care services. In the Boston area more than \$370,000 is allocated annually for research, and, also, your local chapter operates two clinics and conducts a summer camping program. All orthopedic appliances for patients are also free of cost. We are very indebted to the members of Local 718 for helping to make these services possible.

Speaking for our entire chapter, I greatly appreciate the time and energies donated by the Fire Departments in our area. They are an invaluable source of support to us.

Sincerely yours,
MARSHA WILSON,
Program Coordinator."

VII. RELOCATION OF LIGHTING PLANT 2

Effective at 0800, Monday, December 16, 1974, Lighting Plant 2 will be relocated to the quarters of Engine Company 21, 641 Columbia Road, District 7.

VIII. CHANGES OF ASSIGNMENT

Effective at 0800, Monday, December 16, 1974, Lighting Plants 1 and 2 will be relieved of their first alarm assignments. They will respond to all working fires and multiple alarm fires in their respective divisions between the hours of 1900 and 0700, and to such alarms or emergencies as ordered by the officer in charge of the fire or emergency at any time of the day or night.

For other pertinent information relative to the Lighting Plants, refer to General Order No. 17 of 1971.

December 13.

General Order No. 57

I. TRANSFERS

The following transfers will become effective at 0800, Wednesday, December 18, 1974:

II. CHANGE IN DESIGNATION OF FIRE ALARM BOX

The designation of the following box has been changed, and company commanders shall make the change on the assignment card:

13-233, Cotting School for Handicapped Children, 142 St. Botolph Street.

III. FIRE ALARM BOX INSTALLED

The following box has been installed, and company commanders shall add it to circuit card No. 48:

12-6117, Jeffries Point Community Center, 425 Sumner Street.

IV. COMMENDATIONS

Fire Fighter William J. Boyle of Engine Company 10 is hereby commended for responding to Box 4141 on December 7, 1974, while he was off duty. He used two portable extinguishers on a fire in a storage room and held the fire in check until the arrival of Engine Company 50, thus preventing a much more serious fire.

Ladder Company 9 responded to a fire at 32-38 Parker Street, District 2, on November 24, 1974. Upon arrival fire

had involved all three floors of the building. They were informed that a person was trapped on the third floor.

Fire Lieut. Francis A. Lee and Fire Fighter Joseph P. Farley of Ladder Company 9 immediately ascended the stairway to the third floor, and after a search of the apartment they located a man partially overcome from smoke inhalation. They removed him to the street.

The Fire Commissioner is pleased to commend these men for this rescue which was made before ventilation had been effected and when the building was heavily charged with smoke, heat, and gases.

V. LETTER OF COMMENDATION

The following letter is published for the information of the department:

"890 East Second Street,
South Boston, Mass.
December 9, 1974.

DEAR COMMISSIONER:

Too many times citizens fail to express commendation when a job is well done.

Last Friday, December 6, around seven o'clock in the morning, there was a fire at 915 East Second Street, South Boston. Hearing the apparatus, I went to the scene. The flames were raging, and it seemed to me that there was danger of their spreading to houses that were nearby.

I observed the firefighters battle this fire. I was amazed at their courageous and disciplined efforts to combat the dangers that always exist in a fire of this nature.

In a very short time the fire was under control. Other spectators agreed with me that this city is fortunate to have a department of firefighters like ours. There have been other occasions where I have witnessed similar efforts. This time, however, I felt that I should let you know that the citizens who witnessed this fire, and other fires that have been fought just as courageously, commend your men for their expert performance.

Very truly yours,
JOSEPH M. KENNEALLY."

December 2.

Circular No. 74-18

To: All Bureaus, Divisions, Districts, Offices, Sections, and Units.

Copies To: All Superintendents, Deputy Superintendents, and Directors.

The following is contained in this circular:

I. National Highway Traffic Safety Administration Survey.

II. Chapter 851, Massachusetts Statutes 1974, Motor Vehicle Load Limits.

III. Massachusetts Department of Public Health, Survey Research Program.

IV. Communication from District Attorney Garrett Byrne's Office Setting Bail.

I. The United States Department of Transportation has requested the cooperation of the Boston Police Department in a survey of the Air Cushion Restraint System now being used in some of the late-model vehicles manufactured by General Motors Corporation. The distinctive identifying feature of the General Motors Air Cushion Restraint system vehicles is the steering wheel, which has a thick, four-spoke hub that inflates immediately upon bumper collision.

The National Highway Traffic Safety Administration has requested that any officer who becomes aware of an accident or tow involving an airbag-equipped vehicle, regardless of whether or not the bag deployed, report it to the Duty Supervisor. The Duty Supervisor will notify the National Response Center, through their 24-hour toll-free number, 800-424-8802.

II. Chapter 851 of the Massachusetts Statutes of 1974, which was approved August 14, 1974, to become effective November 12, 1974, makes a substantial revision in the conditions and circumstances under which vehicles may carry loads above the statutory maximums now prescribed. Briefly stated, the statute requires that a vehicle be issued a special permit valid for a certain period of time as a condition precedent to the vehicle carrying loads above the maximums set forth in chapters 85 and 90 of the General Laws. Such permits, to be issued by the Department of Public Works of the Commonwealth, can only be obtained after the submission of an application, which must be supported by a certificate of inspection of the vehicle involved.

III. The Massachusetts Department of Public Health is sponsoring a Survey Research Program of approximately 8,000 families across the state, a majority of which are located in Boston. Interviewers will carry identification as employees of the Survey Research Program, University of Massachusetts. The program is directed at the problems and needs of the elderly and chronically ill.

Of all the large eastern seaports in the United States, Boston is the most conveniently located one to the great North Atlantic fishing grounds. Its harbor, one of the world's best natural harbors, is 200 miles nearer to Europe than any other major port on the eastern seaboard. The harbor is less than seven miles, via a 40-foot channel, from the open ocean to the center of the waterfront cargo-handling terminals.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

DEPARTMENT OF PLANNING AND ENGINEERING,
26 COURT STREET, BOSTON, MASS.

INVITATION FOR GENERAL BIDS FOR ALTERATIONS
TO SCIENCE ROOMS AT BOSTON TECHNICAL
HIGH SCHOOL, 205 TOWNSEND STREET,
ROXBURY, MASS.

The School Committee of the City of Boston, acting by the Chief Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for alterations to science rooms at Boston Technical High School, 205 Townsend Street, Roxbury, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, January 27, 1975, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$9,000. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

All subbids for a subtrade designated in Item 2 of the general bid form shall be filed with the Awarding Authority, at the above office address, before twelve o'clock noon, Boston time, Monday, January 13, 1975, at which time and place they will be publicly opened and read. Every such subbid must be submitted in a sealed envelope with the following plainly marked on the outside: Title of work, subbidder's name, subbidder's business address.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

All such subbids must be submitted on the form for subbid furnished by the Awarding Authority, and any such subbid not filed on

the form for subbid furnished by the Awarding Authority shall be rejected.

A bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, in the amounts as specified in the following for the various subtrades as listed below shall be submitted by each subbidder with his subbid as filed with the Awarding Authority:

Laboratory Equipment	\$1,500
Vinyl Asphalt Floor Covering	200
Painting	400
Plumbing	3,500
Electric	125

No subbid may be withdrawn after the time limit for the filing of subbids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the day fixed for the opening of the general bids. In addition, neither the subbids filed by the three lowest responsible and eligible subbidders for a subtrade, nor the subbids for the same subtrade as shown on the general bids of the three lowest responsible and eligible general bidders, may be withdrawn after the opening of the general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after presentation of the subcontract to the subbidder selected for that subtrade by the general bidder selected as the general contractor.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest so to do. The Awarding Authority also reserves the right to reject any subbid on any subtrade if it determines that such subbid does not represent the subbid of a person competent to perform the work as specified or that less than three such subbids were received and that the prices are not reasonable for acceptance without further competition, in accordance with section 44D, chapter 149, of the General Laws, as amended.

Great as is the care which Boston gives to her poor and to those who are offenders against the law, the care of the sick and her protection of health measures for the benefit of her citizens are probably unpassed. The City Hospital, a noted institution and the Board of Health one of the most efficient of the City of Boston's services.
